

Guidelines for photographing a project site

1. Take pictures of all sides of the building/site to be reviewed and each of the adjacent properties. If access to the rear of the project is limited, take photos on the corner of the lot within actual property lines. *Please upload all photos as a single PDF attachment, rather than as individual files.*
2. If your application involves a historic property with work proposed for publicly-accessible interiors, provide color pictures of surfaces of each interior area where work is proposed.
3. Submit an aerial photograph showing your property and the immediately adjoining parcels.
