Program Checklist

[Multi-Family and Business Irrigation Upgrade Rebate Terms & Conditions](#)

Terms & Conditions Confirmation*

By checking the box, I acknowledge that I have read and understand the program terms and conditions on pages 6-7 of this application or online using the link above.

SMUD Instant Rebate Requirement* (If applicable)

I acknowledge that as a recipient of the instant rebate amount of \$150 from SMUD Energy Store, I can only receive up to \$250 for the Smart Controller rebate by submitting other labor and materials related to the expenses.

Irrigation Upgrade Pre-Inspection Requirement*

I understand that I must have a pre-inspection before starting my irrigation upgrade project.

Steps to Proceed:

1. **Submit a completed irrigation upgrade rebate application.**
2. **Wait for approval from Water Conservation staff.** Please note that missing information may cause delay.
3. **Schedule the pre-inspection** before beginning your project.
4. **Complete your irrigation upgrade and submit receipts and post-completion photo(s)** within 120 following project approval.
5. **Post-inspection from Water Conservation staff.** After we receive your itemized receipts, they will be reviewed and verified by Water Conservation staff. Following the receipt review, you may be subject to a post-completion inspection (you will be contacted to confirm the appointment).
6. **Receive a rebate check.** You should receive your rebate check within eight weeks of your post-inspection appointment and approval.

Rebate Agreement - Release of Liability

The City of Sacramento Department of Utilities (City) may deny any application that does not meet all of the Program requirements, which are set forth in the Program Terms and Conditions. The City reserves the right to alter the program Terms and Conditions at any time, with no notice other than posting the Program requirements on the City website. The applicant agrees to allow the City to inspect the property before and after the irrigation upgrade project is undertaken, to confirm the project meets the Program Terms and Conditions. The applicant certifies that the attached photos are of the project installation site, accurately showing the site's current condition, and are not altered or modified. The City does not warrant or guarantee that the applicant will experience lower water bills as a result of participating in the Program. The City is not responsible for any damage that may occur to participant's property as a result of the Program. The applicant agrees to indemnify the City, and its directors, officers, and employees, and to hold each of them harmless from and against all loss, damage, expense and liability resulting from or otherwise relating to his or her participation in the Program. Applicant understands that a pre-inspection of existing landscape is required before starting any irrigation upgrade project. By handwriting or electronically filling out your name and signature you agree to the Terms and Conditions of the Program.

Irrigation Upgrade Rebate
Multi-Family and Businesses
Terms and Conditions

I understand that, as a Participant I am eligible to receive funds not exceeding \$50,000 for materials used to convert to drip irrigation and adding an EPA WaterSense Labeled Smart Irrigation Controller(s) after my enrollment in the Program.

The rebate amounts are as follows: Up to \$50,000 for materials used to upgrade my current irrigation system to drip irrigation, which includes up to \$700 for installing each WaterSense Labeled Smart Irrigation Controller (\$25/irrigation station or \$400 min). Irrigation upgrades include conversion of sprinkler nozzles and heads to high efficiency sprinkler nozzles (using 0.85 inches per hour or less), and conversion to drip irrigation. Parkways of 8ft. or less must be converted to drip irrigation to qualify for the rebate.

Applicable Conditions:

1. 1. I understand that (1) this is a limited, first-come, first-served program, (2) rebates are only given for projects which have applications that are approved, (3) the City can deny any application that does not meet program requirements (which may change without notification), and (4) rebates are not applicable to, and will not be provided for, any work or conversion performed prior to my enrollment in the rebate program.
2. I am responsible for completing the retrofit project within 120 days of receiving approval to proceed from the City's Water Conservation Staff. I may install it myself or hire a contractor to do the work. In either case, the City is not responsible or liable for any damage to my lawn or property in any way connected to the retrofit project.
3. I understand that if my project will take longer than 120 days, I must submit a request for extension via mail or email as early as possible. If I do not submit my project receipts by the end of 120 days or the end of my approved extension, I will be found ineligible and will not be able to receive my Irrigation Upgrade Rebate.
4. I understand that if I am asked for supplemental documents to my application, I must supply them within two weeks from the time I am asked for them from program staff. If I fail to return them within this timeframe, my application will be withdrawn and must wait one month before reapplying.
5. I shall submit my itemized receipts to City's Water Conservation Staff upon completion of the retrofit project. I am subject to a post-completion inspection appointment where Water Conservation Staff may: measure landscape area, take photographs, check/evaluate my irrigation system for volumetric flow, and verify upgrade installation. Reimbursement shall only be available for a completed project approved by the City.
6. I understand that I am responsible for ensuring that my retrofit project follows the program guidelines. I understand that the proper installation of the irrigation upgrade is solely my responsibility and may not result in lower water bills.

7. Upon completion of my project, I will provide a total cost of the project and copies of all receipts and invoices associated with the project. These receipts will be itemized, showing quantity and price for each item purchased. If a contractor is used, the receipts will have labor separated and be easily distinguishable from the materials and will show that it is paid.

8. I will allow the City to conduct site visits to my property within five years of the date of this Agreement for the purpose of collecting data and photographs of the project site. The City will contact me in advance to arrange times for these visits.

9. I am responsible for complying with all applicable laws, regulations, ordinances, or other legal requirements, and nothing in this Agreement shall excuse or modify any such requirements.

10. I, the Participant, agree to defend, indemnify, protect and hold the City of Sacramento and its agents, officers, and employees harmless from and against any and all claims or liability for injuries or damages to any person or property to the extent arising from my acts or omissions, or the acts or omissions of my contractor or anyone acting on my or my contractor's behalf, or from conditions on my property.

11. I understand that the irrigation upgrade must remain in place for a minimum of five years after installation. If, prior to the expiration of the five years, I decide to replace the irrigation upgrade with a standard overhead spray system, I will repay the City the funds I received under this Agreement. This Agreement shall remain in effect until the five years have expired.

12. I understand that the City of Sacramento is required to send IRS form 1099 to me and the IRS when rebates total \$600 or more.
