Zach Dahla

Preservation Director

Approved 03/20/2025

916-808-5584 zdahla@cityofsacramento.org

The applicant is requesting to demolish an accessory annex building to allow for the restoration and adaptive reuse of the historic Marshall School building into a 36-unit residential apartment complex and construction of 12, two-story duplex dwellings, 10 surface parking stalls, and associated site improvements. This request requires director-level review of 1) Site Plan and Design Review for the demolition of an accessory structure, adaptive reuse and alterations of a historic resource to convert the building into a residential development consisting of 36 multi-unit dwellings, and construction of 12 duplex dwellings, 10 parking stalls, and associated site improvements with a deviation to minimum garage size standards within the Multi-Unit Dwelling (R-3A-SPD) zone and Central City Special Planning District (SPD); and 2) Tree Permit for the removal of two private-protected trees.

			dabbes@cityofsacrame		
		A request to construct a new carwash, oil change facility, and 48-unit residential apartment complex on a 3-acre site consisting of 4 parcels along Stockton Blvd. and Dias Avenue. The request requires a rezone of the most easterly parcel from C-1 to C-2 so that the entire site would be zoned General Commercial (C-2), a Conditional Use Permit to establish an automobile service use in the C-2 zone, and Site Plan and Design Review to construct the new carwash, oil change facility, apartments, and associated site improvements. The proposal requires approval by City Council. A previous file (Z21-006) approved a new carwash and oil change facility on the south portion of the subject site to replace the existing buildings and site. This current proposal moves the carwash and oil change facility toward Dias Avenue and the corner of Stockton Blvd. onto different parcels and proposes apartments at the south portion of the subject site.
