Code of Fair Campaign Practices: Yes No
Candidate Statement: Yes No
FPPC Form 700: [link to filings online](#)
FPPC Campaign Filing Documents: [link to filings online](#)

Occupation: Real Estate Agent

Statement: Growing up in Del Paso Heights, I deeply understand and appreciate District 2. My upbringing, influenced by my father's role as a community Pastor, instilled in me a profound connection to our community and its values. These deep roots have fueled my lifelong commitment to supporting our neighbors.

As a Community Ambassador for Sacramento and a Community Advisor for the Marysville & Del Paso Blvd Forward Together Action Plan, I've gained invaluable insights into fostering inclusive growth. I've worked to enhance civic participation, focusing on neighborhood beautification and safety initiatives across District 2.

After the Great Recession, I dedicated my career to empowering our community. By guiding families toward homeownership and financial literacy, I've coached over 400 students and helped hundreds attain the American dream. My dedication as a community advocate and real estate professional reflects my commitment to addressing the real needs of our residents.

As your Councilmember, I will leverage this unique blend of deep community roots, professional expertise, and a genuine commitment to cultivate a vibrant, inclusive District 2, ensuring we create a place where all residents can thrive.
