

California Senate Bill 9
Ministerial Approval of Two Dwellings & Urban Lot Splits
City Code Chapter [17.864](#) (Planning-Approval Only)

Application Instructions

The purpose of this application is to implement [California Government Code 65852.21 and 66411.7](#), commonly referred to as SB 9, through a ministerial application review process.

To receive Planning approval with this application, a project must comply with all applicable objective standards outlined in the [City Code Chapter 17.864](#). This application must be approved prior to building permit application submittal.

Approval of this application is subject to a seven-day reconsideration period pursuant to [City Code Section 17.860.050](#). If the application is denied for failure to meet any of the criteria, a new application may be submitted at any time. A new application fee will be required with each subsequent application.

How to submit this application:

This application is only submitted through an online process. For more information about the online application submittal process please visit the [E-Planning Submittal Service](#) webpage. That webpage [includes a guide](#) that explains the entire submittal process. You may also go directly to the [Citizen Permit Portal](#), located online at aca.accela.com/sacramento. Applications may be digitally signed. All responses from the Citizen Permit Portal will be emailed to you from the email address noreply@accela.com. Please check your email's junk mailbox or spam filter regularly to make sure you are receiving the communications. How to pay fees: Once the application is accepted, Planning Staff will send the applicant an invoice and link to pay the necessary application fees online.

How to pay fees:

Fees are paid online. Deposit Fees: Some application fees required to submit this application may be an initial deposit and based on full cost recovery. If the time to review the project exceeds the amount of deposit that is collected, additional payment will be required.

How to ask questions:

All questions can be directed to the Planning Helpdesk: planning@cityofsacramento.org, or by visiting the public counter in-person through a scheduled appointment. To schedule an in-person appointment at the public counter, please visit [Appointment Scheduling](#) website.

Advisory: All-Electric Requirements for Newly Constructed Buildings

Beginning on January 1, 2023, all newly constructed buildings that are 1-3 stories are required to be all-electric. All-electric requirements do not apply to renovations to existing buildings, additions to existing buildings, and tenant improvements.

An all-electric building is a building that does not have fuel gas piping installed on the lot or within the building; and that uses electricity as the sole source of energy except for emergency power systems that are required to serve essential facilities or are otherwise required by law or regulation.

For more information, see this [link](#).

Advisory: Sacramento Municipal Utility District (SMUD) Consultation Meeting

A Sacramento Municipal Utility District (SMUD) Consultation Meeting strongly recommended. Infill development can be difficult to serve and may require complex solutions that ensure service to the proposed project, the surrounding properties, as well as access to onsite equipment. SMUD offers a free consultation that can outline potential issues and provide service solutions. Electing to pass over this step could require changes to project design or project delays. For more information, see [this link](#).

Advisory: City Tree Permit

A City Tree Permit may be required by another department if “regulated work” concerning a Private Protected Tree or a City Tree is part of the project. See City Code Section [17.864.020](#) and [Chapter 12.56](#). For more information, see [this link](#).

Application Submittal Requirements

1. _____ Complete and signed application form (i.e., this application).

Application fees. Fees are to be paid to the City of Sacramento at the time of application submittal. Once the application is accepted, Planning Staff will send the applicant an invoice and link to pay the necessary application fees. Fees are paid online through the

2. _____ [Citizen Permit Portal](#).

One full size set of plans, drawn to scale. Set of plans must include a site plan, elevations of all sides of all proposed structures, a roof plan, and floor plans. Tentative Parcel Maps must be provided with urban lot split applications. Plans must show information consistent with the plan requirements (pages 3-5) and of sufficient detail to allow staff to discern compliance with City Code standards. All plans must be prepared by a licensed

3. _____ design professional.

Color photographs of the project site. Photos of the properties on either side of the project site and directly across the street from the project site. See photograph

4. _____ guidelines below.

5. _____ Signed Letter of Agency, if applicable. See below.

Plan Exhibit Requirements

NEW DWELLING UNITS (E.G., SINGLE-UNIT DWELLING(S), DUPLEX)

ALL PLANS shall include the following:

Date(s) of plans
Labeled Dimensions
Scale ratio and bar scale. Engineer or Architectural scale required, not less than $\frac{1}{16}$ -inch. Larger scale may be needed to provide clear understanding of the project.
North arrow pointing to the top of the page or to the right margin of a horizontally formatted sheet.
Identify all items as: existing (E), new (N), or relocated.
Name, telephone number, and E-mail address of the contact person for architectural, engineering, and landscape <u>if</u> different from the applicant.

Site Plan(s) must show:

A Vicinity Map, north arrow, the map scale, the site area in square feet, etc.
The entire property under consideration, including property lines and adjoining public rights-of-way up to the centerlines. For large acreage properties, staff recommends that two (2) site plans be submitted. The first site plan would show the entire property with detail indicating the area proposed for development. The second site plan would focus on the specific areas of the proposed development.
Site Plans must show location and distance from closest adjacent structures on neighboring properties and accurate dimensions of front setbacks for buildings on adjacent parcels, where required to determine required front setback.
The location and nature of all existing and proposed easements.
Dimensions of the parcel, existing and proposed buildings, parking spaces, and other features, as well as the width of walkways, driveways, planters, etc. Dimensioning is important in order to determine if the site meets development standard requirements.
Footprints of all existing and proposed buildings, structures, or signs, drawn to scale showing the proposed location of structures to be constructed, modified, relocated, or demolished. Indicate the type of use and include all dimensions.
Square footage for all existing and proposed buildings and proposed additions.

Setbacks of buildings from property lines, other onsite buildings and structures, septic systems, water wells, etc. (dimensioned).
Location of existing and proposed walls/fences, height, and materials of construction.
Location of all off street parking and loading facilities (if applicable).
Location of all off street parking and loading facilities. Show parking spaces with dimensions for each type of vehicle (truck, car, motorcycle, bicycle), and either number parking spaces individually or show subtotals for groups of parking spaces. In addition, show a tabulation of the required and proposed parking.
Location and identification of drainage courses, creeks, City drainage facilities, etc.
Location of water source(s), supply and storage facilities.
Location of proposed trash, recycling, or storage areas.
Location of proposed electrical vaults/transformers and backflow preventors, if required.

Building Elevations must show:

The building elevations must show the exterior appearance of all sides of project structures, building modifications, and additions proposed for construction.
Elevations must be drawn to scale with an indication of height. <i>Please note:</i> Renderings that are not true elevations may be included, however they do not replace the requirement for true elevation drawings.
Provide building elevations for all affected views, and identify them as North, South, East, and West, <u>not</u> front, rear, right side, etc.
Identify exterior building features (doors, windows, building walls, etc.) as existing (E), new (N), or proposed to be repaired or to be replaced.
Identify all areas of walls and roof that are proposed to be demolished.
Indicate with dashed lines any window or door openings, or any other features that are proposed to be eliminated or modified.
Indicate with dashed lines any window or door openings, or any other features that are proposed to be eliminated or modified.

Indicate the height from grade to the top of plate line, and to the top of the roof, and also depict and/or reference any anticipated roof mounted equipment and equipment screening.
Roof plans should indicate all roof slopes. Indicate equipment and other features as well as slope. Identify all areas of the roof proposed for demolition. Where the project proposes additions to existing structures, clearly identify the portions of roof that are existing (E) and proposed to be changed/new (N).
Identify any existing or proposed encroachment by the building onto the right of way. This includes, but is not limited to, canopies, balconies, bay windows, etc.

Floor Plans must show:

All buildings under consideration. The floor plans are necessary for a full understanding of the project, the functioning of the interior spaces, and ultimately to verify the intended land use.
A dimensioned floor plan for each level of the structure.
Identification of all exterior features (doors, windows, etc.) as existing, new, to be repaired, or to be replaced.
Identification of all rooms.
Identification of all exterior landings at doors.
Indicate all walls, windows, doors, and ancillary structures proposed to be demolished.

URBAN LOT SPLITS

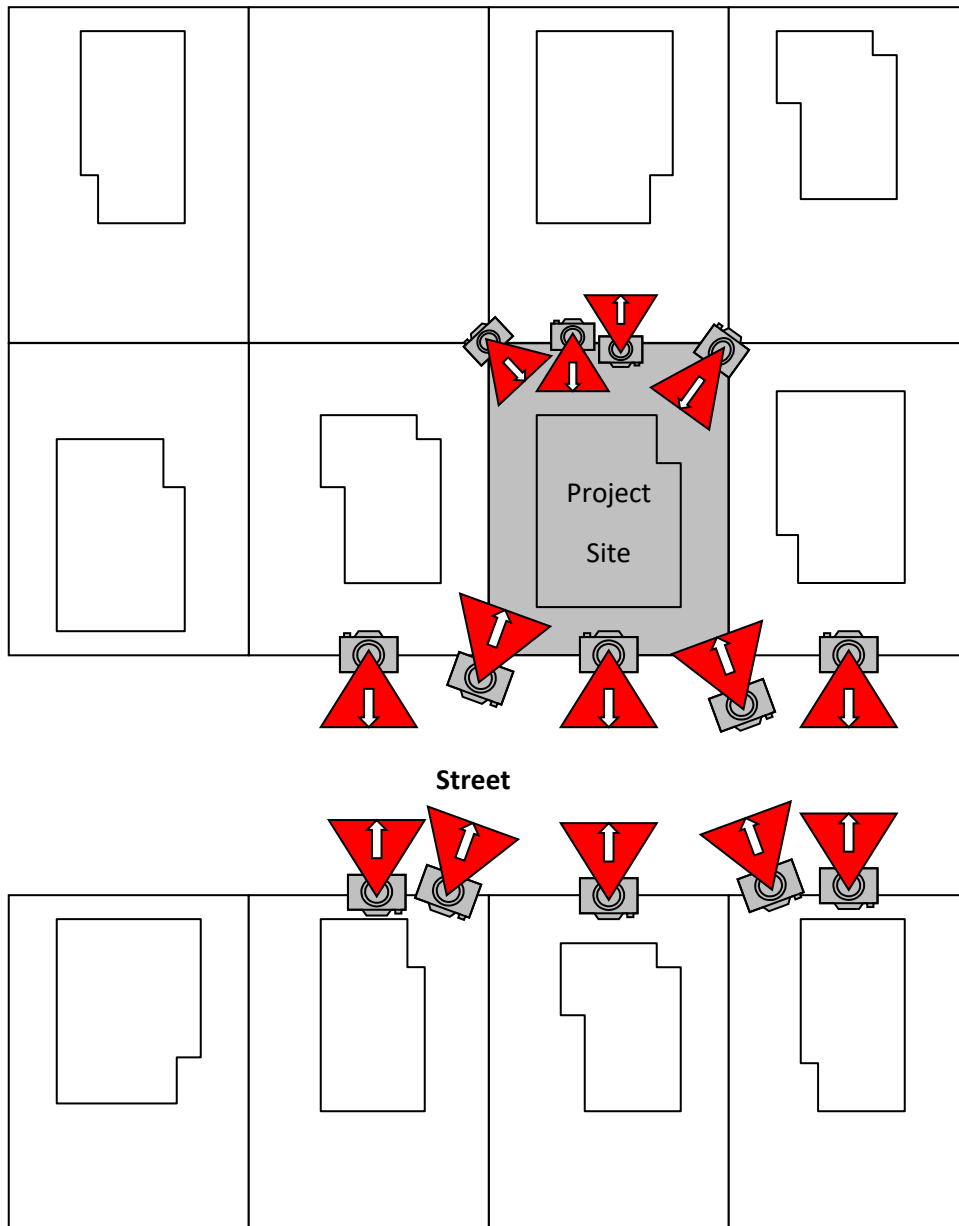

Tentative Parcel Maps:

Tentative Parcel Maps submittals shall be consistent with the requirements set forth in the Tentative Map and Final Map Information Checklists prepared by Public Works.
--

If the lot split is proposed by a “community land trust,” as defined in clause (ii) of subparagraph (c) of paragraph (11) of subdivision (a) of Section 402.1 of the Revenue and Taxation Code, or a “qualified nonprofit corporation” as described in Section 214.15 of the Revenue and Taxation Code, please provide evidence substantiating such status. This may include, but is not limited to, a written determination from the Internal Revenue Service.

Photo Instructions

Guidelines for photographing a project site

Take pictures of all sides of the building/site to be reviewed and each of the adjacent properties. If access to the rear of the project is limited, take photos on the corner of the lot within actual property lines.

Applicant Certification

I hereby certify that the statements furnished above and in the attached exhibits present the data and information required for this initial elevation to the best of my ability and that the facts, statements and information presented are true and correct to the best of my knowledge and belief.

I hereby give permission to City Staff and other authorized personnel to post public notification signs on my property during the processing of this application.

I understand that some application fees required to submit this application may be an initial deposit and based on full cost recovery. If the time to review the project exceeds the amount of deposit that is collected, additional payment will be required.

I understand that in the event of a dispute over the project, I am required to defend, indemnify, and hold harmless the City of Sacramento as follows:

1. Except as provided in paragraph 2, immediately below, I agree that in connection with any claim, action, or proceeding (collectively "claim") brought against the City of Sacramento and its City Council, agencies, commissions, boards, departments, officers, employees, and agents (collectively the "City") to attack, set aside, void, or annul any City action arising out of or in any way connected to the project, including any determination made pursuant to the California Environmental Quality Act, I will defend, indemnify, and hold harmless the City from and against all damages, costs, and attorneys' fees, excluding the City's staff attorneys' fees. I understand that the City, in its sole discretion, may decide to use outside counsel or its staff attorneys (or both) to defend the claim.

2. As a condition of a tentative, parcel, or final map application or approval, I agree to defend, indemnify, and hold harmless the City of Sacramento and its agents, officers, and employees from any claim, action, or proceeding against the City or its agents, officers, or employees to attack, set aside, void, or annul an approval of a tentative, parcel, or final map by the City, advisory agency, appeal board, or legislative body concerning a subdivision, which is brought within the time period provided for in Government Code section 66499.37, from and against all damages, costs, and attorneys' fees. The City will promptly notify me of any such claim and will cooperate fully in the defense. The City, in its sole discretion, may elect to defend any such action with attorneys of its own choice and, in such case, shall bear its own attorneys' fees and costs and will defend the action in good faith.
