

**DMV Zoning Verification
Advisory Notice**

Regarding Zoning Ordinance Provisions
and Development Standards

This advisory notice indicates that the proposed use specified below is allowed by the zoning at the location given, based on information from the official zoning maps and Title 17 of the Sacramento City Code. Please note, however, that this does not constitute confirmation that the site is developed appropriately for the use proposed. The site has not been inspected by City personnel and development plans have not been reviewed or approved for the site. If the site is not already developed appropriately for the use, it may be necessary to obtain building permits for site improvements and/or comply with all applicable Zoning Code provisions and development standards as required for establishing this use at the given location.
