			dabbes@cityofsacrame	ento.org	
		A request to construct a new carwash, oil change facility, and 48-unit residential apartment complex on a 3-acre site consisting of 4 parcels along Stockton Blvd. and Dias Avenue. The request requires a rezone of the most easterly parcel from C-1 to C-2 so that the entire site would be zoned General Commercial (C-2), a Conditional Use Permit to establish an automobile service use in the C-2 zone, and Site Plan and Design Review to construct the new carwash, oil change facility, apartments, and associated site improvements. The proposal requires approval by City Council. A previous file (Z21-006) approved a new carwash and oil change facility on the south portion of the subject site to replace the existing buildings and site. This current proposal moves the carwash and oil change facility toward Dias Avenue and the corner of Stockton Blvd. onto different parcels and proposes apartments at the south portion of the subject site.
