

## Director Level Fees

### **General Fee Information – Applies to All Types of Applications:**

Actual Cost – Actual cost means the actual number of staff hours (calculated at the current staff hourly rate) incurred to review the project, plus any third-party consultant or contract costs.

Staff Hourly Rate – Staff Hourly Rate means the average billable staff salary, plus an estimate of benefits and indirect costs. The staff hourly rate is established by City Council Resolution 2024-0153.

Additional Charges – If a deposit has been paid and processing of that application requires more staff time than has been allocated by the deposit fees charged per this schedule, the project will be assessed for the additional staff time at the staff hourly rate.

Double Fees – Entitlements requested after a project has been started or as a result of a City enforcement action shall be charged double fees.

Multiple Requests for the Same Entitlement – For multiple requests of the same entitlements (e.g. two or more conditional use permits) only a single fee shall be charged for this class of entitlement; the fee shall be the highest of the applicable fees in the same class.

### **Public Works, Utilities, Fire, and Parks Review Fees:**

Entitlement Review – Fees shall be based on full cost recovery. The money collected using the fee schedules will be an initial deposit. Follow up payment shall be required based on actual review cost using the hourly rate of each reviewer and any other associated costs.

Traffic Studies – If the review of an application requires a traffic analysis, traffic analysis cost and follow up will be based on full cost recovery, which includes staff costs, consultant services, and other related costs. Advance payment will be required based on an estimate of the total costs.

### **Refund Policy:**

1. Requests for refunds must be in writing.
2. A full refund will be provided if an application is taken in or permit issued in error.
3. Withdrawn items – The cost to process the application until the time of withdrawal will be deducted from the amount paid for the application.

## Director Level Fees

<b>(A) ENTITLEMENTS</b>	
<b>Subdivision Maps</b>	
Tentative Map 1- 4 Parcels	\$5,850
Tentative Map 5-50 Parcels	\$6,259 + \$500/lot
