### Incident Summary

On 05/18/12, Officer Lee (1B42) observed an occupied stolen car at Broadway / 24th St. He and other units followed the vehicle to a Sacramento City College Parking Lot on Freeport. At that time the vehicle fled, over a curb out of the lot and southbound on Freeport Blvd. Officer Hughes (1B53) and other units pursued the vehicle for approx. 2.3 miles at speeds up to approx. 50 mph. The vehicle entered an Elementary School Yard and went under a chained area into the playground. Officer Peterson (1B48) canceled the pursuit. The vehicle exited through a chain link fence on the north east side of the school. Officer Cunningham (2SM80) located the vehicle again at Freeport / Meer. I authorized permission to re-engage the pursuit. Officer Moore (DVD43) and Cunningham continued to pursue the vehicle northbound on Freeport from Sutterville for approx. .50 miles at speeds up to approx. 70 mph. I canceled the pursuit due to the speed with heavy pedestrian traffic in the business area. Officers located the vehicle unoccupied at Marty Way / 4th Ave. Two rear passengers had fled the area near Meer / Freeport and were not located. The driver (Webb) and front passenger (McCulley) were located by Officers near Swanston / Riverside. McCulley was taken into custody. The driver (Webb) fled on foot to the rear yard of [REDACTED] Robertson Way. He later received a fatal gunshot wound by an Officer.

I reviewed the ICC videos and the pursuit was within policy. One issue was found during the ICC review. Officer Hughes had his overhead lights on, but did not have his siren on during the code 3 run or the first part of the pursuit. I did not realize it either during his broadcast. He put his siren on about 1/2 way through the pursuit. I spoke with Officer Hughes and reviewed the pursuit and code 3 driving. He was aware of it and I do not believe that it will occur again.

I thoroughly reviewed all documentation regarding this incident. The issue with Officer Keith Hughes siren has been addressed. I noticed a couple of Officers inject themselves in the vehicle pursuit when it wasn't necessary. This issue will be addressed as a training item only during our respective roll calls. The vehicle pursuit was justified and within policy.

## Suspect Shoots Police K9

The Sacramento Police Department is investigating the shooting of Police Dog, "Bodie".

On May 18, 2012 at 9:50 a.m., police attempted to stop a stolen vehicle in the area of Broadway and 24<sup>th</sup> Street. The driver led officers on a high speed chase through several residential neighborhoods, exceeding speeds of 70 mph. Officers soon cancelled the pursuit due to the driver narrowly hitting a group of school-aged children.

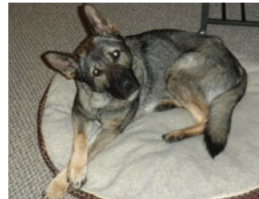

Several minutes later, the vehicle was located unoccupied near 4<sup>th</sup> Avenue and Marty Way. Responding officers saturated the area and soon located a male and female on foot, matching the suspect's description. As officers made contact with the pair, they fled along Riverside Boulevard towards Robertson Way. The female was immediately apprehended by officers. The male continued to run into a nearby backyard where an Officer and his K9 partner, Bodie, gave chase.

While in the backyard, the male suspect fired multiple rounds towards the officer and his partner, striking Bodie in the face and the paw. Fearing for the safety of himself and his partners, Bodie's handler returned fire, striking the suspect multiple times in the upper body. Officers retreated and surrounded the home until members of the SWAT team determined the scene was safe. Medical personnel arrived on scene and declared the suspect deceased. After being shot, Bodie was immediately rushed to an animal hospital by his handler.

Police have identified the suspect as a 33-year-old male, White from Chico, California. His identity has not been released pending notification of next of kin. The female, who is in her late 20s, has been detained and brought in for questioning.

Bodie underwent surgery for significant injuries to his jaw and mouth. He is currently in stable condition and both he and his handler are doing well. Bodie is a four-year-old German Shepherd and has been with the Sacramento Police Department just over one year. His handler is a 13-year veteran and has been a K9 officer for eight years.

The Sacramento Police Department urges anyone with information pertaining to this crime to contact the dispatch center at (916) 264-5471 or Crime Alert at (916) 443-HELP (4357) or text in a tip to 274637 (CRIMES). Enter SACTIP followed by the tip information. Callers can remain anonymous and may be eligible for a reward of up to \$1,000.

### SHOOTOUT CLOSES SCHOOL - POLICE DOG WOUNDED

BY KIM MINUGH  
AND PETER HECHT  
[kminugh@sacbee.com](mailto:kminugh@sacbee.com)

Emotions in Sacramento's Land Park neighborhood ran at fever pitch Friday morning after gunfire left a suspected car thief dead and a police dog critically injured.

Frantic parents began flooding the area of Crocker-Riverside Elementary School soon after police put up yellow tape, enveloping the locked-down campus in a crime scene several blocks long.

Others were stricken by panic when they arrived to see flashing police lights just outside the campus.

"You know how traumatic it was driving up now?" asked a nearly breathless Sandra Reyes, 30, who had volunteered for a pizza party in her second-grader's classroom. "It usually is such a nice area."

Students - some of them largely unaware of the violence that had unfolded outside their school - began trickling out about noon, escorted by police. Parents greeted them with hugs and tears.

It had been a long morning for those who first knew something was amiss when an unusual number of sirens pierced the air of the quiet, well-to-do neighborhood.

According to Sacramento police, it began just before 10 a.m. when an officer spotted a reportedly stolen car. When the officer tried to pull it over, the driver sped off, starting a pursuit.

Officers eventually canceled the pursuit after the driver began steering erratically, nearly hitting several small children, said police Sgt. Andrew Pettit.

But a description of the car and its two occupants - a man and a woman - had been broadcast over the police radio, and officers spotted the car near California Middle School at the corner of Land Park Drive and Valjejo Way, Pettit said. They also saw two people who matched the suspect descriptions walking away from the car, he said.

When police tried to stop them, they ran. Officers eventually followed the male suspect a few blocks into the backyard of a home at Robertson Way and Riverside Boulevard.

levard, where the suspect turned and shot the police dog pursuing him, Pettit said.

The dog's officer fired several shots, striking the suspect, Pettit said. The officer then picked up the dog, a 3-year-old German shepherd named Bodie, and rushed him to a veterinary hospital.

Backup officers could see the suspect lying in the yard, apparently injured, but called in SWAT officers because the suspect was armed and considered dangerous, Pettit said.

After attempts to rouse the suspect failed, paramedics entered the yard and pronounced the suspect dead, Pettit said. His name had not been released by Friday night. Pettit said only that he was a 33-year-old Chico man.

His alleged accomplice, a woman in her 20s also from Chico, was arrested.

Police did not release the involved officer's name and identified him only as a 13-year veteran. The Sacramento Police Canine Association's website says Bodie's partner is Officer Randy Van Dusen.

Shortly after the shooting, authorities locked down Crocker-Riverside Elementary, located just around the corner from the shooting site. Principal Carl Westphal said two officers arrived "within minutes" to secure the campus.

At their direction, staff moved students in front classrooms to the back of the campus. Once officials understood what was happening, Westphal said, teachers and students were allowed to return to their regular school-day activities, albeit within the confines of the classroom.

He said some students initially were frightened by the lockdown, but that they soon got over it. A block away, though, many parents worried.

Janiece Paycer-Mosher said her 11-year-old daughter texted her, "Don't freak out, Mom" but "there was an intruder alert, and it was real."

She later texted her freaked-out mom that students and teachers had been told to resume a normal routine. It didn't seem that the girl or her peers knew much of what was going on outside, said Paycer-Mosher, 39.

"But they know it's not normal," she said, "and I'm sure they heard shots."

The lockdown was lifted about noon, and morning kindergartners were met by a line of anxiously waiting parents.

"I didn't think I'd react like that," Alison Mostert said, wiping away tears after hugging her son. "He said he had no idea what was going on. I'll have to talk to him about it."

Afternoon kindergarten classes were canceled, and all other students were released at the normal time. The school's Spring Jubilee was expected to go on Friday night as scheduled.

Many parents were complimentary of how school officials and police handled the situation.

Dianne Wiley, 45, made it a point to clap and cheer for SWAT officers walking back to their cars. "I think they've handled it well, and they've been incredibly friendly. We're quick to criticize, but we're not quick to say 'thank you.' I think they're rock stars."

One parent stopped Pettit to ask how the injured dog was doing, saying many children were concerned about his well-being.

Police indicated Bodie was expected to survive, but those who treated the dog Friday were cautious about his prognosis. Shot twice through the left jaw and wounded in one paw, the dog had suffered major blood loss by the time he arrived at the Sacramento Veterinary Referral Center in Rancho Cordova.

Dr. Robert Runyan, chief surgeon, said Bodie had multiple fractures in his jaw, lacerations on his face and bullet fragments in his skull.

"We've got a few days to know whether he is going to make it through this," he said.

Patrol officers arrived to clean their colleague's car while he was being interviewed about the shooting.

"You don't want an officer driving a car with his partner's blood," said one officer who was mopping up the mess.

K9 Sgt. Steve Oliveira said Bodie acted heroically. "Bodie could have saved an officer's life today."

## Dog on mend; woman in shooting identified

Police have identified a female suspect arrested Friday during a shooting in the Land Park neighborhood that left a male suspect dead and a police dog badly wounded.

Leslie McCulley, 28, of Chico was booked into the Sacramento County Main Jail on charges of possessing a stolen vehicle, possessing a handgun and negligent discharge of a firearm, Sacramento police said in a news release.

She may have accidentally fired off a round in the vehicle sometime before police contact, authorities said.

The coroner has not released the dead male suspect's identity.

The incident began shortly before 10 a.m. at 24th Street and Broadway, when officers tried to stop a stolen car.

The vehicle pursuit ended in the

Land Park area, where the suspects left the vehicle and fled.

They arrested McCulley, but her male companion ran into a backyard near Riverside Boulevard and Robertson Way.

An officer deployed Bodie, and the male suspect fired, hitting the dog. Bodie was shot twice through the left jaw and wounded in the right paw.

The officer returned fire, killing the suspect.

On Saturday, Sacramento police reported that Bodie is in serious but stable condition. He is being treated by the Sacramento Veterinary Referral Center in Rancho Cordova.

#### SACRAMENTO

#### Coroner IDs man killed while fleeing police

A man fleeing police when he was killed Friday amid gunfire in the Land Park area has been identified as 33-year-old Lucas J. Webb of Chico, Sacramento County coroner's officials said Sunday.

Police briefly pursued

Webb just before 10 a.m. after an officer tried to stop him and a woman in what is believed to have been a stolen vehicle near Broadway and 24th Street.

The pursuit ended in the Land Park area, where the suspects left the vehicle. Officers arrested the woman and pursued the man into a yard near Robertson Way and Riverside Boulevard.

The suspect shot a police dog in the jaw and paw. The dog's officer returned fire, striking the suspect. Webb was declared dead at the scene.

Webb's passenger, Leslie McCulley, 28, of Chico, was booked into the Sacramento County jail. The police dog, Bodie, was expected to survive.

### SACRAMENTO

Lucas J. Webb of Chico, killed in Land Park, had a new case pending in Butte County.

MAN WHO SHOT K-9 GOT PRISON IN WEAPON CASE

BY CATHY LOCKE AND BILL LINDELOF  
clocke@sacbee.com

A Chico man who was fatally shot Friday after fleeing police in a stolen vehicle and critically injuring a police dog had several brushes with the law in Butte County.

Sacramento police spokeswoman Officer Michele Gigante said she could not discuss Lucas Jerome Webb's criminal history. A family member contacted by phone Monday also declined to talk about the 33-year-old, who police say shot the pursuing police dog in the Land Park neighborhood and was then shot by the dog's officer.

But according to Butte Superior Court online case information, Webb was sentenced to eight months in state prison in 2004 for possession of a deadly weapon. He also was the defendant in a weapons case at the time of his death and the subject of a warrant issued by the Chico Police Department.

Police briefly pursued Webb and his passenger, later identified as Leslie McCulley, 28, of Chico, just before 10 a.m. Friday after an officer tried to pull him over near Broadway and 24th Street in a vehicle that Gigante said was stolen out of Chico.

Officers again saw the car in the Land Park area as the two occupants were walking away. Police chased them again, this time into the backyard of a home near Robertson Way and Riverside Boulevard. That's when Webb turned and shot Bodie, the police dog who was pursuing him.

The dog's officer returned fire, striking Webb, who was declared dead at the scene.

McCulley was taken into custody and booked into Sacramento County Main Jail on suspicion of possessing a stolen vehicle, possessing a handgun and negligent discharge of a firearm. Authorities said McCulley may have accidentally fired a round in the stolen vehicle.

through the left jaw and once in the paw. He is being treated at Sacramento Veterinary Referral Center in Rancho Cordova, where he underwent surgery. He was reported on the mend Monday.

Gigante said Bodie took a brief walk outside with his handler on Sunday.

"He is doing surprisingly well for the critical injuries that he sustained," she said. "We're still very hopeful of a full recovery."

Gigante expressed appreciation for the community's concern and support for the injured dog.

She said the Police Department had received an offer from Joe Maloof, co-owner of the Sacramento Kings, to purchase a dog for the department.

In Twitter messages, Maloof said, "Last year I had the pleasure of attending a training session with the Sacramento police K9 division. One

of the dogs that was training was Bodie. I have always loved dogs and it was truly amazing to watch these dogs train. In appreciation of what the K9 unit does and in honor of Bodie, I would like to purchase and donate a K9 police dog for the Sacramento Police Department K9 association."

Gigante said the purchase cost per dog is about \$10,000, and training costs an additional \$8,000 before the dogs are ready to go on the street. She said the dogs typically are funded through sponsorships and donations, including those from officers who elect to have money deducted from their paychecks and contributed to the Sacramento Police Canine Association.

While it is hoped that Bodie will recover and be able to return to duty, Gigante said another dog is approaching retirement.

#### **Police Department identifies officer who shot, killed man**

The Sacramento Police Department this week identified the officer involved in Friday's fatal shooting in Land Park. Officer Randy Van Dusen fatally shot Lucas Webb, 33, after Webb shot Van Dusen's K-9 partner, Bodie, several times, police said.

Webb was suspected of stealing a car and fleeing from police. Van Dusen and Bodie were among those pursuing him.

Bodie was injured but is expected to survive. He may be released from a veterinary hospital today.

## K9 Bodie gets warm sendoff at vet clinic

By KIM MINUGH  
kminugh@sacbee.com

One week after gunshots left his survival in doubt, Bodie the Sacramento police dog limped out of a veterinary hospital Friday evening, jumped into his handler's patrol car and headed home.

Bodie's recovery is far from over. A cast will remain on a leg for six weeks or more. Next week his jaw essentially will

be wired shut to help it heal.

But the 4-year-old German shepherd's prognosis is looking considerably better than when his handler, Officer Randy Van Dusen, rushed him to the VCA Sacramento Veterinary Referral Center on the morning of May 18. Even Bodie's veterinarians are talking about him returning to duty in about six months.

"He's going to get back to

work," said a smiling Dr. Christopher Wong. "That (timeline is) very reasonable. Given (that) the jaw is such an important part of his work, we have to make sure it's healed up right."

Bodie's departure from the clinic was celebratory, with well-wishers, fellow K9 officers and their dogs joining the clinic's staff to send him off. The Police Department's heli-

copter circled above.

Van Dusen, who spent every night at the clinic with Bodie, was emotional, and so, too, were the dog's caregivers.

Van Dusen, whose fatal shooting of the suspect who shot Bodie remains under investigation, has been directed not to speak with the media. But Sgt. Steve Oliveira, head of the K9 unit, said Van Dusen

BODIE | Page B3

## Bodie: Students at nearby school raise \$2,000 to help pay dog's medical bills

FROM PAGE B1

and his colleagues are deeply grateful for the outpouring of support from the community.

On Friday morning, students at Crocker-Riverside Elementary School - which was locked down May 18 after Bodie was shot - presented K9 Officer Aaron Thompson with \$2,000 in donations. That brought to roughly \$20,000 the total amount collected to offset Bodie's considerable medical bills.

"It's just amazing the community support we've received - not just for Bodie, but for our officers and the department," Oliveira said. "We go to bad situations and people are not always happy to see us, so it's nice to have people supporting us."

According to Sacramento police, Bodie was shot during an incident that began with officers coming across a stolen car. That led to a vehicle chase - during which the suspect narrowly missed hitting several small children on the St. Robert's Catholic School campus in the Pocket - and then a foot chase.

Bodie and Van Dusen chased the suspect into a Land Park backyard, where the suspect turned and shot Bodie. Van Dusen then fatally shot the suspect, later identified as 33-year-old Lucas J. Webb of Chico, police said.

Bodie was shot twice through the left jaw and once in a paw, and suffered major blood loss before he reached the veterinary center.

His story touched many in the community, especially at Crocker-Riverside Elementary, where Bodie had performed demonstrations with his handler in the past.

"He was protecting us when he got shot, so we should give back," said 11-year-old Grace Wiley, Crocker-Riverside's student body president. "He risked his life for us."

During an assembly, students had a chance to ask Thompson and police Lt. Kathy Lester a few questions, including how Bodie was shot and whether a rumor that leeches were used to help treat the dog was true.

Yes, leeches were in fact used to help reduce Bodie's tongue's swell-

ing, Thompson told the students.

"It was kinda nasty," Thompson acknowledged, "but it worked, I guess."

Sam Korbs, 11, spearheaded the school's fundraising effort because, he said, Bodie's injuries made him "very sad."

"I've met him, actually, personally," Korbs said. "He was one of my favorite dogs."

Hunter MacLennan and Austin Fitzpatrick, 10-year-old Crocker-Riverside students, went to the veterinary hospital Friday afternoon to present Bodie with a blanket to take home with him.

The blanket was blue - "because Sac PD is blue," Austin said. "Bodie R Hero" was embroidered on the corner.

"We've been checking (on Bodie's condition) everyday," said Austin's grandmother LeeAnn Fitzpatrick.

She said the shooting's proximity to the school - and the danger involved - resonated with the children.

"They felt ... the dog maybe stopped the bad guy from getting on their campus - and he also protected his owner," she said. "That made it extra special to them."

Balloons and signs wish Bodie well on the dog's release Friday after intensive medical treatment for gunshot wounds.

RELATED REPORT(S) AGENCY NAME: CASE # (S):	

#### NARRATIVE:

On 5/13/12 at 0817 hrs. [REDACTED] called Chico PD to report that her burgundy 00 Toyota Camry (CA lic# [REDACTED]) had been stolen from the parking lot of her apartment complex [REDACTED].

I contacted [REDACTED] in front of apartment # [REDACTED] where she resides. She stated that she last drove her Toyota on 5/12/12 at 1900 hrs. when she parked it in her car's designated spot in her complex's parking lot. She last saw the Toyota parked there on 5/12/12 at 2100 hrs. On 5/13/12 at 0800 hrs. [REDACTED] went to the parking lot to use her car when she discovered it was missing. [REDACTED] then also realized that the car key she kept on her key ring was missing, but the rest of the keys remained.

[REDACTED] told me she had two car keys. One was on her key ring (now missing) and the other she kept in her purse. On the evening of 5/12/12 she placed her key ring in her purse at approximately 1900 hrs.. At that time both Toyota keys were accounted for. [REDACTED] said that no one came to her apartment between the time she last saw her car and the time she noticed it was missing. I asked [REDACTED] if her apartment door was locked on the evening of 5/12/12 and whether her apartment had been burglarized or not. [REDACTED] said the door had been locked. Nothing was missing from her apartment and no one made forcible entry. She added that she did not hear anyone in the apartment that night. I explained to [REDACTED] that it seemed unusual that someone would steal a key from her purse when the apartment had been secured. I asked if she had any possible suspects in mind. [REDACTED] said it was possible that her ex-boyfriend [REDACTED] DOB [REDACTED] with whom she ended her relationship a week ago, may have taken the car as he was angry at [REDACTED]. [REDACTED] noted, though, that [REDACTED] does not have a key to her apartment. [REDACTED] said that [REDACTED] had not previously resided in the same apartment with her and that he nor anyone else had permission to drive the Toyota. I asked where [REDACTED] lived or might be located. Despite having only been broken up for one week, [REDACTED] said she did not know where he lived. I asked her if she would be willing to prosecute [REDACTED] if he was found to be in possession of the Toyota. She said she would.

I noticed that windows belonging to apartments 5, 9, 21 and 25 in the complex faced the portion of the parking lot from where the Toyota was stolen. I made contact with the residents of # [REDACTED] and # [REDACTED] both of whom said they did not hear any cars or anything suspicious on the evening of 5/12/12. I was unable to make contact with any occupants of # [REDACTED] or # [REDACTED].

#### NARRATIVE:

I later reviewed CPD records for [REDACTED] and saw that previous records for him in 2010 listed his address as being [REDACTED] apartment, despite her statement that he never lived there. Another prior address for [REDACTED] was at [REDACTED]. I conducted an area check of the [REDACTED] address with negative results.

**UROGENITAL SYSTEM:** The right kidney weighs 100 gm and the left kidney weighs 110 gm. Each kidney is normally formed with a smooth, light brown subcapsular surface. The cortex is of normal thickness. The corticomedullary junctions are distinctly demarcated. There are no cysts or masses. The pelvis and ureters are patent and of normal caliber. The ureters follow their usual course and empty into the bladder, which contains approximately 70 ml of clear yellow urine. The bladder mucosa is smooth and light pink-tan. The prostate is not enlarged and free of nodules. The testes are unremarkable.

**MUSCULOSKELETAL SYSTEM:** The skeletal muscle is dark red and firm, with a mass appropriate for the decedent's age and sex. The clavicles, sternum, and pelvis are without fractures. There are no degenerative changes or bone lesions.

#### **TOXICOLOGY:**

Left chest blood is submitted for toxicology. Additional samples of left chest blood, vitreous fluid, gastric contents, urine, and liver are retained.

#### **HISTOLOGY:**

None.

#### **PHOTOGRAPHS:**

Digital photographs are taken.

#### **X RAYS:**

X rays of the head, chest, upper arms, and thighs are obtained. There is a very small fragment of metal near the exit wounds on the right side of the head that are not found. The other projectiles are documented as described.

#### **EVIDENCE:**

Blood for DNA typing and five projectile packets are retained.

Coronal sections of the cerebrum reveal no non-traumatic lesions of the cortex, white matter, or deep nuclei. Sections of the brainstem and cerebellum are without focal abnormality. The ventricles are of normal size and configuration.

**NECK:** The cervical vertebrae, hyoid bone, and laryngeal and tracheal cartilages are normally formed and without fracture. There is no hemorrhage in the paratracheal or prevertebral soft tissue. The posterior oropharynx, larynx, and trachea are free of foreign material and edema. The tracheal mucosa is pale. The tongue is without hemorrhage or masses.

**BODY CAVITIES:** The subcutaneous fat is 1/4 inch thick at mid-abdominal level. There is no blood or excess fluid within the pericardial sac or peritoneal cavities. Focal adhesions are found along the lateral aspect of the left pleural cavity underlying the scar that was noted above. The remaining serosal surfaces are smooth and shiny. The organs are normally arranged. No organs are absent.

**CARDIOVASCULAR SYSTEM:** The 270 gm heart is normally formed with a right-dominant circulation. The epicardial surface is smooth and shiny, with a mild amount of epicardial fat. The myocardium is firm and red-brown without focal softening, discoloration, or fibrosis. The left ventricular free wall measures 1.0 cm in thickness; the septal wall measures 1.0 cm; and the right ventricular wall measures 0.3 cm. The chambers are not dilated. The endocardial surfaces are without fibrosis or mural thrombus. The four cardiac valves are normally formed, thin, and pliable. The coronary ostia are patent, with normal takeoff angles. The coronary arteries are free of atherosclerosis or thrombus. The heart is empty. The aorta is normally formed and free of atherosclerosis or aneurysm.

**RESPIRATORY SYSTEM:** The right lung weighs 260 gm and the left lung weighs 210 gm. Each lung is normally formed and fully inflated, with a smooth and shiny pleural surface containing mild anthracotic pigmentation. The non-traumatic areas of parenchyma are pink-tan and spongy, with faint peribronchiolar areas of hemorrhage consistent with agonal aspiration of blood. No masses, infarcts, or consolidations are present. The bronchi are normally formed and unobstructed. The pulmonary arteries are free of thromboemboli.

**LIVER, GALLBLADDER, AND PANCREAS:** The liver weighs 1160 gm and is normally formed, with a smooth and shiny capsule. The parenchyma is firm and light brown, without masses, fibrosis, or fatty change. The gallbladder contains approximately 3 ml of bile and no stones. The gallbladder mucosa is unremarkable. The bile ducts are patent and of normal caliber. The pancreas is normal in size and without cysts, mass, or fibrosis.

**GASTROINTESTINAL SYSTEM:** The esophagus is normally formed and patent with a smooth, pale tan mucosa. The gastroesophageal junction is unremarkable. The stomach contains approximately 235 gm of a thick tan paste of heavily digested food. No residuals of medication are noted. There is very little liquid. The gastric mucosa is pale tan and demonstrates a typical rugal pattern without hemorrhage, erosion, ulceration, or mass lesion. The small and large intestines, as well as the appendix are unremarkable.

**THYROID, THYMUS AND LYMPH NODES:** The thymus is atrophic. The spleen weighs 100 gm and is normally formed with an intact, wrinkled, gray-purple capsule. The parenchyma is firm, red-purple, and without fibrosis or mass lesion. The mediastinal, paratracheal, paratracheal, paracaval, and mesenteric lymph nodes are not enlarged.

**ENDOCRINE SYSTEM:** The thyroid is symmetrical with uniform, red-brown parenchyma and no masses. The adrenals are normally formed and without masses or hemorrhage. The pituitary is of normal size.

Exit wound (J): Located on the mid anterior aspect of the distal left thigh is a 2 x 1 cm "C" shaped laceration with no associated abrasions. This wound is centered 44 inches from the top of the head.

Direction of wound path: The projectile travels from left to right, back to front, and down.

#### POSTMORTEM DOG BITES OF LEFT KNEE AND CALF:

On the lateral aspect of the left knee is a 7 x 4 cm cluster of dry yellow horizontally oriented linear to small oval abrasions ranging from 0.5 to 3.0 cm in length. Some of the linear abrasions have shallow puncture wounds along the lateral ends measuring 0.8 cm in diameter.

On the posterior aspect of the left knee is a 6 x 5 cm cluster of large puncture wounds surrounded by a dry yellow abrasion. There are three puncture wounds in the lower end of this cluster within a 3.0 x 1.5 cm area, individually ranging from 1.0 and 1.5 cm in greatest dimension. Above this cluster is a 3.5 x 2.0 cm large gaping defect with exposed tendon and skeletal muscle. Along the inferomedial border of this defect is a 1 cm round puncture wound surrounded by a dry yellow abrasion. Located 4 cm above this wound is a 0.6 cm dark red abrasion that appears to have a small defect in the skin. Located 1.5 cm above this wound is a 1.5 x 0.5 cm teardrop-shaped yellow abrasion.

On the medial aspect of the left knee is a 0.5 cm puncture wound within a 2.5 x 1.5 cm teardrop-shaped dry yellow abrasion. This wound is spaced 1.5 cm from the puncture wound behind the knee and the two are connected by an arch-shaped dry abrasion. There is a pair of small yellow abrasions within a 1 cm area located above the puncture wound.

On the anteromedial aspect of the left knee is large curved area of irregular dry yellow abrasion that has a few puncture wounds within it spanning a 9 x 4 cm area. The curve begins on the superior portion of the knee and curves down on the medial aspect. There is also a 3.0 x 0.5 cm horizontally oriented linear abrasion on the medial aspect of the knee and a 1.5 x 0.3 cm linear abrasion located 4.5 cm distal.

On the posteromedial aspect of the left calf is a 9 x 6 cm cluster of dry yellow tear-drop abrasions with small puncture wounds. There are eight within a 4.5 x 4.5 cm area, individually ranging from 0.5 to 1.2 cm in greatest dimension. There are three small abrasions on the lower anterior margin of the greater cluster in a 3 cm longitudinal array. The lower wound in this cluster is the largest, measuring 1.0 cm and is associated with a 1.3 x 0.8 cm horizontally oriented abrasion with small puncture wound extending posterior. A 0.8 cm puncture wound is found isolated overlying the inferior portion of the gastrocnemius muscle.

*These injuries, having been described, will not be repeated.*

#### INTERNAL EXAMINATION

**HEAD:** The calvarium and base of skull are of normal thickness. The dura is smooth and shiny. There is no evidence of a subdural neomembrane. The blood in the dural sinuses is not clotted. The brain weighs 1380 gm. The leptomeninges are thin and transparent. There is no subarachnoid exudate. The brain is symmetrical, with a normal gyral pattern. There is no brain swelling, midline shift, or herniation. The external aspects of the brainstem and cerebellum are unremarkable. The arteries at the base of the brain are normally formed and free of atherosclerosis or aneurysm.

#### 6. PERFORATING GUNSHOT WOUND OF LEFT UPPER ARM:

Entrance wound (M): Located on the posterior aspect of the distal left upper arm is a 1.5 x 0.5 cm oval defect with a 1.3 cm wide by 0.4 cm thick abrasion circumscribing the lower end. This wound is centered 19 ½ inches from the top of the head and 10 ½ inches to the left of midline. There was a corresponding defect in the overlying jacket. No soot or stippling was appreciated.

Wound track: The projectile perforates the soft tissues of the left upper arm, exiting through a 3 cm longitudinally oriented laceration along the medial aspect that is centered 16 ½ inches from the top of the head and 8 ½ inches to the left of the anterior midline (M). The projectile then impacts the left lateral chest wall (H), creating a 2.0 x 1.0 cm oval defect in the skin that is surrounded by a 0.7 cm thick irregular dry yellow abrasion collar. The projectile never enters the chest cavity and there is very little hemorrhage associated with these wounds. This wound is located 17 inches from the top of the head, 7 inches to the left of the anterior midline, and 5 inches posterior to the anterior plane of the torso.

Projectile: A fully expanded, large-caliber projectile with copper jacketing is recovered from the jacket along an axillary tear.

Direction of wound path: The projectile predominantly travels from left to right and back to front.

#### 7. PERFORATING GUNSHOT WOUND OF THE RIGHT THIGH:

Entrance wound (I): Located on the anterolateral aspect of the proximal right thigh is a 2.0 x 1.4 cm oval dry yellow defect that is centered 37 ½ inches from the top of the head and 7 inches to the right of the anterior midline. Corresponding defects are present in the overlying clothing. No soot or stippling is appreciated.

Wound track: The projectile perforates the soft tissues of the right thigh, exiting along the posteromedial aspect (P). There is a 1.5 cm horizontally oriented laceration at this location that is surrounded by an irregular dry yellow abrasion measuring 1 cm thick along the upper edge and 0.5 cm thick along the lower edge. This wound is centered 37 inches from the top of the head and 1 inch to the right of midline. The projectile then crosses the midline and grazes the posterior aspect of the upper left thigh (O), creating a deep 5 cm long by 0.8 cm wide graze wound that is dry and yellow. This wound begins 37 ½ inches from the top of the head and begins 1 inch to the left of midline.

Direction of wound path: The projectile travels from right to left, front to back, and slightly downward.

#### 8. PERFORATING GUNSHOT WOUND OF LEFT THIGH:

Entrance wound (K): On the lateral aspect of the left thigh is a 1.5 x 1.0 cm oval dry yellow defect with a thin abrasion collar. There was a corresponding defect in the overlying clothing with no apparent soot or stippling. This wound is centered 42 1/2 inches from the top of the head.

Wound track: The projectile passes through the soft tissues of the thigh with no significant hemorrhage.

**Projectile:** A fully expanded large-caliber projectile with copper jacketing is recovered.

**Direction of wound track:** The projectile travels predominantly from front to back and downward, and also slightly left to right. There is a moderate amount of hemorrhage along the wound track.

#### 4. PENETRATING GUNSHOT WOUND OF LEFT SHOULDER:

**Entrance wound (L):** On the posterior aspect of the left upper arm is a 1.5 x 1.0 cm oval defect with a 1.0 cm wide by 0.7 cm thick triangular abrasion extending down from the lower half. This wound is centered 15 ½ inches from the top of the head and 10 ½ inches to the left of the posterior midline. There was a corresponding defect in the overlying jacket. No soot or stippling was appreciated.

**Wound track:** The projectile perforates the left upper arm, shattering the humerus, and passes through the muscles on the superior aspect of the left shoulder before coming to rest. There is a moderate amount of hemorrhage along the wound track.

**Site of lodgment (Q):** The projectile is lodged beneath the skin on the anterior portion of the left shoulder, centered 9 inches from the top of the head and 6 inches to the left of midline.

**Projectile:** A deformed but non-expanded large-caliber projectile with a hollow point is recovered.

**Direction of wound track:** The projectile travels from back to front, left to right, and upward.

#### 5. PENETRATING GUNSHOT WOUND OF LEFT ARM AND CHEST:

**Entrance wound (G):** Located on the lateral aspect of the left upper arm is a 2 x 1 cm oval defect with a thin abrasion collar. This wound is centered 15 ½ inches from the top of the head and 10 ½ inches to the left of the anterior midline. There was a corresponding defect in the overlying jacket. No soot or stippling was appreciated.

**Wound track:** The projectile passes through the skeletal muscle on the anterior aspect of the left upper arm, and passes through the axilla and creating a 3 cm irregular laceration at this location (F). The projectile then continues through the muscles on the anterior chest wall and enters the left pleural cavity between the anterior aspects of the left second and third ribs at the level of the costochondral junction. There is a fracture of the third rib. A moderate amount of hemorrhage is present in the surrounding soft tissues. Once inside the pleural cavity, the projectile perforates the upper lobe of the left lung and the upper thoracic aorta 2.5 cm distal to the left subclavian artery branch. The projectile then grazes the right side of the fifth thoracic vertebral body before coming to rest in the right pleural cavity. Approximately 660 ml of liquid blood is found in the right pleural cavity and 580 ml of liquid blood within the left pleural cavity.

**Site of lodgment:** The projectile is lodged the upper lobe of the right lung 14 inches from the top of the head and 1 inch to the right of midline.

**Projectile:** A fully expanded large caliber projectile with copper jacketing is recovered.

**Direction of wound path:** The projectile travels predominantly from left to right and slightly down.

surrounding skin. This wound is centered 2 ½ inches superior and 2 ½ inches anterior to the external auditory canal.

**Wound track:** The projectile perforates the frontal portion of the skull, producing comminuted fractures along the orbital roofs and displaced fractures across the frontal calvarium. There are fracture lacerations on the inferior surface of the frontal lobes and thin subarachnoid hemorrhage surrounding the brain. There is subscalpular and subgaleal hemorrhage associated with the fractures across the frontal bone.

**Exit wound (C):** Located on the left side of the head superior and anterior to the ear is a pair of longitudinally oriented lacerations measuring 2 and 3 cm in length, respectively, and spaced 0.5 cm apart. Fragments of bone protrude from these defects. This pair of wounds is centered 2 ½ inches superior and 1 ½ inches anterior to the external auditory canal.

**Direction of wound path:** The projectile travels fairly horizontally in a left to right direction, but also slightly front to back, with no significant deviation up or down.

#### 2. PERFORATING GUNSHOT WOUND OF FACE:

**Entrance wound (B):** Located on the left cheek is an atypical entrance wound measuring 5.5 cm in length that is obliquely oriented from left to right in an upward direction. On the lower left end of this wound is a 2.5 x 1.5 cm oval defect with an abrasion along the lateral end. There is a 4 x 1 cm cluster of lacerations and stretch tears that radiate upward to the right from this wound as the projectile penetrates the face. The entrance wound is centered 3 inches anterior and ½ inch inferior to the external auditory canal.

**Wound track:** The projectile perforates the face, shattering the nasal, maxillary and right orbital bones and lacerating of the right optic globe. There are small tears radiating along both the upper and lower palpebral ridges with stretch tears along the inferomedial aspect of the right orbit.

**Exit wound (D):** Located along the lateral aspect of the right orbit is a 3.5 x 3.0 cm longitudinally oriented stellate laceration that is centered 2 ½ inches anterior and 1 inch superior to the external auditory canal.

**Direction of wound path:** The projectile travels predominantly from left to right and upward, but also slightly front to back.

#### 3. PENETRATING GUNSHOT WOUND OF RIGHT SHOULDER:

**Entrance wound (E):** Located on the anterior aspect of the right shoulder just below the clavicle is a 1.0 x 0.8 cm oval defect with a thin marginal abrasion. There was a corresponding defect in the overlying jacket. No soot or stippling was appreciated. This wound is centered 12 ½ inches from the top of the head and 5 inches to the right of the anterior midline.

**Wound path:** The projectile penetrates the right shoulder, passing through the right subclavian fossa where there is a moderate amount of hemorrhage. The projectile then perforates the blade of the scapula before coming to rest just below the skin.

**Site of lodgment (R):** The projectile is lodged beneath the skin in the right scapular region of the back, centered 15 ½ inches from the top of the head and 7 inches to the right of the posterior midline.

The underpants are stained with blood on the upper mid-panel angling down onto the right side. There is a frayed defect in the posterior aspect of the left leg along the hemline that is associated with mild blood-staining.

#### EXTERNAL EXAMINATION

The unclad, unembalmed body is that of a well-developed, well-nourished, 67 inch, 148 pound, lightly pigmented, Caucasian male whose appearance is consistent with the reported age of 33 years. Rigor mortis in the jaw, neck, and upper extremities is easily reduced, but remains full in the lower extremities. Faint non-blanching lividity is found on the anterior surfaces of the lower extremities with more intense lividity on the face and upper neck. There is light green discoloration around the perimeter of the abdomen. Clusters of fly eggs are deposited in the hair. No other postmortem changes are present. Trauma to the head, torso, and extremities will be described under "Injuries".

The scalp is covered by wavy, brown with scant gray hair measuring up to 2 inches in length on the crown and 1 inch in length on the sides and back. There is moderate bitemporal recession of the anterior hairline. The right eye is distorted by trauma. The left globe is intact and has a clear cornea with a grayish hazel iris. The conjunctivae on the left side are pale and without petechiae, icterus, or edema. The nose is normally formed. The external nares are patent and coated with bloody fluid. A small cluster of fly eggs is also found within the right naris. Facial hair consists of a thinly groomed goatee of reddish brown hair measuring approximately 1/8 inch in length. In addition, there is 1/16 inch stubble on the upper lip, cheeks, and chin. The lips and oral mucosa are mildly cyanotic, moist, and without trauma. The natural dentition is in fair repair. Brown fluid is found within the oral cavity, but no foreign material. The left earlobe is remotely pierced one time. The right earlobe is unpierced. There is no hemorrhage or discharge in the external auditory canals.

The neck is symmetrical and atraumatic. There is no palpable crepitus or masses.

The torso has a symmetric, stable chest and soft, flat abdomen. The hair on the anterior surfaces of the torso has been shaved, including the pubic hair. The breasts are without gynecomastia or masses. The external genitalia are of a normally developed circumcised adult with bilaterally descended testes. There is no anal or genital trauma. The back is unremarkable.

The upper and lower extremities are symmetrical and without congenital or surgical deformity. An adhesive bandage is wrapped around the tip of the right thumb. No cutaneous injury is identified. A small amount of blood soils the palmar surfaces of the fingers, but no trauma is noted. No apparent gunshot residue is present. The fingernails are trimmed just proximal to the tips. There is no evidence of pedal edema. The toenails are clean and trimmed flush with the tips. The soles of the feet are unremarkable.

#### EXTERNAL AND INTERNAL EVIDENCE OF INJURY

There are eight gunshot wounds. Numbering is arbitrary and used for reference purposes only. It is not meant to imply the sequence in which the injuries were sustained. All measurements are taken with the body in the standard anatomic position.

##### 1. PERFORATING GUNSHOT WOUND OF HEAD:

Entrance wound (A): On the left side of the forehead is a 0.8 cm round defect with a 0.3 cm thick pink abrasion between 12 and 6 o'clock. No soot or stippling is deposited on the

and 4. The buckle of the bracelet is secured. There is blood on the object, but no defects are found.

The left sleeve of the jacket has two defects in the posterior aspect, one in the anterior aspect and one along the upper longitudinal seam. In addition, there is a large defect within the axillary region associated with a fully expanded large-caliber projectile with copper jacketing. One of the two defects in the posterior aspect of the sleeve is located in the upper arm portion and consists of a 1 cm round hole with small radiating tears. The other one is located near the elbow and consists of a 2 cm longitudinally oriented tear. There are no palpable defects in the underlying lining of the sleeve. The defect along the longitudinal seam is located just above the elbow region, is round, and measures 1 cm. The defect on the anterior portion of the sleeve is also in the upper arm region, round, and measures 1 cm.

There is a 1.5 cm longitudinally oriented linear defect in the right posterior panel of the jacket towards the lower end. This is a long jacket that probably extended at least to the decedent's knees. There is a large amount of blood surrounding this area. There is a corresponding defect along the inner lining that appears to be related to one of the gunshot wounds in his right thigh/buttock.

The right front panel of the jacket has a horizontally oriented linear cluster of defects that span a 5.5 cm area up near the collar. One is located 2.5 cm from the medial edge and consists of a 1 cm round defect. There is a 0.5 cm defect located 0.5 cm lateral and another 0.5 cm defect located 3.5 cm lateral. A large amount of blood covers the front of the jacket. No additional defects are found. There are no defects in the right sleeve except for a tear on the upper shoulder separating the sleeve from the body.

There are two defects in the posterior aspect of the pants flanking the midline crotch seam. The defect on the right side measures 1.5 x 0.4 cm and is centered in a bloodstain. The defect on the left side is more of a linear tear, measuring 2.5 cm in length. The two are spaced 2.5 cm apart. A few additional bloodstains extend down the posteromedial aspect of the right pants leg from the crotch. There is also a 1.5 cm frayed defect in the inferomedial aspect of the left rear pocket that extends completely through to the inside of the pants. No bloodstaining is associated with this defect, which is spaced 9 cm lateral and slightly above the left crotch hole.

There are several defects in the front of the pants. Two are located in the right front panel near the crotch. Both of these defects are frayed and arranged in a longitudinal array, with the upper defect measuring 1 cm and the other 2.0 x 1.5 cm. The two are located 1.5 cm apart. The left front panel has several defects. One is located up near the pocket and is very frayed, measuring 1.0 x 1.5 cm. There are two on the thigh region of the pants near the crotch that are arranged in a horizontal array and spaced 9.5 cm apart. One is located near the side seam and consists of a 1 cm somewhat rounded defect while the other is a 2.5 cm longitudinally oriented tear. There is no blood or gunshot residue associated with either of these two defects. The other two defects are located around the knee region and consist of small round puncture wounds. One is located near the lateral side seam and measures 0.7 cm. The other is located 14 cm away in a diagonal that is predominantly left to right, but also slightly downward. This defect also measures 0.8 cm and is round. There is a small amount of bloodstaining around these two defects, as well. There is a 2 cm linear frayed tear in the lining of the right front pocket where it would lay against the thigh. Possibly one of the bullets found inside the pocket came from this gunshot wound. The lining of the left pocket has a 15 cm longitudinally oriented tear down the medial aspect. Following removal of the pants, a separated expanded large caliber copper jacket is found loose on the table adjacent to the right leg.

a pair of teal blue underpants, a pair of gray and black Nike Air athletic-style shoes, and a pair of white socks. Dried plant debris soils the posterior aspects of the clothing. The front of the pants is stained with blood around the waistband that extends down the right front panel towards the leg. The front of the pants is also soiled with dried plant debris. The shoes appear to be clean, without defects. The belt on the pants has a white metal buckle with a chevron design. The buckle is secured, as is the fly of the pants. A brown leather belt is found beneath the jacket, encircling the bare torso around the level of the lower chest. This belt has a holster for a gun positioned on the right side. The holster is empty. The decedent is received with his hands encased in white paper bags secured at the wrists with yellow bands.

Encircling the right wrist is a white metal chain-style bracelet. Two white metal necklaces encircle the neck: one is slightly thicker caliber and bears a couple of old-fashioned keys and a few other trinkets, one of which is a rectangular object that says "silver issue 2 grams fine silver .999". The other necklace is a fine-caliber chain bearing a white metal pendant with a red stone. A white metal chain necklace has been twisted around the left wrist twice, forming a bracelet. Encircling the left ring finger is a white metal ring.

The jacket has a left inside pocket near the chest that is torn along the lining. Contained within the pocket are a red flashlight and a compass. The lining of the jacket on the left side is torn and contains a white metal vial with a black screw-on cap. There are no markings on the outside of the vial. The inside of the vial has a plastic object that appears to hold two batteries. There is an electrical contact on the tips. This appears to be a vibrator. Also contained in this area are some folded up sheets of what appear to be pages from a pornography magazine. Contained within the right front pocket of the jacket are two AA batteries that appear to fit the vibrator. The lining on the right side is intact. No other secret pockets are found. The front of the jacket is heavily soaked with blood on the outside, predominantly on the right. The back of the jacket is dry.

Contained within the left rear pocket of the pants is a small spiral-bound notebook and two square pieces of white woven material with an adhesive backing measuring 4 1/4 x 4 1/4 inches. One of the bottom corners of the notebook is torn and frayed, with a pink stain. There is a defect in the rear pocket that may be related to a gunshot wound. Written on the backing of the spiral notebook in yellow ink are the words "I love you [REDACTED]". Also contained within this pocket is a brown leather wallet containing some young teen Asian porn and other miscellaneous papers including some from the Employment Development Department addressed to Lucas Webb.

Contained within the right rear pocket of the pants is another brown leather wallet and folded up note paper with phone numbers on it. This wallet contains a Bank of America debit card for Lucas Webb. This wallet also contains some miscellaneous papers, including a receipt from Chico Cash Exchange in Chico for some gold and silver valued at \$1570. This is apparently a loan, dated April 17. There are several other miscellaneous cards in the wallet, including a Certificate of Discharge for the California Department of Corrections.

The right front pocket of the pants contains a couple of love notes and a CVS Pharmacy card. Also contained in the right front pocket of the pants is a gray metal carabiner with attached brass-colored key ring holding what looks like a car key. There is a live round for a .44 magnum and two spent casings, one for a .357 with a white metal jacket, and the other a medium-caliber copper-jacketed hollow point round with no manufacturer listed. There is also a white metal ring, a rock, a purple Bic lighter, a Samsung battery, and a couple of notes. The left front pocket of the pants is torn, but contains a small bottle of lens cleaner and \$85 in cash.

Found loose in the body bag is an item identified as a "Golfers Pal" that consists of a white metal rectangular device that is attached to a gray leather style bracelet-type band with a white metal buckle. There are three knobs, two of which seem to control numbers and are currently set at 0

#### AUTOPSY ASSISTANTS:

Elise Arata, Marty Young.

#### WITNESSES:

Sergeant P. Martinson (Badge #3022), Detective H. Merten (Badge #751), and Detective J. Kirtlan (Badge #329); Sacramento Police Department.

#### IDENTIFICATION:

The decedent is received in a white body bag sealed with lock #982404, which is removed by the pathologist at the time of the autopsy. The body bag is identified by a Sacramento County Coroner's tag attached to the zipper, bearing the decedent's listed name and case number. The tag is later moved to the decedent's left great toe.

The right upper arm has a full-sleeve collage style tattoo depicting images of dragons, demonic looking clowns, and other tortured images. The left upper extremity has another full-sleeve collage style tattoo depicting more images of dragons, Viking type men and demonic looking skulls. There is an incomplete tattoo of what appear to be flames on the dorsal surface of the left hand. Abstract band-shaped tattoos cross the dorsal surfaces of the left middle, ring, and little fingers resembling rings.

A large "W" is tattooed on the anterior torso across the lower chest and upper abdomen. Demonic looking skulls are worked into the lettering. There is a tattoo of a dragon on the mid-lower abdomen extending into the pubic region. Above the dragon is a banner inscribed with the words "Bad Boy". Tattooed across the upper back in large block letters are the words "fear none". An abstract design is tattooed over the lower lumbar region of the back.

On the anterior aspect of the right thigh is a tattoo of what appears to be a Samurai warrior and a beast associated with some Asian-type characters and the name "Lil Jaws". On the lateral aspect of the right lower leg is a tattoo of a dagger pierced through a green skull and crossbones. An upside-down horseshoe is tattooed above. There is a banner wrapped around the horseshoe that reads "luck ain't got nothing to do with it". The word "sacrifice" is written across the front of the knife near the base of the blade with "love" tattooed at the handle. Flanking this image are two words that appear to be "Havana" and "Denzak". A Mercury-style wing is tattooed on the medial aspect of the right ankle. On the anterior aspect of the left thigh is a large circular design containing images of a demonic looking serpent-type creature. The dorsal surface of the left foot has an ornate tattoo of a cross composed of battle axes associated with the words "Supreme White Power" and "Legend". There is a colorful tattoo on the lateral aspect of the left lower leg that appears to depict American Justice but resembles an evil-looking super-hero type figure.

On the left lateral chest wall is a 9 x 4 cm L-shaped linear scar that shows evidence of prior suturing. A 4.5 cm horizontally oriented linear scar is found on the left side of the abdomen. There is a 3 cm linear scar on the right side of the abdomen below the ribcage and a 2.5 cm linear scar on the right lower quadrant of the abdomen. A cluster of 3 linear scars is seen on the left lateral chest wall overlying the lower border of the ribcage, two of which measure 1.5 cm in length and the other 4 cm in length. None of these other scars have evidence of prior suturing. It is unclear if they are related to prior trauma or medical intervention.

#### EVIDENCE OF MEDICAL INTERVENTION:

Four EKG pads are attached to the anterior torso.

#### CLOTHING:

The decedent is received lying in a prone position with his arms handcuffed behind his back. His legs are fully extended, with the feet rotated to his right. His head is also rotated to his right. The decedent is clothed in a long black leather style jacket, blue denim pants with a black woven belt,

## Jury hears closing arguments in police dog shooting case

By Andy Furillo

Last Modified: Wednesday, Sep. 11, 2013 - 6:12 am

It's up to the jury to decide if Leslie Marie McCulley goaded her boyfriend into trying to kill a cop before the officer returned fire and shot her lover dead on a wild morning in Sacramento last year.

McCulley is on trial for the attempted murder of an officer in the May 18, 2012, shootout in a Land Park back yard where a police dog named Bodie took a bullet in the jaw before the defendant's boyfriend, Lucas Jerome Webb, was fatally dispatched by the K-9's handler.

In closing arguments Tuesday in McCulley's trial, Deputy District Attorney Tate Davis extracted the 30-year-old defendant's own words from phone conversations from jail with friends and family to say there is no doubt she shared her dead 33-year-old boyfriend's intent.

"Are you going to pull that (gun)?" McCulley, in a phone call to a friend two days after the shooting, quoted herself as saying to Webb as the two of them tried to lose the police in a high-speed chase through the Hollywood Park and Land Park neighborhoods. "If you don't want to pull the (expletive), you better throw it back to me, 'cause I'll handle that (expletive)," McCulley continued, in the conversation in recalling her remarks to Webb.

Moments later, she and Webb abandoned their stolen car that hit speeds of 80 mph and tore through St. Robert School in Hollywood Park while scores of kids were on the playground, authorities said.

Police subdued her in a foot chase. He got cornered in a backyard in the 1100 block of Robertson Way, in Land Park.

Bodie the police dog was the first responder. As Bodie made his move, Webb pulled .357 revolver and shot the dog once in the lower jaw and right paw, according to the prosecution. Sacramento police Officer Randy Van Dusen came in right behind the dog. Van Dusen testified he stepped to his right while Webb aimed, fired again and missed. The officer then shot back and killed Webb.

The dog survived his injuries and is still recovering. The officer was unhurt.

Davis told a Sacramento Superior Court jury in front of Judge Greta Curtis Fall that McCulley did more than just share Webb's intent

to kill a cop. The DA quoted her as admitting to waving the gun "feloniously" during the chase. Davis said she also fired it anywhere from one to three times by the time an officer tackled her near Riverside Boulevard and Swanson Drive, around the corner from where Webb tried to hide.

Assistant Public Defender Rachel Engle said there was no forensic evidence that McCulley fired the gun, except for an accidental blast when she and Webb tried to hustle out of the stolen car to try and get away on foot.

Her client had no idea what Webb was going to do in the back yard on Robertson Way, Engle said. In taking the gun away from Webb during the chase, Engle said McCulley only tried to stop him from doing something crazy with it.

"We know it's his gun," she told the jury. "The only reason she took that gun was to prevent it from going off, to prevent Lucas from shooting, to prevent Lucas from shooting a police officer."

Webb bragged to friends he once shot a cop, but authorities have not confirmed it.

McCulley, from Chico, had been released from jail in Butte County the day before the Land Park shootout. Online Butte Superior Court records showed she pleaded no contest to felony possession of methamphetamine on May 9, 2012, and had been approved for placement in a Proposition 36 drug treatment program on May 15. Her record shows a previous felony conviction for possession of methamphetamine for sale.

The night of her release, she met up with Webb in Susanville, according to Engle. They drove to Sacramento on a drug deal the next day, police said, along with two uncharged accomplices, in a stolen Toyota. While they were driving around town, a Sacramento police officer ran a routine check on their license plates and determined the car was stolen, according to evidence at trial. When officers tried to pull them over, the chase was on, first through Sacramento City College, and later onto the St. Robert School playground on Irwin Way with children on it.

Officers chased them into otherwise quiet residential neighborhoods, speeding through stop signs and flying over speed bumps, back across Freeport and into Land Park, with police car cameras giving jurors a virtual ride-along. Once McCulley and Webb turned pedestrian, one police camera showed them crossing a street as if nothing had happened. When the officer told them to stop, Webb shouted back at him, "I'm not on probation or parole." The officer got out of his car and the two took off running, according to the camera shot.

Besides her methamphetamine cases, McCulley also two misdemeanor convictions. One is for second-degree burglary for an apparent theft at a Raley's. The second was for being an accessory after the fact to an assault on a Butte County peace officer with a firearm in March 2010, a case that Davis characterized as instructive about her mindset two years later.

In the Butte County case, Davis said she took a .44 handgun away from a boyfriend who crashed a car and ran into her house. She hid in a closet with the gun, and when police found her, she pointed it at them in the "ready fire position," Davis said.

"That tells you exactly what's on her mind," the prosecutor said.

Engle, however, said her client's boyfriend "was like a freight train that day," on crank and out of control, "and nothing was going to stop him." She quoted McCulley as telling friends on the phone, "I didn't want him to shoot the cop," and, "I was trying to take control the only way I know how."

This criminal is exactly why CA did their 3 strikes laws and hopefully she never gets released back into the public again.

rdleis

She gets out of jail (Meth charges) in Butte Co and meets her scumbag boyfriend in Susanville (which is pretty far from Oroville). The very next day goes to a drug deal in a stolen car. Boyfriend shoots dog with 357 while she hides in a closet with a 44mag. How much has this wench cost the State already? Too bad we can't just put her down and save the taxpayers some money.

VoF

I put more value on the dog than this witch.. What will she ever be good for?

## A Sacramento Superior Court jury convicts woman in the attempted murder of a police officer and the shooting of his K-9 Bodie

Sacramento police officers filled two rows of the courtroom Wednesday to watch a jury return an attempted murder conviction on a woman whose boyfriend last year shot and seriously wounded a K-9 before firing on the dog's human partner.

Lucus Jerome Webb missed in the shot he took at Bodie's handler, Randy Van Dusen, but the officer's return fire proved fatal to the man who reputedly bragged about once shooting a cop and boasting that he'd do it again.

Authorities said Webb's girlfriend, Leslie Marie McCulley, was equally responsible for her boyfriend's actions on May 18, 2012, day the two Butte County residents showed up in Sacramento in a stolen car looking to buy drugs. They took off on a high-speed chase when an officer ran their plates and tried to pull them over.

It took a Superior Court jury less than a day of deliberations to agree. Judge Greta Curtis Fall scheduled sentencing on McCulley, 30, for Oct. 11.

With added convictions for reckless evasion, being a felon in possession of a firearm and being in possession of a stolen automobile, McCulley, who has criminal record that includes possession of methamphetamine, second-degree burglary and accessory to an assault on a peace officer, is looking at a sentence of somewhere in the mid-20 years to life in prison, Deputy District Attorney Tate

Davis said after the verdict.

Davis said the wounding of the police dog and the attempted killing of the officer would not have happened had it not been for McCulley prodding the 33-year-old Webb, during the chase that took them through Hollywood Park and Land Park, to make good on his threat to shoot a cop.

"The defense attorney (Rachel Engle) used an analogy (in her closing argument) that Lucus Webb was like a freight train," Davis said outside court. "If that's true, then she was at the switching track and she was directing that freight train.

"She and Webb were a team," Davis said. "They were equals. The way she described herself in her calls to friends and family as Bonnie and Clyde was actually pretty accurate."

McCulley sniffled briefly and silently when the verdict was read. Engle, her attorney, declined to comment afterward.

Dressed in his uniform Wednesday, Van Dusen said he was "kind of overwhelmed with emotion" when the verdict was read, "that justice was served."

"When you hear a guilty verdict like that, it's kind of a relief," Van Dusen said in an interview outside Fall's courtroom. "It's a relief for the family. The department is extended family. I know it's a relief for them that we have a jury that's willing to do that service and hold somebody accountable for their actions."

With Webb at the wheel, the two hit speeds of up to 80 mph, running stop signs and flying over speed bumps, in their attempt to escape from the police. At one point, they drove through a playground filled with scores of kids at St. Robert School in Hollywood Park. They abandoned the car in Land Park before McCulley was subdued near Riverside Boulevard and Swanson Drive. Webb then ran around the corner and into a backyard in the 1100 block of Robertson Way where Bodie cornered him with Van Dusen close behind.

Van Dusen credited his police training for helping him avoid injury. Muscle memory had him moving to his right while Webb fired a shot from a .357 revolver that left a quarter-size hole in a garage behind where the officer stood.

"Getting out of the way, that just goes back to the hours upon hours of training we do in our department," he said. "We were very well trained to handle that situation, and there's always a bit of luck. The higher power was looking out for me that day, and also for Bodie."

Van Dusen, who is back at work, described the aftermath of the fatal shootings as traumatic.

"We always want to deliver a suspect to justice, so they can go through the judicial process and be found guilty," he said. "We're officers on the street, but we're also people. They affect us. They're hard on our families and friends. But with faith in everybody, the right outcome will come, and we feel good about that."

Bodie, who is 5, has since been taken off the street. The German shepherd is now the Van Dusen family dog. He's down to three toes on his right paw and he has a metal plate in his jaw, but he gets around pretty well and has no trouble chewing toys or food, Van Dusen said.

"He gets to stay home with my wife and just kind of run around," the officer said. "He looks forward to when I come home with Bosco, the replacement K-9. Those two run around and play and he's slowly adjusting to his retired life."

Bodie, Van Dusen said, "is not cut out for the rigors of police work anymore, but he definitely will live a long life as a family dog."

### Woman convicted of attempted murder on police dog's handler

A Sacramento Superior Court jury today convicted Leslie Marie McCulley of attempted murder on a peace officer for the gunshot her boyfriend took at a Sacramento policeman last year after first shooting and seriously wounding the officer's police dog, Bodie.

McCulley, who also was convicted on three other felony counts, is facing a prison term of well more than 15- years to-life when she returns to Judge Greta Curtis Fall's courtroom, Deputy District Attorney Tate Davis said. McCulley's sentencing was set for Oct. 11.

Jurors took less than a day to determine that McCulley, 30, aided and abetted her boyfriend, Lucas Jerome Webb, 33, in the May 18, 2012, shooting when he fired a round at Officer Randy Van Dusen. Webb was shot and killed by the officer's return fire.

McCulley and Webb, both of whom were from Butte County, were in Sacramento on a drug deal and driving a stolen car, authorities said. An officer running a routine check on the car's plates determined it was stolen. The pair then took off on a high-speed chase through Land Park and Hollywood Park when officers tried to stop them.

The chase ended when the suspects abandoned the car and took off on foot, according to police. Van Dusen and his police dog, Bodie, cornered Webb in a backyard. Authorities said Webb first shot the dog and then aimed and fired at the officer before he himself was killed.

Van Dusen said today that Bodie has since recovered from his injuries and has been taken out of service.

So, the woman was in the car with this man who fired the shots at the police dog and now gets charged with attempted murder? Unless she fired the shots herself, which she didn't, why in the world is she now charged with attempted murder? And why am I the only one asking that question? As if she knew in advance that they would be pulled over and that her boyfriend would shoot at the officer and the dog? Yes, the car was stolen and her boyfriend was the driver who stole it. That's grand theft. And yes she was in the care with him and ran from authorities, and unless I missed something, that appears to be it. So why the attempted murder charge for her? This is overkill and the reason why our prisons are full to overflowing.

Good job!

SweetLittleCupcake

Thank goodness for Bodie and his handler

Why didn't that woman plead out? They're going to throw the book and the kitchen sink at her! What's wrong with her attorney? What's wrong with her?

Back in Aug of 03' my parents were victims of a home invasion/robbery whereas they were both beaten unconscious. The perpetrator was arrested later that day. When it came time for the trial Sacramento County DA Jan Scully's office refused any plea offer, insisting the case be heard before a jury. They're a tough group down there. Cutting slack on serious offenders ain't in their playbook.

Subject: **(WITNESS #5) [REDACTED] May-02**

Related date/time: **May-18-2012 (Fri.) 1559**

On 5/18/12 at approx 1242 hours, I contacted witness [REDACTED] at her residence ([REDACTED] Riverside Blvd). I obtained the following statement in summary.

I was in my house with my husband (Witness [REDACTED]) when we heard gunshots from over there (indicated to South/ East) of her residence. I heard about 7 gunshots. I heard about 5 gunshots then a pause then 2 to 3 more gunshots. We looked out our living room window (she indicated to a window facing south in her residence. The window has a partial view of Riverside Blvd South of her residence). I saw a female subject get taken down by officers. She tried to get up but they held her down. I then saw a lot of police cars show up.

I do not know how the officers took the female to the ground. I just saw them take her down. I did not see anyone else with the police. I did not see anything before we heard the gunshots. The gunshots is what made us look out the window. It sounded like the gunshots came from that direction (she indicates to the South/ East of her residence).

I had never seen the female with the officers before today.

On 5/18/12 at approx 1257 hours, I contacted witness [REDACTED] at his residence ([REDACTED] Riverside Blvd). I obtained the following statement in summary.

I was in my house with my wife (witness [REDACTED] when we heard gunshots. I heard about 5 gunshots. I heard 3 gunshots then a second later I heard about 2 gunshots. It came from that direction ([REDACTED] indicates to the South/East of his residence). We went to our window in our living room and looked out (window on the south side of his residence). I saw a female officer pin down a female on the ground. I had never seen the female they had pinned down before. I think she was a female white with blond/brown hair. I think she was wearing jeans and I don't know what kind of shirt.

I then saw a bunch of police show up.

I did not see anything before I heard the gunshots.

---

I, Detective Dorsey, am currently assigned to the Warrant Division for the Sacramento Police Department.

On 5/18/12 at approx 1029 hours, Detective Bernacchi and I (Detective Dorsey) responded to Riverside Blvd/ Marian Way to assist on an Officer involved shooting. We were both in plain clothes and in an unmarked car.

At approx 1240 hours, I assisted in conducting a neighborhood canvas on Riverside Blvd.

I knocked on [REDACTED] Roberston Way and had no answer at the door.

I contacted witnesses [REDACTED] and [REDACTED] at [REDACTED] Riverside Blvd and obtained their statements separately. (See witness statements.)

I assisted in a walking canvas from the location of the shooting to the suspects vehicle looking for any evidence. We walked East on Swanston Dr, then North on 14th St, to East on Vellejo Way, then North on Marty Way. Possible evidence was located on Marty Way/ Vellejo Way. It was photographed and collected by CSI.

I, Detective J. Houston #0347/GNG19, have been employed by the Sacramento Police Department as a Police Officer since 1999. I am currently assigned to the Office of Investigations as a Detective with the Gang Violence Suppression Unit.

On 5-18-12, at approximately 1000 hours, I was driving a Sacramento Police Department unmarked silver [REDACTED] Police Vehicle westbound Hwy. 50 near Watt Ave.

I monitored a vehicle pursuit in the area of Freeport Blvd. / Sutterville Rd. I responded to the area to assist checking for passengers who possibly fled on foot.

While in the area, I responded towards 2SM80's location of suspicious subjects possibly involved on Riverside Blvd. I arrived on scene at approximately 1018 hours. Upon arrival "shots fired" was broadcast. I donned my tactical gear, including department issued raid vest clearly marked with "Police" lettering. My department issued badge and firearms were also clearly displayed.

I deployed a rifle on scene and was directed by Sgt. Lassen to the east side of the backyard of [REDACTED] Robertson Wy., where the subject was located. I observed that the subject was down in the west side of the yard and unresponsive. From my vantage point I could not see the subjects' hands or upper body.

I held that position, covering the suspect until relieved by SWAT, at approximately 1050 hours.

On 05/18/12 at approximately 1300 hours, I conducted an interview with witness [REDACTED] at 300 Richards Blvd. [REDACTED] had been doing yard work across from [REDACTED] Robertson Way during the time this incident took place. This interview was recorded and the DVD was later booked into evidence. [REDACTED] provided the following information, in summary:

I was mowing the lawn at the house across the street. I got there at around nine-thirty or ten o'clock. I don't know the address, but I know that the house is on Robertson Way and is [REDACTED] house down from Riverside Blvd.

I was at the house for around 15 minutes when I saw a man running down Riverside Blvd (southbound) and then turn onto Robertson Way. He was followed by a police officer. The man was white, in his thirties and was wearing a tee shirt. He had a black jacket or something wrapped around his waist.

The man ran across the lawn of the [REDACTED] house on Robertson Way ( house located on the N/E corner of Riverside Blvd and Robertson Way) and ran to the [REDACTED] house on Robertson Way. He ran up to the house and put his shoulder into a gate and broke into the backyard of the house. An officer in a police car drove up and stopped just a little past the house where the man and the officer ran [REDACTED] Robertson Way). He opened the door and let a dog out. The officer and the dog went into the backyard of the house where the man and the other officer went.

About 30-40 seconds later ( [REDACTED] later said that it might have been less time than that) I heard about five shots coming from the backyard of that house where the man and the officers were. Then I saw a door on the side of that house moving in and out, like the wind was blowing it but it couldn't have been that because no wind was blowing. I saw the officer and the dog come out of the backyard about 2-3 seconds after I heard the shots. He put the dog into the police car and he drove away.

I was scared and got onto the patio of the house where I was working. My boss, [REDACTED], was with me and we both hid there. About five to ten minutes later some officers found us and took us to Marian Way and Riverside Blvd. I didn't hear anything else coming from the backyard where the man and police had been.

#### CASE NARRATIVE

**Synopsis:** Placerville resident called to report a burglary to their home while they were away for the morning. Report taken no suspects discovered

#### **Details:**

On 8-1-10 at approximately 1532 hours, I was dispatched to the home of [REDACTED] and [REDACTED] located at [REDACTED] for a burglary report.

When I arrived, I saw the home is situated on the interior of the u-turn shaped corner on [REDACTED]. The home sits approximately 75 yards from the roadway with a dirt road to the east of the home leading to the canyon area between the home and [REDACTED]. Located to the west of the home is a large rectangular barn style garage with [REDACTED] immediately to the west of it.

I spoke to [REDACTED] and [REDACTED] and they told me the following in summary;

The couple has lived in their home for the past five years with no problems and feels their neighborhood is relatively safe. Based on this fact, they rarely lock the doors to their home. [REDACTED] and [REDACTED] left their home this morning en-route to Green Valley Church for Sunday service at about 0935 hours (without locking the doors). The couple returned home at about 1430 hours and [REDACTED] discovered her laptop missing from its location on the desk in the living room of their home. [REDACTED] also discovered the hard drive and her three thumb drives missing from the same location. [REDACTED] told her husband and he checked the home for suspects. After [REDACTED] secured the home and found no suspects, [REDACTED] called Central Communications and reported the burglary.

[REDACTED] and [REDACTED] said they have no idea who may have committed the burglary as they do not make it known that their home is left un-locked while they are away. [REDACTED] and [REDACTED] also advised they run the [REDACTED] in the Placerville area and this is done with the laptop which was stolen from the home. The laptop stolen contains all records of the [REDACTED] and personal pictures and records belonging to the [REDACTED]. [REDACTED] discovered [REDACTED] .357 was taken from the nightstand next to her bed and his Cabela's duffel bag was taken from his closet. [REDACTED] also discovered her black shoulder bag was taken from the chair in her room and the bag contained all receipts and record of the [REDACTED].

[REDACTED] said he went to his garage and discovered a partial footprint next to where his six gallon gas can is usually kept. [REDACTED] said the gas can was stolen from the garage and was filled with 6 gallons of premium gas. Robert did not locate any other missing items from the garage.

█████ showed me to the location of the footprint he found in the garage. █████ had placed an orange five gallon bucket, opening down, over the shoe print in an effort to protect the print from being disturbed prior to me seeing it. The footprint appeared to have been made by a running shoe. I measured the footprint to be approximately 11" long toe to heel and 4 1/4" wide at the ball of the foot. The print was distinct in that it consisted of two separate tread prints containing a zigzag pattern, to the rear of the print and three separate sections to the front of the print containing the same zigzag print. (See attached photos)

While I was en-route to the home, █████ completed the following list of all items stolen from the home;

- 1) "HP" laptop, white in color with two pink "HODADS" stickers " = \$2,000.00
- 2) 2- "Kindle-mini" electronic books, white in color with \$400 in books on ea. unit @ \$300 ea. = \$600
- 3) Electric Picture frame = \$200
- 4) "Johnson" ivory colored, 410 gauge, barrel break, single shot, shotgun (no value given)
- 5) (LOADED) Smith and Wesson .357 cal. "Model 586" pistol Ser.# █████ = \$700
- 6) Cabela's Camouflage duffle bag, approx. 14"X10" with two handles, = \$60
- 7) 80 gig Apple iPod = \$200.00
- 8) "Under armor" wrist wraps black w/ aggressive Velcro sewn on by owner" = \$30
- 9) lifting straps = \$30
- 10) white "Snap Fitness" membership card with red lettering (\$25 value)
- 11) "Oakley Wiley-X" black sunglasses (with two lens types) = \$300
- 12) 3 thumb drives 1-lime green, 1-blk/silver, 1-"Intel" = \$30
- 13) External hard Drive (taken from living room desk) = \$150
- 14) "ShureFire M3-Combat" flashlight = \$500
- 15) diamond cross necklace (cross = 1"X3/4") on gold and silver chain = \$800
- 16) Bear tracking equipment "1-TRX 1000S Box" = \$1400
- 17) 6- tracking collars "HLPM 31100" = \$140 ea. = \$840  
(OF NOTE: these are tracking collars used for tracking hunting dogs, when the magnets are removed from the collars they emit a unique tracking frequency)
- 18) "Mueller" elbow brace (left) \$40
- 19) a black shoulder bag containing the check book for the support group (no value given)
- 20) six gallon gas can red in color filled with premium gas = \$20 can and \$18 = \$38

Total Los of = \$7943.00

I immediately entered the .357 revolver into the Stolen Weapons System through EDSO Records prior to leaving the scene.

█████ told me the .357 was loaded with "hand loaded" 158 grain, magnum hollow point rounds. █████ explained that this load is unique and there is only "one box of 50 rounds" matching. █████ said the "box" is located in the bay area and other than that box in the bay area; █████ has the only rounds of that type in California because he loaded them and created them.

I photographed the home and the location the items were taken from. I was unable to locate any latent prints in the home of potential evidentiary value.

**OF NOTE:** During a follow-up phone call with [REDACTED] it was mentioned that he has a friend who tracks bears as well. [REDACTED] friend lives in the Diamond Springs area and has turned on his tracking box to try and catch a signal from [REDACTED] unique signaled radio collars which were stolen. [REDACTED] said he would call EDSO when the collars are actuated. The collars are actuated when the magnets are removed from the collars and have a 20 mile range.

I later spoke to a neighbor who wished to remain anonymous who told me he had seen a 1980's style, full size, white, Chevrolet one-ton pick-up, with a male driver, which he described as "older with a scruffy beard and 'sucked up in the face' (Skinny)" parked on [REDACTED] about three times over the past three weeks. He was unable to get a plate number on the truck but felt it was odd that the driver would leave as he (the witness) came down his driveway each time.

All stolen items were entered into the stolen section of the ACIS System.

Nothing further at this time

#### AFFIDAVIT OF RYAN BULLARD IN SUPPORT OF A COURT ORDER

I, Detective Ryan Bullard, have been a sworn police officer with the City of Sacramento Police Department since December 2000. I possess a Bachelor of Science Degree in Criminal Justice from California State University, Sacramento. I have earned California P.O.S.T. basic, intermediate, and advanced certificates.

From January 2008 to June 2010, I was assigned as a detective in the Office of Investigations Neighborhood Crimes Unit. My responsibilities included, but were not limited to, follow up criminal investigations regarding property crimes, processing crime scenes, interviewing victims, witnesses, and suspects, courtroom testimony, and presenting cases to the Sacramento County District Attorney's Office for prosecution involving property crimes.

Since June 2010, I have been assigned as a detective to the Felony Assaults Unit within the Office of Investigations. My responsibilities include, but are not limited to, follow up criminal investigations involving assaults, processing crime scenes, interviewing victims, witnesses, and suspects, courtroom testimony, and presenting cases to the Sacramento County District Attorney's Office for prosecution involving crimes against persons.

In August 2010, I attended an 80-hour POST Institute for Criminal Investigations (ICI) homicide course. This two-week course covered the following topics: crime scene management; criminalists and forensic support services; elder death investigations; behavioral aspects of homicide investigations; homicide law and search warrants; cold case investigations; officer involved shootings; gang murders; forensic pathology; homicide suspect typologies; forensic entomology; forensic anthropology; and child death investigations.

In June 2011, I attended a 40-hour POST-certified Officer Involved Shooting Investigations course. This one-week course covered officer involved shooting investigations, methods, and legal issues.

In June 2011, I attended a 40-hour POST Institute for Criminal Investigations (ICI) advanced homicide course. This one-week course covered advanced case management, forensic science resources, cold-case management, and electronic investigative/tracking techniques.

In April 2012, I attended a POST-certified Detective Symposium which covered major case briefings and updated investigation methods and legal issues.

Over the course of my assignments I have had the opportunity to interview victims and witnesses of various types of crimes including homicides, shootings, stabbings, robbery, burglary, and theft. I have also interviewed suspects arrested for the aforementioned crimes. As a result of these interviews I have learned the method and manner in which various types of crimes are committed.

I have also learned over the course of my assignments that persons who commit homicides, felonious assaults, robberies, other types of theft, will often retain instrumentalities and fruits of the crime for weeks, months, or even years. I have learned in the course of interviewing suspects who have admitted their involvement in crimes and the manner/method in which they have disposed of, or retained, the instrumentality's of their crimes, including but not limited to firearms, weapons, or other items involved in such crimes. These persons will often retain this property for personal use, as a trophy of their crime, or will not dispose of the property because they were unable to. These items may be stored at the suspect's primary residence, the residence of the suspect's associates, parents, family members, boyfriends and/or girlfriends, co-conspirators, and/or the suspect's vehicle.

#### CASE SUMMARY

12-134596

On 5/18/12, 0950 hours, Sacramento Police Department patrol officers observed a 2000 maroon Toyota Camry (CA# [REDACTED] - Reported stolen out of Chico, CA on 5/13/12) in the area of 24<sup>th</sup> Street/Broadway. The vehicle was occupied by a Male white driver (later identified as Lucas WEBB), a female white front passenger (later identified as Leslie MCCULLEY), and two male white rear passengers (later identified as [REDACTED] and [REDACTED]).

As patrol officers attempted to effect a traffic stop on the above vehicle, the driver of the stolen vehicle attempted to evade officers on a lengthy vehicle pursuit through the Land Park and Carleton Tract neighborhoods of Sacramento. During the pursuit, the suspect vehicle drove through the blacktop/field area of St. Robert's Middle School ([REDACTED] Irvin Way) while children were present and school was in session. At one point during the pursuit, both rear occupants ([REDACTED] and [REDACTED]) disembarked the stolen vehicle and evaded officers on foot.

As officers lost sight of the stolen vehicle during the pursuit, the vehicle was later found unoccupied at approximately 1015 hrs (approximately 25 minutes from when the vehicle was initially sighted prior to pursuit) in the area of Marty Way / 4<sup>th</sup> Avenue. The vehicle's right, rear passenger window was shattered.

At approximately 1016 hours, as officers were still searching the area for the occupants of the above vehicle, officers observed two subjects (WEBB and MCCULLEY) in the area of Riverside Boulevard and Regina Way on foot (approximately 2,000+ feet away from where the stolen vehicle was located unoccupied). As officers attempted to contact WEBB and MCCULLEY, both attempted to flee officers on foot. MCCULLEY was taken into custody and WEBB ran into the backyard of [REDACTED] Robertson Way where he discharged a .357 revolver at a pursuing Sacramento Police K9 and a uniformed officer. The officer returned gunfire at WEBB, killing him.

Upon obtaining a mirandized statement from MCCULLEY, she indicated that her cell phone number was [REDACTED] which was in her possession at the time of the interview. MCCULLEY stated she was WEBB's fiancé and that they travelled to Sacramento today from Chico, California in the above stolen vehicle. MCCULLEY stated their purpose in Sacramento was to visit pawn shops in order to sell property she had in the above vehicle. MCCULLEY indicated she was aware the Toyota was possibly reported stolen. MCCULLEY stated that during the vehicle police pursuit, she was sitting in the front passenger seat of the Toyota and that WEBB was driving. MCCULLEY stated that WEBB had the above .357 revolver in a holster on his person during the pursuit which she took from him while they were being chased. MCCULLEY stated as they dumped the Toyota at Marty Way and 4<sup>th</sup> Avenue, MCCULLEY accidentally discharged the .357 revolver in the vehicle, shooting out the back right passenger window. MCCULLEY stated WEBB then took the revolver away from her where they left the area on foot up to

when patrol officers spotted them.

Records showed MCCULLEY to be on Parole out of Butte County. MCCULLEY stated the two passengers in the back of the Toyota were [REDACTED] and [REDACTED] and that their cell phone numbers were in her cell phone [REDACTED] which she allowed investigators to look through.

Investigators located two phone numbers for [REDACTED] and [REDACTED] in the above cell phone; [REDACTED] and [REDACTED] respectively. Accurint.com records for the above two phone numbers revealed the following:

[REDACTED] - [REDACTED] possible Metro PCS cell phone.

[REDACTED] - [REDACTED] possible Metro PCS cell phone.

DMV/NCIC records revealed a [REDACTED] dob: [REDACTED] OLN# [REDACTED] MWA, 6'4/225, [REDACTED] MCCULLEY identified the above [REDACTED] by DMV photo as the same [REDACTED] who was sitting in the back seat of the Toyota during the pursuit.

DMV/NCIC records revealed a [REDACTED] dob: [REDACTED] OLN# [REDACTED] MWA, 5'10/145, [REDACTED] MCCULLEY identified the above [REDACTED] by DMV photo as the same [REDACTED] who was sitting in the back seat of the Toyota during the pursuit.

On 5/29/12, investigators spoke with [REDACTED] who admitted to being the rear passenger in the above Toyota during the pursuit. [REDACTED] stated he was paid \$500.00 to come to the Sacramento area with WEBB and MCCULLEY from Susanville. [REDACTED] stated after he jumped out of the Toyota, he called his father to pick him up in Sacramento and take him home. [REDACTED] denied knowing [REDACTED]

On 5/30/12, investigators spoke with [REDACTED] who admitted to being the rear passenger in the above Toyota during the pursuit. [REDACTED] stated he slept in the back of the vehicle from Susanville to Sacramento and was not exactly certain on the purpose why they came there. [REDACTED] stated while he was in the Toyota, MCCULLEY pointed a handgun at him when he tried to make a phone call. [REDACTED] felt that MCCULLEY would possibly shoot him during the pursuit. [REDACTED] stated after he jumped out of the Toyota, he called an acquaintance to pick him up in Sacramento and take him home. [REDACTED] denied knowing [REDACTED]

#### Brief Summary of Circumstances

On 5/18/12, patrol officers pursued a stolen vehicle w/Leslie McCulley as the front passenger and in possession of a .357 revolver. As the driver (Lucus Webb) and McCulley attempted to abandon the vehicle, McCulley attempted to take the revolver out of the vehicle and discharged the firearm inside the vehicle while holding a jacket (PR# 740940-004) at the same time. Webb later took the jacket from McCulley and wore it just prior to being shot.

It was hard enough watching his dog get shot in the face. If Randy Van Dusen hadn't made a quick move to his right that day in May 2012, he'd probably be dead. He had to return fire at the guy who was shooting at him, but he wasn't excited about having to kill him.

Still, the hardest part was going home and tucking his little girl into bed that night, answering questions about the day that a couple from Chico rode into Sacramento in a stolen Toyota.

Leslie Marie McCulley sits in court during her sentencing for her conviction on one count of attempted murder.

Leslie Marie McCulley, 30, a crank-snorting thief with a penchant for outlaw boyfriends, was sentenced Friday to 31 years to life in prison for her role in the attempted murder of Van Dusen. The assault was carried out by her slain boyfriend, Lucas Jerome Webb, 33, who wound up dead after an exchange of gunfire with the officer.

**Obituary: William 'Bill' Whiteneck, 77, was influential state education official**  
2 weeks, 6 days ago

Van Dusen said the shooting severely affected his family, friends and co-workers. In court, he recounted the moment at his daughter's bedside when the little girl, then 7, asked about his police dog, Bodie. The dog suffered gunshot wounds to his jaw and right front paw, just before Webb turned and fired a .357 slug right where Van Dusen had been standing a split second before the officer jumped out of the way.

"When I got home, I showered and washed Bodie's blood from my body so my daughter would not see, and I then had to explain to her that Bodie had been shot by a bad guy that was trying to kill Daddy," Van Dusen said. "My daughter then asked me what happened to the bad guy, and I told her that Daddy had to shoot him and he did die.

"No parent should ever have to explain to their child that someone tried to kill them at work today," he said.

Sacramento Superior Court Judge Greta Curtis Fall, after commending Van Dusen, sentenced McCulley for the attempted murder conviction and added counts of felony evasion, being an ex-felon in possession of a firearm and receiving stolen property.

Fall described McCulley as "a wannabe cop killer."

"On the day of this incident, she was all in," the judge said.

Police said McCulley, just one day out of jail on a methamphetamine-possession case, and Webb drove down from Chico to make a drug deal. Sacramento police ran their license plate and tried to stop them near Sacramento City College when the car came back stolen. Then Webb punched it over the sidewalks and green lawns of the campus, bounced the car over a curb onto Freeport Boulevard and cranked it up through residential neighborhoods at speeds of up to 80 mph.

At one point, the couple crashed through a chain-link fence at St. Robert School in Hollywood Park and tore through the playground with hundreds of children at recess. Then they sped across Freeport Boulevard into Land Park, where they abandoned the car.

Police got onto them quickly. They arrested McCulley and chased Webb into the backyard of a house on Robertson Way. Bodie, with Van Dusen close behind, cornered Webb there before the shooting started.

Bodie has since recovered from his wounds, but he was retired from police work and now represents the Police Department at community events.

McCulley made no statement at the sentencing hearing. Her probation report said she was "sorry about what happened. She said she did not want it to happen and she wishes she never got out of the car. She thought she could de-escalate the situation."

In his closing argument at trial, Deputy District Attorney Tate Davis said McCulley shared Webb's intent to shoot Van Dusen.

Davis said McCulley referred to herself and Webb as a modern-day Bonnie and Clyde, the infamous Depression-era bank robbers of the Dust Bowl. In recorded statements to friends and family while she was in jail, according to Davis, McCulley said she told Webb if he wasn't going to shoot the police to give her the gun because she would.

Her father, Bob McCulley, called Friday's sentencing "a circus."

"She's not a good girl, but she's not an attempted killer of a police officer," McCulley said. "That's my deal. They don't have to send her to prison for life for something she didn't do. I understand a dog was shot, but dogs get run over and shot every frickin' day. And a cop, if he gets shot at, that's part of his job. I'm not saying it's good, but that's what he's paid for. So I don't want to hear any sob story in the frickin' courtroom about how she should go to jail for something I don't think she did."

According to Butte County court records, McCulley was convicted in 2010 for being an accessory to an assault on a peace officer. In that case, a previous boyfriend had crashed a car near where she lived and then ran into her place with the police on his tail. She took his .44 handgun from him and hid in a closet. When the police found her, she jumped into a "ready fire position," according to Davis, the prosecutor.

Davis characterized McCulley's life sentence as "the right result" for her.

Van Dusen agreed. "Leslie and Lucas and I had never met before that day," the officer told the court. "In their eyes, they're not trying to kill Randy Van Dusen, the husband, father or friend. They're trying to kill a police officer, and it just happened to be me. A police officer is everything Webb and McCulley despise, living their lives of continued crimes and numerous failed attempts to peacefully exist in a lawful society."

"The only place that Leslie McCulley belongs in is the custody of a prison," Van Dusen said.

Victim statement: Officer Randy Van Dusen #0799

On 05/18/12 at approximately 1520 hrs, I, Detective Kirtlan, interviewed Officer Randy Van Dusen at SPD headquarters in interview room #1. Officer Van Dusen was represented by Judith A. Odbert, Attorney at Law. The interview was audio and video recorded. Prior to the interview, Sgt. McCloskey counted Officer Van Dusen's remaining ammunition. Please refer to Sgt. McCloskey's supplement for details. Officer Van Dusen stated the following in summary: (for full details of the interview, please refer to the DVD that has been booked as evidence)

I started the academy in September of 1998. I have been a K9 handler for about 8 years. I am also a SWAT K9 handler, I am a firearms range master and a part time EVOC instructor.

I started my shift at 0700 hrs this morning. I work 0700 to 1700 hrs. I worked the same shift yesterday. I am wearing the uniform now that I was wearing earlier.

As a K9 handler, I scan all radio traffic. I was notified of the call from hearing radio traffic on channel 4. I heard that units were following a reported stolen vehicle. I responded to assist with a felony stop of that vehicle. I responded from westbound Marconi "code 3" with my lights and sirens. There were continual updates regarding the whereabouts of the suspect. There was a pursuit with the suspect vehicle. I responded southbound HWY 99 and I exited 12th Ave. and went through the neighborhoods south of City College trying to catch up to the pursuit. I was never able to actually physically catch up to the pursuit or see the suspect vehicle. During my response to it, at one point, the suspect drove the stolen vehicle pretty recklessly through a school yard and units with visual on the vehicle decided to cancel the pursuit. Units began to check the area. The suspect had exited out of the school yard and was spotted on city streets. A pursuit was reengaged of that suspect. I was attempting to catch up again.

At some point, due to speeds and conditions, the supervisor canceled the pursuit. It is a common tactic for suspects when they don't see any squad cars, they will tend to pull over and exit the vehicle and flee. At that point, once the pursuit was canceled, units and myself spread out in the neighborhood and started checking streets to see if we could locate the vehicle if the suspect had abandoned it. My lights and sirens were off as I was checking the neighborhood. At some point, Sgt. Oliveira came across the vehicle unoccupied. We had gotten a description of a male white driver at that point. Pretty close to when Sgt. Oliveira put out that he had found the vehicle unoccupied, I don't remember the intersection that he put out, I responded to assist with a perimeter spot so we could lock down the neighborhood. For the K9 side of it, we are going to do a search. If we don't have a direction of travel, we are going to make the perimeter big and we can always shrink it down. Units just started grabbing perimeter spots. I was at my perimeter spot and I heard SAM80 advise on the radio that he had seen a couple of suspicious subjects, a man and a woman walking in the area and that he was going to try

to catch up to them again. I advised that I would cover him on the stop. I responded to the stop. SAM80 was Officer Cunningham today. I responded to cover him. I was southbound on Riverside, I forget the intersection that he put it out at. As I got closer to where he had put out the stop, I could see him. He was on the east side of Riverside and I could see him running and I saw a female and a male. I focused on the male because that was the description that we had as the driver. At that point, my mindset was to try to apprehend him with Bodie, my police dog partner.

I was still in my car at that point. We deploy our dogs out the rear window of the car when it is a rapidly evolving situation like that. I stuck with the male suspect. I told Cunningham to stop chasing because it is easier for the dog to get focused on the suspect that is running. Cunningham stopped running. I told him to grab the girl. The male suspect was in the front yards (I had four "Google" earth maps on the table for reference. Officer Van Dusen looked at the maps to orient himself to the scene.) When I first saw Cunningham and the suspect running, it was on the east side of Riverside. I stuck with the male suspect who then turned and was running eastbound on Robertson Way. He was hugging the front yards, he was in the front yards, he wasn't out to the street or the sidewalk at that point. He ran, I believe it was the second house, but as he was running through that front yard, I saw him look back over his shoulder at me. He quickly turned to go down the side of the house which would then put him running in a northbound direction towards the backyard. I stopped somewhere in front of the house. I am not sure of the exact address there. (I told Officer Van Dusen that the address was [REDACTED] Robertson Way.) As the suspect runs through that yard, he looked back at me. I had stopped my car so I could deploy the dog. I had hit my windows so I could roll them down and was yelling at Bodie to chase the suspect. Bodie deployed. The suspect ran down the east side of the house in a northbound direction. I assume it was where they would park their cars. There was a fence across here (referring to the northeast corner of [REDACTED] Robertson on the map) when you essentially get to the 3/4 corner of the house. There was a fence that goes across that separates the yard from the driveway. The suspect had been looking back and Bodie and I were coming down the driveway at that point. Bodie was ahead of me, he is faster than me. The suspect hit that fence and pushed through it. The fence was closed. I don't know if it was a gate or if he tore the whole fence down. The suspect proceeded into that backyard and then started heading back westbound out towards this neighbors house (N/E corner house of Riverside / Robertson) and out towards Riverside. At that point, Bodie is gaining on the suspect.

In this backyard, there was like a 6' wooden fence that separates the two homes, the corner house and [REDACTED] (Robertson.) The suspect made it to that fence. He was going up on the fence to go over the fence. It was heavily overgrown. There was a big tree right there and some bushes. I saw Bodie go into those bushes. I was running up behind him now because when the dog apprehends somebody, we don't want that suspect getting away if the dog loses his grip. It is my job as his handler to get up there and get hands on that suspect to get him into custody. I was running towards the suspect, I kind of lost sight of where Bodie was in the bushes on him. The suspect was coming down at that point. As he was turning, I couldn't see what was in his hands, but then I started hearing the shots. I heard what sounded like at least two gunshots. I immediately started to move off line and return fire. I was pretty much directly east of him when he started shooting. I started returning fire. I started to fan. There was no place to get cover in that backyard. I started returning rounds at the suspect. As I was returning rounds, I kind of just caught out of my peripheral vision, I saw Bodie. He had let go of the suspect at that point. He was kind of just moving off to the side. I shot at the suspect until it got quiet and I figured he

was not shooting at me. Then I tried to pie the tree and the bushes to see where the suspect was. At that point, I could see that he was laying motionless in the bushes. I could see that Bodie was off to the side and he was coming back to me. I could see that he had been hit at some point. He was losing a lot of blood out of his mouth. I retreated. I yelled "car" to Bodie which is his command to run back and get into the car. He started running back down the side of the house the same way that we had come. I started retreating back to the corner. I don't know who the first officer was, but I was trying to get back to get a little cover. As soon as I knew that another officer was there, I assumed that I had hit the suspect and so I knew the other officer would at least contain that guy. It didn't appear as if he was going anywhere at that point. That is when I got my squad car and took Bodie to the vet hospital. That was it.

I wasn't close enough to the suspect to get hands on when he started shooting. When I heard the gunshots, I thought he was shooting at me. When I was shooting, I would have been aimed in a southwest direction. I was moving northwest. I was trying to put some distance between us. In training, I always move to my right. That is just where I started moving. There were no words exchanged in the backyard. He never talked to me.

The suspect had a good lead on us going into the backyard. When we came around the front side of the house, he was already through that fence. When we came running in, when I was at the 3/4 corner, we came around the corner and I could see that backyard. The suspect was already up to that fence. He was already getting ready to go over. Bodie closed very rapidly on him. I had no indication at that point that the suspect may be armed. It was warm outside and he was wearing a trench coat. Up to that point when he was on the fence, I did not see him making any drawing motions or anything like that. It was only on the fence and the way he came down and turning. Usually when someone gets bit by one of our dogs, they are not turning like that towards us. They are falling down to the ground.

(I asked Officer Van Dusen if it was common Sacramento Police Department procedure to use a K9 to apprehend a stolen vehicle suspect.) Absolutely, he was committing a felony. He had already shown by driving through that school yard, he missed a group of kids. He had a disregard for public safety and so to apprehend a fleeing felon like that is with department policy and case law.

(I asked Officer Van Dusen to tell me what he was feeling and what was going through his head when he heard those gunshots.) I thought I was going to get hit and I didn't want to get shot today. That was my main concern, getting the hell out of the way and start moving away from that guy. There was nowhere to fucking retreat to in there. I knew I had to return rounds immediately to protect myself.

(I asked Officer Van Dusen if he remembered approximately how many rounds he fired.) I know that I re-loaded. I dropped a magazine in that backyard. I am very quick at re-loading. I re-loaded and the way that the suspect was in the bushes, it felt like he was still shooting at me. I shot then paused for a second to make sure that it was quiet and then when I knew that he wasn't shooting anymore, is when I tried to retreat back to that 3/4 corner. There was a lot of open area there where I would be exposed if he was still shooting.

(I asked Officer Van Dusen if he fired all of his shots from within a general area within the backyard.) More or less, I was moving but it was a generally small area.

(Attorney Odbert asked Officer Van Dusen what he thought about where the suspect was going if anything.) Once I heard those shots, I knew that Cunningham was going to be two fences over and then I know that area because I just did a dog demonstration at the elementary school that is about 100 feet from there. That suspect, once he had fired at us and the way that he drove that vehicle, he obviously was a threat and just heading out in that general direction, if he was allowed to get onto that schoolyard, that is another terrible thing too.

(Attorney Odbert asked Officer Van Dusen if he heard the speeds that the suspect reached during the pursuit.) Yeah, they were fairly high speeds in that residential area. It was all pretty much in a residential area. He went out to Freeport a couple of times but primarily it was near parks and school yards.

(Attorney Odbert asked Officer Van Dusen how many ways he saw in or out of that backyard.) The way that I came in without having to go over a fence. A fence is not cover. Those are just wooden boards. The only way out is back the way that I had come.

(Attorney Odbert asked Officer Van Dusen to describe that backyard.) It was fairly open where I was standing but getting back to the fence, I would have had to pass a very easy target area for the suspect. It was a little bit overgrown in there. I would have been exposing myself significantly to move back towards that way that I came.

(Attorney Odbert asked Officer Van Dusen if there were any other walls kind of boxing him in the area.) I don't recall. (Attorney Odbert asked Officer Van Dusen if he felt confined.) Absolutely. (Attorney Odbert asked Officer Van Dusen if he felt vulnerable.) Yes. I thought he was going to kill me, for sure.

(Attorney Odbert asked Officer Van Dusen if he was using SWAT terminology for a 3/4 corner.) Yes. That would be the northeast corner of the residence. The front side of the house is 1, then it goes in a clockwise direction. 3 is usually the rear of the house.

----- 1541 hrs break -----

----- 1555 hrs re-interview-----

(I asked Officer Van Dusen if he could approximate how far he was from the suspect when he was shooting.) I would guess approximately 10 feet, around there. I was pretty close.

(I asked Officer Van Dusen if during the volley of shots that he fired, if he ever advanced on the suspect when he was shooting or after he fell.) I don't recall advancing on him. I was more concerned with getting the heck out of the way of him shooting at me.

(I asked Officer Van Dusen if he ever saw a gun in the suspect's hand.) No, I did not.

(I asked Officer Van Dusen if he saw muzzle flash.) I didn't. I am extremely familiar with what gunshots sound like and there was zero doubt in my mind that he was shooting.

(I told Officer Van Dusen that he made a statement earlier about when a K9 bites a fleeing suspect, they tend to fall to the ground.) That's correct. (I asked Officer Van Dusen to expand on what this perpetrator did today when approached by his dog.) This guy was significantly different. Bodie ran into the bushes after him. When the dog pulls somebody off the fence, usually they go to the ground and they start trying to get away from the dog and they tend to kick at the dog and push at them and stuff. When Bodie went into the bushes after this guy, he turned and it was like he was turning to fight. He had other intentions. His intentions were not to flee at that point.

(I asked Officer Van Dusen if his dog made contact with the suspect.) It appeared to me as if he did. I didn't see the dog physically on the actual bite but based on our training, when I order him to apprehend somebody, he will do that.

(I told Officer Van Dusen that he made mention of that tree that was in the backyard and that I had seen that tree and I would consider the tree to be overgrown with a low canopy. I asked Officer Van Dusen if, from his vantage point, he had a clear view of the suspect and what his view of him was.) I could see him through the bushes. It was light outside. He was partially obscured so I couldn't see exactly what was in his hands, but I had zero doubt that he had a gun and was shooting. I could see that the suspect was there and I could see him the entire time.

(I asked Officer Van Dusen if he was sure if his dog bit the suspect or not.) Correct, I would assume that we will be able to see if there are bite marks, but in my mind, my dog was biting him as he was trying to flee. I doubt that the dog did not contact him.

(I asked Officer Van Dusen what commands he gave to either his dog or to the suspect.) I don't recall what exactly I yelled to the suspect when I was getting out of the car because he was still in view and he had turned to look at us. He saw that we were there. I was in my marked K9 car. To my dog, my order is "█████." That means to grab him or apprehend him. At that point, I was yelling "█████" at Bodie to apprehend the suspect. I don't recall exactly what I said to the suspect. I was getting out of the car and starting to chase. I know I had given commands to SAM80, who was Cunningham, to stop chasing the suspect. I know I was yelling something at the suspect, but I don't remember if it was stop or what exactly I was yelling at him.

(I asked Officer Van Dusen if he remembered saying anything in the backyard.) Not that I recall. It happened very very quickly. When I entered that backyard, it was within seconds that shots were being exchanged.

(I asked Officer Van Dusen if he shot until his first magazine was dry and then quickly reloaded.) That's correct. Yes.

(I asked Officer Van Dusen about his in car camera. I asked Officer Van Dusen if when he observed the male running, his lights and sirens were on.) No. At that point, I hadn't had a chance to activate them. I was more concerned with watching his path of travel and reaching down.

(I asked Officer Van Dusen if when he turns on his lights and sirens, the ICC automatically turns on.) That is the design, it is supposed to do that.

(I clarified with Officer Van Dusen that if the lights and sirens aren't on, then the ICC would have to be manually activated.) That's correct.

(I confirmed with Officer Van Dusen that when he observed the suspect, he was not in code 3 mode therefore his lights and sirens were not on, therefore his ICC was not automatically activated.) That's correct.

(I confirmed with Officer Van Dusen that after the incident when he was on his way to the hospital, he activated his lights and sirens therefore his ICC turned on.) Yes.

(Attorney Odbert asked Officer Van Dusen about when the subject turned and appeared like he was going to fight, who did Officer Van Dusen mean he was going to fight.) It looked like he was more concerned with me at that point. He was unconcerned with the dog.

(Attorney Odbert asked Officer Van Dusen to expand on what he meant by confronting him, did it seem congenial?) Not at all, it was hostile. He immediately turned and then immediately I was hearing rounds being fired at me.

(I asked Officer Van Dusen to estimate the amount of time that he lost sight of the suspect after he went through the fence.) I could see him go through the fence and then by the time we got to the fence, there was probably less than fifteen seconds that I didn't have eyes on the suspect. I was running down the side of the house, it was a short amount of time. It had to be less than 15 seconds. That is an estimate.

(I confirmed with Officer Van Dusen that the suspect was wearing a baggy trench coat.) It was super baggy. I couldn't see his waistband or what was under it. You could conceal a lot under that trench coat.

(I asked Officer Van Dusen if it was safe to say that the suspect could have concealed a shotgun under the trench coat.) Easily, yes.

End of summarized statement.

Author: **1107 - WOOD, MICHAEL 7750**

Subject: **(WITNESS #1)** [REDACTED]

Related date/time: **May-18-2012 (Fri.) 1106**

On 5-18-12, appx. 1106 hrs., I, Det. Mike Wood, spoke with [REDACTED] at 300 Richards Blvd in an interview room. J. Rojas stated the following in summary:

;

My brother, [REDACTED], and I were working doing landscaping in the front yard of a house about three houses away from where the female officer had contacted a woman. I saw the female officer contacting the woman and then I heard some gunshots. I think I heard about 9 gunshots in all. I heard three shots and then a rapid amount of gunshots. I got down on the ground when I heard the gunshots.

Before the gunshots I also saw an officer with a dog but I did not see where they went. I never saw the officers with their guns drawn before I heard the gunshots. I did not know what was going on. Afterward, after the gunshots, when all the other police arrived, I saw them with their guns drawn. Also, immediately after the gunshots I saw an officer running in the street, but it was several houses away.

I could not tell where the gunshots had come from and did not see anyone shooting.

The woman the officer stopped was white, about 50 years old. I do not remember what she was wearing or the color of her hair. I do not recall it being dark.

Document: 02 WITNESS STATEMENT

Author: 3232 - MORSE, KRISTINE 3079

Subject: (WITNESS #31) [REDACTED]

Related date/time: May-18-2012 (Fri.) 1300

On 5/18/12, at approximately 1300 hours, I contacted [REDACTED] inside interview room #3 at the police facility at 300 Richards Blvd. The interview was audio and video recorded and later booked as evidence. [REDACTED] had been transported from the scene by Officer R. Ley, who advised that [REDACTED] had initially been contacted at [REDACTED] Robertson Way. I obtained the following statement in summary:

I work for [REDACTED] doing landscaping. I don't have a phone, but if you need to get a hold of me you can call [REDACTED]. His number is [REDACTED].

We arrived at the house we were working on around 10 this morning. The house that we were working at is [REDACTED] in from the corner. I think the name of the street is Robertson, but I'm not sure. I do not know the name of the other street (Riverside Blvd), but we were right across from a school. (Based on the information obtained from Officer Ley and the description [REDACTED] provided, I was able to confirm that [REDACTED] was in front of [REDACTED] Robertson Way. Based on [REDACTED] description, I identified the streets/landmarks that he described.)

I had just got the lawn mower off of the truck and was starting on the lawn when I saw the lady running across the street. We had been there less than 10 minutes. The lady was a white lady with blond hair, maybe about 27 years old. She was wearing a black sweater, and grey or white pants. I saw the lady, and then I saw two officers chasing her. It was a male officer and a female officer. The lady ran (eastbound) across the street (Riverside) towards the tree that was in the yard next to where we were (northeast corner of Riverside/Robertson). The female officer grabbed the lady's legs and the male officer grabbed her arms/body and she went to the ground. I didn't see her fight them after she was on the ground. They put handcuffs on her and then stood her up. The lady was crying and saying, "Oh my god, oh my god." The lady didn't look hurt, just like she was upset and crying. The female officer walked the lady to a police car.

Then I heard gunshots. I think I heard nine shots, and they all sounded the same. This was probably about a minute after I first saw the lady running. I ducked behind a big tree that was in the yard we were working in. I couldn't see where the shots were coming from, but it sounded like they were coming from the direction that the lady was coming from (west). Then a lot of police cars started coming. I stayed behind the tree until an officer with a big gun (rifle) came and took my place and told me to go to the (east) side of the house where we were at. I couldn't see what was happening. Later another officer moved us across the street to the school and told us to wait there because they wanted to talk to us.

The two officers that were chasing the lady didn't have their guns out. I never saw a K9 officer until about a half an hour after everything happened, and they were just walking with their dog. There was a white van parked facing the wrong way on (the north side of Robertson), but I didn't notice the van until after I was told to go to the school.

05.18.12 approx. 1304 hours, I interviewed [REDACTED] at 300 Richards Blvd. in interview room number one. This interview was memorialized on a DVD that was later booked into evidence. [REDACTED] spoke Spanish. Officer LEY #455 assisted with translation. [REDACTED] related the following in summary:

I was working with my brother at a house on Robertson Way. It was about [REDACTED] houses (West) from Riverside Blvd. (on the [REDACTED] side of the street). I had just finished up in the back yard and walked back out front when I saw a white woman running from the police on Robertson Way on the other side of Riverside Blvd. They caught up to her on the corner (described as the N/W corner) of Riverside Blvd & Robertson Way. About thirty seconds later, I heard three shots then a pause, then about six more shots. After I heard the first three shots, I got down on the ground. I never saw who fired or where they came from. It sounded to me like it was on the other side of Riverside.

The woman who was running was white, about thirty five years old. I didn't get a good look at her. I think she was wearing white clothing, but I am not sure. I never saw anyone else running from the police. I did not see the officer with the police dog.

#### WITNESS STATEMENT: [REDACTED]

05/18/12, approx. 1340 hours, I interviewed witness [REDACTED] inside of interview room #1 at Central Station (300 Richards Blvd). The entire interview was video and audio recorded. Copies of the recorded interview were later booked into property. [REDACTED] provided the following statement and information in summary:

I was leaving the Crocker Elementary school and was walking back to my car. I walked N/B on Riverside and then W/B onto Robertson. That was where my car was parked. I was about (3) houses west of Riverside on Robertson when I saw a female with long blond hair running W/B across Riverside towards my direction. The female with the blond hair was being chased by another female officer, and maybe one other officer.

The female the officers were chasing was a female white with long permed blond hair. She looked like she was in her 50's. She was wearing a loose dark colored jacket. She was average size. She looked tired to me.

There was a black mid-size SUV vehicle that was parked on the corner of Riverside/Robertson. The car was facing N/B Riverside. There was a police car parked behind the SUV like it was doing a traffic stop. The female that was running from the officers had been standing behind that SUV, and it looked like the female officer was talking to the female before she took off running. I couldn't hear anything that they were saying. I didn't see the female with the blond hair get out of that SUV.

The female ran across Riverside and then was W/B on Robertson in the front yards of the houses on Robertson. She ran by a tree and then the female and the officers were on the ground. I couldn't see how they got on the ground because a parked car on Robertson blocked my view. I couldn't see them, but I could tell they were down on the ground behind that car.

Right as the female was running from officers I saw a male running E/B on Robertson from Riverside. The male was running in the front yard of the S/E corner house at Riverside/Robertson. I couldn't tell what race the guy was, and I didn't see his face. I could just tell he was wearing a long black trench coat, and dark clothing. I didn't see that guy run from the SUV. When I saw him he was already running through the front yard of that corner house.

When the guy with the trench coat was running I could see officers chasing after the guy. I don't know how many officers there were. I could just tell there was more than one officer chasing the guy. The officers were right behind the guy, and they were running after him in that same front yard. I didn't see where they ran to or if they turned. I then just heard a bunch of gunshots.

When I heard them I was certain they were gunshots. I think I heard one shot, a pause, three shots, a pause, and then three more shots. They were all very close to each other, but there was a distinct pause between each of the succession of shots. I just heard the gunshots. I didn't see who was shooting. When the officers were chasing the guy I don't remember seeing a police dog chasing the guy. I just heard later that a police dog got shot.

When I heard the shots I went a couple more houses down on Robertson, and I took cover behind a light pole. I then saw a bunch of officers coming to the area. I couldn't believe how many officers there were. I got to my car and I just sat there for a couple of hours. I couldn't go anywhere because my kids were on lock down at the school (referring to Crocker). I never saw the guy with the trench coat after that. I could just everything was going on right at that corner because all of the officers were there.

Subject: **(WITNESS #50) JOSEPH, T 0**

Related date/time: **May-18-2012 (Fri.) 1342**

On 5/18/12 at approximately 1342 hrs, I conducted a witness interview of Officer Tracy Joseph related to the Officer Involved Shooting Investigation of Officer Randy VanDusen.

Prior to the interview, Sgt. McCloskey conducted a ammunition count of Officer Joseph's firearm and the magazine's on her gun belt. \*\* See Sgt McCloskey's Supplement \*\*

Present during the interview was Sacramento Police Officer's Association Representative, Corey Morgan. This interview was audio / video recorded at police headquarters (DVD later booked as evidence). For a verbatim statement refer to the recording. The following is a summary of the interview:

My name is Officer Tracy Leeann Joseph #361. I have been a sworn police officer for seven (7) years. I am currently assigned as a Crime Scene Investigator. I have been assigned to CSI since July 2011.

On 5/18/12, I began my shift today at 0600 hrs in full uniform and driving a white CSI vehicle. The vehicle is equipped with lights and sirens, the Sacramento Police Department logo and CSI insignia affixed about the vehicle.

I heard Officer Lee (Bravo42) broadcast the stolen vehicle over the radio in the South Land Park area. I was close to that area and responded to assist. I followed behind several other patrol vehicles. We were just following the suspect vehicle at that time waiting for a K9. The suspect vehicle pulled into the college parking lot off of Freeport Blvd.

The suspect vehicle then suddenly proceeded over a grassy area in the college and continued E/B on Sutterville. I turned around after the suspect vehicle also E/B on Sutterville. At this time I engaged in pursuit of the suspect vehicle with full lights and sirens in the #1 position. The stolen vehicle was a burgundy vehicle. I couldn't see into the vehicle or describe the occupants.

Another unit caught up to the pursuit and that unit took over the #1 position in the pursuit. My vehicle was not capable of maintaining the lead in the pursuit. I dropped into the #2 position in the pursuit. As other units caught up to assist I dropped back again for safety as my vehicle is not capable of maintaining a pursuit.

I continued to follow the pursuit for awhile with my lights and sirens still on. We ended up back on Freeport Blvd, near the Raley's Market and Sgt. Chase broadcasted for units to "C4" stop the pursuit. Actually, that may have been the second "C4". I don't remember exactly. The first may have been at the school near some children.

After the pursuit was terminated, I began to roam the area due to a broadcast that two (2) passengers may have "bailed" from the car. While I was roaming in the area of Broadway and Riverside I heard Officer Cunningham broadcast that he had several "927" subjects. One of them was a male wearing a trench coat and the other was a female. I responded to assist Officer Cunningham.

As I responded I heard Officer VanDusen broadcast that he was onscene. When I got there, I think it was Swanston and Riverside, Officer VanDusen came W/B on that street and pulled in front of me. We were going S/B Riverside at this time and I could hear Officer VanDusen saying "the dog is coming". I could see Officer Cunningham chasing the male and female on foot S/B on Riverside Blvd.

Officer VanDusen and his dog got out of their car and Officer Cunningham was behind Officer VanDusen as they chased after the male suspect. I cannot describe the male, I cannot identify him. As I arrived onscene, I got out of my car and at this time it appeared the female suspect had somehow got behind Officer VanDusen and Officer Cunningham and was now chasing after them. At some point, Officer Cunningham realized the female suspect was behind him and he stopped and drew his firearm at the female suspect. Officer Cunningham ordered the female suspect to "get on the ground".

The female suspect took off running in the opposite direction and Officer Cunningham and I chased after the female suspect. I caught up to the female suspect and took her down to the ground. As Officer Cunningham caught up to assist me, that's when I heard the gunshots. I told Officer Cunningham to "go, I got this".

I heard initially four shots and a pause then "pop, pop, pop, pop" in rapid succession. It was maybe fifteen or more rounds that were fired. I could not tell the difference between the two sounds of gunfire. They all sounded the same to me.

I stayed with the female suspect and tried to take her into custody. I ordered her to put her arms behind her back and she refused. I was attempting to use control holds on her because I was worried that she may have a gun. I did not use OC, Baton, Taser on the female suspect. I was assisted by Officer Varozza who helped me take the female suspect into custody and place handcuffs on her.

I searched the female suspect and walked the female suspect to a patrol vehicle. The female suspect kept screaming over and over "is he dead, is he dead". She kept asking me about the male suspect and whether he was ok or not. I think she referred to him as her boyfriend. I began to ask her whether the male suspect had a gun. The female suspect stated "I don't know, I don't have a gun". The female also stated "I didn't see a gun". The female suspect was placed handcuffed into Officer Garcia's patrol vehicle. I did not ask the female suspect any further questions.

I was then instructed by a Sergeant to conduct traffic control for the scene.

\*\*\*\*\* I showed Officer Joseph a print out of a "Google Maps" aerial view of the scene where she took the female suspect into custody. Officer Joseph identified the N/W corner of Robertson Way / Riverside Blvd. I had Officer Joseph initial and date the print out. I later booked this print out as evidence.

On 05/18/12 at approx. 1400 hours, I (Det. MacLafferty) spoke with Officer Adam Cunningham #534 at the Hall of Justice in interview room #3. This interview was audio/video recorded and available for review and transcription and I later booked a copy of the DVD into evidence. Officer Dustin Smith (SPOA representative) was present for the interview. Officer Cunningham said the following in summary.

(Sgt. McCloskey came in and checked the rounds in Officer Cunningham's service pistol and magazines. Officer Cunningham carried a .40 caliber Sig Sauer Serial # [REDACTED] and it contained 12 rounds in the magazine and had one round loaded in the weapon. He had two additional magazines that contained 12 rounds).

I was hired as a Police Officer with the Sacramento Police Department in January of 2004. I am currently assigned as a School Resource Unit and have been since 2006. I am usually the School Resource Officer for California Middle School and today I was assigned as the acting supervisor for the School Resource Unit. I have been the acting supervisor for a while now. Cal. Middle School is at 1600 Vallejo Drive and Land Park Drive. Today, I was dressed in full police uniform and I was driving a marked SPD patrol vehicle. Prior to working as a SRO I was assigned to patrol duties in the north area of Sacramento. I have worked a shift or two in the Land Park neighborhood.

Today my shift started at 0730 hours. I worked out this morning at the communications center and then headed out to the school. This morning I was over at 15th/Broadway when I heard a radio call that one of the Bravo units was behind an occupied stolen vehicle on westbound Broadway at 24th Street. I got into my patrol car and responded to the call. I heard that there was four people in the car. I first saw the stolen vehicle at about 21st/Broadway and Officer Butler (RBT85) who was in front of me and I made a U-turn and got in behind the Officer that put out the call. We followed the vehicle and were waiting for a K-9 unit to arrive before we would attempt to stop the vehicle. The vehicle continued to 16th Street/Land Park and went South bound Land Park Drive. We continued past the zoo onto Sutterville and there were probably six or seven patrol cars at this point. We drove northbound on Free port Blvd. The vehicle pulled into a parking lot on the west side of Sacramento City College that I knew was a dead end.

I could not see the car because I was three patrol cars back behind it and an Officer put out a broadcast over the police radio that the suspects had "foot bailed". I jumped out of my car and I noticed that the suspect vehicle had actually continued to drive up and over the grass. I got back in my car and we took up a pursuit of the vehicle. I was not behind the vehicle at this point as the car was way ahead of me by the time that I got back to my patrol car. Officers were broadcasting on the radio that they were in pursuit of this vehicle south of Sutterville and east of Free port. I drove to the area of the pursuit to set up for a tac strip deployment. The pursuit went down toward Fruit ridge. The pursuit went to the area of a school and it was a code 4 (discontinued or canceled). I had pulled over to the side to look at my map when the suspect vehicle drove by me heading west bound on 20th Avenue toward the back side of Togo's/Sushi Cafe on Freeport Blvd. I put out a radio

broadcast that I observed the vehicle but did not pursue the vehicle because it had been canceled. The Sergeant gave permission to initiate the pursuit again and by this time the suspect vehicle had a significant lead on me. I drove out to Freeport and saw the vehicle was north bound on Freeport almost to Sacramento City College again. Another unit pulled in front of me and I told them that I would call the pursuit. The Sergeant gave another Code 4 of the pursuit near McClatchy High School on Freeport Blvd. I shut down my (emergency lights) and gave direction of travel. I lost sight of the vehicle about 2nd Avenue and 21st Street. I talked to some fire fighters that were there and they said that the vehicle had turned onto 2nd Avenue. Our patrol units were looking for two of the passengers that had jumped out of the car and what I could gather from the radio traffic was that they were looking for these subjects in the area of Kentucky Fried Chicken on Freeport Blvd. I started checking the area because I am really familiar with it because we were in the area of my assigned school. There was a radio broadcast that they were last seen in the area of Caramay and Harkness which is about 3-4 blocks from my school.

(I asked Ofc. Cunningham some clarifying questions at this point).

(When you first see the car how many people do you see in it)?

I saw two people in the front seats of the car before I started concentrating on making my U-turn. I then could see that the car was pretty full and I noticed that there was also a male white in the back seat that was looking over his shoulder at us. There may have been a fourth person in the back also.

(As an officer is it significant to you to have multiple people in a stolen car)?

Yes, everything changes when you have multiple people in the car. If there is just a driver in a car three units is enough. If there are multiple people in the car that can run in various directions you need more officers to contain them. The passengers are able to formulate a plan and I don't know if they are going to run or hurt us. It is an officer safety concern for me to have this situation. We were waiting for the K-9 unit to get there to gain the advantage and we (officers) had strategically discussed on the radio where we would attempt to stop the car so we would not be in like a school zone or the zoo because of the volume of pedestrian traffic.

(At what point did you activate lights and get in pursuit)?

There was no pursuit until after it pulled into the parking lot at the College. There were a lot of students out at the College at the time. I was focused on how I was going to set up for a felony car stop. A felony stop is typically three police cars that fan behind a suspect vehicle. We started to do this but the suspect vehicle kept going up and over the lawn/curb and out onto Freeport. I didn't see anybody bail from the car. Other Officers began to chase the car and I ended up in the area and set up for the "Stop Sticks". I heard on the police radio that the pursuit went to Fruit ridge and then north bound. An Officer went through a school zone and the officer canceled it because of the school zone. I heard broadcasts that the speed of the vehicles ranged from 20 mph in the corners to 55 mph in a residential neighborhood. I knew that the school that they were talking about (Hollywood/Leanardo Divnici) was in session and an elementary with a lot of little schools.

(I want to talk about the time when the suspect vehicle passed you when you were pulled over).

They came out north bound and turned west bound on the street that I was parked on. This was south of Sutterville and west of Freeport. I saw them come around the corner at a high rate of speed. It was at least 25 mph because the weight of the vehicle was completely loaded on the right hand side of the vehicle as they were making the west bound turn. They accelerated past me and swerved to avoid hitting a fire truck that was stopped on the left hand side of the road. I broadcasted that they were doing about 55 mph at this point. I did not pursue the car at this point. The sergeant (SAM-4) gave permission to re-initiate the pursuit as long as it was safe. I gave the radio broadcast where I was and I was trying to catch up to it. I turned on my emergency lights and I saw the vehicle as I was turning onto Freeport. I cleared intersections as I was driving and I saw the vehicle way up ahead of me driving north bound up near City College. I would not have recognized the vehicle but it swerved into on coming traffic as it was driving away from me. I could not judge the speed but it was going pretty fast. I activated my siren and was pursing it down northbound Freeport Blvd.

I was at least four vehicles back and there were two K-9 units in front of me. We lost it and I thought that I saw it on 2nd Avenue. I saw a fire truck on 2nd Avenue and I asked the firefighters if they saw it and they told me it continued on west bound 2nd Avenue. I was completely shut down (emergency lights/siren) as we had lost the car. There was talk on the radio to set up a perimeter in the area of Kentucky Fried Chicken to look for the two guys that had jumped out of the car.

(What happened when you were looking for the car in the area of 2nd Avenue)?

I headed west bound on 2nd Avenue toward Land Park and was looking for the car. I crossed over Land Park Drive toward Riverside and then headed toward Cal. Middle School. I was driving east bound Vallejo Way from Riverside Blvd. When I got to the stop sign of Regina Way I could see two people walking toward me (westbound) on the south side walk up ahead of me. One was a male white and he was wearing a long trench coat without a shirt. I found this unusual because it was warm today and I could see some tattoos underneath the coat. He had an average build and was walking hand in hand with this female. I have worked this area a long time and these two were walking at a fast pace with a purpose. These two stood out to me and I started paying attention to them because we still had not found the stolen car and it was within five minutes of losing the car. Both of these subjects looked at me out of the corner of their eye. They seemed like they didn't want to look at me but they wanted to know what I was doing. I have working in this neighborhood for two years and these two were out of place. As I passed them they looked over their shoulder at me. I was thinking at this point if we find the stolen car I am going to go talk to them. I watched them in my rear view mirror to see if they were going to run. They continued walking at a pretty quick pace away from me. I stopped at the light at Vallejo and Land Park as I was heading east bound. I saw the two turn onto southbound Regina Way. I continued past Cal. Middle School and Sgt. Olivera (K9 Sam 9) said that he had located the unoccupied stolen vehicle at Marty Way and 4th Avenue. This was very close to the school and within a couple blocks of where I spotted the male and female.

I told Sgt. Olivera that there were two people over on Regina that could be the people that came from this car and we needed to go talk to them. I also put out the same information on the police radio. I drove over to Regina Way and saw a K-9 unit ahead of me. I spotted the male and female on Regina or Swanston almost

to Riverside Blvd. I was the only unit there and I pulled over and my in car camera was activated. I manually reached up and started the camera. I got out and told them to "come here". The male was very nervous and was saying, "What do want, what do you want". They were about 10 feet from me and he started backing up into the street in a south bound direction. This was an indication to me that he may run but not an indication that he was going to follow my direction. He said, "I'm not on parole" and I didn't ask him if he was on parole or probation. He reached around and grabbed his left pants pocket. I was thinking, he is definitely about to run, he is argumentative, not stopping for me, and I started paying attention to his hands when he grabbed the outside of his pants and was feeling for something. This concerned me because we (police) are trained to look at hands and pockets conceal things that can hurt us. I didn't ask him to go there, I did not ask him for his ID and there was no reason for his hands to go into his pockets. He continued to back pedal and I was moving around him because I thought that he was going to head across the street and I wanted to cut him off. It was then that he changed over from his left pocket and he put his hand in right pocket. I told him to get his hand out of his pocket. He did not take his hand out and he had this real determined look on his face. He was looking at me and he was griping something in his right pocket. He had made that motion like he was holding something in there. I drew my gun because I had that feeling he was holding something (weapon). He started to jog down the sidewalk away from me as he was still holding onto the object in his pocket. I was running behind him with my gun drawn and the female was running behind him. I was matching his pace and I continually told him to get his hands out of his pocket and he was not doing that. He had a firm grip on whatever he had in his pocket and he never took his hand out of his pocket. That was a huge warning sign to me that what ever he had in his pocket could hurt me. I have been in situations where people try to throw dope away or whatever and he was not taking his hand out of his pocket. I broadcasted on the radio that he was running and he had his hand in his pocket.

I continued to parallel him. We were not running fast and I knew that I could catch him but I could not get close to him because he was presenting a threat to me. I thought that he had a gun in his pocket and I figured that when his hand came out of his pocket that I would be looking at a gun. That is why I stayed out in the bike lane with my gun out. I was still by myself and I knew that a unit was coming and close and we would take him when another officer came. I knew his hand was what was going to hurt me. We ran from Swanston and Riverside all the way to Robertson southbound. As we got to the corner (Robertson Way) I saw the K9 Officer Van Dusen's car come up on my right side. As we got to the corner of Robertson Way the male cut across the lawn of the corner house and ran west bound on Robertson Way. I stated to follow him down the street and Ofc. Van Dusen said to stop and he was deploying the dog. I don't know if he was talking to me or the suspect but I stopped because I did not want to get bit by the dog. Ofc. Van Dusen yelled it loud enough that I heard it even with all the adrenaline going. I stopped and thought ok, Ofc. Van Dusen has this guy so I turned my attention back to the female. She was about 5-6 feet away from me and she started running across Riverside in a west bound direction. I started to take off after her and I saw Ofc. Joseph was there. Ofc. Joseph tackled the lady to the grass. I was helping getting her detained when I heard several gun shots.

The shots were coming from behind me on Robertson where I had just left Ofc. Van Dusen and the suspect. I heard two different distinct gun shots. I could tell that the sounds of the gun shots were different. There were two gun shots and then some more shots from a different gun. There was a serious of gun shots but I don't know how many. Ofc. Joseph told me to go and she had the female. I took off running across the street to find Ofc. Van Dusen. I heard the first two shots and then there was about a half second delay before the

next 3-4 shots and then another half second before the next 6-7 shots. I ran over to Robertson and I did not see Ofc. Van Dusen, his dog, or the suspect. I did see his car parked. I was kind of surprised not to see Ofc. Van Dusen because he was right on top of this guy. I broadcasted shots fired on the radio. I was yelling for Ofc. Van Dusen. I was yelling, "Randy where are you, are you hit"? At this point I didn't know if Ofc. Van Dusen or the suspect had been hit. I was thinking that if Randy (Ofc. Van Dusen) was down and the suspect was still up I was concerned about coming around corners too quickly. I was concerned about an Officer being down an ambush situation. I didn't want to walk into something too fast but at the same time I wanted to get there to help Randy. I got to the second house in and I looked down the driveway on the east side of the house and I saw a lot of blood on the ground toward the back yard. Ofc. Van Dusen was coming out of the area from the side of the house and he had his dog and his dog was bleeding and was completely covered in blood.

When Randy came out with his dog he told me that the suspect was hit, cover him, he's in the back yard. I could tell that the dog was alive but Randy was dragging him out. I went to the back yard and I saw blood on the ground. I came around the north east corner of the house and proceeded to the back yard. I don't see the suspect yet. I scanned the yard and the yard was over grown with bushes and trees. I was thinking that maybe the suspect is dead on the side. Other officers arrived and somebody said that the suspect was not hit so I started backing out of the yard. I then saw a person down in the ivy in the back yard. Ofc. Moore and Ofc. Chesterman were there and were covering the person in the ivy. We were giving the person commands and there was no response.

A little while later Sgt. Freeman and Ofc. Rath arrived. Ofc. Peterson and McGee covered the other side of the house. Sgt. Chase then arrived and relieved me.

The suspect was lying in an ivy or some kind of low bush. The brush was over the body and the person that was down was not responding to us. We still could not see his hands because of the ivy blocking our vision. We were yelling show us your hands, put your hands up, and come out of there. There was still no response.

I heard Ofc. Van Dusen leave and the scene was locked down.

(At approx. 1502 hours, we took a break. We returned to the room at approx. 1515 hours and Ofc. Cunningham marked on a google map where his initial observation of the male and female were (1300 block of Vallejo Way), where the stolen vehicle was parked on Marty Way, where he attempted contact with the pair was on Swanston Drive and where Ofc. Vand Dusen initiated contact on Robertson. I later booked this map into evidence. This interview concluded at approx. 1524 hours).

On Friday, 5-18-12 at approximately 1429 hrs, I, Detective B. Alonso #803 (IV54), spoke with [REDACTED], DOB: [REDACTED] in the backyard of her residence ([REDACTED] Robertson Way). Ms. [REDACTED] residence is one house east of [REDACTED] Robertson Way (location where the shooting took place). [REDACTED] stated the following in summary:

I was not home when all of this was first going on. I had just got back from the Nugget grocery store in West Sacramento when I was stopped by an officer at Govan Way and Robertson Way. The officer would not let me go in. This was at about 1045 hrs. While I was there, I heard about 6 gunshots in rapid succession. I heard it in the distance and couldn't tell where it came from. I did not hear any yelling or anything else. I only heard the gunshots.

Author: **3206 - KENSIC, KELLY 0742** ( )

Subject: **(WITNESS #4)** ( )

Related date/time: **May-18-2012 (Fri.) 1444**

On 5/18/2012, about 1400 hrs, I contacted W/ ( ) at 300 Richards Blvd (Interview Room #3). ( ) provided the following statement in summary:

I currently live at ( ) Perkins Way, in Sacramento. Our house is on Perkins Way, just east of Riverside Blvd.

I left my house this morning at 10 am. Shortly after I left, the oil light in my car came on. I knew had to add oil, so I pulled over on Swanston Drive, just south of Vallejo Way. I was parked along the east curb of Swanston Drive facing north, and I got out of my car to add oil. That's when I saw the two individuals.

It was a male and a female. They were walking westbound on Vallejo Way. When they reached the intersection of Vallejo Way/Swanston Drive, they turned southbound on Swanston Drive and were walking along the west side of the street. They walked right past me, and I figured they were not from the area.

After the two passed me, I had finished adding oil to my car, so I got in my car to leave. As I was leaving, I looked in my rear view mirror and could see the two individuals continuing to walk southwest on Swanston, towards Riverside.

I say that the two were obviously not from the area because they just struck me as suspicious. The male was looking around, he had his head on a swivel, checking things out. That, along with their attire, made them suspicious. It was clear to me that they were not from the area. They weren't running or anything like that. They were just walking at a normal pace, holding hands. They appeared calm, just scoping things out.

The man was a male white. At first I thought he was in his 40s, but when he walked past me I got a better look, and I'd say he was probably in his 30s. But he looked rough - like he lead a rough life. He was about 6' tall and 185 lbs. He had an oval face and appeared clean shaven - I didn't notice any facial hair. He had short, light brown hair. He was wearing blue jeans and brown colored trench coat. He wasn't wearing a shirt underneath his trench coat. I didn't notice any scars or tattoos.

I didn't get as good a look at the female, but she was probably in her 30s - but a worn 30s. She was about 5'6" tall, 150-160 lbs, with dirty blond hair that went down to her mid back. I don't recall what she was wearing.

After I saw the two individuals I continued on. I was on the freeway at Business 80/Watt when I received a phone call from my wife (10:16 am). My wife told me to come home. She said she was driving north on Riverside when she saw a man in a trench coat running. She said she saw a female officer apprehend the female suspect, and then she saw another Officer take a stance like he was going to fire his weapon. She heard shots, so she assumed the shots came from the Officer.

On 5/18/12 at approximately 1518 hrs, I Detective Hunkapiller interviewed Witness [REDACTED] at Police Headquarters. The interview was audio / video recorded (DVD later booked as evidence). For a verbatim statement refer to DVD recording. The following is a summary of the interview:

I am the maintenance supervisor at St Roberts School. We heard the sirens (at school) around 1000 hrs and I stood outside to see if I could see what was happening.

The next thing I know a car, a red "Corolla" I think came through the side gate of the school. The gate was closed and has a chain around it. The car drove through the gate and continued driving through the playground. There was "240" kids out on the playground at the time. The teachers began to yell at the kids to get them out of the way. The car continued on through the football field and drove through the cyclone fence at the east side of the property.

The car was maroon or red, late 90's Corolla, four (4) doors. There were three (3) occupants. The driver was young (mid-late 20's) white male with brown hair. He was sitting low in the seat so I could only see him from the neck up. The right front passenger I cannot describe. I only saw that someone was sitting there. I don't know if the person was male or female. Sitting directly behind the driver was a male passenger. I cannot describe him.

The driver was expression less, no fear. The car came within ten (10) feet of the children. No one was injured. There was no one on the football field. There is major damage to the cyclone fence and a fence pole.

The children were scared. Several children went home for the day.

I might be able to identify the driver if I saw him again.

\*\*\* I showed W-[REDACTED] a booking photo of S-Webb. Per W-[REDACTED] he did not recognize S-Webb as the driver of the vehicle.

On 5/18/12, at approximately 1453 hrs, I, Detective LeRose #773/IV128, contacted [REDACTED] in the parking lot of [REDACTED] Freeport Boulevard. Ms. [REDACTED] was working as a Collection Assistant for Goodwill and was sitting in the back of the goodwill trailer when I contacted her. Ms. [REDACTED] stated the following in summary:

I am a Collection Assistant for Goodwill. I showed up here ([REDACTED] Freeport) around 0900 hrs this morning. About 0930 hrs, I saw a swarm of cop cars go northbound on Freeport Boulevard. I don't know how many cop cars there were and I don't know what they were following. I don't know where the cop cars went after that.

About 1000 hrs, I heard tires screech. I heard a door slam. I was still sitting in the back of the Goodwill trailer and I was facing Freeport. I saw a red or burgundy four door Camry drive westbound Meer Avenue towards Freeport. It turned onto Freeport and went northbound. The Camry ran the stop sign and it wasn't going very fast when it ran it....it was going slow enough for a person to get out of it though. I don't know how many people were in the Camry and I don't know who was driving it; if it was a male or female. I saw a gentleman run from the vehicle. He was a Caucasian male with a white baseball hat. I don't know if he was young in age or older. I think he was wearing pants but I don't know what color or what other clothing he had on. I didn't actually see the man get out of the car, but I assumed that he did. The man ran across Meer Way and in front of the KFC (abandoned building [REDACTED] Freeport) and through the parking lot between my Goodwill Trailer and behind the KFC. I don't know where he went after he ran behind the building. The man didn't say anything to me or anyone else.

I cannot identify the person I saw run through the parking lot. I believe I can identify the car though. It was a red or burgundy Camry and it was pretty beat up. In my terms it was raggedy. Personally, I wouldn't have drove it.

On Friday, 5-18-12 at approximately 1743 hrs, I, Detective B. Alonso #803 (IV54), spoke to [REDACTED] via telephone. During my earlier canvass, I had been advised by Officer S. Moore #506 that he had to evacuate [REDACTED] from her residence at [REDACTED] Robertson Way due to the incident, but that she had witnessed some of the incident. W-[REDACTED] residence is one house west of [REDACTED] Robertson Way (location where the shooting took place). [REDACTED] stated the following in summary:

I was at home at [REDACTED] Robertson Way earlier when the incident happened. I was looking out of my bedroom window, which is upstairs and looks onto Riverside Blvd. I heard the police pull up, jump out of their car and tell the woman with the long blondish brown hair to "stop" and "freeze" and "get down." Well, I heard them (police) say "freeze" and "get down." The woman ran across the street and that's when the police chased her and brought her to the ground. The police had followed the woman across the street and a woman officer grabbed the woman by the hair in the back and then got her down onto her knees, then on her stomach and then they began to arrest her. There were two, maybe three officers that were on that woman. There was the female officer that pulled the woman down by her hair, I think a male officer with a helmet and maybe another officer that showed up to help handcuff.

I never saw the female with anyone else. When I looked out the window, she was by herself. As I was watching the officers handcuff the woman, I heard more police come with their lights and sirens and they turned onto Robertson Way in front of my house, so I wanted to go see what was going on. I was going down the stairs when I heard the gunshots. I heard about 5 or 6 rapid gunshots. The gunshots didn't sound different. I never heard any voices or yelling or anything. I only heard the gunshots. The gunshots sounded like they were coming from out front and very close, but I couldn't tell where exactly the shots were coming from. All of the shots were just right after the other and I was concerned about my dog because he was in my backyard and I didn't know where they were shooting. I went and let my dog in the house. He was right there by the back door. I never heard my house being hit by gunfire. I didn't hear any windows breaking either.

After I got my dog, I went back to the front of the house and I saw a K-9 dog being taken away from the backyard next door ([REDACTED] Robertson Way). I saw that the police officer had the dog by the scruff and was half walking him and half dragging the dog across the yard. The dogs front legs weren't touching the ground, but his back legs were. There were other police cars on the street by then too. I saw a police car already blocking off Robertson Way at Riverside.

I saw a lot of police come and go from around the corner of the neighbor's yard. I saw that some had vests on and then I saw some with the body guards with windows (referring to ballistic shields).

She witnessed the officer chasing the suspect into the backyard of ( ) Robertson Wy just prior to be the shots being fired. She did not witness the shooting itself but did hear the gunshots. I digitally recorded my interview with ( ) and later downloaded it to a CD. She related the following in summary:

I work as a cleaning lady and I was cleaning this house (referring to ( ) Robertson Way). I was on the second floor and I was looking out the window (indicating the window on the second story that looks out onto Robertson Way facing north). I saw the man running and the Police man running after him. I heard the gunshots so I got scared so I went into another room in the house and called the homeowner.

I saw the man running in the front yard of this house here (pointing at ( ) Robertson Way). The guy was a white man but I don't remember what he was wearing. [REDACTED] had called into the Sacramento Communication Center to report a suspicious vehicle that may have been involved in the officer involved shooting. [REDACTED] stated the following in summary:

I work for a pool cleaning company and clean pools in Sacramento. I was cleaning a pool at a house off of Coleman Way. I heard Police sirens and thought it was interesting.

I finished that job and going to my next job driving on Sutterville Road when I was passed by three cop cars. I went on to Freeport Boulevard and observed a silver colored or beige colored Toyota Corolla turn onto Meer Way and eventually stopped abruptly in front of Miyako Japanese restaurant (4585 Freeport Blvd). Once the vehicle stopped two people got out of the car. One subject went north bound on Freeport Boulevard and one walked southbound on Freeport Boulevard. They were trying to blend in. After they were dropped off the Corolla took of Northbound on Freeport. After the car drove off I could see the three cop cars driving around trying to find it again.

One of the subjects that walked away from the car was a MWA with his hair brushed back. He was about 5'10"- 5'11". He was wearing a black down filled vest and tan pants. I might be able to identify him if I saw him again. I did not get a real good look at the other guy or the people that were still in the car.

Witness statement: [REDACTED]

On 05/29/12 at approximately 1417 hrs, I, Detective Kirtlan, interviewed [REDACTED] at SPD headquarters in interview room #4. The interview was audio and video recorded. [REDACTED] stated the following in summary: (for full details of the interview, please refer to the DVD that has been booked as evidence)

I met "Ninja" through another acquaintance of mine, maybe 3 or 4 weeks ago. His girlfriend, Leslie, I had given her \$25.00 to get me some weed one night. She went to go get it and she got arrested. She was thrown in the Butte Co. Jail. The day she got out which I think was the day before all this stuff happened, or a couple of days before, I was the only phone number she had at that time. She called me when she got out of jail. I went to pick her up from the jail in Oroville. I took her back to her boyfriend's place in Chico. That is how we met.

(I showed [REDACTED] a photo of Leslie McCulley that he identified as Leslie. I showed [REDACTED] a photo of Lucas Webb that he identified as Ninja.) I don't have a clue as to why they call him Ninja.

I first met Ninja in passing 3 or 4 weeks ago through other friends of mine. I didn't say more than two words to him.

Ninja had been gone for a little while. Leslie, a day or two after she got out of jail, apparently she was up in the mountains, in Chester or Susanville. Leslie wanted me to give her a ride so I did and she gave me \$100.00 to drive her up there. We met Ninja at a car wash in Susanville. I went to check out a casino while I was up there. They decided to give me \$500.00 to take them down to Sacramento. I didn't ask and they didn't tell me what they were doing, I figured since I was broke, \$500 bucks is \$500 bucks.

A couple hours later, I asked them if they still wanted that ride. They told me to just follow them down there. I got in my car and they got into another car. I was driving behind them. We drove to Oroville. I told them that I was running out of gas and that they would have to pay for it. They told me to just park my car so I parked it at a casino. I got into the car with them. They were in a maroon colored car. It was the same car that they had in Susanville. (I showed [REDACTED] a photo of the maroon Toyota Camry that was pursued by SPD.) That looks like it.

I got into the car with them. There was one other guy in there. I never actually got his name, he was a young kid, probably 20 or 21 at most. He was sleeping in the backseat. I got in and they drove. I fell asleep also. The next thing that I know, we were in Sacramento. I really don't know why we came to Sacramento. I think they were going to either buy or sell some weed down here and they were going to give me \$500 from the deal. When they were making the plans, it was one of those "don't ask don't tell." The less I knew the better, I thought. They needed some gas and food money. They had some watches and jewelry so they stopped at a gold exchange and

tried to sell it. They got back in the car and the next thing that I know, they said that the "task force" was behind us.

I asked why and they said that they had taken that car last night. Leslie said that. The next thing I know, I have never been through anything like that in my life. That is the scariest thing I have ever done in my life. He was driving like a maniac. Not only did I think that he was going to kill us, I thought he was going to kill someone else. When he turned a corner, I jumped out. I was walking around dazed. I didn't have my phone or my wallet. I didn't have anything with me. I was just walking around. I could hear in the distance that the chase was still going on. I kept walking to a library on Fruitridge. I was looking for a Butte Co. phone book so I could call someone to get me. A gentleman there told me that there was a shooting a few minutes ago. That is when I found out that he had tried to shoot one of you guys. That was the last that I heard about it. I did read about it that night that he shot one of your dogs. That is terrible, I am so sorry. That is all I really know.

The other guy was still in the car when I got out. He got out at a separate time.

I was behind Ninja from Susanville to Oroville. I got into the car in Oroville. We pulled through the Jack in the Box in Oroville, he got some food. I went to sleep. The next thing I knew, we were in Sacramento. I was sitting behind the passenger in the car. I don't know the name of the other guy in the car. (I showed [REDACTED] a FaceBook photo obtained from [REDACTED] page that included Lucas Webb, [REDACTED] and an unknown male. [REDACTED] identified the photo of [REDACTED] as the other person who was in the car. [REDACTED] did not identify the photo of Webb.) That was the first time that I had ever laid eyes on him ([REDACTED] before.

I was in the car for a few corners during the pursuit. The car was still moving when I jumped out. I strained my Achilles tendon area. I was telling them to let me the hell out. I didn't know what was going on. Leslie had just told me that they were in a stolen car. I didn't have any clue about that whatsoever. When he started the running away like that, a fear just came inside of me. All I wanted to do was just get out. I knew something bad was going to happen. I was telling him to stop and let me out but they said they weren't stopping for anything.

At the gold exchange, I think Leslie tried to sell something but I don't know if she did. I had just woken up. Leslie didn't mention where she got the gold.

I didn't see any weapons in that car. I had no clue that Ninja was armed. I didn't see a gun. I didn't know that Ninja had a warrant for his arrest. If I had known that Ninja was a felon, I wouldn't have got in the car with him or even have taken his girlfriend to him for that matter. I was not using my brain that day. It is one thing that I am going to have to live with. I really wasn't paying attention to what they were doing or what they were talking about. He said he would pay me \$500 and that was the only thing that I was interested in.

The ride from Oroville to Susanville with Leslie was about two hours. Leslie talked about how much she loved Ninja. Leslie is kind of a slut. She was constantly talking about guys. She is one of those who can't stand it when a guy doesn't pay her attention. I had no interest in her whatsoever and she knew that. She was trying like crazy to get me to notice her. She was just talking about how much she loved Ninja and that he was her soul mate. Leslie didn't mention what Ninja was doing in Susanville.

That car (Toyota Camry) was in Susanville. There were a few other people with Ninja in Susanville. I don't know their names or where they lived. One of them was this guy (██████████) He was one of them who came with them in the car.

At first, they told me that they wanted me to give them a ride to Sacramento, that is what I thought they were going to pay me for. We first drove to Chester, back and forth to Susanville. They told me to follow them to Sacramento. We stopped in Oroville where we parked my car. I hopped in their car. They told me that they were going to live up to their end of the bargain and give me the money. They didn't want to have to fill up both cars to drive to Sacramento. I do remember hearing something about buying or selling weed but I don't remember who said it.

We left Oroville real early that day, maybe 5 or 6 in the morning, the sun had just come up. We left Susanville at around 1 a.m. or so. We drove to Chester then back to Susanville then back to Chester. Leslie said they were trying to find the road to Eagle Lake. We then drove back towards Susanville then down to Susanville. It was only Ninja, Leslie and the guy (██████████) in the car from Susanville.

I never saw a gun nor did they mention having one.

When the cops were behind us, Leslie pretty much said that we were in a stolen car. I can't remember Leslie's exact words but she did say that we were in a stolen vehicle and that they weren't going to stop for anything. I asked them to stop but they wouldn't. He turned a corner so I bailed out. Ninja was driving. During the pursuit, Leslie said that Ninja was the best driver in the world and that he could pretty much get away from anybody. That is pretty much all I can remember about what she said. I wasn't in the car when he drove across a school. I remember reading that he almost ran some kids over. That's terrible.

I ended up walking to a vet clinic where I had a girl Google my girlfriend's number who gave me my mom's cell number. My dad ended up coming and getting me. I didn't tell him what had taken place.

I can't think of anything else that we haven't talked about.

When I took Leslie to Susanville, they (Webb and ██████████) were at a carwash. There was a little house behind the carwash and they were there.

I don't remember where the gold exchange store was in Sacramento.

I didn't overhear Leslie or Ninja talking about wanting to shoot a cop. That would have freaked me out if they had something like that.

During the pursuit, my main focus was getting out of the car. Leslie said it was a stolen car so I figured it was no holds barred so my main focus was to get out of that car before he kills me.

I did not help with stealing that car.

He ( ) was still in the car when I bailed out. I have not talked to him since. I don't know his name or his nickname. I had just met him that night. He was asleep in the backseat of the car when we stopped in Oroville. I ate Jack in the Box then went to sleep.

I didn't see Leslie with a gun in her hand during the pursuit. I was freaked out, I am not going to say that she didn't have a gun at all but I was so freaked out by the speed. She could have had the gun in her hand pointing it at me but I wouldn't have noticed it because I was so freaked out during the pursuit.

I didn't see anyone thrown anything out of the car during the pursuit.

(I stepped out of the interview room at approximately 1445 hrs.)

(I returned to the interview room at approximately 1452 hrs.)

I was wearing a black vest, a pair of shorts and a tank top that day. The guy ( ) was wearing a white tank top but I am not sure. I don't remember anyone wearing a green hoody. I saw a baseball cap in the car but I don't remember anyone wearing it.

When I was in the car, there was no weed smoking or crank use. I don't doubt that Leslie does some crank but I didn't see that in the car. I don't mess with crank now, I did back in the day.

I smoke weed once or twice a month at most.

They didn't mention where they got the watches and other types of jewelry. I saw a bag of coins that they had.

Leslie paid me the \$100 for taking her to Susanville. I gambled that money away while I was at the casino in Susanville.

I don't have a phone number for the other guy ( ) that was in the car. I had just met him that day.

End of summarized statement.

On 5/30/12, approx. 1045 hrs, Det. Kirtlan (#329), Burke (#474), and I, Det. Bullard (#375) contacted [REDACTED] at her residence of [REDACTED] Brookdale Dr, Oroville, CA. [REDACTED] related the following to me in summary which was audio-recorded:

[REDACTED] and I broke up but last I heard he was in Biggs at his friend's house. I kind of have an idea why you want to talk to him. He was involved in something and he asked my friend [REDACTED]. She was the one that drove him home. She and I went together and picked [REDACTED] up and brought him back to "[REDACTED]" house and [REDACTED] didn't want to involve her in anything so he moved out of her house. So he went to stay with his friend. This was maybe about two weeks ago.

The friend that he's staying with right now in Biggs has a girlfriend named "[REDACTED]". The number you can reach [REDACTED] at is his friend's phone, [REDACTED]. His friend's name is "[REDACTED]". The last time I talked to [REDACTED] was a couple days ago, we got in this huge fight and we broke up.

[REDACTED] and I had just started dating at the beginning of this month. [REDACTED] told me he was going to hang out with some friends in Chico and he asked that I drop him off at this pizza place in Biggs and that was on a Wednesday. [REDACTED] doesn't have a car or anything. So his friend picks him up at the pizza place and [REDACTED] said he would only be a couple hours. I went home and I didn't hear from [REDACTED] all next day until night time and [REDACTED] said his phone was getting shut off but that he would find a way to talk to me. I was like, "What's going on?" and [REDACTED] was like, "I'm in Reno right now".

Then Friday, [REDACTED] called "[REDACTED]" and she calls me saying, "We need to go pick up [REDACTED], he's in Sacramento and I don't know why". I was like "Okay", so we drive there to Sacramento to the place he told us and it was like "4100" something avenue and he wasn't there. I had to be at work in an hour and I couldn't be late and we were looking for him for literally an hour and then he calls me at Raley's and he was at Rite Aid. [REDACTED] gets in the car and he's hecka quiet and he's like, "Let me use your phone to look on the internet", I was confused.

We got back to "[REDACTED]" and [REDACTED] was like, "I'm leaving, I don't want to involved you guys in anything", so we had no clue what he was talking about. I asked him, "What? We're not going to talk anymore?" and [REDACTED] said, "No we are, I just gotta figure some things out".

Then I didn't talk to [REDACTED] for a couple days and then he said, "I'm staying at my friend's" so I went over there and we just hung out.

\*\*I asked what [REDACTED] had heard about what this was all about with [REDACTED]\*\*

Related date/time: May-30-2012 (Wed.) 1230

On 5/30/12, approx. 1230 hrs, while at [REDACTED] B Street # [REDACTED], Biggs, CA, Det. Kirtlan (#329) and I, Det. Bullard (#375) contacted (W) [REDACTED] at the front door. I advised [REDACTED] initially that we were police officers from Sacramento and that he was not in trouble. Additionally, I advised [REDACTED] that he would not be arrested regardless of what he told us today and that we just needed to speak to him. [REDACTED] initially asked if he could call his "lawyer" which we advised that was fine but that he was not a suspect and that we did not intend on charging him with anything. I also advised [REDACTED] that we had spoken with a lot of people already and that he was the only person remaining that we needed to speak to. [REDACTED] appeared to begin to look up a phone number in a cell phone he had but then agreed to sit down and talk with us in the backyard after I had reiterated that he was not being arrested and that he was simply a witness. [REDACTED] related the following to me in summary which was audio-recorded:

First off, we were in Susanville and I pretty much slept in the car. I woke up and we were in Sacramento. We went to a his friend's house and it ended up being a drug deal or whatever. I was uncomfortable with the whole situation because I got in trouble a while ago, I didn't want any part of that so I stayed in the car. I've been doing good. I moved to this town because I was screwing up in Chico, I went to re-hab. Lucas and I used to run the streets together in Chico. We went to re-hab for five months together and I knew how good of a guy Lucas could be, we were getting into church and stuff but Lucas obviously relapsed. I've known Lucas for three years. We met through a girl he was dating that I hooked up with while he was in prison. When he got out, I had enough respect for him to stop seeing her. We just started hanging out after that.

Anyway we left the guy's house in Sacramento, I wasn't feeling comfortable about it and my phone wasn't working. I noticed that we were being followed and I was like, "Let me out, let me out". They wouldn't let me out. As soon as they started taking off, I didn't know what to do, they wouldn't let me out. I tried to grab a phone and the girl pointed a pistol at me and freaked me the fuck out. I thought I wasn't going to see my kid again (crying) and then we almost hit all those little kids. As soon as I had the chance when we went around the corner, you guys (police) weren't behind us, I just barreled out of the car, took all my clothes off, ran and called my friend to come and pick me up. I didn't want to miss my kid's birthday. Then I heard he (Lucus) died and stuff.

I know Lucas has a bad rep because when he's on drugs, he's not the same person. Lucas had a problem with meth. He got what he deserved though, that was fucked up. He almost killed a bunch of kids! You don't do shit like that and he wouldn't let me out of the car. You don't shoot a cop dog.

\*\*I tried to clarify that Lucas' girl pointed a gun at [REDACTED]\*\*

See I don't even want to put that in my statement, I don't want to testify.

I think it was on the 17th, Thursday that we were up in Susanville. We were just over at a friend's house and I hung out a while. I was supposed to come back home but I ended up in Sacramento. To be honest I don't know what we were doing in Sacramento or when we got there because I was asleep, it was really early in the morning. The car we rolled out to Sacramento in I assume was Lucas'. I know Lucas had the car for a while, it was a four-door little car. Lucas didn't tell me why we went to Sacramento but he drove. I was seated in the back, left passenger seat behind Lucas. I don't know the other guy that was in the back seat with me, it was my first time meeting him, I had never met him before. I don't know why he came, I know he was just as freaked out as I was. I guess he gave Lucas' girl a ride after she got out of jail.

The clothes I ditched after I got out of the car was a green sweatshirt and hat.

I wanted to tell you guys everything but I called a lawyer and he said that "you weren't there, it never happened, just go on with your life. You're going to sit in jail for months up to years". But I heard Lucas' girl lying on TV. I forget her name, I never liked her, I had only met her a few times before. Like when I hung out with Lucas that night, I had no idea that she was coming with us.

\*\*I asked what kind of gun was pointed at [REDACTED]\*\*

To be honest with you, I didn't even know he had a freaking gun, it was a little revolver with a wood handle. I didn't know Lucas had it on him but then I saw her reach over and I don't know if he handed it to her or if she grabbed it. I kept turning around because I was freaking out about the cops behind us and they were just "flipping bitches", it looked like we had a train behind us. I didn't know why we were being followed by the cops at that time. I asked why we were being followed and "Why don't you guys stop?" and they were like, "They haven't lit us up". As soon as they lit us up, he floors it we were flying over freaking hills. After he went through the elementary school...this guy almost killed himself trying to block us and tell us that there's kids ahead and Lucas didn't care, he wasn't slowing down for shit. Then Lucas went through that fence and I had to get out because I thought I was dead.

\*\*I asked if Lucas or his girl had said anything to him prior to the pursuit about riding with them and what the plan would be\*\*

No, hell no. I've done some stupid stuff but I'm the kind of person that if you get stopped by cops, you stop. I thought we were in a legit car. I didn't even know the other guy in the back got out of the car until I saw the news. I assume I jumped out of the car before he did because he was in the car when I jumped out. He was in the car when we drove through the school yard.

I swear it's like Lucas is possessed by a demon when he is on that stuff (meth). You can't talk to him, you can't get to his head, he's not human. I'm pretty sure Lucas was using meth that day (pursuit/shooting). All I know is he went to this guy's house in Sacramento and I didn't want to go inside so Lucas most likely did some meth there.

\*\*I asked how [REDACTED] got back here after the incident\*\*

All I want to say is I was tripping so hard because cops were everywhere, I didn't know what to do. After I took my clothes off, I was running around in a wife-beater and some pants, looking so suspicious. I was going in and out of stores, I didn't know what to do. No one would let me use my cell phone, I had smashed my cell phone. I thought what I was doing was wrong because I fled the scene but when you think you're never going to see you kid again, it was more important to me.

\*\*I asked [REDACTED] if I could show him some pictures and he asked if he would have to testify. I advised him that I wanted his side of the story and if he didn't want to look at pictures, he didn't have to. [REDACTED] ultimately agreed to look at the photos. I showed him (S) McCulley's Sacramento booking photo\*\*

That's the girl, that's his girlfriend, the passenger in the car.

\*\*I showed him a CSI photo of the stolen Toyota\*\*

I thought the car we were in was gray but I might be wrong because it was night-time when I got in it in Susanville.

\*\*I showed him a CSI photo of the .357 revolver recovered in this case\*\*

Yeah, that's it.

\*\*I showed him a DMV photo of (W) [REDACTED]\*\*

Yeah that's him but you didn't arrest him did you? There's no reason to arrest him, he was scared shit-less.

\*\*I showed him a mugshot photo of (S) Webb\*\*

Yeah, that's Lucas. Other people call Lucas "ninja". He got that name because he used to run with Asians. When he was growing up at the "YA", it's some crazy Asian gang, they never let white people in [REDACTED] [REDACTED] Lucas was someone you didn't want to mess with, he's a good person to have as a buddy and have your back but the wrong person to turn against you. He likes to keep that intimidation.

\*\*I asked what [REDACTED] meant by the female "lying on TV"\*\*

Well on that one where the news interviewed her on TV, I didn't want to listen to it after it happened because I was stressing real bad. Did she fire a round off in the car? Because when she first got arrested she said she had told police everything was her fault and that she was just telling them that because she thought Lucas might have been alive still so he wouldn't go back to prison. Did she fire a round off?

\*\*I nodded my head "Yes"\*\*

Okay because for a few minutes there during the high speed chase, it felt like forever, like when she pointed that gun at me? I tried to get my phone, she wouldn't let me out and my phone wasn't working so I tried to grab their phone so I could call my kid because I thought I was never going to see him again. I was freaking out, I started praying out loud. I thought she was going to fire off a round at the cops behind us before I was out of the car and I knew I had to get out of the car. I don't know how I didn't get hurt when I jumped out. I don't know how fast he was going when I jumped out but it was fast enough to knock me down. She took her seatbelt off and started turning backwards. Even the other guy in the back seat, we both took off our seatbelts so we could duck down once she pointed it back there.

She initially pointed the gun at me because I was flipping out, telling them to stop and she was trying to tell me to shut up because Lucas was trying to concentrate. I was just thinking, "you guys are going to fucking kill me, I'm never going to see my kid again". There was a point and time where I thought she was going to shoot me. I don't remember her ever firing off a round during the pursuit. She was just telling us both to shut up. There were four people total in the car during this. She never tried to get ninja to stop the pursuit. I guarantee that if she was in the driver's seat, she would have done the same thing, she's a piece of shit. She had "bad karma" coming for whatever she did. I feel that the way she handled stuff, she kind of "pumped up" Lucas to the point he was at.

You guys obviously got my clothes and thank God the restaurants over there were closed because people would have been like, "What the hell?". I don't know the Sacramento area at all. The first place I went into was the Dollar Store and dumped my shirt in the back garbage can inside. I ended up at Safeway where they let me use the phone and I just hung out at this Chinese place that sells organic foods. It took like five hours for my friend to pick me up.

I wanted you guys to know what really happened. I'm glad I got to tell you guys.

Witness statement: [REDACTED]

On 06/01/12 at approximately 0740 hrs, Det. Bullard and I spoke to Principal [REDACTED] at St. Robert School. We spoke to Mr. [REDACTED] on the asphalt area where the incident occurred. Mr. [REDACTED] stated the following in summary:

Mrs. [REDACTED], our fourth grade teacher, was out here with approximately 30 of her students preparing for line dancing. On that day, we had moved the bleachers to the area on the blacktop near the dancing. The fourth grade kids were near the bleachers when the car went through the playground. I saw the car coming onto the playground area and I could hear the sirens of police cars. The maroon car drove through the chain (Mr. [REDACTED] pointed to the south east corner of the playground where I observed a yellow chain stretched across a vehicle access road the playground.) The chain hit their hood and went over their car as they drove through it. The car drove along the east side of the playground at approximately 60 mph. The kids were approximately 20 feet away from the car with the bleachers between them and the car. I did not see any kids have to run or dive out of the way of the car. There was a total of approximately 100 kids on the blacktop at the time but the kids near the bleachers were the closest to the car.

The car continued onto the field and then it crashed through the chain link fence on the east side of our property. Several police cruisers drove slowly onto the blacktop and onto the field. It appeared as though they had stopped chasing the car.

End of summarized statement.

Witness statement: [REDACTED]

On 06/01/12 at approximately 0800 hrs, Det. Bullard and I, Det. Kirtlan, spoke to [REDACTED] on the playground area at St. Robert School. Mrs. [REDACTED] stated the following in summary:

I was on the playground with most of my fourth grade class. We were preparing for line dancing. The bleachers had been moved to where the dancing was going to take place. I had approximately 30 of my students sitting down in front of the bleachers when that car drove through the playground. After the car drove through, I instructed the kids to get into the bleachers because I didn't think they would have had time to run across the playground and out of harms way had the car made a u-turn and driven back across the playground. None of the kids had to make any movements to avoid being hit by the car. The car drove straight through the playground staying close to the fence (east side of the playground.) I estimate the car was going approximately 50 mph.

I saw three people in the car. The driver, a front passenger and someone sitting behind the driver. I cannot identify any of them.

(Mrs. [REDACTED] showed me where the bleachers had been set up and where the children were sitting. I paced the length from where the suspect car drove to where the children were sitting. I estimated that the children were approximately 30 feet away from the suspect vehicle with the large movable bleachers sitting between the children and the suspect vehicle at the time of the incident.)

Witness statement: [REDACTED]

On 06/20/12 at approximately 1145 hrs, Det. Bullard, DDA T. Davis, Supervising DDA S. Harold and I interviewed [REDACTED] at his residence in Red Bluff. I digitally recorded the interview. [REDACTED] is the father of [REDACTED]. [REDACTED] stated the following in summary: (for full details of the interview, please refer to the CD that has been booked as evidence)

(I asked Mr. [REDACTED] to tell me about the day that he drove to Sacramento and how it evolved.)

It was late in the afternoon. I was working at Richfield at the time. I got off at 4 in the afternoon. I drove back up here and took care of the horses. When I came back in, the light was blinking on my phone. My wife had left me a message to call her so I called her. She told me that [REDACTED] was stranded down in Sacramento. She left me this phone number to call to get a hold of him. As it turned out, it was a number to a veterinarian clinic where he was using there phone. It had to be after 5 or 5:30 p.m. I told him that I would get there as soon as I could. I took off and drove straight down there. I got lost. I wouldn't know how to get there again. I know I had to drive through Sacramento, I think it was off of exit 53. I must have gone 2 or 3 blocks too far.

I called the place again but they were close. I asked a lady if she knew where the place was. She looked it up for me on her phone. I pulled in there and found [REDACTED] I picked him up. His leg and stuff was hurt. He had a big bruise or something on his leg. He said he had tripped or something. He told me that people had ditched him in Sacramento. He didn't say who he was with. He didn't tell me why he was in Sacramento other than he was looking for work and helping someone move. He went to sleep on the way home.

[REDACTED] was frustrated that he was stranded down there and he was frustrated that I had to drive down there and pick him up. I told him that he was my son and I would get him where ever he was at.

We haven't talked about it since. I don't know what happened in Sacramento that day. He is grown up. I have things that I have to do. It isn't that I don't care but what am I going to do?

The injury that [REDACTED] had pained him for a couple of days. He iced it and took ibuprofen. He didn't go to the doctor for it.

I wasn't inquisitive with [REDACTED] When you kids get upwards of 40 years old, they don't exactly want you sticking your nose in everything. I asked him about his leg, he told me that he fell down and twisted it.

On 8/17/12, approx. 1240 hrs, I, Det. Bullard (#375) spoke with [REDACTED] via phone ([REDACTED]). [REDACTED] verified her name, date of birth, and her address with me to verify her identification. I specified that the incident I wanted to speak with her about was from May 18th of this year. [REDACTED] related the following to me in summary which was audio-recorded:

I know [REDACTED]. I've known him for about four or five years and from high school. I'm not overly close with him but I'm really close friends with his girlfriend "[REDACTED]".

On that incident (May 18th), I just got a call from [REDACTED] to come get him. He called my cell phone, the same number I have now ([REDACTED]) and he called me from a number I didn't recognize but I always answer all my calls. When I got the call from [REDACTED] it was earlier morning like eight or nine I think? [REDACTED] said, "Can you come get me?". I asked him, "Where are you?" and he told me and I said, "Okay". [REDACTED] gave me an actual address, it was like a grocery store. His girlfriend at the time, [REDACTED] came with me too. When we went to pick him up, I didn't know what was going on at all. I'm not familiar with Sacramento at all so I had to look it up of how to get there. So [REDACTED] and I came straight to Sacramento and I drove my Toyota. It was maybe a couple hours from when [REDACTED] called me to pick him up to when I got there and actually picked him up.

When I picked [REDACTED] up, he just seemed worried and he didn't want to talk about anything. We asked [REDACTED] what was going on or what happened but he was just avoiding the questions so I just dropped it. I'm the friend that everyone calls when they get a flat tire or something. I don't remember if he used mine or [REDACTED] cell phone after we picked him up, he may have.

\*\*When asked if [REDACTED] used either [REDACTED] or [REDACTED] cell phone to look anything up on the internet\*\*

No, well my phone doesn't have internet.

We drove straight back to my house at [REDACTED] in [REDACTED]. When we got to my house, [REDACTED] told me what happened and I told him he had to leave because I didn't want any part of it. [REDACTED] had said that he got into some "shit" and something about being in a car, and cops. He didn't say any names in particular. My dad has cancer and my mom isn't doing well and I just didn't want any of this being brought to my house. I don't know who [REDACTED] closest friends were at the time or who he was with at the time. I think [REDACTED] gave [REDACTED] a ride when he left or he walked.

[REDACTED] has had some rough times but over the past few years he has been trying to get it all together and get a place to stay with his family.

\*\*I asked if [REDACTED] had elaborated later on to [REDACTED] about what happened in Sacramento\*\*

Bullard (#375) Mirandized Leslie McCulley verbatim per SPD 133 card in which she replied, "Yes" and "Yeah" to understanding each of her rights. McCulley was not handcuffed during the interview and I was unarmed. McCulley was given bottled water, chips, and two cigarette breaks during the interview. McCulley related the following to me in summary which was video-recorded:

I live at [REDACTED] in [REDACTED]. My cell phone number is [REDACTED], it's a Metro. It's a slide phone and I've had it since about two weeks after St. Patrick's Day of this year. It's not in my name though, it's in the name of "[REDACTED]", I don't know his last name, he's Mexican and he is from Hamilton City and he's like 31. He's Lucas' friend.

I just got out of jail on Wednesday from Butte County Jail and my grandma's house just got burnt down two days before I got out. I don't know the street name where my grandma's house is, it's off the Esplanades. I was initially in jail for trying to get high on meth.

My fiancée is Lucas Webb, he is 33 years old and we've been engaged for two months, his birthday is 8-9-78. Lucas lives with me. Lucas doesn't have a cell phone, he keeps losing them. He's a tattoo artist but he wasn't working anywhere at the time.

**\*\*I asked McCulley to recap what occurred today\*\***

Well I had went to jail on May 4th for being in a car with a bullet and a syringe and twenty bucks in dope that we had.

I had just got "out" and got a ride up to Lucas' friend [REDACTED] house in Chico. Lucas and I stayed the night there. So today we had this little youngster, he's 21 years old, his name is "[REDACTED]" and he was in the backseat and he was at the house with us this morning. And then there was another guy I met at my grandma's property who is a nurse named "[REDACTED]" I don't know [REDACTED] and [REDACTED] last names. So we are driving around, I don't know which street but we go to a gas station. I was saying, "Why don't you let me drive? I'm not a such a horrible driver". Lucas has a bench warrant and he is very boisterous about his past because he killed a cop a long time ago and he got "juvenile life" so he is like flagged as "armed and dangerous" with his bench warrant. I guess when he was a kid, there was a shooting back in the 80's down "south", I don't specifically know. He got "juvenile life" for it. Lucas doesn't pull over for the cops. He will tell his old lady, "I don't pull over for the cops". And Lucas never lets me drive. I've ran from the cops in Chico and have gotten away plenty of times. This is a whole other "volume" today of what happened. So I got in and drove and I'm trying to find this street and those two ([REDACTED] and [REDACTED]) were talking in the back and all of the sudden [REDACTED] says, "Do you know there's three cops behind us?". I said, "Shut the fuck up, holy shit!". So they're saying, "It's twenty five, it's forty

five" (referring to speed limit) and I was like, "Shut up" and I was just thinking "park the car somewhere, be safe" you know?

**\*\*I clarified who was driving the car and McCulley paused, looked down\*\***

Me. I ran into a school of kids (crying). I was thinking while we were driving around (before pursuit) that there were lots of cops around normally so the guys in the back should just calm down. I saw cops pass us, they're everywhere. We were at the gas station earlier and [REDACTED] calls me on my cell phone from McDonald's and says, "I'm at the bathroom and there's three cops" and I just said that this is Sacramento and they're everywhere, calm down, they're not here for us. So I just drove and drove and the cops hit their lights and siren and a lady had gotten behind me so I could swoop into this parking lot where there was only one entrance. I just kept driving and finding nothing but "walls" and school children, I didn't know it was a school and then I saw fucking kids.

**\*\*I asked what happened at the school\*\***

I couldn't find a way out. I asked Lucas, "Daddy..can I get through a chain link or wood?" and "How can I get away from these kids?". The kids were playing fucking soccer and I was running into the grass. Lucas was sitting in the front passenger seat the whole time. [REDACTED] was sitting behind me and [REDACTED] was sitting behind Lucas. I was driving a maroon 86-87 Toyota Camry. I can't say the first name of the owner of the Camry but her last name is [REDACTED] and I have her as "China doll" in my phone. So while I'm driving through the school, I dipped down into what I thought was an alley from the school, I didn't hit anything, I didn't hit any kids. I didn't know where the hell we were at and the two guys in the back seat were yelling and screaming, "Let me out!" and "Pull over!" and I said, "I'm not fucking pulling over!". I don't know how many circles or blocks I turned but I saw that there weren't any cops behind me at that point and I told the two in the back to take off their seatbelts and "I'm gonna stop, jump out" and I did and let them out. Both [REDACTED] and [REDACTED] got out. [REDACTED] left his door open and I said, "Shut the fucking door!" so Lucas turned around and shut it. I hit the gas again and I had flat tires by this point, at least one flat in the front. The first dip I took out of the parking lot, I felt it flatten.

So after that "we" just said, "Baby just pull over there's no one behind us and we can ditch the car". I said, "I'm not gonna fucking stop now until I know" and "Where are the houses? let's park it down an alley or something". So we found this nice area and Lucas said, "Park it". We jumped out of the car and I was trying to look for his stuff and Lucas said, "Get the fuck...come here!". We ran and went into somebody's yard and Lucas said, "Stop, calm down" and he started holding me by my hand. He said, "You need to calm down, you need to act normal, you need to take these braids out of my hair, throw this hat on. You were wearing this shirt". So I took Lucas' shirt off him which was a gray wife beater tank top like mine. I pulled it off him and held his jacket.

During the high speed chase, Lucas was wearing the gray tank top and the black trench coat. I peeled the trench coat off of him during the chase because he was going to burn up in it. So the trench coat was over the passenger seat and then I took it out of the car after we ditched the car and put it on him. I took this sweatshirt and put it on. I had on a baby blue football jersey during the chase. I took the jersey off threw it in someone's yard after we ditched the car. I think Lucas was also wearing jeans and gray Nike's.

**\*\*I asked why they were changing their clothes\*\***

Because we just ran through a school with a bunch of kids and he is supposed to be on this high-risk warrant and we're getting chased by every cop in Sacramento! We were just walking and he threw it (clothing) in a bush. That's why they call Lucus "ninja", he does shit like that where he'll have something in his hand, you blink, and he doesn't have it no more, he's cocky. So Lucus holds my hand, tells me to be calm, and we're walking down the street a couple blocks. Lucus is asking me which house I'd like to live in. So as we're walking, we're about to cross the street and there's a fucking cop that pulls up and Lucus is telling me, "Oh shit, just act normal". The cop opens his door and says, "Hey you guys, come here for a second". We're like, "Why? we didn't do nothing", we're walking away, we start to run and the cop is like, "Hey come here". Lucus said, "Why? I'm not on parole or probation". We start to run and the cop runs after Lucus and I can't keep up and Lucus dropped my phone, I picked it up. The cop got in between Lucus and I another cop rolled up and I got tackled.

As I was on the ground, I hear "pop" and then like nine to ten more pops or gunshots across the street. I first heard one pop and there was a brief lull and then the rest. Maybe it was six shots in reality, I don't know. I never saw anything as far as the shots or shooting. Lucus had gone around the corner as the lady cop was on me and I saw a guy cop go around the corner after Lucus right before the shots. I don't have any injuries from this incident other than a little blood from my right ear lobe.

**\*\*McCulley demonstrated to me on her right ear lobe that it was slightly bleeding after she attempted to take one of her own ear rings out.\*\***

**\*\*I asked how long after she lost sight of Lucus to when she heard the first gunshot\*\***

Uhm, I started towards him, like three feet and stopped because that lady was going to tackle me so I ran across the street and then she took me to the ground. So whatever time that would take and I hear the shots and the officer says, "Shots fired!". I was crying, "Who the fuck got shot?!". I don't know so it was a minute, maybe a minute and a half.

**\*\*I asked what Lucus was doing right before he ran from the officer\*\***

He was holding my right hand with his left and holding the cell phone in his right hand. He dropped the cell phone to run and he had a full leather trench coat that he wears all the time.

**\*\*I asked what items Lucus had on his person while they were walking\*\***

Nothing, his pockets were empty, he didn't even have my pocket knife, I did. Lucus didn't have any weapons on him when we left the car. He didn't have any weapons in that car.

**\*\*I asked what McCulley would say if I knew Lucus did have a weapon on him\*\***

How? I patted him...I was in his pocket. What kind of weapon? a knife? there is nothing, I dressed him and undressed him. That leather jacket of his, it's thin, there is no padding or nothing to hide anything in. I picked that trench coat up and carried it so there's no way unless it's some light weight bomb or gun. I heard guns go off, I don't know how the fuck that happened because he shot a dog. That's what that cop told me is that Lucas shot a dog, a K9. I asked what kind of gun was it, big? little? could it be concealed in his sock?

\*\*I told McCulley that I didn't know that and that she would know because she was with Lucas. I advised McCulley that if she lied to me, it would not reflect well on her in this case. McCulley paused and began crying again\*\*

He didn't have it, I did, a .357. I'm not sure if it is a .357 or if he changed it. I had it half-cocked while I was driving.

\*\*McCulley then showed me her left palm which had what appeared to be small, red/dark stippling marks which was consistent with her left hand being in the immediate vicinity of a firearm being fired\*\*

I had forgotten that when I hit a corner and I had the gun, I said, "There's no fucking safety on this motherfucker!" (motioning with her left hand mimicking holding a gun). And he goes, "Fuck no there ain't!". I forgot that it was and he said, "Gimme that shit!". I said, "No I fucking got it I'll drive!" and I blasted the window on this side (motioning behind her right) when I stopped the car right after the pursuit. When we were getting out, I was trying to get Lucas' leather jacket and I had the gun half-cocked (motioning with left hand as though holding a gun) and the trench coat was stuck or something. I tried pulling the coat out with both hands and I still had the gun in my hand and it went "Pow!" and Lucas was like, "Are you fucking kidding me?! we're gonna get shot!". I said I was sorry and Lucas said, "Give me that shit!" and I said, "No I'm not giving it to you!". I had shot the window in the back behind where Lucas was sitting, the back passenger side on the right, it shattered the window. My hand hurts from that. Lucas took the gun from me after that. I don't know how many rounds were in the gun, all of them, I don't know. I don't know where Lucas put the gun after he took it, in his jacket (motioning under left armpit) I don't know, in his pants. I didn't want to give it to him.

The .357 is black, dark steel, the handles are "plasticky". It's about this long (using her two index fingers apart to approx. 9-10 inches), it's heavy (using her palms on the table to measure approx. 12 inches/1 foot which I confirmed she meant). That's not a foot! It fits in this thing, I can shove it down (waistband) and it sticks up a little bit. It goes in a make-shift holster that I made that you can adjust to put wherever you want on yourself. The holster is made out of a mesh material from a computer bag that goes over your shoulder. I've tried to use all kinds of stuff to make one. You can grab the gun like this (cross draw w/right hand) or down lower (cross draw waist height). I've had the .357 for over a month and I got it from a "friend of a friend". I didn't actually meet the person that I got it from, I don't see people like that. I paid this guy named "██████" \$350.00 and a "teener" or 16th gram of methamphetamine for the gun. "██████" is a little "wiley" mother fucker that gets what people want, he's "dicey", you don't trust him. "██████" is a white guy in his 30's-40's with orange/red hair and he's in Chico, that's where I got the gun. I didn't get it from him though, "██████" used somebody but I gave him the money and he gave me the gun 40 minutes later. He doesn't have a phone number, he rides around on a bicycle with a trailer. You need to go to the streets of Chico to find him.

After I got the .357, I fired it out in the orchards of Chico before today. That was before I went to jail, so two to three weeks ago. I just went out there, got high, and popped it up in the sun-roof. Lucas and "██████" were with me when this happened. They didn't shoot it then, just me.

I haven't had any alcohol to drink today and the last time I used any kind of drugs was last night at about 8:30 PM where Lucas and I snorted a line of methamphetamine through the nose after you crush it up. Lucas didn't drink or use anything else today that I know of.

"██████" is a little bit bigger than me, he's about 5'7-5'8, 160 pounds, he's white, about 21 years old, brown crew-cut hair, he was wearing a green zip-up hoodie, jeans, a green/dark blue baseball hat or a black "DC" hat. He was at "██████" and "██████" off "west 6th in the Esplanades" in Chico on the couch all night last night with us. I don't know what his cell phone number is but it's in my phone under his name. He looks up to Lucas like a big brother.

"██████" is the nurse, he's goofy looking, he's not "street smart", he's about 6'/230-250, brown shaggy hair, was wearing sunglasses with ear things over the back, green or blue t-shirt, blue shorts that didn't match the shirt, and leather thongs (sandals). "██████" had taken me to "██████" and "██████" last night to where Lucas and "██████" were. Actually this was Wednesday. I don't know what "██████" cell phone number is but it's in my phone under his name.

"██████" and "██████" were with us today just because they wanted to come. We left Chico sometime this morning and if I look at my cell phone I could tell you when we were going through Live Oak when I called my dad. It was just barely light out when we left Chico this morning in the Camry, Lucas drove. I think we got to Sacramento around nine and we took Highway 99 to get here. Nothing happened on the way here to Sacramento as far as the police.

Once we got to Sacramento we drove to Lucas' Asian friend's home, I don't know his name, it's in my phone possibly. I don't know where the home is. Once we got there, Lucas walked in, and "██████" wanted to walk in but I told him not to because he didn't know any of them. So we just sat around and I told them how I just got out of jail and we ended up staying there at that house for 20-25 minutes.

So we left and I had these coins that are special that were in my grandma's cabinet. While we were in Chico with the coins, I was trying to see what I could do with them as far as sell them and they told us to go to a bigger town so we decided to go to Sacramento with all of this stuff to make some money on it. So we were looking for a pawn shop in Sacramento after leaving the Asian friend's home. The pawn shop we went to was like three lights from the Asian friend's house and there was this plaza we turned into. They weren't offering me the money I wanted for some of the stuff. So we left and "██████" was saying he needed to go to the bathroom so we went to an AMPM and we got gas there where I paid in cash for about \$10.00 in gas. The AMPM was near that pawn shop, I don't know what road it's on. So after that, I drove and we were looking for this other homeboy's house and there's like "El Camino" and there is this "Y" there. And that's when we noticed the cops

behind us. It was probably a good 15-20 minutes from when we got gas to when the cops were behind us when the "kid" (██████) was saying, "We're being followed" after seeing some white van with a ladder.

**\*\*I asked McCulley why she thought she was being followed by the police and why they tried to stop her\*\***

I have no idea, because of "██████" and the damn car, or "██████" Because when I was in jail, the car was stolen by somebody that she loaned it to and they didn't bring it back. I asked her specifically, "Did you report this car stolen before I take it?" and she said, "Oh no I wouldn't do that to you". So apparently it was stolen and she reported it. She gave me the keys. She is in my phone as "██████" and I can only text her because it's her daughter's Ipod thing and they don't have a phone. She lives at the end of Esplanade in these apartments in the back, █ or █? █████ is a friend to me that I've known for like six years, she just turned 31, she's a little tiny Asian girl.

**\*\*I asked why she would report the car stolen\*\***

Because somebody took it for days, I was in jail at the time so this is what I was hearing. She was like, "Okay, you can take my hour for two hours" and it didn't come back for three days. I got the car from her this morning, it was barely getting light when we left. We got the car from her at her place. She gave me the keys to it. I didn't pay her anything for it, there was no exchange for it. When you talk to █████ she will tell you the same thing and that she knows me.

**\*\*At approx. 1407 hrs, I took a break from the interview room. McCulley later put a bloody tissue (from her ear), the ear ring and some other small pieces of bent jewelry in an empty water bottle which I had initially given her prior to the interview. I collected this bottle from McCulley and asked why she discarded the jewelry which she claim it was damaged and she didn't want it anymore. I later booked the jewelry as evidence at 5770 Freeport Blvd. At approx. 1430 hrs, I re-entered the interview room along with Forensic Investigating Officer Deardorff (#570) who took photos of McCulley and conducted GSR testing on her hands (\*Refer to Deardorff's supplement/GSR questionnaire).\*\***

**\*\*I asked McCulley about the stippling marks on her left palm\*\***

Those showed up after I was pulling his jacket and had it cocked back and the window..it hurt. When you shoot a gun you hold it like this (demonstrating with two supported hands) and when I had the gun it was "lopped" in my hand like it was a piece of paper.

**\*\*I advised McCulley that a lot of property including jewelry was located in the Camry where they left it\*\***

That was my grandma's stuff. Her name is █████. She passed away on Friday the 13th of last month. We had cleaned all of that stuff out of her house at the time.

**\*\*I asked what McCulley's reason was to buy the .357\*\***

Protection from "[REDACTED]", my grandpa at the time. He married my grandma in 2001 and my grandma had four rental properties in Chico. He's pissed at me and he "took out" his ex-wife years ago so he wants me out. [REDACTED] has never threatened me with a gun before. He's thrown me around, he threw a couch on top of me when I was pregnant.

\*\*McCulley continued to elaborate on a convoluted story about a "hole" in the wall at her grandma's house and that it possibly had to do with "[REDACTED]"\*\*

\*\*I asked if she or anyone in the car today got into an accident or collision today\*\*

No. I was driving like Miss Daisy. I might have bumped a sitting car after the police activated their lights/siren. I probably bumped a couple of cars, I was weaving in and out of traffic, going around trees, and kids. I probably hit a lot of cars I didn't mean to. I probably started driving the Toyota around 10 o'clock, when I washed my hands last, that was at the gas station. Lucas was driving before that. I had Lucas' hat on too, it's a gray Dickies baseball hat with lines on it and a flat bill. I was wearing his hat because yesterday he was wearing it and I snagged it from him and Lucas was wearing a newer hat with a bandana. Lucas has darker hair and it's short.

\*\*I advised McCulley that witnesses indicate that Lucas was driving the Toyota and not her. McCulley shook her head, disagreeing\*\*

People "mis-saw", we weren't driving slow. If we were hitting stuff, it wouldn't have been Lucas, he's a way better driver, he's like [REDACTED].

\*\*I asked if McCulley was trying to cover for Lucas in taking the blame\*\*

No. I'm not saying the witnesses are lying. The truth is I started the high speed chase and Lucas told me to move. After the school and the guys in the back screaming. I was driving the car while going through the school. After I hit the fence, that's when Lucas got in the driver's seat, he literally moved me like this (making a cross-motion movement with both of her hands), I'm little to him, he's fucking strong. I've been in like three or four high speed chases in Chico and then we just go park it. You guys have more cops than we have in Chico.

\*\*I presented an overhead map printout of the area of Riverside Blvd/Robertson Way for McCulley to use for reference. I showed McCulley where she was in the squad car (east side of Crocker Riverside Elementary)\*\*

I don't know where it was that the officer chased Lucas and I. If I could see where the Camry was found, where we left it, then I might be able to show you.

\*\*Sgt. McCloskey advised me via text that the Camry was recovered at 4th Avenue/Marty Way which I showed McCulley on the map. McCulley indicated several different routes they possibly took on foot from the Camry one of which she and Webb possibly walked north on Marty Way, west on 3rd Avenue, north on Land Park, west

on Robertson at some point but she was uncertain on the route. McCulley indicated 4th Avenue/Riverside was possibly the location that the officer attempted to contact she and Webb\*\*

Lucus took my phone from me while we were walking, the phone slides up.

\*\*I asked how long after McCulley and Webb ditched the car, changed their clothes, and shot the .357 in the car to when the officer attempted to contact them\*\*

Probably like six or eight minutes. Lucas and I didn't say anything when the cop tried to talk to us, we just knew to try and act calm. The officer said, "Hey, guys let me talk to you" and we were like, "We're not on probation or parole". Then we started striding faster to run and when Lucas ran I knew I couldn't keep up. At this point Lucas had the gun in my thing, in the holster that he's been wearing, he wears it wherever. Since I went to jail Lucas had the gun. He had it to keep it from me \*unintelligible\* in storage.

The fence we had crashed through during the pursuit was a chain-link fence, I shut my eyes on impact.

\*\*I asked if Lucas was wanted for anything\*\*

For a syringe and a knife, a search in his apartment, some guy saying there was an intruder, he was going to go to court and he missed court. They said something about explosives or some shit. Lucas knew about that warrant.

\*\*At approx. 1505 hrs, I took a break where McCulley gave me the above empty water bottle containing the jewelry/tissue. At approx. 1509 hrs, I re-entered the room and asked McCulley if the slide-style cell phone in her purse was hers which I showed her\*\*

Yes.

\*\*I asked McCulley to search through her phone for [REDACTED] and [REDACTED] as her contacts\*\*

Their phones are probably in the car because they jumped out. The battery is dead.

\*\*I asked McCulley if it was okay for us to search through her phone which she consented. At approx. 1511 hrs, I took another break and re-entered the room a minute later to ask about the bottle with the bent jewelry.\*

That's trash, the jewelry was mushed, why keep them?

\*\*At approx. 1515 hrs, McCulley was taken outside of the interview room for a bathroom break and at 1519, she re-entered the room. At approx. 1523 hrs, I asked McCulley if she was on parole\*\*

I'm on county supervision release, it's probation and I should be on parole. Probation Officer David Cookenboo is my probation officer out of Butte County.

\*\*At approx. 1536 hrs, I re-entered the room and asked McCulley if "██████" or "██████" were wearing a hat of any kind\*\*

██████ was wearing one of ninja's, it's a baseball cap, there were two floating around in the car. There was a green or dark navy blue one and there was a DC black/gray one.

\*\*At approx. 1551 hrs, I re-entered the room and showed McCulley a CDC photo of ██████ (CDC# ██████ - as provided by Det. Alonso (#803) - See Alonso supplement)\*\*

No.

\*\*I showed McCulley a DMV photo of (S) Webb (photo date: 6/1/07)\*\*

No (crying and turning away). Is that ninja?

\*\*I clarified, "Is this Lucas?"\*\*

I don't know. I said, "no". That's not my Lucas, he's never looked like that. I need to see the teeth, the face is too chunky. That's not ninja. You asked me earlier why I would say I did something, I would like to tell you. You know I wasn't driving. It was my stupid ass that brought a gun into the equation. I knew Lucas likes guns, he'll strap them to him, he likes everything he's crazy. He's either really good or really bad. He wasn't being good this time because he thought people were taking him to jail. I took the gun from him the other night and I had it on me and there were three purses on the floorboard (of the car). There is a green and black bag with a skull on it that's not a purse, it has a handle, that's where I had the gun. There is also paperwork in that bag with my name.

Lucas was driving during the entire pursuit, I wanted to take responsibility for it if he pulls through. Wouldn't you do something like that for your wife? The only time I drove the Toyota today was when we were looking for the pawn shop. So I maybe drove it for 1-3 minutes. After we left the pawn shop, Lucas drove again.

During the pursuit, the gun was under my seat, the front passenger seat. It kind of flew across the floor and I was like, "Holy fuck. It's a heavy mother fucker" I picked it up. This was while we were running into stuff. These motherfuckers in the backseat are like, "Let me out!" and Lucas was like, "You guys need to sit down and shut the fuck up". I was turned around backwards holding the gun like this (motioning with right hand) against the seat and that's when I think the hammer got pulled back. I was like, "There's no safety on this is there?" and Lucas was like, "No there's not! give me that!". I was like, "You're fucking driving!". So we're crashing into things and then we're going in the school. They were like, "We're going in the school!" and Lucas says, "No we're not!" and we go in the school. So now we're trying to figure out how to get out of there. I was holding the gun the whole time, waving it around "feloniously", I had it down by my leg (right leg/right hand)

like this. I couldn't give the gun to ninja because he might shoot himself, we're going like 90 around kids, cars, and trees. I thought we were gonna be dead at the school. There was probably 15-20 little kids in the yard when we drove through there, they looked like they were maybe 4-5 years old, we were like 10 feet from them, we didn't hit them (crying). Lucas had his leather jacket on and he was trying to get it off while driving, he was ripping his shirt and tearing the buttons out. I didn't want us to crash so I peeled his jacket off of him.

I accidentally shot the .357 in the car after we stopped and the cops weren't behind us anymore. Before I fired it, the hammer was cocked back and I don't know how it got cocked, it must have been the door or something. While I was holding the .357 in my left hand, I went to pull ninja's leather jacket off the front driver's seat and it was stuck.

\*\*At 1604 hrs, I took a break. At approx. 1630 hrs, I re-entered the room and showed McCulley a DMV photo of [REDACTED] (OLN# [REDACTED]) and asked who it was\*\*

That's the kid, [REDACTED] He's 21 years old, about to be 22. He's the one that was sitting in the back seat today.

\*\*I wrote "[REDACTED]" below the photo\*\*

You have me pointing people out? (crying and asking for a cigarette).

\*\*At approx. 1636 hrs, Det. Kirtlan and I took McCulley out of the interview room (remaining unhandcuffed) to the back/outside loading dock area so she could smoke a cigarette (audio-recorded). At approx. 1657 hrs, McCulley re-entered the interview room. At approx. 1705 hrs, I re-entered the interview room and showed McCulley a DMV photo of [REDACTED] (OLN# [REDACTED])\*\*

That's the uhm, retard, [REDACTED] That's the goofy guy that was sitting in the back seat.

\*\*I showed McCulley a more recent mugshot photo of (S) Webb (provided to me by Det. Alonso - See supplement)\*\*

That's Lucas.

\*\*I advised McCulley that Lucas "did not make it", that he had died, and McCulley became visually very upset in crying even more. McCulley asked questions of "How many times was he shot?" and whether Webb was already dead at the scene when she was brought to HOJ but I did not disclose those details to her but I did advise her that Webb died out there\*\*

\*\*I advised McCulley that she was being booked for the stolen vehicle, the discharge of the firearm, possessing the firearm as a felon, and possession of stolen property\*\*

I didn't do anything wrong. I didn't bring the gun in the car, I didn't get the car, the car was there when he got me.

**\*\*I told McCulley that she told me earlier she got the car\*\***

I know. Lucas had the car since the "fire", he had the car since I got out of jail.

**\*\*I asked if the whole thing with "██████" was true\*\***

No \*unintelligible\*. I know the name "██████" because I really am her friend. It's like one of Lucas' Asian friend's cousin.

**\*\*I asked if there was anything else that we talked about that McCulley was not honest about\*\***

Ninja got the gun, he bought it. The price I told you for it was true, he got it out of town somewhere. He did not get that gun from "██████" like I said earlier. That's how I would get one though. Ninja had that gun for the same amount of time I told you I had it. The holster for it? he makes those all the time. I helped him make a holster one time, there is one in the trunk. The holster Lucas had on him today, somebody gave him that.

**\*\*I asked if Ninja (Lucus) fired the gun before today\*\***

No just that time in the orchard when I told you I did, he actually did in the orchard. Today when we were driving around (pursuit) I was like, "Give me that fucking gun!" and "Where is it?" and Lucas had the gun strapped to him like a bra in his jacket the whole time during the chase. Lucas has it now across his chest, or no it's more like down here (front mid-section) like a belt kind of so he would have to cross-draw with his right hand. He had moved it all over today, in the shower, in the sink. That was me though that accidentally shot the window out in the Toyota. I pulled the gun off of Lucas during the pursuit because I didn't want him to get shot, that damn jacket of his "grabs shit". Actually he changed the side of the holster to his right side last night. I was like, "Where is the fucking gun ninja?" and that's his deal, he is not pulling over, he's shooting mother fuckers and taking their guns. So Lucas moved his jacket back a bit and I pulled the gun out from his right side while he was driving, there is a little button on the holster, it's a real actual case for it. After I got it, Lucas hit something and I think the gun hit the dashboard and I was trying to find it and I finally found it and kept it safe until we stopped and I went to grab his jacket.

**\*\*I asked if Lucas said anything about the gun and what he planned to do if he had to confront the police with it\*\***

No, not that gun. The plan that he said was that he's not pulling over ever, he tells everybody that when they get in the car. He would say, "Know that if you stop, I'll shoot them in the face and take their guns". Lucas means that when he says that even though other people might think it's a joke. That's never happened of him doing that but I believe Lucas when he says that. So I was trying to avoid that situation during the chase if I

have his gun, he can't do that. I'm trying to take control of the situation the only way I know how because he will use the firepower. I don't know why Lucas is like that about the cops.

The reason I lied and said the gun was mine and was driving because I didn't want Lucas to get in trouble.

\*\*I asked if there was anything I hadn't asked McCulley about that she felt was pertinent to this incident. McCulley recalled some information about Lucas possibly being involved with the fire at her grandmother's house and a Mercedes being impounded. At 1731 hrs, I took a break. At approx. 1745 hrs, I re-entered the room and confirmed with McCulley that she actually fired with her left hand because her left palm had stippling which she confirmed still that she was holding the gun in her left hand\*\*

The reason I was grabbing the gun off of Lucas during the chase was because he was grabbing the fucking gun, like trying to undo the thing in his coat. When cops were coming our way, Lucas was going to shoot them, like through their head. He said that, he said he was going to shoot them in their face and take their guns and ammunition. Maybe he didn't say that during the chase but right before.

\*\*At approx. 1750 hrs, I took a break. At approx. 1836 hrs, Det. Kirtlan took McCulley to the back loading dock for another cigarette break and at 1852 hrs was brought back to the interview room. At approx. 1921 hrs, McCulley was transported/booked by patrol officers\*\*

Document: 07 SUBJECT STATEMENT

Author: 8 - ALONSO, BRYAN 0803

Subject: [REDACTED]

Related date/time: May-18-2012 (Fri.) 1300

On Friday, 5-18-12 at approximately 1300 hrs, I, Detective B. Alonso #803 (IV54), contacted [REDACTED], [REDACTED] and his wife, [REDACTED], [REDACTED] near the intersection of Swanston Way & Regina Way. [REDACTED] was concerned that his son, [REDACTED], may have been the subject that had been shot by police and stated the following in summary:

I am concerned that my son may have been shot and killed. My son's name is [REDACTED] DOB: [REDACTED]. At about 1225 hrs, I received a phone call from my son's mother ([REDACTED]: [REDACTED]) and she told me, "I think your son got shot and killed." [REDACTED] lives in Forest Hill and said that she received a call from [REDACTED] son ([REDACTED]), who said that he had seen his dad driving a car similar to the stolen vehicle showed on the news segments.

My son, [REDACTED] is on active parole. He's a MWA, 35 yrs old, around 6'0 tall, 160-185 lbs, dark brown hair (combed back), brown eyes, mustache / goatee and has a unibrow. [REDACTED] has tattoos all over him. He has something on his chest (later determined to be skulls), [REDACTED] on his stomach and more tattoos on his arms.

My grandson is [REDACTED] who is about 17 years old. [REDACTED] mother is [REDACTED], but I don't know her last name. She is from North Sac. I'm not close with [REDACTED].

The last time that I saw him was on April 3rd of this year. I took him to his parole agent's on North B Street to take his drug test. [REDACTED] had my wife ([REDACTED]) take him somewhere in the area of El Camino Ave and Marconi that same day. I think [REDACTED] knew that he was going to test dirty for meth. I later found out that he did test dirty.

My son ([REDACTED]) has been in and out of prison and jail for quite some time now. I think he's on parole for some kind of assault. I have not been too close with my son since he's been in all of this trouble. He is paroled to my house at [REDACTED] in Oak Park, but he hasn't been there since April 3rd. I try to help my son out, but he's still getting in trouble. My son has connections in Butte County, Oroville, Marysville, Yuba City and Rio Linda. I don't know who [REDACTED] hangs out with and the only girlfriends that I know of are [REDACTED] and [REDACTED]. [REDACTED] is [REDACTED] mom and [REDACTED] is some girl from Marysville. I don't know their last names.

\*\* [REDACTED] called me shortly after our conversation and told me that he spoke with his son's mother ([REDACTED]), who told him that their son was alive and that she had just spoke with him on the phone.

#### **Detective Follow-Up:**

I, Detective George Singewald #686, have been employed by the Sacramento Police Department as a Police Officer since 1998. I am currently assigned to the Office of Investigations as a Detective with the Felony Assaults Unit. Working in conjunction with the Sacramento Police Department Homicide Unit, my primary responsibilities include; conducting follow-up investigations of crimes involving serious bodily injury, crimes of bias, and kidnappings.

On 5/18/12, approximately 1030 hrs, while sitting at my desk at the Hall of Justice, I was advised by fellow detectives of an officer involved shooting (OIS) incident. Detective Hunkapiller and I responded to the area of Marian Way and Riverside Boulevard at this time. Upon my arrival, I observed the crime scene to be secured by uniformed officers, marked police cars, and yellow crime scene tape. I entered the scene at approximately 1041 hours and checked in with the crime scene recorder. We waited with fellow detectives while Sacramento Police Department SWAT team operators secured the suspect.

While waiting for the briefing to begin, I observed the following SPD personnel present: Lieutenant Johnson and Coopwood, Sergeants Martinson, McCloskey, Stigerts, and Detectives Kirtlan, Bullard, Dedonder, MacLafferty, Bailey, Hunkapiller, Dorsey, Bernacchi, and Alonso.

At approx. 1134 hours, I attended the briefing held by Sergeant L. Chase and Lt. M. Coopwood regarding the incident and circumstances known to them at the time.

#### **Briefing in summary:**

SPD Officers engaged in a vehicle pursuit of a reported stolen Toyota Camry, CA [REDACTED] near the area of 24th Street and Broadway. Per the officers engaged in the pursuit, the vehicle appeared to have four occupants and the driver was described as a male white with a black baseball hat.

Due to the suspect's erratic driving, speeds, traffic conditions, and driving through a school playground, the pursuit was discontinued. Marked SPD patrol vehicle were in the area and once again spotted the stolen vehicle (maroon Toyota Camry) where they re-engaged. Once again, the vehicle led marked SPD vehicles on a high speed pursuit N/B Freeport, near the Land Park area where the pursuit was once again terminated.

SPD officers continued to comb the Land Park area looking for the suspect vehicle when Officer A. Cunningham observed two suspicious subjects walking W/B Vallejo from Land Park. The male subject was wearing a trench coat and walking with a female subject. A short time later, K-9 Sergeant S. Oliveria located the abandoned stolen vehicle (CA [REDACTED] near the intersection of Marty Way and 4th Avenue and relayed this information via radio.

Follow Up Report # SA 1

Hearing the radio traffic, Officer Cunningham attempts to locate the two suspicious subjects he had previously seen in the area. Officer Cunningham located the subjects walking S/B Regina from Vallejo and attempted to contact them near the intersection of Swanston and Riverside Blvd. At this point, the male subject (suspect Webb) began to walk backwards and yelled at Officer Cunningham "you can't stop me, I'm not on parole."

The male subject put his hand into his left pants pocket, turned away from Officer Cunningham, and then reached into his right front pants pocket. Officer Joseph and K-9 Officer Van Dusen arrive on scene with Officer Cunningham. At this point, both subjects flee from the officers.

The female subject was taken into custody a short distance away without incident as the male subject fled S/B Riverside and E/B Robertson Drive. Officer Van Dusen deployed his partner, K-9 Bodie and gave chase towards the male suspect who ran behind the residence of [REDACTED] Robertson Drive. Once in the backyard, K-9 Bodie attempted to apprehend the fleeing suspect when two gun shots were heard. The suspect fired a gun at K-9 Bodie as Officer Van Dusen returned fire. Officer Van Dusen evacuated Bodie and rushed him to a veterinary emergency room.

A perimeter was set around the residence until SWAT was able to respond and secure the suspect. Once the suspect was secure, SFD Engine 5 and Medic 12 responded to the scene and pronounced the suspect at approx. 1117 hours. SWAT operators located a revolver near the suspect's body in the backyard of [REDACTED] Robertson Way and observed a belt and holster secured around the chest area of the suspect.

#### **\*End of briefing**

At the conclusion of the briefing, I learned the female subject was identified as Leslie McCulley, DOB: 8/23/1983 from Chico California. According to subject Leslie, the male subject who fled from the officers was her fianc?e, subject Lucas Jerome Webb, DOB: 8/9/1978, also from Chico California.

At approx. 1240 hours, I was assigned by Sergeant Martinson to conduct a canvass of nearby homes located along Riverside Blvd with the following results:

[REDACTED] Swanston: No answer

[REDACTED] Riverside Blvd: No answer

[REDACTED] Riverside Blvd: No answer

[REDACTED] Riverside Blvd: Contacted [REDACTED], DOB: [REDACTED], [REDACTED] who stated that she and her husband, [REDACTED] were not home and at breakfast during the incident.

I later canvassed the neighborhood with other detectives looking for possible discarded evidence along the following route:

Starting at Riverside Boulevard, I walked E/B Swanston Drive, E/B Vallejo Way to Marty Way with negative results. At the intersection of Marty Way and Vallejo Way, I observed the scene to be secured by uniformed SPD officers, marked SPD patrol vehicles, and yellow crime scene tape.

Inside of the scene, I observed a blue colored football type jersey and miscellaneous jewelry discarded on the front lawn near [REDACTED] Marty Way. I also observed a maroon Toyota Camry, CA [REDACTED] parked facing S/B along the west curb, near [REDACTED] Marty Way.

At approx. 1430 Hours, I contacted [REDACTED], ([REDACTED]) at [REDACTED] Marty Way. She stated she heard a loud noise outside of her residence, similar to that of a vehicle accident. When she looked outside, she saw unknown subjects who she could not describe flee the maroon Toyota Camry, S/B Marty Way. Mrs. [REDACTED] stated she had already provided a statement to a uniformed police officer and that she has CCTV, but does not know how to work it or if the camera covers the street area.

Detective B. Dedonder later responded to the scene (see Scene summary for details). I assisted Detective Dedonder with a search of the vehicle. I later obtained digital video of the vehicle, discarded items located in front of [REDACTED] Marty Way, and the neighborhood.

I later responded to [REDACTED] Robertson Way to assist Detective Dedonder with processing the scene. I obtained digital video of the scene, items of evidence, and the suspect. I later recovered bullet fragments from the west side stucco of the detached garage located at [REDACTED] Robertson Way.

At approx. 2015 hours, Sacramento Coroner Mary Herr and Jesse Villalobos arrived along with members of the transport team. The suspect's body was removed by the Coroner and CSI finished processing the scene. I left the scene at approx. 2200 hours and responded to SPD HOJ.

Related date/time: **May-18-2012 (Fri.) 1025**

I, Detective B. Alonso #803 (IV54), have been employed by the Sacramento Police Department as a Police Officer since 2001. I am currently assigned to the Office of Investigations as a Detective with the Felony Assaults Unit. My primary duties are to investigate and/or assist with the investigation of crimes including, but not limited to assaults with deadly weapons, felony batteries, kidnapping, and homicide.

### NOTIFICATION:

**On Friday, 5-18-12 at approximately 1025 hrs**, I was notified by Detective Hunkapiller #710 (Acting Sergeant - Felony Assaults Unit) of a homicide team call out to the area of Riverside Blvd & Perkins Way, in the Land Park area of Sacramento regarding an officer involved shooting (OIS) that had just occurred (Case# 12-134596). I was at the Sacramento Superior Courthouse when I received the notification. **At approximately 1059 hrs**, I advised dispatch that I was en route to the call-out.

### ARRIVAL:

**At approximately 1108 hrs**, I arrived at the crime scene on the south end of Riverside Blvd, near Perkins Way. **At approximately 1109 hrs**, I checked in with the crime scene recorder (Officer J. Donnell #407) and entered the crime scene.

Patrol officers had already secured the scene and the SPD SWAT team was clearing the backyard of [REDACTED] Robertson Way.

### BRIEFING:

**At approximately 1134 hrs**, Sergeant L. Chase #3025 (2SM4) held a briefing of the incident where she informed us of the circumstances known to her at the time. The following is a summary of what was covered during the briefing:

At approximately 0950 hrs, Officer Lee located an occupied stolen vehicle (maroon 2000 Toyota Camry, CA lic# [REDACTED] - stolen out of Chico, CA) in the area of Broadway / 24th Street. Officer Lee broadcast that there were 4 occupants on board.

Follow Up Report # SA 1

Patrol units follow the suspect vehicle which was winding all around Land Park Drive. The suspect vehicle travels S/B Land Park Dr, turns E/B Sutterville Rd, N/B Freeport Blvd, then the suspect driver jumps a curb along Freeport Blvd into Sac City College. Subjects foot-bail from the suspect vehicle into Sac City College, but then get back into the vehicle and take off. Officer Hughes (1B53) locates the suspect vehicle and is in pursuit with assistance from Officer Lee (1B42). The pursuit went S/B 22nd Street from Sac City College, winding through the neighborhoods and eventually traveling S/B 24th Street (from E/B Anita Ave) to W/B Fruitridge Rd, N/B on 23rd Street and W/B on Murieta Way before Officer Hughes' patrol vehicle broke down and the suspect vehicle was lost.

Officer Peterson #755 (1B48) locates the vehicle shortly after Officer Hughes vehicle broke down and pursued, but Code 4'd (terminated) the pursuit when the suspect driver cut through a school. Patrol units were still in the area, located the suspect vehicle again and reengaged. The suspect continued to flee and traveled N/B Freeport Blvd at 70 MPH when Sergeant Chase Code 4'd (terminated) the pursuit.

Citizens reported seeing the vehicle and provided locations for the suspect vehicle. Officer Cunningham was searching in the area of South Land Park Drive & Vallejo Way when he saw a suspicious male and female (later identified as S-Webb, Lucas and S-McCulley, Leslie) walking in the area of Vallejo Way & Regina Way. S-Webb was in a trench coat and had tattoos. K-9 Sergeant Oliveira located the suspect vehicle at Marty Way / 4th Ave. When Officer Cunningham attempts to contact the S-Webb and S-McCulley at Swanston Drive & Riverside Blvd, S-Webb doesn't cooperate and began to flee S/B Riverside Blvd saying, "What, I'm not on parole. You can't stop me. What's going on?" S-Webb reached into his left pocket and turns away from Officer Cunningham. S-Webb reaches in his right pocket next. Officer Cunningham parallels S-Webb as he is continuing S/B Riverside Blvd.

K-9 Officer Van Dusen and his partner Bodie arrived to assist and chase S-Webb down Robertson Way out of Officer Cunningham's sight. Officer Cunningham and CSI Officer T. Joseph chase the female suspect (S-McCulley) and have to take her to the ground in order to detain her in handcuffs. Officer Cunningham and CSI Officer Joseph hear gunshots from two different guns.

Officer Cunningham runs over to K-9 Officer Van Dusen to cover him (at [REDACTED] Robertson Way) and sees Officer Van Dusen with his dog, Bodie. Officer Van Dusen tells Officer Cunningham that his dog was hit (shot) and that the suspect was hit (shot). Officer Cunningham sees S-Webb's legs sticking out of brush in the backyard of [REDACTED] Robertson Way.

Patrol units had S-McCulley detained and she provided information that the subject that K-9 Officer Van Dusen chased was her fiancée, Lucas Webb, DOB: 8-9-78.

#### Per Sergeant P. Freeman #3011 (2SM6):

SWAT arrived to determine if S-Webb was wounded, deceased or still a threat. SWAT deployed two distraction devices (flash bangs) and a bean bag round (less lethal) to S-Webb's leg in an attempt to observe any reaction from S-Webb. K-9 Officer L. Matthew deployed her partner, Rollo to engage and pull S-Webb out from the brush where they could observe his hands. K-9 Rollo bit S-Webb on the left lower leg and the left inner thigh. Sacramento

#### FOLLOW-UP INVESTIGATION:

After the briefing, Detective Sergeant R. McCloskey assigned me to assist with follow-up near the crime scene. Detective Sergeant P. Martinson stayed at the scene while Sergeant McCloskey went back to HOJ with other detectives for follow-up investigation.

#### CANVASS:

At approximately 1230 hrs, Detective Singewald, Detective Bailey, Detective Bernacchi, Detective Dorsey and I began a canvass of the residences along Riverside Blvd between Robertson Way and Swanston Drive. I checked the following addresses during my canvass:

- [REDACTED] Riverside Blvd - no answer
- [REDACTED] Riverside Blvd - no answer (Black Ford Escape, CA lic# [REDACTED] parked in front)
- [REDACTED] Riverside Blvd - no answer

#### [REDACTED] Robertson Way (one house west of [REDACTED] Robertson Way):

During my canvass, I received information from Officer S. Moore #506 (DVD43) that he had contacted [REDACTED], DOB: [REDACTED] at [REDACTED] Robertson Way while evacuating the residents prior to SWAT determining that there was no longer a threat. Officer Moore said that Ms. [REDACTED] didn't see the shooting, but heard it as well as observing S-McCulley being taken into custody. Officer Moore provided the cell number of [REDACTED] for [REDACTED]. I later contacted [REDACTED] by telephone and obtained a statement from her (see attached statement for further detail). I recorded the telephone conversation, later downloaded it to CD-R and booked it into evidence at HOJ (PR# 738814-1).

At approximately 1300 hrs, I was notified by Detective Sergeant Martinson that there was a male subject standing by with Officer Elson (1B66) at Swanston Way / Regina Way who wanted to speak to a detective about his son possibly being involved with the incident. I contacted [REDACTED], [REDACTED] and his wife, [REDACTED]. [REDACTED] said that he was concerned that his son, [REDACTED], may have been the subject that had been shot by police because he received a phone call from his son's mother ([REDACTED]: [REDACTED]) who told him that she received a call from [REDACTED] son ([REDACTED] who said that he had seen his dad driving a car similar to the stolen vehicle showed on the news segments. I obtained [REDACTED] statement (see attached for further detail). I recorded the conversation, later downloaded it to CD-R and booked it into evidence at HOJ (PR# 738814-2).

At approximately 1338 hrs, I entered the crime scene in the backyard of [REDACTED] Robertson Way in order to determine if the tattoos and physical description of [REDACTED] matched that of the deceased body (it had not been confirmed that the deceased was, in fact, Lucas Webb). I checked in with Officer Peterson #755 (crime scene recorder). I observed the body of a MWA, approximately 5'8, thin build, with a tattoo on his stomach that appeared to be a hollowed out letter "W" with skull designs in the center. There was also a tattoo on his left shoulder, but I

could only see a small portion of it due to clothing covering it. The body did not appear to match the description of [REDACTED]. I checked out of the crime scene at approximately 1347 hrs.

I received a telephone call from [REDACTED] while at the crime scene and he advised me that he had just received a phone call from [REDACTED] mother who told him that she had just spoke with their son, so he was still alive.

I located a patrol vehicle belonging to Officer P. Richardson #585 (1B61) where Officer J. Nolette #837 (2B31) and I ran records checks of [REDACTED]. We were able to locate photos of [REDACTED] on CDC LEADS and determined that the deceased body was not that of [REDACTED] based on numerous tattoos and physical descriptors.

At approximately 1429 hrs, I spoke with [REDACTED], DOB: [REDACTED] in the backyard of her residence ([REDACTED] Robertson Way). Ms. [REDACTED] did not see anything, but was but was stopped by an officer at Robertson Way & Govan Way when she heard approximately 6 rapid gunshots (see attached statement for further detail).

While at HOJ, Detective Bullard requested that a more current photo of S-Webb be located because his CA DMV photo was taken in 2007. Per S-Webb's CII Rap sheet, he had been recently arrested in Butte County.

**At approximately 1630 hrs**, I contacted Trina Hunter from the Butte County Jail (direct line 530-538-6698). I requested to be e-mailed a current photo of Lucas Webb. Trina told me that the most current photo that they had of Lucas Webb was taken on 1-26-12 and that it was from a Chico PD arrest with the listed arresting officer of Officer Hass. Trina advised me that S-Webb listed the following information as most current:

Lucus Webb, DOB: 8-9-78

[REDACTED]

[REDACTED]

[REDACTED] (cell phone)

**At approximately 1640 hrs**, I received the e-mail from Trina Hunter containing Lucas Webb's 1-26-12 booking photo. I printed the photo and gave a copy to Detective Bullard.

Related date/time: **May-18-2012 (Fri.) 1125**

On 05/18/12, at 1125 hours, I responded to assist on the scene of an officer involved shooting and shooting of a police canine and arrived in the area of Marian Way and Riverside Blvd. At 1134 hours, the briefing was conducted by Sgt. Chase and she provided information known at that time. A stolen vehicle had been pursued within the City and when conditions became unsafe, the pursuit was terminated. The vehicle was abandoned in the area and two suspects were seen walking away from the area. Ofcs. Cunningham and Joseph attempted to detain both suspects at Robertson and Riverside. The female suspect, McCulley, attempted to flee on foot and was taken into custody. Ofc. Van Dusen dealt with the male suspect, Webb, who ran into a rear yard of [REDACTED] Robertson Way.

Ofc. Van Dusen's police dog, Bodie, was deployed after the suspect and Webb shot Bodie and Ofc. Van Dusen shot and killed Webb. Ofc. Van Dusen immediately removed his partner from the scene and took him to get emergency medical care. Ofc. Cunningham and responding officers do not immediately approach Webb and wait for SWAT to respond. SWAT officers arrived and move in to take Webb into custody; Webb is declared deceased shortly thereafter.

Det. Martinson handled the processing of the scene on Robertson Way and the scene where the stolen vehicle was left, a few blocks to the east. I was directed to handle interviews of witnesses who saw Webb and McCulley in and around the stolen vehicle and those witnesses detained who saw McCulley being taken into custody and pursuit of Webb and sounds of shots fired. Det. McCloskey supervised the officer interviews and walk-through of the shooting scene.

I directed officers and detectives to respond to the 300 Richards police station to conduct taped interviews of the following witnesses: [REDACTED], [REDACTED], [REDACTED], [REDACTED], and [REDACTED].

I spoke by phone to [REDACTED] who indicated he had seen the suspects walking from the area of the stolen vehicle and then his wife called to tell him about the shots fired. [REDACTED] gave me his wife's information, [REDACTED], and a number to reach her. I made arrangements for [REDACTED] to contact Det. Kirtlan on 05/20/12 and give her statement.

At 1348 hours, I left a message for [REDACTED] to contact me to set up an interview. At 1408 hours, I spoke by phone to [REDACTED] and attempted to have him and his passenger, [REDACTED] respond to Richards for interviews. [REDACTED] made several statements he would respond within a reasonable amount of time, but never arrived. At one point it sounded as if [REDACTED] was intoxicated and I advised him to later contact detectives for a formal statement. [REDACTED] never returned my phone call.

I spoke by phone to [REDACTED], a witness working at the Goodwill Express Trailer, at Meer Way and Freeport Blvd. She was unable to leave her position to give a statement, so I had Det. LeRose respond to her location and obtain her statement. While there, it was determined one of the suspects who foot-bailed in the area discarded

a sweatshirt and baseball hat nearby. Det. LeRose had CSI respond and photograph the items and she collected them as evidence. No other video cameras or witnesses were located in the area of Freeport Blvd. and Meer Way by Det. LeRose.

Ofc. Buchanan advised he would attempt to identify the bus driver that would have been driving in the area at the time of the pursuit and attempt to get a statement. He also requested surveillance video from the bus during the time frame.

At 1615 hours, Sgt. Chase had been going through the original call and determined no one had taken a statement from [REDACTED], an original caller. I contacted him by phone and arranged to have Det. Bailey meet with him and obtain his statement.

I confirmed with Det. Sgts. Martinson and McCloskey no additional witnesses were outstanding and once our interviews were completed, detectives and I returned to our regular duties.

On 05/18/12, beginning at 1408 hours, I spoke with [REDACTED] several times by phone attempting to arrange for him to respond for a formal statement. Over the course of several hours, it appeared [REDACTED] had become intoxicated and was in no position to be driving or give a statement. [REDACTED] told me the following in summary over the course of those phone calls.

I was driving and [REDACTED] was in the passenger seat so he would have a better description of the suspects. As we drove north on Freeport Blvd. near Kentucky Fried Chicken (Meer Way) and were almost hit by the suspect vehicle during the police pursuit. The suspect vehicle stopped and two passengers exited the vehicle and fled in opposite directions - one to the north and one to the south. The suspect vehicle then took off again.

There was an RT bus that was right there and I know that bus driver would have seen the whole thing. I thought I was going to die the way that guy was driving! I saw a police officer and told him about it, but he didn't really seem to do anything about it.

On 5/18/12 at approx 1029 hrs Det. Dorsey and I (Det. Bernacchi) responded to a report of an officer involved shooting at Riverside Blvd and Robertson Way. We arrived on scene and staged at the temporary command post of Marian Way and Riverside Blvd.

At approx 1134 hrs we were given an official briefing by Sgt. Chase. Shortly after that time we were assigned to conduct a canvass of Riverside Blvd from Marian Way to Swanston Dr. The canvas was as follows:

1235 Hrs. [REDACTED] Riverside Blvd. This address faces East onto Riverside Blvd.

[REDACTED] DOB: [REDACTED], PH: [REDACTED]

Wit. [REDACTED] stated that he was in his kitchen when he heard the police sirens. He looked out the bay window that looks east onto Riverside Blvd. He then walked to the windows that are located at the n/e corner of the house. While there he observed two officers take a female to the ground and take her into custody. At that time he thought he heard gun shots and watched as additional officers arrived on scene. He stated that they took up positions across the street behind some trees and appeared to have rifles. He did not see anything else at that time.

On 5/18/12, at approximately 1445 hrs, I responded to [REDACTED] Freeport Boulevard to contact [REDACTED] who was working in a Goodwill Trailer that was staged in the parking lot. Ms. [REDACTED] is a Collection Assistant for Goodwill and was sitting in the back of her Goodwill trailer with the doors open.

The trailer was located approximately 57 feet south of the south curb line of Meer Avenue and 39 feet east of the east curb line of Freeport. The rear of the trailer faces Freeport Boulevard and is just east of an abandoned building which used to be a KFC.

I took a statement from [REDACTED] at the scene since she was unable to leave her employment to be interviewed at a police facility. Ms. [REDACTED] was unable to identify the subject she saw running by her, but she said she would be able to identify the car, if necessary.

After I took Ms. [REDACTED] statement I started to walk back to my car and noticed some clothing against the south wall of the abandoned KFC building, near the restrooms near the southeast side of the building. Upon closer inspection I saw that it was a gray and black baseball cap and a green sweatshirt, with a gray interior. The clothing looked as if they had been quickly discarded against the building. The clothing was also in line of where Ms. [REDACTED] said the male had ran. I recontacted Ms. [REDACTED] and asked her to take a look at the clothing to see if they looked like anything the male who ran passed her was wearing. She said it could have been but she wasn't sure. I asked Ms. [REDACTED] if the clothes were there prior to the male running by her and she didn't know. Ms. [REDACTED] said the clothes were definitely there at 1030 hrs when she used the restroom.

Since I was unable to determine if the clothing was evidence related to the call I notified Sergeants Stigerts and Martinson. CSI was dispatched to respond and collect the clothing.

I, Detective Scott MacLafferty #0749, am currently assigned as a Homicide Detective with the Sacramento Police Department. On 05/18/12 at approx. 1020 hours, I received a telephone call from Det. Kirltan advising of an officer involved shooting in the area of Riverside Drive and Roberston and I was asked to respond to assist in the investigation. I arrived at approx. 1050 hours, and found the crimes scene to be secured with yellow police tape and uniformed officers. Numerous Detectives, Officers, Command Personnel, and CSI were present and assembling for a briefing. The actual shooting occurred behind a residence at [REDACTED] Robertson. I never went behind the residence.

On 05/18/12 at approx. 1134 hours, I attended a briefing that was given by Sgt. Laura Chase and Lt. Marc Coopwood. In summary, at approx. 0950 hours, SPD patrol officers got behind an occupied stolen vehicle, [REDACTED] a 2000 Toyota Camry. They followed the vehicle for quite a distance before the vehicle pulled into the area of Sacramento City College, jumped a median, and a vehicle pursuit ensued. The pursuit was discontinued due to dangerous conditions and reengaged a couple of times. Ofc. Cunningham was one of the last officers to chase/spot the vehicle in the area where he lost sight of it. Officers began to saturate the area and Ofc. Cunningham spotted a male white adult and female white adult walking away west bound in the 1300 block of Vallejo Avenue. Another Officer soon located the stolen vehicle parked on Marty Way a short distance from where Ofc. Cunningham saw these two subjects. Ofc. Cunningham attempted to contact the two subjects and both ran from him. Ofc. Cunningham was able to detain the female and the male subject ran behind [REDACTED] Robertson with Ofc. Van Dusen and his K-9 partner (Bodie) in pursuit. The male white suspect fired shots striking Bodie in the face and paw. Ofc. Van Dusen returned fire and ultimately killed the suspect.

The female detained by Ofc. Cunningham and Ofc. Joseph was identified as Leslie McCulley 08/23/1983.

The male suspect was identified as Lucas Jerome Webb 08/09/1978. Both were out of the Chico Californian area.

I was assigned to interview Ofc. Adam Cunningham.

On 05/18/12 at approx. 1245 hours, Det. Hunkapiller, Det. Dedonder, Ofc. Smith (POA Represenative), Ofc. Cunningham and I did a drive through of the area so Ofc. Cunningham could point out the significant areas in relation to the crime. Ofc. Cunningham pointed out the area of the 1300 Block of Vallejo Way where he originally saw McCulley and Webb walking west bound on Vallejo. He pointed out the stolen vehicle which was parked on Marty Way just south of Cal. Middle School. He pointed out the area of Swanston Drive just east of Riverside Blvd. where he attempted contact on the two suspects and then [REDACTED] Robertson where the shooting took place.

5-18-12 @ 1055 hrs I responded to Riverside Blvd/Marian Wy regarding an officer involved shooting (OIS) incident. Upon arrival and while waiting for the briefing to begin I observed the following SPD personnel present:

Chief Braziel, Captain Peletta, Lt Johnson, Lt Coopwood, Sgt McCloskey, Sgt Stigerts, Sgt Martinson, Detectives: Kirtlan, MacLafferty, Bullard, Dorsey, Bernacchi, Hunkapiller, Singewald, Bailey, and Alonso.

I attended the briefing held by Sgt Chase and Lt Coopwood at approximately 1134 hrs. In summary it was learned that SPD officers got in a vehicle pursuit with a reported stolen vehicle in the area of 24th St/Broadway at approx 0950 hrs. The pursuit was cancelled and then re-initiated again a short time later due to traffic conditions and the speed/recklessness of the driver. K-9 Sgt Olivera locates the stolen vehicle (now abandoned) in the area of Marty Way/4th Ave. Ofc Cunningham observed two subjects walking nearby(Land Park Dr/VallejoDr) that appeared suspicious to him so he attempted to make contact with them in the area of Swantson/Riverside. The two subjects (male and female) begin to run away from Ofc Cunningham. The female was taken into custody without incident nearby. The male suspect ran southbound Riverside Blvd and onto E/B Robertson Dr. K-9 Officer Van Dusen and his K-9 partner "Bodie" gave chase to the suspect who ran behind ██████████ Robertson Dr. Officer Van Dusen and his dog cornered the suspect in the backyard and as "Bodie" was attempting to apprehend the fleeing suspect, the suspect shot "Bodie". Officer Van Dusen returned fire and shot/killed the suspect.

At the briefing it was learned that the female was identified as Leslie McCulley 8-23-83 from Chico CA. According to Leslie, the subject that she was with was her fiance, Lucas Jerome Webb 8-9-78 from Chico CA.

A firearm was observed in the immediate area where the suspect had been shot/killed in the southwest corner of the backyard of ██████████ Robertson Wy. The suspect had a holster/belt around his waistband.

At 1117 hrs the suspect was pronounced deceased by SFD engine 5, medic 12.

Officer Van Dusen left the scene immediately after the shooting to transport his K-9 partner to a vet hospital where "Bodie" was treated for a through and through gunshot wound to his jaw and one gunshot wound to the paw.

I was assigned by Sgt Martinson to handle the scene investigation. I participated in a walk through with Ofc Vandusen and 1224 hrs. At 1245 hrs I rode with Officer Cunningham to have him point out the area where the stolen car was located (Marty Wy/4th Av) and where he first observed the suspects (1300 block of Vallejo Dr). He also showed me where he attempted to make contact with the suspects prior to them running (Swanston/Riverside Blvd).

Due to the fact that there were multiple scenes to process/collect evidence, I coordinated with CSI to designate "Scene A" to be the area of Riverside Blvd/Swantson Dr where a pair of sunglasses was located that was presumably dropped by the female suspect.

"Scene 1" was designated to be the area of Marty Way/4th Av where the stolen vehicle was abandoned. A football jersey and some misc jewelry items were located nearby in front of [REDACTED] Marty Way which were items believed to have been discarded by the suspect(s).

"Scene 2" was designated to be the area of [REDACTED] Roberston Way as well as two adjoining properties located at [REDACTED] Robertson Wy and [REDACTED] Riverside Blvd. These adjoining properties had minor structure damage from bullets passing through the common fence.

(See Scene Summary for details)

At approx 1215 hrs I contacted and interviewed (W) [REDACTED] in front of [REDACTED] Robertson Wy (see statement for details).

At approx 1442 hrs Shanahans tow arrived to impound the recovered stolen vehicle, CAL LIC# [REDACTED] 2000 Maroon Toyota Camry 4-door. The vehicle was reportedly stolen in Chico Ca on 5-13-12. The victim/Registered owner of the vehicle is [REDACTED].

At 1635 hrs I contacted the homeowner of [REDACTED] Robertson Wy, [REDACTED] ([REDACTED]). Mr. [REDACTED] provided me with a key to the detached garage so I could open the garage and verify that nothing in the garage had been struck by a bullet (fired by the suspect) which had struck the west wall of the garage.

AT 1937 hrs I called the Sacramento Co. Coroner's office to have them respond and retrieve the body. At 2015 hrs, Mary Herr and Jesse Villalobos arrived along with members of the transport team, Wilbert Chuakay and Amanda Chandler.

At approx 2038 hrs CSI Deardorff collected a GSR sample from the suspect. Upon initial inspection of the body by the Coroner it was observed that that the suspect had the following apparent gunshot wounds: (2) gsw to the face/head, (1) gsw to the right shoulder and (1) gsw to the left shoulder.

On 5-21-12 @ 1200 hrs I received a phone call from Mr. [REDACTED] ([REDACTED] Robertson Wy homeowner) advising me that he located a small bag that felt like it contained BB's in the backyard when he was cleaning up over the weekend. Mr. [REDACTED] advised that he placed this bag under a paint can which was by his front door. Det. Kirtlan responded to [REDACTED] Robertson Wy and retrieved the item which turned out to be an expended bean bag round that was deployed by SWAT. I booked the item on 5-22-12 at HOJ. (PR#739163-1)

5-22-12 @ 1530 hrs I responded to Shannahan's Towing to collect the property from the stolen vehicle which the suspects used to evade Police ([REDACTED]). Numerous items were seized from the vehicle which were items suspected of being stolen (mostly jewelry-watches). The items were later booked at HOJ but photographed prior

Author: **510 - KIRTLAN, JASON 3004**

Subject: (WITNESS #41) [REDACTED]

Related date/time: **May-22-2012 (Tue.) 1640**

Witness statement: [REDACTED]

On 05/22/12 at approximately 1640 hrs, I received a call from [REDACTED]. I digitally recorded our conversation. [REDACTED] stated the following in summary: (for full details of the interview, please refer to the CD that has been booked as evidence)

I am unfortunately the ex-wife of Lucas Webb. We got married in July of 1999 and our divorce was final in November of 2004. He is the biological father of both of my children. We split up when I was six weeks pregnant with my son who is the youngest of the two. [REDACTED], my oldest, was 2 1/2 at the time. Neither child has seen Webb since.

I last saw Lucas 1 1/2 to 2 years ago. I haven't seen him to the point where we talked in a long time. I have really only spoken to him over FaceBook. I have seen him around town here and there. The last time I saw him was around 1 1/2 to 2 years ago at the grocery store. I think I was pregnant with my daughter so probably about 1 1/2 years ago.

We had a FaceBook discussion less than four months ago. I tried to pull it up by I deleted it. I want to say maybe late February. It was in the last couple of months. My husband and I have been trying to get him to sign off on a step-parent adoption to sign off on his parental rights. My husband and I have been together for 8 years. It has been a long time. Webb basically told me in his ghetto speak that I must be on something. He didn't tell me at that point that he had already been re-arrested and had a court date. I didn't know that when I spoke to him. He told me that he would never sign the rights off to the kids even though he told me previously that he would.

He told me that he was finally free of those asshole cops, he was going on and on with his bullshit about how he would never go back to prison. He said that he was finally going to get a grip on his life and he would become a great father. I told him that it was obvious that we could not have a rational discussion and that I would see him in court. That was the last time that I spoke to him.

This was the third time that he would have been going back to prison. Over the years, he has repeatedly told me that he wouldn't go back to prison, not that he hasn't because he has but he has always told me. He meant that he would do whatever he had to, to not go back to prison. This is not the first time that he has ran from the cops. I think that he knew that he wasn't going to be able to beat the charge that he had and that he was looking at extensive time in prison.

He went to prison the first time when I was seven months pregnant with my son in 2003. He was gone for like 4 1/2 years. He got out in February and he went back in August. He was back again for like 3 more years. You have to understand that the majority of our relationship since we have been not together, he has been in prison.

He hates cops. He has said that if they (cops) ever put their hands on him, he would fuck them up. He hates police. I don't think that is shocking to you. He has never gone willingly. He has always been arrested, he has never turned himself in. He doesn't show up for court dates and he gets arrested. When I was pregnant with my son, they messed him up. He seriously resisted arrest. He was not in great shape. This happened in Chico. The second time, all I know is that he beat somebody up and tried to run them over with a car. I don't know what happened from there, we weren't together then.

He has that prison mentality. He just has that mentality that no one is going to make a punk out of me. He would say it all the time that "no one is going to make a punk out of me." While we were married, we had a neighbor who pissed him off over something and he wrote in a letter telling him that he was going to kill him. It really scared me. I always knew that he that side to him. He wasn't violent towards me or anything like that. He would be violent around me, he would break stuff or punch walls but he never put his on me or our daughter. He was not physical towards us. He was just physical around us and he was very physical towards other people. It didn't take much to set him off.

Lucus was a member of "HNS" (Hmong Nation Society) when he was younger. He used to have it tattooed on the inside of his fingers. He had it covered up with rings. Lucus was raised in Chapman Town which is a huge Hmong area of Hmong families. He had a horrible childhood, his father was horribly abusive. There was a lot of really bad stuff that happened in his family. He just dealt with that by being gone. I guess he was adopted by those families in that area. He just got really bad into that.

In prison, Lucus affiliated with white pride. He told me after the first time that he got out that it was just the way that it was. He said that if you were white you had to show your affiliation to the white people in prison or you're not only fighting the blacks and Mexicans in prison, you are also fighting the white people. I don't truly think that was his thought process, I have never known him to be a real racist person like that. He is also a chameleon, he becomes whatever he has to become for the situation that he is in. It doesn't shock me that he would show allegiance to white power people. I know that he covered up his HNS tattoos shortly after we were married. There was an incident where a couple of HNS guys tried to run him off the road in Chico. He had some tattoos that visibly identified him with them and he covered them up and he tried to keep a low profile. I know if he was still associated with HNS.

I always saw Lucus with weapons. You have to understand, the person that I married is not this person. This was a long time ago, he wanted very badly to be a normal person but I don't think that he was capable of it. I think that is why we got married, I think he was trying to have this quote unquote normal life. I just don't think he could hack it. Now, there is not two sides to Lucus, the only side I have seen of him now is the hard core, I'll kick your ass before I would talk to you kind of ghetto thug boy. When I knew him, he was very capable of being a lovable affectionate person. I don't know if it is a combination of the drugs, he was really bad into methamphetamine, big time. That also happened towards the end of our relationship. That was the straw that broke the camels back with me. I tried really hard to be supportive and understanding of how hard he had it growing up. You know, I had a two year old in the house and I found a duck taped wad of methamphetamines on the bathroom floor and a loaded gun under my bed. That was too much for me.

He is a big weapons guy, big time. The first time he got arrested was for weapons charges. I don't know about the second time but this last time was for weapons and for possession of a hypodermic syringe, which is really disgusting to me.

I have had reporters calling my house nonstop for the last few days. I was finally rude and very inappropriate to one of them. I am willing to answer questions for you, I feel so horrible that he committed the crimes that he did, that he almost ran over people's children, that he shot a poor cop dog. I am sure that the cop is just devastated that he to kill somebody. That is horrible. I am more than willing to answer your questions. I just don't want anything public, like posted in the papers, I don't want anything written, if you write in your report, I prefer that my name and my children's names don't be associated with this.

My kids have a really good life. I have worked my butt off, I put myself through nursing school to make sure that they have a good life. My husband is the only father that they have known. Unfortunately for them, one of these days they are going to have to deal with all this bullshit that he has created. I hurt for them and I am sad that they will eventually have to come to grips with the fact of the part of where they come from. It's not who they are but it is what makes them up and it sucks. They don't know him or who he is. My daughter walked through the living room with his face plastered on the T.V. and she didn't even know who he was. My kids are 11 and 8.

If you have a chance to talk to that cop, tell him that I am really sorry. It is hurtful for him that he has to have this on his conscience.

End of summarized statement.

Document: **06 DETECTIVE SUPPLEMENT**

Author: **122 - BULLARD, RYAN 3135**

Subject: **DET. BULLARD SUPPLEMENT**

Related date/time: **May-23-2012 (Wed.) 938**

I, Det. Bullard (#375) am currently assigned to the Sacramento Police Department Homicide Unit. On 5/18/12, approx. 1015 hrs, I was notified via phone by Homicide Det. Kirtlan (#329) of an officer-involved shooting in the area of Riverside Blvd / Regina.

At approx. 1049 hrs, Det. Kirtlan and I arrived on scene together at Riverside Blvd/Perkins Way where we parked outside of the crime scene tape which had already been placed up by patrol officer blocking off Riverside Blvd at Perkins Way. I checked in with crime scene recorder Ofc. Donnell (#407) and stood by at the S/E corner of Riverside Blvd / Marian Way along with other investigators until the briefing. At approx. 1100 hrs, I was notified via phone by Elk Grove Police Captain Noblett that "[REDACTED]" was a witness near the scene who possibly witnessed the suspects in this case being taken into custody. I contacted (W) [REDACTED] via phone and advised her to stand by on scene (area of Riverside Blvd/Robertson Way) for an officer to contact her and obtain her statement. I later notified Sgt. Stigerts (#3096) of the above information regarding (W) [REDACTED] and that an officer needed to obtain her statement.

At approx. 1134 hrs, Lt. Coopwood (#3081), Sgt. Chase (#3025), and Ofc. Cunningham (#534) conducted a crime scene briefing at Riverside Blvd/ Marian Way w/involved investigators. Per the briefing, (S) Lucus Webb (dob: 8/9/78, OLN# [REDACTED]) had been shot by Ofc. Vandusen after Webb had discharged a firearm, hitting Vandusen's K-9 "Bodie". Additionally, (S) Webb had been declared deceased at 1117 hrs by Fire (Medic 12/Engine 5). Per the briefing, (S) Leslie McCulley had been detained by officers and had indicated that (S) Webb was her fiancée. McCulley had been detained in Ofc. Garcia's (#778) patrol car at the time in which she had given a statement. Please see crime scene detective's supplement for full briefing details. I was advised by Sgt. McCloskey (#3055) to interview (S) McCulley at 5770 Freeport Blvd (HOJ).

At approx. 1230 hrs, I contacted Ofc. Garcia and accompanied him in his patrol car w/McCulley en route to 5770 Freeport Blvd (transport audio-recorded which Ofc. Garcia was advised of prior to transport) where McCulley was brought to Interview Room #6 and was unhandcuffed. While outside of the interview room, Ofc. Garcia briefed me on what McCulley had told him at the scene in relation to this incident and that he had Mirandized her in the field.

At approx. 1310 hrs, I interviewed Leslie McCulley in the above interview room where she provided a Mirandized statement (\*See Leslie McCulley statement\*). At no time during the interview did I tell or advise McCulley that (S) Webb was being "worked on" or treated as a result of the shooting, I simply refrained from telling her Webb's status and that I was unaware of his status. I observed dark/red stippling marks on McCulley's left palm which she indicated was a result of her firing a .357 handgun inside of the Toyota Camry (CA# [REDACTED]) after she and (S) Webb attempted to abandon the vehicle.

At approx. 1430 hrs, Forensic Investigator Ofc. Deardorff (#570) took overall photos of McCulley and conducted GSR-testing on her hands.

I located a slide-style cell phone ([REDACTED]) in McCulley's purse which Ofc. Garcia provided to Sgt. McCloskey. I brought the cell phone to McCulley which she confirmed was her phone but the battery was apparently low or dead.

At approx. 1530 hrs, I contacted Butte County Probation Officer Cookenboo (#66/ McCulley's probation officer) via phone who confirmed that McCulley was on "Post Release Community Supervision", on "County Parole", and that she was subject to search and seizure (per Prop 36 # [REDACTED] / CDC# [REDACTED]). Cookenboo confirmed for me McCulley's identifying information via date of birth and social security number. In order to identify the outstanding occupants of the Toyota who fled, [REDACTED] and [REDACTED] (per McCulley), I provided the above cell phone to Electronic Crimes Unit Det. Shim (#289) and Mello (#311) and advised them to conduct a forensic analysis on the phone per parole/probation search seizure status on McCulley.

At approx. 1540 hrs, I spoke w/Sgt. Stigerts via phone who advised that detectives had located a green hoodie and a baseball cap in the area of Meer/Freeport and inquired as to whether that clothing matched to the outstanding occupants of the Toyota. I advised Stigerts that according to (S) McCulley, the above clothing did match to one of the occupants.

At approx. 1600 hrs, Det. Mello and Shim displayed two contacts in McCulley's cell phone under [REDACTED] w/a number of [REDACTED] and [REDACTED] w/a number of [REDACTED].

An Accurint.com records check on the above phone numbers revealed; [REDACTED] - [REDACTED], [REDACTED], Metro PCS 2) [REDACTED] - [REDACTED], [REDACTED], Metro PCS.

At approx. 1610 hrs, I contacted Butte County Probation Officer Cookenboo via phone again and asked him to conduct a local records check on [REDACTED] and [REDACTED]. Cookenboo located a [REDACTED], dob: [REDACTED], SSN# [REDACTED], OLN# [REDACTED] w/an address out of Chico and on misdemeanor probation for 11377 HS through 9/2013. Cookenboo was unable to locate a [REDACTED] in his database. Det. Hunkapiller conducted a records check on [REDACTED] w/the above phone number in which he located a [REDACTED], dob: [REDACTED], OLN# [REDACTED] (\*See Hunkapiller supplement for details\*). McCulley identified both [REDACTED] (OLN# [REDACTED]) and [REDACTED] (OLN# [REDACTED]) as the outstanding occupants [REDACTED] and [REDACTED] from the Toyota today after viewing their DMV photos.

Det. Kirtlan conducted a records check on the recovered .357 from (S) Webb which was confirmed to have been stolen out of El Dorado County in 2010 (\*See Det. Kirtlan supplement\*).

At approx. 1921 hrs, (S) McCulley was transported/booked by patrol officers at Sacramento County Jail for 29900a PC (felon in possession of firearm), 496 PC (possession of stolen property), 10851 VC (motor vehicle theft), and 246.3 PC (negligent discharge of firearm).

Subject: **CRIME SCENE SUMMARY**

Related date/time: **May-24-2012 (Thu.) 906**

#### NOTIFICATION:

On Friday, 05-18-12, at approximately 1030 hours, I was notified by SPD Homicide Sgt McCloskey of an Officer Involved Shooting (OIS) incident call out to [REDACTED] Robertson Wy. The preliminary information provided was that a suspect shot a canine officer (Bodie) whose handler, Officer Van Dusen had returned fire. The staging/briefing location was Riverside Blvd/Marian Wy and I arrived at approximately 1055 hrs. Patrol officers secured the scene, and Detectives from Homicide/Felony Assaults and Missing Persons were requested to conduct the investigation.

#### ARRIVAL:

At 1055 hours, I arrived on scene and checked in with the Crime Scene Recorder - Officer Peterson/Long. The following personnel were on scene upon my arrival: Chief Braziel, Captain Peletta, Lt Johnson, Lt Coopwood, Sgt McCloskey, Sgt Martinson, Sgt Stigerts, Detectives: MacLafferty, Kirtlan, Bullard, Dorsey, Bernacchi, Hunkapiller, Singewald, Bailey, and Alonso. CSI Lindner, Cruz, Deardorff and Sardelich also responded to the scene for processing (see CSI call).

#### BRIEFING:

At 1134 hours, Sergeant Chase and Lt Coopwood briefed the group about the incident and the circumstances known to her/him at the time. The scenes were secured with police crime scene tape and patrol officers had completed a preliminary neighborhood canvass near the scene of the shooting. Evidence was located on scene by patrol officers and pointed out to investigators. All evidence was left in place and the investigation was turned over to the homicide team at that time.

#### SCENE DESCRIPTION:

Scene A: The area of Riverside Blvd and Swanston Way was area where Officers attempted to make contact with the suspect Lucas Webb and his fianc, Leslie McCulley. The couple began running from the officers and a pair of sunglasses was dropped (likely by Leslie since they appeared to be female style sunglasses). The sunglasses were on the sidewalk that runs along the east side of Riverside Blvd just south of the south curb-line of Swanston Way. The surrounding area is comprised mainly of residential structures. The sunglasses were collected by CSI Cruz.

Scene 1: This scene was located on Marty Way between [REDACTED] Marty Way and [REDACTED] Marty Way. The surrounding area is comprised mainly of residential structures. The stolen vehicle that the suspects used to evade capture

(CAL LIC# [REDACTED] was parked along the west curb-line of Marty Way in front of [REDACTED] Marty Way facing southbound. A watch was located in the gutter area in front of (south of) the vehicle which Detectives believe to have been discarded/dropped by the suspect(s). In front of the residence of [REDACTED] Marty Way a blue/white jersey was located on the front lawn. Next to the jersey was some miscellaneous jewelry which Detectives also believed to have been discarded by the suspect(s). CSI Lindner processed this scene. The stolen vehicle was impounded by Shanahan's Towing. Officer Lee #732 filled out the impound form.

Scene 2: This scene is comprised primarily of the backyard of [REDACTED] Robertson Way. Due to the fact that several bullets penetrated the common fence between [REDACTED] Robertson Way and [REDACTED] 1/2 Riverside Blvd, the scene also included these areas as well. Robertson Way is a well established tree-lined street with single family/multiple family residences. The residence of [REDACTED] Robertson Way is the second residence to the east of Riverside Blvd and is situated on the north side of the street. Next door to the west of [REDACTED] Robertson Way is [REDACTED] Robertson Way which is the corner residence that is located in the northeast corner of Riverside Blvd/Robertson Way. Attached to [REDACTED] Robertson Way is [REDACTED] Riverside Blvd and [REDACTED] 1/2 Riverside Blvd (which appears to be a second story single unit apartment). This single structure (all under one roof but comprised of 3 separate living quarters) shares a common fence with [REDACTED] Robertson Way that runs north/south between the two properties. The backyard area of [REDACTED] Robertson Way, where the suspect shot the canine officer "Bodie", was overgrown with a large birch tree and other overgrown/un-kept shrubs. The driveway of [REDACTED] Robertson Way runs along the east side of the residence and leads to a detached single car garage.

#### LEGAL ACCESS TO SCENE:

The scene(s) were either in the roadway or on property where verbal consent was given. A key to the detached garage of [REDACTED] Robertson Way was obtained by the homeowner, [REDACTED]. The purpose of searching the detached garage was due to the fact that there was an apparent bullet hole that struck the west wall of the garage. It was unknown if the bullet penetrated the wall and/or if something/someone had been struck by the bullet. (upon opening the garage and examining the wall it was determined that the bullet did not penetrate the wall.)

#### WALK-THROUGH:

An initial walkthrough was conducted with K-9 Officer Van Dusen (Bodie's handler) at 1224 hrs. Officer Van Dusen showed Detectives his path during the foot pursuit of the suspect which led him into the backyard of [REDACTED] Robertson Way. Once in the backyard, Officer Van Dusen showed Detectives where he was standing when he returned fire at the suspect. Officer Van Dusen indicated that he fired his weapon in a south west direction towards the suspect who was near the fence that separates [REDACTED] Robertson Way and [REDACTED] Robertson Way [REDACTED] Riverside Blvd.

At @ 1245 hrs Officer Cunningham showed Detectives where the stolen vehicle had been abandoned (on Marty Way just north of 4th Ave). Officer Cunningham showed Detectives where he initially observed the suspects walking ( in the 1300 block of Vallejo Way. Based on where Officer Cunningham re-acquired the suspects walking, along the north side of Swanston Drive, it was presumed that the suspects had walked south on Regina

Way. Officer Cunningham pointed out his patrol vehicle which he left parked along the north curb-line of Swanston Drive just east of Riverside Blvd when he attempted to make contact with the suspects who were walking southbound on the east side of Riverside Blvd on the sidewalk.

#### SCENE LIGHTING:

The scenes were processed almost completely under daylight conditions with the exception of Scene 2 where portable LED lighting was used by CSI near the completion of the scene processing.

#### WEATHER / TEMPERATURE FACTORS:

CONDITIONS: Clear with calm winds. Temperature was ideal (approx 72 degrees) during the morning hours but got warmer as the day progressed (to approx 83 degrees).

#### EVIDENCE OF SURVEILLANCE VIDEO:

None located.

#### SUSPECT INFORMATION:

##### LOCATION:

Suspect (deceased) came to rest in the ivy along the fence that separates [REDACTED] Robertson Way and [REDACTED] Robertson Way. Prior to investigators entering the scene, a canine was deployed to confirm that the suspect was deceased and not laying in wait for responding officers. This canine pulled the suspect from the ivy area (where he could not completely be observed by SWAT officers) and pulled him onto a concrete patio area just east of the fence.

##### POSITION:

The suspect was laying on his back with his head to the west and his feet to the east. The suspect had handcuffs on which were placed on him by SWAT.

##### CONDITION / CLOTHING DESCRIPTION:

The suspect had visible gunshot wounds to the face/head. A jacket which the suspect was wearing was unzipped and the suspect was not wearing a shirt underneath. A belt/holster was observed to be tied around the suspect's waistband/stomach area.

##### APPARENT WOUNDS:

The suspect had visible gunshot wounds to the face/head. Upon arrival of the coroner, the suspect's jacket was pulled back from his upper body and a gunshot wound could be observed in his left shoulder that appeared to have traveled through the shoulder and into his chest.

The suspect was verbally identified via his fianc<sup>e</sup>, (female suspect who was captured just prior to decedent) as Lucas Jerome Webb 8-9-78. The coroner also removed the suspect's wallet and the identification of Lucas Webb was located inside the wallet.

#### TIME OF DEATH:

At 1117 hrs, SFD engine 5, medic 12 pronounced the suspect deceased.

#### VEHICLE(S):

The stolen vehicle that the suspect (Lucas Webb) was driving in a reckless manner to avoid Police during the pursuit was located by Sgt Olivera. The vehicle was parked (abandoned) along the west curb-line of Marty Way just north of 4th Ave in front of [REDACTED] Marty Way. The vehicle (CAL LIC# [REDACTED]) a maroon 2000 Toyota Camry 4-door was impounded by Officer Lee via Shanahan's Towing. The vehicle was a reported stolen vehicle out of Chico. Chico PD case number 12-3287 reported stolen on 5-13-12 by the registered owner, [REDACTED]. Numerous items were seized from the vehicle based on the fact that the registered owner telling Det. DeDonder that there was nothing inside the vehicle when it was stolen besides some CD's and other vehicle paperwork in her name. Det. DeDonder collected numerous items from within the recovered stolen vehicle that are believed to either belong to the suspects or to be stolen property. (see list of property below for details).

#### CORONERS OFFICE:

Deputy Coroner Investigator Jesse Villalobos responded to the scene (backyard of [REDACTED] Robertson Way) to take custody of suspect Lucas Webb. Wilbert Chuakay and Amanda Chandler from the Coroner's Office arrived to do the transport. For additional information regarding the manner and cause of death, see Coroner's report case #12-02359.

#### CSI PERSONNEL:

The following CSI personnel assisted in the location, identification, diagramming, photographing, and collection of evidence located at the crime scene(s):

CSI Cruz (Scene A), CSI Lindner (Scene 1), CSI Derardorpff (Scene 2) and CSI Sardelich (Scene 2 using total station). CSI Peirsol also photographed the scene consisting of St Robert's School, 2251 Irvin Way, where the suspect damaged a chain link fence during the pursuit with SPD.

#### Narrative Text Report # 38

Document: **06 DETECTIVE SUPPLEMENT**  
Author: **634 - MCCLOSKEY, ROBERT 4102**  
Subject: **HOMICIDE SGT'S OBSERVATIONS**  
Related date/time: **May-29-2012 (Tue.)**

#### **SERGEANT SUMMARY REGARDING HOMICIDE TEAM CALL OUT (SGT. BOB McCLOSKEY - IV19)**

#### **NOTIFICATION:**

On Friday, 05/18/12, at 1024 hours, I (Sgt McCloskey #3055, IV19) was notified by SPD Communications of a homicide team call out regarding an officer-involved shooting at Riverside Blvd/Robertson Way in South Sacramento. Earlier in the day, the Police Department responded to the area of 24th Street/Broadway regarding an occupied stolen vehicle call that resulted in a vehicle pursuit in and around the Freeport Bl/Sutterville Rd area. After the pursuit was terminated, patrol officers located (2) suspicious subjects walking in the area and attempted to contact them. One of the subjects (later identified as Lucus Jerome Webb, MWA, DOB 08/09/78, CDL# [REDACTED], CII# [REDACTED]) fled on foot and was eventually confronted in the rear yard of [REDACTED] Robertson Way by K9 Bodie and K9 Officer Van Dusen. As suspect Webb pulled out a handgun and started firing at K9 Bodie and K9 Officer Van Dusen, Officer Van Dusen returned fire and shot and killed suspect Webb. I was informed that Sacramento Fire Department Engine #5 and Medic #12 responded to the above location and located suspect Webb who had suffered multiple gunshot wounds to the head and torso (see SFD Fire call #736). Sacramento Fire Department personnel pronounced the subject deceased at 1120 hrs. Detective Sergeants P.Martinson #3022 (IV15) and M.Stigerts #3096 (IV10), along with detectives J.Kirtlan #0329 (IV145), R.Bullard #0375 (IV72), B.DeDonder #0302 (IV57), S.MacLafferty #0749 (IV53), B.Alonso #0803 (IV54), T.Hunkapiller #0710 (IV143), G.Singewald #0686 (IV125), J.Bailey #0750 (GNG25), C.Bernacchi #0811 (IV94), S.Dorsey #0494 (IV167) and I (IV19) were requested and responded to the scene to conduct a death investigation. Lt. Johnson (IV7) was notified of the homicide call out as well.

#### **ARRIVAL AND SCENE:**

At 1040 hours, I arrived on scene and checked in with Crime Scene Recorder - Officer Donnell #0407 (BV43). The following personnel were on scene upon my arrival: Patrol Lieutenant Coopwood #4087 (LN22), Patrol Sergeant L.Chase #3025 (2SM4), as well as several additional patrol sergeants and officers. CSI Officers R.Lindner #0538 (CSI22) and J.Deardorff #0570 (CSI35), along with Forensic Investigators A.Schiele #6369 (FI20), K.Boyd #6378 (FI39) and T.Sardelich #6376 (FI28) also responded to the scene for processing (see CSI call). Once the homicide team was present, Sergeant Chase briefed us about the incident and the circumstances known to her at the time. The scene was secured with police barricade tape and patrol officers had started a neighborhood canvass. Evidence (suspect, bullet casings, suspect's handgun, stolen vehicle, etc) was located

#### WEAPONS INVOLVED:

Suspect Webb was armed with a Smith & Wesson .357 revolver. The revolver was recovered at the shooting scene by patrol officers and later booked by CSI personnel (see PR# 738829-012). The Smith & Wesson .357 revolver was located in the rear yard of [REDACTED] Robertson Way near the suspects location.

K9 Officer Van Dusen was armed with a Department issued Sig Sauer .40 caliber, (13) shot, blue steel semi-automatic handgun, Serial # [REDACTED]. Per Officer Van Dusen, the handgun was loaded with (13) rounds which included (1) round in the chamber and (12) in the attached magazine prior to the shooting. It was determined that during the shooting incident, Officer Van Dusen fired his weapon that included the primary magazine and then reloaded with a second magazine from his uniform Sam Brown belt. The primary magazine that had originally been inside Officer Van Dusen's weapon was found empty in the rear yard of [REDACTED] Robertson Way. Upon inspecting Officer Van Dusen's weapon, the (8) remaining rounds found in Officer Van Dusen's weapon were found as follows: (1) in the chamber, plus (7) rounds in the attached magazine. The rounds consisted of Winchester Ranger, .40 caliber Smith and Wesson, semi-jacketed hollow point, 180 grain ammunition.

In addition to the empty magazine found in the rear yard, as well as the (8) rounds that were found in Officer Van Dusen's handgun, Officer Van Dusen had (1) additional ammunition magazine loaded with (12) rounds inside his magazine pouch that was worn on his uniform Sam Brown belt. This magazine was not accessed during this incident. Officer Van Dusen's weapon was carried in a black leather holster that was affixed to the right side of this same uniform Sam Brown belt. Officer Van Dusen stated that he was not carrying an additional back-up weapon on his person at the time of the shooting.

Through the course of the investigation, it was determined that Officer Van Dusen fired (17) rounds at suspect Webb in a southwesterly direction from a distance of approximately 10-15 feet (distanced based on scene measurements and Officer Van Dusen's estimation). The shooting background consisted of a wooden fence that separated the rear yards of [REDACTED] and [REDACTED] Robertson Way. The background was void of persons at the time of the shooting. I later booked K9 Officer Van Dusen's weapon into the Evidence and Property Section as evidence (see PR# 738818, Items #1-4).

#### REPLACEMENT WEAPON ISSUED:

Upon the conclusion of the interview with Detective Kirtlan, K9 Officer Van Dusen was issued the following replacement weapon: Sig Sauer .40 caliber, (13) shot, blue steel semi-automatic handgun, Serial # [REDACTED]. I later emailed SPD Department Armor J.Primrose with the change in weapons for K9 Officer Van Dusen for tracking purposes.

### WEAPON INSPECTIONS OF UNINVOLVED OFFICERS:

At 1350 hrs, I contacted Officer T.Joseph #0361 (CSI23) inside HOJ Interview Room #2. I assigned Detective Hunkapiller to interview Officer Joseph for her role and knowledge in the earlier pursuit and officer-involved shooting at [REDACTED] Robertson Way. Prior to the interview being conducted, I performed a weapons inspection of Officer Joseph's duty weapon. I discovered that Officer Joseph had a fully loaded weapon which consisted of the following: (1) round in the chamber and (12) rounds in the attached magazine. Officer Joseph also had (2) additional ammunition magazines loaded with (12) rounds each inside her magazine pouch that was worn on her uniform Sam Brown belt. Based on the above information, I concluded that Officer Joseph did not fire her weapon during the above incident.

CSI Officer Deardorff obtained overall photographs of Officer Joseph, as well as close-up photographs of her knees. Officer Joseph sustained minor scrapes/redness to both of her knees during the arrest of suspect McCulley.

At 1400 hrs, I contacted Officer A.Cunningham #0534 (2SM80) inside HOJ Interview Room #3. I assigned Detective MacLafferty to interview Officer Cunningham for his role and knowledge in the earlier pursuit and officer-involved shooting at [REDACTED] Robertson Way. Prior to the interview being conducted, I performed a weapons inspection of Officer Cunningham's duty weapon. I discovered that Officer Cunningham had a fully loaded weapon which consisted of the following: (1) round in the chamber and (12) rounds in the attached magazine. Officer Cunningham also had (2) additional ammunition magazines loaded with (12) rounds each inside his magazine pouch that was worn on his uniform Sam Brown belt. Based on the above information, I concluded that Officer Cunningham did not fire his weapon during the above incident.

CSI Officer Deardorff obtained overall photographs of Officer Cunningham. Officer Cunningham did not sustain any injuries during the above incident.

### DETECTIVE FOLLOW-UP:

Detective Sergeant Martinson and Detective DeDonder were charged with the scene investigation, while Detectives J.Kirtlan, R.Bullard, S.MacLafferty and T.Hunkapiller were responsible for the statements / interviews of the involved SPD employees. I assigned Detective Kirtlan to interview K9 Officer Van Dusen about his role and knowledge in the earlier pursuit and officer-involved shooting at [REDACTED] Robertson Way.

Detective Sergeant M.Stigerts was responsible for the coordination of all civilian witnesses and their statements at the Richards Police Facility with detectives from the Neighborhood Crimes Unit. PIO Sergeant A.Pettit #3069 created a Press Release that was disseminated to all department managers and the media.

After the briefing was conducted, I was advised that K9 Sergeant S.Oliveira #3075 (K9-SM9) was in contact with K9 Officer Van Dusen and would obtain a 'Public Safety Statement' from him (see Oliveira's supplement). Investigators were also advised that the following tactical responses were applied to suspect Webb:

1. (2) distraction percussion grenades were deployed near suspect Webb in order to solicit a response from him with negative results;
2. (2) bean-bag rounds were deployed on suspect Webb in order to solicit a response from him with negative results. I was advised that suspect Webb was hit with the bean-bag rounds in the thigh area (unknown leg);
3. K9 Officer L.Matthew #0353 deployed her K9 dog on suspect Webb in order to drag him out of the bushes so officers could get a better visual image of him and confirm that he was not armed and still a threat. I was advised that K9 Officer L.Matthew's K9 dog bite suspect Webb in the left leg and inner thigh area.

At 1313 hrs, Patrol Officer M.Garcia #0778 (1B39) gave me a women's purse that belonged to suspect McCulley. I later gave that purse to Detective Bullard so it would be placed into suspect McCulley's property for safe-keeping.

At 1415 hrs, I obtained (3) In-Car Camera (ICC) videotapes from Sgt L.Chase at HOJ. Per Sgt L.Chase, the videotapes were taken from the following officer's patrol cars: Officer T.Butler #0530 (Tape #14254R), Officer A.Cunningham #0534 (Tape #14139R) and Officer Lee #0732 (Tape #14359R). These ICC videotapes were later booked as evidence (see PR# 738818, Items #13, 19 & 23).

At 1420 hrs, I obtained (2) ICC videotapes from Sgt S.Feenstra #3087 (PEER1) at HOJ. Per Sgt S.Feenstra, the videotapes were taken from the following officer's patrol cars: K9 Officer Van Dusen #0799 (Tape #13595K) and Officer K.Hughes #0718 (Tape #14335R). These ICC videotapes were later booked as evidence (see PR# 738818, Items #21 & 25).

At 1455 hrs, I obtained an ICC videotape from Officer M.Garcia at HOJ. Per Officer M.Garcia, the videotape was taken from his patrol car (Tape #14291R). This ICC videotape was later booked as evidence (see PR# 738818-15).

At 1500 hrs, I received a copy of Chico PD report #12-3287 from Reserve CSO Burnham that contained the victim information for the stolen vehicle that suspects Webb and McCulley were seen driving in prior to the officer-involved shooting. I later attached a copy of the report to this investigation and I booked the original into evidence (see PR# 738818-06).

At 1515 hrs, I contacted K9 Officer Van Dusen, along with his legal representative Judie Odbert, inside Interview Room #1. I performed a weapons inspection on K9 Officer Van Dusen's weapon and later collected it, along with the associated magazines, and booked it for evidence (see above section: WEAPONS INVOLVED).

At 1555 hrs, I obtained an ICC videotape from Sgt L.Chase at HOJ. Per Sgt L.Chase, the videotape was taken from the following officer's patrol car: Officer Peterson #0755 (Tape #14348R). This ICC videotape was later booked as evidence (see PR# 738818-17).

Observations: Detective Kirtlan #0329 IV145

On Friday May 18th 2012, I, Detective Kirtlan was assigned to the Sacramento Police Department's homicide unit. My primary responsibilities are to investigate homicides, kidnappings and officer involved shootings.

At approximately 1020 hrs, I was notified via SPD dispatch of an officer involved shooting. I made homicide Sergeant McCloskey aware of the information. I was advised to respond to the area of Regina / Riverside Ave. to assist with the investigation.

Detective Bullard and I responded to the scene together. We arrived at approximately 1049 hrs. We both checked in with the crime scene recorder on the south end of the perimeter. The scene was contained by uniformed officers, marked squad cars and yellow crime scene tape. Numerous media outlets were already on scene when we arrived.

At approximately 1134 hrs, I attended an informational briefing held mainly by patrol Sergeant Chase. Officer Cunningham and Lieutenant Coopwood also added information as necessary during the briefing. The investigative team was made aware of the circumstances as they were known at the time. Sgt. Chase advised, in summary, of a stolen vehicle pursuit which ultimately led to patrol officers attempting to contact two suspects who were walking on the street near where the stolen car was ultimately located. The suspects were later identified as Lucus Jerome Webb and Leslie McCulley. Officers were able to detain McCulley while Webb fled on foot. K9 officer Van Dusen arrived and attempted to apprehend Webb. Officer Van Dusen deployed his K9 partner Bodie who chased Webb into the backyard of [REDACTED] Robertson Ave. Officer Van Dusen also gave chase when gunshots were heard. Officer Van Dusen ultimately confronted the suspect and shot him. Officer Van Dusen observed that his dog had been shot. Officer Van Dusen carried his K9 partner to his patrol car to transport him to the hospital. Other patrol officers maintained visual on Webb who was lying in some shrubs / bushes. SPD SWAT was requested and ultimately took the suspect into custody. The Sacramento Fire Department arrived to declare Webb deceased at 1117 hours. Sgt. Chase advised that a firearm was located near the suspect in the backyard. I was also made aware that Webb was wearing a holster.

At approximately 1225 hrs, I participated in a "walk through" of the scene with Officer Van Dusen. The purpose of the walk through was an attempt to gain knowledge on what direction Webb and Officer Van Dusen discharged their handguns. The other participants in the walk through were: Officer Van Dusen, Judith Odbert (attorney), Dustin Smith (SPOA representative), Sgt. Chan (I.A.), Detective Dedonder, Sgt. Morgado (I.A.) and CSI Officer Linder. Officer Van Dusen showed us the backyard of [REDACTED] Robertson where the shooting took place. Officer Van Dusen advised that he fired his gun in a generally southwest direction at the suspect while in the backyard. Officer Van Dusen stated that he heard the suspect shoot but did not know what direction his projectiles traveled.

Follow Up Report # SA 1

After the walk through, I returned to the Hall of Justice to interview Officer Van Dusen. At approximately 1435 hrs, I reviewed the in car camera videos that came from Officer Cunningham's and Officer Van Dusen's squad cars. The video from Officer Cunningham's car shows the initial contact he had with McCulley and Webb when they were on foot. The time on video was approximately 0849 hrs when Officer Cunningham contacted the suspects. McCulley and Webb walk out of view from the camera as Officer Cunningham gives commands for them to stop. Officer Van Dusen's ICC was not activated as he approached Webb as he was running through the yards on Robertson. Officer Van Dusen's ICC was activated while on his way to the veterinarian hospital.

At approximately 1520 hrs, I interviewed Officer Van Dusen in interview room #1. Officer Van Dusen was represented by Judith Odbert from the Mastagni, Holstedt, Amick, Miller and Johnsen Law Corporation. The interview was audio and video recorded. During the interview, I showed Officer Van Dusen four Google earth overhead maps of the scene for reference. I booked the interview DVD and maps as evidence.

After the interview, Officer Van Dusen was given a replacement service Sig Sauer firearm (serial # [REDACTED].)

At approximately 1740 hrs, I called Detective Dedonder to inquire about the .357 that was located near the suspect in the backyard of [REDACTED] Robertson. Detective Dedonder told me that the serial number of the gun was "[REDACTED]." I checked the serial number of the gun in the CLETS system. The serial number check revealed the gun to be stolen out of El Dorado County in 2010. I called El Dorado County Sheriff records to obtain their fax number so I could fax a report request (10-7189.)

I reviewed the criminal history of Lucas Webb (CII # [REDACTED].) Webb's criminal history is lengthy to include stints in the California Youth Authority and State Prison. Please refer the CII rap sheet for details.

At approximately 1910 hrs, I contacted the Chico PD dispatch center in order to enter a "BOLO" for [REDACTED] and [REDACTED]. [REDACTED] and [REDACTED] were identified by Leslie McCulley as other occupants in the stolen car during the pursuit. The BOLO was entered as requested.

At approximately 2000 hrs, I went back to [REDACTED] Robertson Way to further inspect the crime scene. I was made aware of an apparent bullet hole in the detached garage that sat in the northeast corner of the property. The bullet hole was on the west wall of the garage and would have been caused by the suspect shooting in a direction where Officer Van Dusen was located in the backyard.

At approximately 2300 hrs, I received a call from Chico P.D. requesting me to call [REDACTED] who they identified as the ex-wife of Lucas Webb. I subsequently called [REDACTED]. I did not record our conversation. [REDACTED] told me that she was the ex-wife of Webb and that they had two children in common. [REDACTED] told me that she last spoke to Webb via FaceBook and during that conversation, Webb said that he would not go back to prison. [REDACTED] told me that Webb had repeatedly stated that he would not go back to prison. [REDACTED] told me that Webb had been arrested on a previous occasion for assaulting an officer. [REDACTED] told me that Webb was a violent and scary person. I told [REDACTED] that I would call her on Tuesday 05/22/12 to ask her additional questions.

Follow Up Report # SA 1

On 05/21/12, I attended the autopsy of Lucas Webb. Dr. Stephanie Fiore performed the autopsy. During the autopsy, Dr. Fiore pointed out seven bullet wounds on Webb. Webb was shot twice in the head, three times in his upper left arm, once in his right chest and once in his right leg. Dr. Fiore stated that three of the shots were lethal. Both shots to Webb's head were lethal as well as one shot to his upper left arm that went through the arm and into Webb's upper body, specifically one of his lungs. Dr. Fiore stated Webb died from gunshot wounds to his head, body and extremities. Dr. Fiore located several expended rounds in Webb's body and clothing.

I received report # 10-7189 from El Dorado County. The report detailed a burglary that occurred on 08/01/10 in Placerville. During the burglary, a Smith and Wesson .357 model 586 pistol was taken. The serial number of the gun was [REDACTED]. Per the report, the burglary was not solved.

On 05/22/12 at approximately 1640 hrs, I spoke to [REDACTED] over the phone. I had previously left a message for [REDACTED] to call me. I digitally recorded our conversation. Please refer to the statement for details. I booked a copy of the CD as evidence.

Detective Dedonder gave me a LG cell phone that was located in the rear seat of the stolen vehicle. I turned on the phone to determine ownership. I determined the phone likely belonged to [REDACTED]. I maintained control of the phone until an interview of [REDACTED] was completed.

On 05/23/12 at approximately 1100 hrs, Sgt. Martinson made me aware of a news story on the ABC affiliate in Sacramento where Leslie McCulley was interviewed by reporter Nick Monacelli. I located the story on the News10 website. The interview took place on 05/21/12. I requested SPD forensic video expert Doug Skinner to copy the story for me. Skinner provided me with the file that I burned to disc in order to preserve as evidence.

In the afternoon, I assisted Det. Dedonder with booking evidence that was recovered from the stolen car that Webb and McCulley were in. During booking, we located numerous jewelry items and indicia to numerous people.

On 05/24/12, I emailed a list of names that Det. Dedonder and I obtained from the items in the stolen car to Det. Schmid from Chico PD. I requested that Det. Schmid compare the names against his database to see if they were victims of crimes. Det. Schmid responded to my email to let me know that none of the names that I sent to him were listed as victims although the names represented a list of "dopers, probationers and transients that frequent the Chico area."

On 05/25/12 at approximately 0800 hrs, I called and spoke to [REDACTED] who is the mother of [REDACTED]. [REDACTED] told me that [REDACTED] was at home but there was no way to reach him due to [REDACTED] losing his cell phone. Cathy gave me the name and number of the neighbor, [REDACTED], who happened to be [REDACTED] brother, in order to relay a message to [REDACTED] to call me. I called and left a message with [REDACTED] to call me.

At approximately 1535 hrs, I called and spoke to Mr. [REDACTED] (father.) Mr. [REDACTED] told me that he would pass along a message to [REDACTED] when he saw him to call me. Mr. [REDACTED] told me that [REDACTED] does not have a cell phone as it was stolen from him.

At approximately 1600 hrs, [REDACTED] called me. I requested an interview with [REDACTED] who told me that he would meet me on 05/29/12 between 1200-1300 hrs at SPD headquarters. I told [REDACTED] that he wasn't in any trouble but we needed to talk to him. I told [REDACTED] it had to do with him being in Sacramento last week. I asked [REDACTED] to get a hold of [REDACTED]. [REDACTED] told me that he didn't know [REDACTED]. I told [REDACTED] that [REDACTED] was in the car with him in Sacramento. [REDACTED] confirmed that there was a third male in the car but he didn't know his name.

On 05/29/12, I interviewed [REDACTED] at SPD headquarters in interview room #4. The interview was audio and video recorded. During the interview, I showed [REDACTED] four photos. I booked the interview DVD and the photos as evidence. I returned [REDACTED] cell phone to him at the end of the interview. Please refer to the statement for details of the interview.

On 05/30/12, Det. Burke and I went with Det. Bullard to Oroville and Biggs in an attempt to locate [REDACTED]. [REDACTED] was ultimately located and interviewed in Biggs. Please refer to Det. Bullard's observations for further details.

On 06/01/12 at approximately 0740 hrs, Det. Bullard and I spoke to Principal [REDACTED] at St. Robert School. We inquired about the incident that occurred on 05/18/12 when the car that officers were pursuing traveled across school property. Mr. [REDACTED] told and showed us what he observed. Please refer to the statement for details. We then spoke to 4th grade teacher [REDACTED]. Mrs. [REDACTED] also told and showed us what she observed. Please refer to the statement for details. Det. Bullard obtained a list of students names that were on the blacktop near the bleachers at the time of the incident. Det. Bullard attached the list to the report.

I, Detective Hunkapiller #710, am currently assigned to the Sacramento Police Department's Major Crimes Division, Felony Assaults Unit. My primary duty is to investigate violent person crimes, homicide and officer involved shootings.

On 5/18/12 at approximately 1030 hrs, I was at police headquarters when I was notified by Sgt. McCloskey of an officer involved shooting (OIS) call out. Detective Singewald and I responded to the scene together. Upon arrival at Marian Way / Riverside Blvd, I observed the scene secured by numerous uniformed officers, marked police cars and crimes scene tape. I checked in with the crimes scene recorder at approximately 1041 hrs. I stood by and waited for additional detectives and command staff to respond.

At approximately 1134 hrs, I attended the briefing held by Sgt. Chase and Lt. Coopwood regarding the OIS incident and the facts / circumstances known to them at the time.

After the briefing I was assigned to conduct the Witness Officer interview of Officer Joseph.

At approximately 1245 hrs, Detective's McClafferty, DeDonder and I did a drive through of the area with Officer Cunningham and Dustin Smith (SPOA Representative). The purpose of the drive through was to have Officer Cunningham identify certain areas of the scene in relation to the incident.

I responded to Police Headquarters and interviewed Officer Joseph inside interview room #2 at approximately 1342 hrs. Present during the interview was SPOA Representative Corey Morgan. \*\* See Officer Joseph Statement \*\*

At approximately 1518 hrs, I interviewed Witness [REDACTED] at Police Headquarters. W-[REDACTED] observed the suspect vehicle driving through St. Roberts School grounds / property while numerous students were on the playground. \*\* See Wit [REDACTED] Statement \*\*

\*\* No further actions by this Detective.

Supplemental observations: Detective Kirtlan #0329 IV145

On 06/21/12, I traveled to Biggs, Red Bluff and Oroville with Detective Bullard, DDA T. Davis and supervising DDA S. Harold for the purpose of conducting interviews. We first attempted to make contact with [REDACTED] at his last known residence in Biggs. While at the residence, Detective Bullard contacted [REDACTED] via cell phone. [REDACTED] advised that he was in Weed Ca and unavailable for an interview.

We then traveled to Red Bluff to meet with [REDACTED] and his father, [REDACTED]. We interviewed [REDACTED] and [REDACTED] inside of their residence independent of each other. The interviews were digitally recorded on the same recording. During the interview with [REDACTED], I showed him a Google overhead map of the area surrounding St. Robert School. I booked the recording and the map as evidence. I summarized the interview of [REDACTED] which is attached to this report. The interview of [REDACTED] will be made available via transcript from the D.A.'s office.

After the interviews in Red Bluff, we traveled to the Butte Co. Sheriff's department to meet with multiple officers who had prior contact with Leslie McCulley and / or Lucas Webb.

On 06/16/12, I obtained a duplicate copy of ICC tape 14351R from patrol vehicle 10980. I forwarded a copy to DDA Tate. I booked the duplicate that I received from property as evidence.

#### Observations:

On 5-18-12 at approx 1018 hours, I Ofc Rath #0610 was waiting to testify in the hallway of the 5th floor of the Sacramento Superior Court. I was in full dress uniform. I heard a radio transmission that a SPD K9 officer had been involved in a shooting in the area of Riverside/Robertson.

Ofc Peckinpaugh and I left the court and responded code three to [REDACTED] Robertson in order to assist with this investigation. Upon arrival I assisted Sgt Freeman with the inner perimeter.

I attempted to contact the residents of [REDACTED] Robertson in order to have them evacuated. There was no answer at the door. I contacted SFD personnel and attached their unit number and names to the call.

Engine 5 consisted of Cpt Irvine, FF Needler, ENG Akin, and FF Nardi.  
Medic 12 consisted of PM Carvalo and PM Davalos.

At approx 1215 hours we were released from the scene. I cleared the call and went end of watch.

Observations: (Officer Chandler #807-UNN26)

On 5-18-12 (Friday) at approximately 1022 hrs I, Officer Chandler #807 (UNN26) received information from Detective Singewald that there was an officer involved shooting in the city of Sacramento. With the above information, I turned on my police radio to channel four. I monitored the radio traffic related to the officer involved shooting. Additionally, I contacted Lt. Jeff Watson (SWAT Commander) and advised him of the call. Lt. Watson gave me approval to start our on duty SWAT team to the call.

Our on duty SWAT Officers responded to the scene, from the JPA Range. We were requested to respond to the command post, at Riverside/Robertson. While en route to the call, I talked with Lt. Watson and discussed possible options on dealing with this specific incident. I continued to monitor the radio traffic by patrol and confirmed that all SWAT Officers en route were aware of our staging location. The information I received via radio traffic was that there was a suspect who had been shot by one of our officers and he was down, in a backyard. Additionally, patrol had not observed any movement from the suspect.

At approximately 1040 hrs I arrived on scene. I made contact with Lt.

M. Coopwood, who was the on duty watch commander. He advised me of the situation and requested that SWAT take over the arrest team from patrol and Sergeant Freeman. Initially, I sent SWAT Officers Kirtlan, Rosin and Lightfoot to get a view of the suspect and determine the best place for our team. Moments later, Officer Blessing arrived and I requested Officer Galipeau to assist Officer Blessing with grabbing less lethal options and a shield for our team. Once this equipment was gathered, we met up with our fellow SWAT Officers. As I approached, Officer Rosin advised me that he had a good view of the suspect. Officer Rosin stated that the suspect appeared to be dead and he had not observed any movement from him.

I briefed the team on our plan and gave assignments. I contacted Lt. Watson to inform him of our position and advise him of our observations. We then discussed our options and moved forward with our plans.

Initially, we deployed a distraction device (Please refer to Officer Rosin's Observations) near the suspect to see if we got any reaction/movement. The first distraction device we deployed was very weak. So, we deployed a second one (Please refer to Officer Kirtlan's Observations). There was no movement from the suspect on both of the distraction devices.

Next, we utilized a less lethal option by utilizing our bean bag shotgun. The bean bag shotgun was deployed (Please refer to Officer Galilpeau's Supp). The suspect was hit two times and there was no response/movement from the suspect.

Then, we deployed K-9 Officer Matthew's dog on the suspect. The dog bit the suspect numerous times in the lower and upper leg area. There was no reaction from the suspect. K-9 Officer Matthew called her dog off the suspect. The dog came back to the arrest team. K-9 Officer Matthew and her dog backed off.

At that point, I updated Lt. Watson of the circumstances. I got approval for our team to approach the suspect. We approached the suspect by utilizing ballistic shields, lethal cover, less lethal, hands and voice. As we approached the suspect, we maintained a visual and did not observe any movement. Officer Blessing and I observed both hands and did not see any weapons. As we got close, we did observe multiple wounds that appeared to be gunshot wounds. Officer Blessing and I turned the suspect over from his back to his stomach. Officer Blessing and I placed handcuffs on him. After placing handcuffs on him, I checked a carotid pulse on the suspect. I did not feel a pulse.

On 05/18/2012 at approximately 0952 hours I, Officer Peterson #755, heard Officer Lee broadcast that he was behind an occupied stolen vehicle at Broadway/24th St. I responded code 3 from the Hall of Justice as the updates were coming in. I ended up #4 behind the vehicle at South Land Park Dr/11th Ave. I followed as the vehicle got to the SCC parking lot. Due to my positioning, I was not in the pursuit at that time.

As Officer Hughes got in pursuit of the vehicle, I was southbound Freeport Blvd at Sutterville Rd. I proceeded code 3 again westbound Sutterville, then southbound 24th St.

As I was southbound 24th St at approximately Irvin Way, I observed the vehicle turning southbound onto 24th St, and got into the pursuit as the #2 vehicle. Officer Hughes continued to call the pursuit as we traveled southbound on 24th, then westbound on Fruitridge Rd. The driver then turned northbound on 23rd St, and westbound on Knight Way. At approximately this point, Officer Hughes broadcast that his vehicle was malfunctioning and he would not be able to continue the pursuit. I passed Officer Hughes' vehicle and continued to pursue the maroon Camry ([REDACTED]) in the #1 position. The vehicle turned northbound Murrieta Way, the northwest on Hooke Way.

At the end of Hooke Way where it runs into Irvin Way the suspect vehicle drove over the north curb of Irvin Way and continued north through the school property (■■■■ Irvin Way), across to the school parking lot, and then northbound through the school yard. At the corner of the school building I observed the vehicle come within a foot of hitting a male white adult pushing a cart of supplies. As I came around the same corner I observed the vehicle heading straight towards a group of 40-50 students out in the yard. I cancelled the pursuit, and advised the other units that there were multiple children in the school yard. The driver of the Camry came within a few feet of hitting a group of 10-15 students. I ran on foot to the back of the school yard, and saw that the vehicle had driven through the east fence line of the school and exited northbound onto 24rd St. I was never able to see the driver of the vehicle due to distance and glare from the sun. I could see that there appeared to be four occupants in the vehicle.

I continued to listen for updates from other units, and returned to the Land Park area where the vehicle was last seen. As I arrived at Freeport Blvd/14th Ave I heard Officer Cunningham ask for another unit as he was attempting to make contact with two suspicious subjects matching the description of the vehicle occupants.

As I got to South Land Park Dr/14th Ave I heard Officer Van Dusen broadcast that the subjects were running. I responded code 3. A few moments later I heard Officer Van Dusen and Officer Cunningham broadcast that shots were fired and a K9 had been shot. I arrived on scene just as Officer Van Dusen was transporting K9 Bodie to his patrol vehicle. I set up a perimeter spot at Swanston Dr/Govan Way initially, and then deployed my rifle and responded to the scene (■■■■ Robertson Way) after 2SM6 requested a rifle unit.

I set up on the southwest corner of the house, deployed my rifle, and held that position until relieved by SWAT when the suspect was determined to be deceased.

At that time I took on the duties of scene recorder/scene security with Officer Long until relieved by Officer Southward and Officer Villerreal.

I then responded to the Hall of Justice, and released my ICC tape to Sgt. Chase. ICC#14348R starting FM#9677 ending at the end of tape. Last pertinent information appears to have been at FM#10240.

#### OBSERVATIONS:

On 05/18/12, I, Sgt. Chase #3025 (2SM4) was the patrol Sergeant for South Sacramento. At approx. 0950 Hrs, I heard Officer Lee broadcast that he was behind an occupied stolen vehicle. ( ) Officer Lee advised that he was at 24th St / Broadway, headed west bound on Broadway. Lee advised that he thought there were four subjects inside of the vehicle. Acting SRO Sgt. Cunningham (2SM80) and SRO Officer Butler (RBT85) advised that they were with Officer Lee and following the vehicle now south on South Land Park Dr.

Officers continued to follow the vehicle to allow for K9-1 to get into position and for the vehicle to clear the busy Land Park Area before attempting a stop.

Officer Lee advised that the vehicle was pulling into the Sacramento City College parking lot. He then advised that the vehicle had jumped a curb and headed back out onto Freeport. Officer Hughes (1B53) broadcast that he was in pursuit of the vehicle (See his report for details) along with Officer Peterson and other officers. Officer Peterson terminated the pursuit when the suspect vehicle entered an elementary school yard.

Officers continued to get flagged down by citizens advising the directions that the vehicle and passengers had gone. Officer Cunningham advised that he had seen the vehicle and requested to re-engage the pursuit. I advised that if traffic and pedestrian conditions were good then we could. Officers continued to pursue the vehicle. They advised that the vehicle was northbound on Freeport at 70 mph. I advised to terminate the pursuit due to the speeds and the location that it had entered.

Officers terminated the pursuit, but again were getting flagged down by citizens advising the direction that the vehicle had gone. Officer Cunningham advised that he had spotted two suspicious subjects at Vallejo / Regina Way. Sgt. Oliveria then advised that he had located the stolen vehicle abandoned at Marty Way / 4th Ave. Officer Cunningham advised that he was attempting to stop the subjects. Soon after, K9-2 Officer Van Dusen advised that shots were fired, his K9 Bodie was shot, and that the suspect was shot.

At approx. 1021 Hrs, I arrived in the area of Riverside Blvd / Robertson Way. I contacted Sgt. Lassen (2SM5) who was in front of [REDACTED] Robertson Way. There were several Officers on scene attempting to coordinate a perimeter. Sgt. Freeman (2SM6) was onscene at the side gate of [REDACTED] Robertson with a contact team. Officer Van Dusen had left the scene prior to my arrival with his K9. I located where Van Dusen had gone and made sure that an Officer was with him. I spoke with Sgt. Oliveria who was onscene with Van Dusen and was speaking with him. I spoke with Officer Cunningham and he briefed me on the circumstances of his contact.

I requested Sgt. Lassen coordinate an evacuation team for houses bordering Robertson and Swanston Dr. I spoke with Officers on scene and attempted to locate who had witnesses to the incident.

I requested Officer Lee standby with the stolen vehicle. Officer Lee, Barker, and Khang canvass the area of Marty / 4th Ave.

At approx. 1134 Hrs, I provided a briefing to Detectives, Command Staff, Officers and several other subjects who were present. I briefed them on the circumstances that were known to me at the time.

I requested that Officers conduct neighborhood canvasses in the area of Robertson, Swanston, Riverside area.

I spoke with Officer Donnell who had taken statements from citizens who hailed him during and after the pursuit. He gave me the names of [REDACTED], [REDACTED], [REDACTED], and [REDACTED] who were witnesses.

I spoke with [REDACTED] and arranged for him to respond to 300 Richards Blvd for a statement. I contacted Sgt. M. Stigerts and advised her of the witnesses' information.

I requested that Officers Goodpaster and Schneider (TAC63) respond to Freeport / Meer to canvass the area for video and possible witnesses to the passengers fleeing on foot.

I pulled the In Car Camera (ICC) tapes from Officer Cunningham, Butler, and Lee's vehicles. At approx. 1415 Hrs, I gave the tapes to Det. Sgt. McCloskey at 5770 Freeport Blvd. Sgt. Feenstra brought Officer Hughes and K9 Officer Van Dusen's ICC tapes to Sgt. McCloskey at the same time.

I requested that Officer Chesterman respond to the school that the suspect had driven through and attempt to locate the maintenance worker that was almost struck by the vehicle. Chesterman advised that he had located him and transported him to HOJ to be interviewed by Detectives.

Chesterman then checked with Sacramento City College to see if they had video. They advised there was no video of the incident.

At 1535 Hrs, I pulled Officer Peterson's ICC tape. At 1555 Hrs, I gave it to Sgt. McCloskey.

On 5-18-12, at approx 0950 hours; I, Officer Varozza #660 (Mtr74), was working traffic enforcement in the area of Consumnes River Blvd @ Bruceville Rd.

At approx 0950 hours I heard a unit run a vehicle license plate via dispatch, which returned as a stolen vehicle. The vehicle continued south from Broadway and was followed by officers. At this time, I began riding north via Bruceville Rd During this time the suspect vehicle failed to yield to officers and a vehicle pursuit ensued.

Before I could get to the area the pursuit was terminated due to the (high) speed of the suspect vehicle.

I decided to ride to the area of 2nd Ave (no code) and check south/west for the possibly abandoned suspect vehicle. From 21st Ave I turned west and heard Officer Van Dusen advise he had located the abandoned suspect vehicle and that he had seen two suspicious persons on Riverside Blvd a short distance away. I continued west and heard Officer Van Dusen advised "shots fired". I continued west and turned south onto Riverside Blvd. I saw Officer Joseph (CSI 23) on the west side of Riverside Blvd at Robertson attempting to take a female white into custody. On 5/18/2012 at approximately 1030 hours, I, officer Blessing #266, was assigned to the Sacramento Police Department SWAT team. I responded to the area Robertson Way/ Riverside Blvd regarding an officer involved shooting. I responded code 3 from the Sacramento Main Jail.

Upon my arrival, I suited up in my complete tactical gear. I was directed to the east side of [REDACTED] Regina Way to assist other SWAT operators on an arrest team. When I arrived, there was an arrest team in place and I was given the duty of a custody officer.

On 05/18/12 at approx. 0953 hrs, I (Ofc CK Hughes #0718) was working uniformed patrol in a marked SPD vehicle when I responded Code 3 (red and blue lights) to an occupied stolen vehicle. An SPD Officer was behind a maroon Toyota Camry (CA: [REDACTED]) and was following it south on Land Park Dr from Broadway. I got in behind 4 SPD vehicles that were following the stolen Camry. I watched at the Suspects drove into a parking lot of Sac City College. I stayed in my car on Freeport Bl when an Officer advised that the suspect was fleeing.

I watched the Maroon Toyota Camry drive south east through the grass and onto Sutterville Rd. I activated my red and blue lights and attempted to catch up to the suspect vehicle. The suspect turned south on 22nd St from Sutterville Rd then west on 18th Av. The suspect turned south onto 21st St and then immediately onto eastbound 20th Av. The suspect was a block ahead of me as we made our turns.

I advised dispatch the the suspect was driving about 20 MPH as he/she turned south onto 23rd St. Due to the frequent turns the suspect was not able to reach speeds higher than 40 MPH until he/she got onto south bound 24th St from Anita. The suspect ran the stop sign on Anita to south bound 24th St

at approx 15-20 MPH. As I turned onto S/B 24th St the suspect sped up to approx 60MPH then slowed to turn west on Fruitridge Rd. I could see Code 3 police vehicles heading toward us from the east. It appeared the suspect made a late decision to turn north on 23rd St. I followed the suspect but something popped under my hood and a clear fluid sprayed my windshield. I could feel my engine become sluggish and hard to drive.

I advised dispatch that I was out of the pursuit. Several cars past me and I slowly followed the pursuit. After the suspect drove through the St Roberts school parking lot on Irvin Way, I drove my vehicle #10475 to the Rooney Police facility to have the car serviced.

I involvement in the pursuit was captured on ICC tape 14335R from frame 484-680.

I, Ofc. Magee #664 (RBT 87), am currently working as a uniformed School Resource Officer, primarily assigned to American Legion CS, located at 3801 Broadway in Oak Park.

On 05-18-12, at approx. 0955 hrs., I heard radio traffic regarding a stolen vehicle that eventual went to pursuit near city college. I heard that the suspects left the vehicle after the pursuit was C4, and that they were in the area on foot. I left American Legion and started heading in the direction of the area where the suspects were last seen. I was driving west on 2nd Ave. near 24th St. when I heard 2SM80 put out over the air that he saw two suspicious walking on Regina Wy., toward Riverside, from Vallejo Wy. I heard that 2SM80 tried to make contact and the two ran. I responded C3 from 2nd Ave. and 21st St. Prior to my arrival, I heard radio traffic that shots were fired. I arrived on scene at Riverside Blvd. and Swanston Dr. at approx. 1022 hrs.

Upon arrival, I heard radio traffic requesting rifles. I also heard that a male suspect who was armed, and shot at the K9 officer, was down in the backyard of [REDACTED] Robertson Wy. I deployed my rifle and went to [REDACTED] Robertson, the house just west of the target location. There was already a

I took a position on the front porch of [REDACTED]. Using the corner of the house for cover, I was able to cover down along the fence.

Once SWAT arrived on scene, I was relieved of my position on the inner perimeter.

I then assisted with traffic control and blocking off access to the area from Swanston and Riverside.

05-18-2012 at 0950 hours I, Sgt. Lassen, working as 2SM5, in a marked patrol vehicle. I heard 1B42- Officer Lee- advise he was behind an occupied stolen vehicle at 24th ST and Broadway. I responded to the area of Land Park as units were following the vehicle. There were plenty of units behind the vehicle so I just stayed in the area. Officers soon advised they were in pursuit of the vehicle and the suspects had foot bailed at Sacramento City College.

I responded to City College and took up a spot on Freeport Blvd. At this point they advised that the suspects had not bailed and Officers were continuing the pursuit. I stayed in the area and set up stop sticks. As the vehicle came by my location I was unable to get the stop sticks in front of the vehicle due to heavy traffic and their speed.

Officer Cunningham located two possible suspects and put out the location. As I responded he advised he was in foot pursuit. I was driving west bound on Regina Way almost to Riverside Blvd when I heard several shots fired. After hearing them, K9 unit advised shots fired. I responded to Robertson Way/ Riverside Blvd and took an outer perimeter spot. Units soon advised the suspect was down in the backyard.

On 5-18-12, at approx. 0950 Hrs., I was dispatched to the area of 24th St / Broadway, regarding an occupied stolen vehicle. Officer Lee (732/3446) had the vehicle (Lic # ) W/B on Broadway at 24th St. I responded C-3 from South Land Park Dr / Golden Oak Way toward the scene. Once I got to 16th St / Broadway, the vehicle had several patrol units behind it and was going S/B South Land Park toward Sutterville Rd. I continued C-3 to 13th Ave / Freeport Blvd to assist as the vehicle had just gone S/B on Freeport Blvd toward my location.

I observed the vehicle make a right turn from S/B Freeport into Sac City College. Several units followed it and then I heard they were in pursuit. I responded C-3 toward Sac City College and then S/B toward the neighborhoods south of the college. Per officers in the pursuit they were chasing him through the neighborhoods. Shortly after I heard a C-4 on the pursuit and shut down my lights and siren. I parked my car near Freeport Blvd / Sutterville Rd. A few moments later I observed a patrol vehicle traveling C-3 S/B Freeport Blvd past my location. The vehicle then broadcast that they had located the vehicle traveling S/B and were in pursuit. After several cars passed me C-3 I continued S/B in an attempt to find a place to set up spike strips or get a perimeter position. A few

moments later the pursuit was C-4 again. I shut down my emergency lights and sirens.

Sgt. Olivera (3075/738) advised dispatch he had located the stolen vehicle unoccupied and requested units to his location. I started responding to assist him with a perimeter when units advised they were in foot pursuit of two subjects. I again responded C-3 to the area of Riverside Blvd / Robertson Wy to assist officers. While enroute, K-9 Officer Van Dusen (799/1034) broadcast shots had been fired and the suspect was down. He also broadcast his K-9 had been shot. I continued to Riverside Dr / Swanston Dr to assist officers in a perimeter spot.

Once onscene, Sgt. Freeman (3011/303), who was now onscene of the shooting, requested units with rifles to the location. I deployed my rifle and assisted in watching the suspect who was laying in the backyard of [REDACTED] Robertson Wy. Later Sgt. Freeman requested that I ensure evacuations of houses in the area. I checked the surrounding houses in the area of Robertson Wy and made sure they were vacant / evacuated.

I returned to the scene and stood by while SWAT Team members took custody of the suspect. Once he was in handcuffs, SFD Medics responded and declared the suspect deceased. I remained on scene as scene security / recorder with Officer Peterson (755/3804) until relieved by Officer Villareal (868/3771) and Officer Southward (690/3815).

On 05/18/2012, I (Officer Brown #891) was assigned to McClatchy High School (3066 Freeport Blvd) as the SRO (School Resource Officer). I was in a marked police vehicle and in full police uniform, both clearly displaying the emblem of the Sacramento Police Department. My unit identifier was RBT82, and I observed the following in summary:

At approximately 0955 hours, I responded Code 3 (red lights and siren) to the area of Riverside Blvd and Robertson Way regarding police vehicle pursuit in which the suspect(s) were fleeing in a stolen vehicle. Officers received information that the suspect was armed with a gun and shot at one of the officers.

The intersection of Riverside Blvd and Robertson Way is right in front of an elementary school (Crocker Riverside School) that was currently in session. Due to the proximity of the incident, I responded to the school and assisted with placing the school on a lockdown. Once the lockdown was in effect, Ofcr Ley and I arranged an area for parents to come pick their children up.

On Friday, May 18, 2012, at approximately 1030 hours I was notified of an Officer Involved Shooting (OIS) in the area of Riverside Blvd. and Robertson Way. Myself and additional SWAT team members immediately responded to the area via a Code 3 response from the JPA firearms range. I arrived on scene at approximately 1042 hours.

Once on scene, I was assigned as the "Less than Lethal" element of the arrest team. I was in possession of a X-26 taser and a 12 gauge bean bag drag stabilizer shotgun.

I responded to the east side of Regina Way where I took up position with the arrest team. We were staged on the northeast corner of Regina Way with a partial view of the downed suspect who was approximately 15 yards west of our location. The suspect, later identified as Webb, Lucas was lying on his back in a east-west position with his feet to the east. (S)Webb was partially covered by shrubbery from the waist up and I was unable to see his hands.

While lethal weapons were covering (S)Webb, I was instructed to fire two (2) shotgun bean bag rounds at him in an attempt to elicit a response from (S)Webb. I subsequently fired two bean bag rounds, both of which struck

(S)Webb in the upper leg/groin area. (S)Webb showed no response or movement upon being struck by the bean bag rounds.

After additional attempts to determine if (S)Webb was able to resist through less than lethal means, the arrest team was authorized to approach (S)Webb and take him into custody. During this phase of the incident, I maintained my assignment as the "less than lethal" member of the arrest team.

After (S)Webb was handcuffed, I obtained several plain white 3X5 cards from Sgt. Freeman and marked multiple items of potential evidence. These items included an empty handgun magazine, an expended round casing, two (2) expended distraction devices, what appeared to be an expended bullet and a black revolver and blue lighter.

On May 18, 2012 at approximately 1030 hours, I Officer Rosin #828, responded to the area of Riverside Boulevard and Robinson Way to assist on an Officer Involved Shooting. I arrived on scene approximately 10 to 12 minutes later.

After the briefing, Officer Chandler had myself, Officer Kirtlan #645 and Officer Lightfoot #560 respond to take over the arrest team, which was located at [REDACTED] Regina Way. I was assigned as one of the lethal cover officers on the arrest team.

Upon arrival, I contacted Sergeant Freeman and advised we would take over as the arrest team. Sergeant Freeman told me where the subject was located and that his team had not seen any movement from him for over 20 minutes.

The arrest team took up a position along the north east side of the residence. I could see the subject lying in the ivy and shrubs approximately 40 feet to our west. The subject was lying on his right side, but partially face up. I could see all of the subjects lower torso,

but nothing above his waist line, due to the ivy and shrubs.

While on scene, a plan was develop to try and stimulate any movement out of the subject, prior to approaching him to take him into custody.

The first plan was to deploy a Flash Bang Diversionary Device near the subject to see if he would make any movement. I threw the first device, which was deployed approximately 10 feet from the subject to his north east. There was no movement from the subject.

A second device was deployed by Officer Kirtlan #645, which had the same results.

The next plan was deploying 12-gauge bean bag rounds at the subject. This was completed and again, no movement was observed from the subject.

Officer Mathews then deployed her K-9, Rollo towards the subject. Rollo located and bit the subject in his lower leg area. Rollo pulled the subject out of the ivy and shrubs to a point where I could observe his left hand. The subjects left hand had nothing in it and was lying across his chest. Again though, no movement of the subject other than what was created by Rollo.

Our arrest team approached the subject and he was pulled out of the ivy and shrubs and taken into custody without incident. I covered the subject while a cursory search of his person was completed and while the Fire Department personnel completed their responsibilities.

I took no further action related to the investigation and cleared the scene a short time late.

End of report.

On 05/18/12, at approximately 1000 hours, I showed myself enroute to the stolen vehicle call for service. On my way to the call for service I heard over the radio that shots were fired in the area of Riverside and Regina. As I drove to that area I heard on the radio that a perimeter needed to be set north of Riverside and Regina. I took a perimeter position at Riverside and 4th Ave. I blocked the southbound traffic on Riverside at 4th Ave with my patrol car and crime scene tape.

I was instructed over the radio to set a perimeter.

After being instructed by Sgt Huff, I allowed Arnold's Tow Company to enter on Riverside just south of 4th Ave to take custody over the CSI Vehicle that was disabled.

After I was told over the radio to allow traffic on Riverside, I cut the crime scene tape and moved my patrol car.

I did not take any further action.

On 5/18/12 at approx. 1135 hours, I (Ofc. Lee #732) contacted resident [REDACTED] at her residence and took her statement. She stated the following in summary:

I was inside my house when I heard a screeching noise come southbound in front of my house. I heard a loud noise and I thought that my car got hit or something. I then heard some voices outside and it sounded like they were talking in a foreign language, but I didn't know what language they were speaking. I came outside and saw the maroon Toyota Camry parked on the street. I then saw two shadowy figures walk southbound on Marty Way along the west side walk. I didn't see what they looked like or what they were wearing. I didn't see their faces.

On 5/18/12 at approx. 0950 hours, I (Ofc. Lee #732, 1B42) was on routine patrol (in full uniform) driving a marked black and white patrol vehicle (Vehicle #11217). My patrol vehicle was equipped with an overhead light bar and a siren. I observed the following in summary:

I was traveling westbound on Broadway approaching 24th Street in the #2 lane. I observed a maroon 4-door Toyota Camry (CA license plate [REDACTED]), 4-door, traveling westbound on Broadway in the #1 lane in front of me. I conducted a computer records check of the license plate on the Toyota Camry and it came back as a stolen vehicle out of Chico, CA (Chico PD, report# 201203287, Date: 5/13/2012, FCN: 1311213401595). I turned on my in-car camera (ICC 14359R, beginning frame 9499 until end of tape).

The driver of the vehicle appeared to be a male White, but I did not get a good look at his face and would not be able to recognize him if I see him again. He was wearing a baseball cap. There appeared to be three passengers in the vehicle. The front passenger appeared to be a male White, rear passenger (behind the driver) appeared to be a female White, and rear passenger (behind front passenger) appeared to be a male White. I did not get good look at any of the passengers either and will not be able to recognize them if I see them again. I did not see what kind of clothing they were wearing.

I followed the vehicle as it turned southbound onto Land Park Drive. The vehicle continued southbound and then turned eastbound onto Sutterville Road. The vehicle then turned northbound onto Freeport Blvd. It continued northbound on Freeport Blvd. passing Sutterville Road. At this point in time, I was just following the vehicle waiting for K9 and I had not yet activated my overhead lights or my siren.

The vehicle then made a right turn into the first driveway into the parking lot of the Sacramento City College. As the vehicle turned into the parking lot, it suddenly accelerated. I broadcasted over the radio that I was in pursuit. The vehicle drove westbound through the parking lot and then drove over the lawn and onto Freeport Blvd. I activated my overhead lights and siren. The vehicle jumped the curb and got onto southbound Freeport Blvd. It then got onto eastbound Sutterville Road and I lost sight of the vehicle momentarily.

Ofc. Hughes #718 (1B53) spotted the suspect vehicle as it turned eastbound onto Sutterville Road from Freeport Blvd. (See Ofc. Hughes' report). Ofc. Hughes took over the pursuit and was now the first unit in the pursuit. I caught up him and I was now the unit in the pursuit. The suspect vehicle went southbound on 21st Street and then EB on 20th Avenue. At this point, the speed was approx. 40 MPH. It made several turns and then got onto southbound 24th Street. Ofc. Peterson #755 (1B48) then took over as the second unit and I was now the third unit in the pursuit.

The suspect vehicle then turned westbound on Fruitridge Road and then a third unit got into the pursuit in front of me. I was now the fourth unit in the pursuit and I broke off from the pursuit as the suspect turned northbound onto 23rd Street.

A few moments later, I heard Ofc. Peterson broadcast over the radio that the suspect vehicle was in a school zone and she advised everyone to code 4 (terminate) the pursuit.

A few minutes later, another officer re-initiated the pursuit and pursued the vehicle for a short time but then the pursuit got code 4'd due to excessive speeds.

At approx. 1015 hours, K9 Sgt. Oliveira #3075 (K9-SM9) advised over the radio that he located the suspect vehicle abandoned at Marty Way/4th Avenue.

I later responded to Marty Way/4th Avenue and secured the scene. I observed the suspect vehicle parked along the WCL of Marty Way, just north of 4th Avenue. The vehicle had some minor damage on its front driver's side bumper/headlight area. The passenger side rear window was shattered with pieces of the broken glass inside the vehicle. The driver's side window was rolled down half way. The driver's side passenger window was rolled down 2/3rd the way. The front passenger window was rolled down all the way. Sgt. Chase #3025 (2SM4) asked me to search the suspect vehicle for any weapons. I searched the suspect vehicle for weapons with negative results. Inside the vehicle were several watches, some coins, a black purse, some miscellaneous clothes, tools, miscellaneous papers, two LIVE ammunition rounds in the center console, and other miscellaneous items. The vehicle's steering column and ignition appeared to be in tact. I confirmed the VIN on the vehicle.

At approx. 1400 hours, detectives arrived on scene to process the suspect vehicle with CSI. I called Vehicle Update and took the vehicle out of the SVS.

On 05-18-2012/0950 hrs, I was working uniform patrol in a marked SPD patrol vehicle. I was working as the patrol supervisor (2SM6) for District 6.

I had been copying radio traffic of the pursuit of a stolen Toyota Camry by Officer Jason Lee (1B42). The pursuit had been terminated due to unsafe conditions, and the vehicle had last been seen in the area of 2nd Ave/21st Street. Sgt. Oliveira (K9SM9) located the vehicle parked and unoccupied at 4th Ave/Marty.

A/Sgt. Cunningham (2SM80) and K9 Officer Van Dusen (K92) attempted to contact two possible suspects. The two suspects fled on foot. I then copied air traffic of "Shots Fired" with a suspect down from Officer Van Dusen at Riverside/Robertson. I responded Code 3 as I was at Riverside/Broadway. Officer Van Dusen further advised that the suspect was armed.

Within 10-20 seconds (1018 hrs), I arrived at Riverside/Robertson and saw that CSI Officer Joseph had detained one of the two suspects at the corner of Swanston/Riverside. She was actively pointing me down Robertson Way. I arrived in front of [REDACTED] Robertson and immediately observed Officer Van

Dusen running from the side of the residence carrying his canine partner, Bodie. It appeared to me that Bodie had been shot.

As Officer Van Dusen loaded Bodie into his patrol car, he directed me to the backyard of [REDACTED] Robertson Way. He then left to obtain immediate medical attention for his canine partner.

Officers Cunningham, Chesterman, and I entered the backyard of [REDACTED] Robertson Way. The officers immediately saw that the subject was down in the southwest corner of the yard. The subject did not appear to show any sign of life. I called out to the subject several times, but I received no response.

Since Officer Van Dusen told me that the subject was armed, I coordinated the tactical response of units to the backyard. Sgt. Oliveira, Officers Jonathan Houston, Jeff Rath, Stephen Moore, Keith Long, Ron Chesterman, and Gabe Lamar assisted me in tactically covering the subject until SWAT officers arrived. At one point, we attempted to lock-pick our way into [REDACTED] Robertson Way as a means to gain a better tactical position as we could not see the subjects hands or upper body. We were unable to gain entry.

While on the perimeter, I confirmed with Officer Van Dusen that he had fired at least one full magazine at the subject.

During the entire time that I had a visual on the subject, I never observed any sign of life or movement.

At 1050 hours, the officers with me were relieved by SWAT Officers M. Blessing, M. Galipeau, D. Rosin, Josh Kirtlan, V. Chandler, and J. Lightfoot. They deployed two flash-bang distraction devices, two beanbag shotgun rounds, and K9 Officer L. Matthew's canine partner, Rollo, as a means to determine whether the subject was still a threat.

After receiving no response from the subject, the SWAT officers tactically approached and handcuffed the subject, who still showed no signs of life. SFD personnel (Engine 5/Medic 12), who had been staging in the area, entered and assessed the subject. They declared him deceased at approx. 1121 hours. The subject appeared to have several fresh gunshot wounds to his head and upper body.

The SWAT officers conducted a cursory search of the yard and located a revolver next to the suspect's body. They also located Officer Van Dusen's magazine and several spent casings. I instructed that all items were to be

left in place. The subject's body had been moved from it's original position by Officer Matthew's canine, and again by medical personnel. After medical personnel declared the subject deceased, I had them leave the body in place.

I instructed the SWAT officers to mark the most visible evidentiary items with white 3x5 cards. I then cleared all personnel from the backyard for scene security.

I placed Officers Keith Long (1B47) and Erin Petersen (1B48) as scene recorders and scene security for the backyard of [REDACTED] Robertson Way. I placed Officer Jason Nollete as scene security for the outer perimeter at Riverside/Robertson.

I removed the ICC tape (14351R) from Officers S. Moore and G. Lamar's vehicle as they had been involved in the pursuit.

I then cleared the scene.

On 5-18-12 at approx. 0950 hrs Ofc Lamar #444 and I, Ofc Moore #506, (DVD43) were en route back to south Sacramento from Rancho Cordova in a marked patrol car and tactical uniform with the word "POLICE" on the front in large yellow letters. I was driving our patrol car when we heard officers broadcast that they were behind a stolen vehicle on Broadway. At approx. 1000 hrs they broadcast that they were in pursuit of the vehicle and subjects had also fled on foot.

We responded code-3 from Hwy 50 / Watt Ave and continued in order to assist with a perimeter after the pursuit was cancelled. We were westbound Sutterville Rd stopped at a red light at Freeport Blvd when units broadcast that the suspect vehicle was northbound on Freeport Blvd. At this time my emergency lights were still activated but my siren was not. Ofc Lamar, who was familiar with the area, advised me that based upon the information provided the vehicle was coming towards us.

Traffic northbound on Freeport Blvd at Sutterville Rd had come to a stop, either for a red light or my emergency lights. I observed a patrol car driving code-3 northbound on Freeport Blvd approaching my location from approx. 2 blocks to the south. I then observed a maroon Toyota Camry

driving aggressively northbound on Freeport Blvd in the #1 northbound lane or #1 southbound lane. This matched the description of the suspect vehicle.

My emergency lights were already activated so I activated my siren and pulled in behind the vehicle. I pursued it north on Freeport Blvd and it reached speeds of approx. 70 MPH. Although traffic was light, it wove around cars 2 or 3 times at speeds much higher than that of surrounding traffic. At no time did it indicate that it was intending to pull over and yield to my emergency equipment. As we approached 4th Ave the sector sergeant ordered the pursuit discontinued. I immediately resumed compliance with the rules of the road, prior to deactivating my emergency equipment.

After resuming normal driving I continued north to 2nd Ave and turned left to head west. Citizens pointed west and I continued that direction until additional citizens directed me south on 18th St. I was then directed by another citizen to head west on Caramay Way. We checked the area for the suspect vehicle with negative results.

A short time later a unit broadcast that they had located the vehicle at 4th Ave / Marty Way. At approx. the same time Ofc Cunningham (2SM80) broadcast that he had seen some suspicious subjects walking in the area. We responded towards his location on Riverside Blvd when a unit broadcast that the subjects were fleeing on foot. I reactivated our emergency lights and siren and moments later heard a broadcast that shots were fired and a suspect was down.

I responded code-3 and as I turned from southbound Riverside Blvd, east onto Robertson Way I observed a patrol car on the north side of the street and another patrol car on the south side. Ofc Van Dusen was running to the car on the north side of the street, from the area of [REDACTED] Robertson Way, carrying his K-9 partner.

We were directed to the back yard of [REDACTED] Robertson Way where the suspect was last seen. We gained entry to the back yard through the open walkway on the east side of the residence and Ofc Cunningham was in the back patio. There was a large quantity of blood on the ground at the northeast corner of the residence. We were initially unable to locate the suspect or determine if he had made it over a fence. After several seconds Ofc Lamar noticed legs in the shrubbery on the east side of the patio area and drew our attention to it.

We all took cover behind the northeast corner of the residence and placed the subject at gunpoint. I ordered the subject to show his hands but received no response. Because of the foliage, shade, and position of the

subject I was unable to observe anything other than his legs and feet. I was unable to determine if the subject was alive or not, and if there was anything in his hands. I maintained my position of cover and continued giving orders to show his hands until I was relieved by officers with a rifle and shotgun.

Because of the potential of a cross fire I contacted the resident at [REDACTED] Robertson Way ([REDACTED]) and instructed her to evacuate her residence. I obtained her identifying information and escorted her out of the area. I then attempted to make contact at [REDACTED] Riverside Blvd but there was no answer at the door. I continued providing security at the interior perimeter until relieved by SWAT officers.

Our involvement in the pursuit was captured on our vehicle's (VEH#10980) ICC on tape #14351. Our code-3 response to the initial pursuit started at frame #9857. Our involvement in the pursuit was captured between frames 10101 and 10189. I subsequently used Google maps to determine the actual distance of the pursuit and found it to be approx. 1 mile.

On 5-18-12 at approx. 0952 I Ofc. Butler was in the area of 1400 Broadway. I was in full Sacramento Police uniform and driving a fully marked black and white Sacramento Police patrol car. The following are my observations in summary.

While parked at Broadway/ 14th St. I heard 1B42/ Ofc. Lee advise he was behind an occupied stolen vehicle driving westbound on Broadway at 24th. St. He described the vehicle as an older red or maroon Toyota. I turned eastbound and waited to see if the car passed me, which it did. I made a U-Turn and advised dispatch I was in the #2 position and that 2SM80/ Ofc. Cunningham was behind me in the #3 position.

We followed the suspect through several neighborhoods without lights and siren, within the rules of the road. As we drove northbound Freeport Blvd. north of Sutterville Rd. the suspect vehicle made a right turn into a small Sacramento City College parking lot on the east side of Freeport Blvd. once inside the parking lot the suspect took off at a high rate of speed and 1B42/ Ofc. Lee advised he was in pursuit.

I activated my overhead lights and siren and followed the suspect and the

primary unit through the small parking lot for less than 10 seconds. The suspect went over a parking curb and drove over the grass and sidewalk and continued southbound Freeport Blvd. Due to the amount of patrol cars in the parking lot, and 1B42 stopping where the suspect left the parking lot I was unable to continue. I never again saw the suspect vehicle and was never again in pursuit. I utilized my overhead lights and siren several times in an effort to re-engage when other officers saw the suspect but was never successful.

I continued to the scene of the shooting and took a perimeter spot until given the all clear by supervisors. Sgt. Chase obtained the brief summary of my involvement (I was in pursuit for approx. 40' total) and secured my ICC tape. I never got to review my tape but logged on with tape #14254R, SF 6342.

5-18-12, at approximately 1030 hours I was notified of an officer involved shooting that had occurred in the area of Riverside Blvd and Regina Way. I responded code-3 from the Joint Powers Authority range facility.

I arrived at the command post location (Riverside Blvd and Robertson Way) approximately 1042 hours. I responded to the east side of [REDACTED] Regina Way along with SWAT officers Kirtlan and Rosin in order to provide lethal cover for the arrest team. I positioned myself at the north/east corner of [REDACTED] Regina Way looking west into the rear yard. I could see the suspect's legs and feet protruding from the ivy that covered the west side fence line. I saw no movement from the suspect.

I observed Officers Rosin and Kirtlan deploy distraction devices (see Officer Rosin and Kirtlan's observations). There was no reaction from the suspect.

I observed Officer Galipeau deploy two less lethal 12 gauge shotgun rounds (see Officer Galipeau's observations). There was no reaction from the suspect.

I observed K-9 "Rollo" approach the suspect and bite his left upper and

On 5/18/12 at 0950hrs, I, Officer Chesterman was driving a fully marked Police vehicle wearing a Police "Raid Vest". I heard the dispatcher call Officer Lee and state she copied he just ran a stolen vehicle. Lee advised over the radio that the car was occupied and heading west bound on Broadway. I heard at that time there were numerous Police Units enroute code 3 so I did not respond code 3 to the area.

When Officers tried to stop the stolen vehicle it immediately took off leading Officers on a pursuit. The pursuit continued for several minutes. I was just trying to stay in the area for a possible perimeter or deployment of stop sticks.

Finally I heard Officer K Hughes over the Police Radio saying he was S/B 24th st approaching Fruitridge. Hughes said he only saw one Police unit behind him. I was at 24th and Fruitridge waiting for the red light. I was in the left turn lane facing E/B.

I saw the suspect (Burgundy Camry) make the W/B from S/B 24th st to W/B Fruitridge at a very high rate of speed. I saw Officer Hughes right behind the suspect vehicle, with another Police Unit (Officer E Peterson) behind him. I then engage in the pursuit as the #3 vehicle(11224 tape 14342 frames 1286-1313). The suspect takes a N/B turn onto 23rd st, then heads W/B on Knight st. Officer Hughes then comes up on the Police Radio and states he

is out of the pursuit as he has lost his engine.(I see a lot of steam or smoke coming from the hood area of his vehicle). The pursuit continues N/B Murrieta Way for one block then turns N/B Hooke Way. The suspect continues N/B on Hooke driving over the curb and into the park at the north end of Hooke where it crosses Irvin Way. The suspect vehicle drives through the park(part of St Robert Catholic School)then onto the school grounds in the parking lot. The suspect vehicle drives E/B for about 150 feet through the school parking lot. The vehicle then makes a N/B turn and heads along the east side of the school. The suspect vehicle drives through a yellow plastic chain and onto the play ground where no less than 75 kids(Elementary age) are out playing. Officer Peterson immediately states over the Police radio "kids on the play ground code4". I see the kids as she is making that statement so I stop my vehicle. (I later check with school staff and none of the kids were hurt). I drive onto the play ground to the north, at a very slow speed looking for the suspect vehicle. As I get to the north side of the play ground I can clearly see that the suspect has driven through the chain link fence bending over one of the poles that actually holds the fence up and actually back onto City Streets.

The total distance I was in the pursuit was .03 miles.

The pursuit continued, however I was no longer involved. Eventually due to safety concerns Sgt Chase code 4's the pursuit.

I see Sgt Chase in William Land Park at 13th and Freeport so I stop to give her my part of the pursuit.

Within 2 minutes the suspect vehicle is located at 4th Ave and Marty Way unoccupied by one of the K9 units.

When I hear that information I drive W/B through William Land Park towards Riverside Blvd. I then hear Officers state that they see two possible suspects, a MWA and a FWA walking S/B on Riverside Blvd from Regina. Once I hear that information I activate my emergency lights on my vehicle and head that way code 3. As I get to Riverside and 12th Ave I hear K92 over the Police Radio suspects are running K9 has been deployed.

I was about 4 blocks south of Robertson when I hear K92 VanDusen call over the Police Radio "shots fired" and that his K9 partner had been shot. As I pull to the intersection of Robertson and Riverside I see Van Dusen running towards his Police vehicle with his K9 partner.

I exited my vehicle and start running towards the back yard of [REDACTED] Robertson. I then saw Sgt Freeman waving me towards that backyard. Officers Moore,S and Lamar, G were right in front of me.

As we get to the north west corner of that residence I see a large amount of blood on the ground in that back yard. The wooden gate is lying on the ground and it too is covered with blood. Officers Moore,Lamar and myself began looking around the corner of the residence to the west for the possible suspect. Due to the over grown plants and trees in the back yard

at first we do know see anyone. We then see the suspect lying on his back knees up in the air near the west fence line. The suspect is lying in the shadows in some either tall grass or plants(foliage). We can only see him from the waste down. Both Sgt Freeman, Officer Moore and myself call to the suspect numerous times to show us his hands. We are yelling at the suspect so there was no doubt who we were talking to. The suspect does not move or make a any noise.

We stayed at that location for 20 minutes or so until SWAT arrived to relieve us.

We stayed at location guarding the scene until relieved at about 1330hrs.

Sgt Chase then requested that I respond to St Robert School and contact a custodian that was almost struck by the suspect vehicle.

When I arrived at the School I contacted custodian [REDACTED]. I asked [REDACTED] if he would come with me to HOJ and speak with one of our Detectives. [REDACTED] agreed. I then drove [REDACTED] to HOJ where I placed him holding room #4. I then advised Sgt McClosky that [REDACTED] was there and in holding room #4.

Sgt Chase then asked me to respond to Sac City College and see if they had video of the pursuit entering the College grounds.

I spoke with Police staff at the College and they told me that they did not have video of the pursuit. Police Staff said the cameras would not have been pointed towards the area of the College where the pursuit had gone.

On 05-18-12 at approx. 1018 hrs. I, Ofc. Rath #610 and I, Ofc. Peckinpaugh #372 (RT35) were sitting in the hallway of the Superior Court house when I heard over the radio Ofc. Van Dusen put out "shots fired". Ofc. Rath and I ran to our patrol vehicle and responded c3 to the scene.

Upon arrival on scene at Riverside Bl. and Robertson I deployed my rifle. I took up an inner parameter position at the 1/2 corner (S/W) with Ofc. Peterson. I focused along the West fence line where I was told the suspect was laying. I was not able to see the suspect from my location.

I maintained the parameter position until i was advised to clear by SWAT.

05/18/12 approximately 0950 hrs., R/O was working Sector 5 on my police motorcycle. I had been monitoring a stolen vehicle observation and eventual pursuit in Sector 4. I responded to the area of the pursuit to assist if a perimeter became necessary.

I was in the area of Land Park and Vallejo when I monitored radio traffic that possible suspects were being contacted on Riverside and that shots had been fired.

I arrived in the area of Riverside and Regina Way and set up on a perimeter position. A patrol car took over my position. I checked to ensure that the perimeter to the East of the scene was secure.

I responded to the Command Post location and assisted where needed in a semi-logistics capacity.

On 05/18/12 at approximately 1025 hours, Ofc Nollette #837 and I (Ofc R. Ley #455) responded to Riverside Blvd / Robertson Way for a Rifle Team deployment on a officer involved shooting. Upon arrival I was assigned as a spotter for Ofc Nollette and we set up on the n/w corner of Riverside Blvd / Robertson Way ([REDACTED] Robertson Way) behind a tree in the front yard.

Once swat arrived we were asked to clear that location. I was previously advised of four potential witnesses standing by at [REDACTED] Robertson Way. We escorted the four witnesses to the parking lot of Crocker Riverside Elementary School.

I identified the witnesses as [REDACTED], [REDACTED], [REDACTED] and [REDACTED]. [REDACTED] told me he was using a weed eater when everything happened and that he did not see or hear anything.

I obtained preliminary statements from [REDACTED] and [REDACTED]. Ofc Nollette obtained a preliminary statement from [REDACTED]

At approximately 1241 hours, I transported W-[REDACTED] to 300 Richards Blvd. Per Sgt Stigerts witnesses [REDACTED] and [REDACTED] followed me in their personal vehicle. I took all three upstairs and turned them over to detectives.

I do not live here ([REDACTED] Robertson Wy). I work here. I am paid to clean the house. Today I arrived around 8 AM to clean. I was mopping the hallway upstairs near that window ([REDACTED] pointed to the north facing western most window located on the second floor of the residence). As I was mopping, I was looking outside through the window and saw a guy run north across the front yard of that house ([REDACTED] pointed to [REDACTED] Robertson Wy). I saw a police officer chasing the guy. The guy was holding onto the front of his pants near his waist band with both hands while he was running from the officer. Both the guy and the police officer ran along the east side of that house. I lost sight of them, but it looked like they ran into the backyard of that house.

I was scared so I went towards the back of the house I was cleaning. A few seconds later I heard what sounded like several gun shots. I do not remember exactly how many gun shots I heard, but it was definitely more than 3.

I (Ofc. LaMar #444) am currently assigned to the Sacramento Police Department's Crime Suppression Unit (CSU). The focus of CSU is to investigate Part I Crimes by targeting identified crime series, conducting directed patrol in problem areas, and other tasks as assigned by the area Captain. Additionally, CSU assists both patrol and investigations by responding to crimes in progress and conducting follow-up investigations.

On 05/18/12, at approximately 1000 hours, Ofc. Moore #506 and I (Ofc. LaMar #444) DVD43 responded Code 3 to assist Ofc. Jason Lee #732 in a vehicle pursuit of a stolen vehicle in which some of the suspects had fled on foot. Ofc. Moore was driving and I was in the front passenger seat.

While responding the pursuit was cancelled due to unsafe conditions. Shortly after the pursuit was cancelled, 2SM4 Sgt. Chase stated that if safe to do so, units could reinitiate the pursuit.

As we were westbound Sutterville Rd approaching the intersection of Sutterville Rd when we observed the suspect vehicle drive northbound Freeport Bl in front of us. We then began to catch up and pursue the vehicle (See Ofc. Moore's Report for details).

The pursuit was cancelled due to the speed and traffic conditions.

At approximately 1017 hours, Ofc. Cunningham #534 broadcast that he saw 2 suspicious subjects near Regina Wy /Riverside Bl that may be involved in the pursuit.

We began responding to assist Ofc. Cunningham. As we were responding K92 Ofc. Vandusen #799 broadcast that he was in foot pursuit. Approximately 1 minute later, Ofc. Vandusen broadcast that shots had been fired. He stated that both the suspect and his K9 dog had been hit.

We arrived on scene (█████ Robertson Wy) almost immediately after the broadcast. Upon arrival, Ofc. Vandusen was carrying his wounded K9 dog and we were being directed to the backyard of ██████ Robertson Wy by 2SM6 Sgt. Freeman. Ofc. Moore and I ran along the east side of the residence and arrived at the northeast corner of the residence. As we arrived at the corner of the residence we were able to see into the backyard. Ofc. amount of blood on the ground and Ofc. Cunningham was in the backyard. As I visually scanned the yard I observed what appeared to be a person from the waist down on the ground near the west fence line of the yard. I could see tennis shoes and blue colored jeans. The toes of the shoes were pointing up and the feet were pointing generally east towards us. Due to the dark shadows from overhead trees and the surrounding foliage, I was unable to see the hands or anything higher than the waistline of the suspect.

We placed the suspect at gun point and ordered him to show us his hands. There was no visible movement from the suspect. Due to our inability to see if the suspect was still armed we did not approach the suspect.

Sgt. Freeman requested that I hold the shield to provide cover while officers kept the suspect at gun point. I was handed a shield and provided cover for officers until relieved by Ofc. Rath #610.

I assisted with scene security.

I contacted witness [REDACTED] and obtained her statement (See statement for details).

Sgt. Freeman removed and took custody of the ICC Tape from our vehicle.

When the pursuit ensued, I turned onto eastbound Sutterville Road from Freeport Blvd. and I observed a CSI unit with their lights and siren on in front of me. At that point, Ofc. Hughes #718 (1B53) was the first unit in the pursuit and the CSI unit was the second unit in the pursuit. I got behind the CSI unit and I was the now the third unit in the pursuit. We turned southbound onto 22nd Street and I continued as the third unit in the pursuit for a few blocks until the CSI unit allowed me to pass them. I then took over as the second unit in the pursuit.

I later tracked the distance traveled and the portion of the pursuit that I was involved in was approx. 1.9 miles.

On 5/18/12 at approx. 1945 hours, I Ofc. Buchanan #614, contacted witness [REDACTED] via telephone ([REDACTED]). She told me the following in summary:

I was driving my bus route this morning. My route was the 6201 block and I was driving coach 2814. Around 1000 hours, I was driving north on Freeport Blvd. I stopped for sirens at the intersection of Sutterville Rd.

I saw a purple vehicle not stop for the sirens and a bunch of cop cars follow after the vehicle.

I think the vehicle was a Buick, but I don't know much about cars. I did not see anybody that was in the car and I did not see anybody exit the vehicle.

On 5/18/12 at approx. 1500 hours, I Ofc. Buchanan #614 was contacted by Sgt. Stigerts, regarding a felony assault that occurred earlier in the day in the area of Freeport Blvd and Sutterville Rd. I observed the following in summary:

I responded to Regional Transit Bus Control at 1400 N St. I contacted bus supervisor [REDACTED]. He advised that the regional transit coach 2866, 2372, and 2826 might of been in the area Freeport Blvd and Sutterville Rd, but he believed that coach 2814 should have been on Freeport Blvd and Sutterville Rd around 1000 hours.

The driver of coach 2814 at that time was [REDACTED]. I contacted witness [REDACTED] via telephone at [REDACTED]. She advised that she saw a purple vehicle not stop for the sirens and cop cars chasing it at the intersection of Freeport Blvd and Sutterville Rd. (See statement for further details).

At approx. 2030 hours, I retrieved the video hard drive from coach 2814 and responded to [REDACTED] Whitney Dr. I viewed the coach's forward facing video. At approx. 0816 hours (time stamp for the coach, not accurate representation of current time being recorded) I observed a dark colored vehicle pass the bus heading north on Freeport Blvd at Sutterville Rd. I could not clearly see the driver or the occupants of the vehicle. The vehicle continued north on Freeport Blvd and was pursued by multiple patrol vehicles.

Regional Transit Security Guard Supervisor [REDACTED] viewed the video from coach 2826 and coach 2866. The video did not show any patrol vehicles with illuminated lights in the recording. He burned a copy of the video from those coaches from 0900-1100 hours onto a DVD.

[REDACTED] also burned a copy of coach 2814's video onto a DVD. I later booked all the DVD's as evidence at 555 Sequoia Pacific.

Coach 2372 did not have a forward facing camera and no video was of use from that coach.

Sgt Stigerts was advised of the recordings.

At approx 1018 hrs on 05/18/12 I contacted S-Leslie McCulley in the back of my patrol car which was parked at Riverside Blvd/Robertson Wy. She was handcuffed. At the time police units were responding to an active shooting where a police K9 had been shot and an armed subject was seen fleeing the area. I obtained a preliminary statement from S-McCulley who was crying very vigorously. She she said the following (in summary):

\*\*\* My boyfriend's name is Lucus Webb and his birthday is 08/09/1972. He was who I was with. Is he ok? We came up here from Chico this morning to try and sell some coins. Was my Lucus shot? Is he ok?

I borrowed the car from a neighbor. She is an Asian lady. I think her name is "██████" I did not steal the car. She is my grandma's neighbor in Chico. My Grandmother's house burned down. I have known "██████" for about 6 years. The car is a burgundy Toyota Camry. It was just us two in the car. There was no one with us I swear. Only the two of us.

We were driving around looking for a friend's house today. Lucus and I got into an argument and he saw some cop cars. I just got out of jail and

Lucus said. "Look it's the cops, why don't you just go with them". I told him that I was could get away and took off. He was telling me to stop but I kept going. We got a flat tire so we had to stop. That is when the police officer stopped us and Lucas was asking the cop why he had stopped us. Lucas and I ran off in different directions.

Lucus doesn't have a gun. He is not armed I swear. I never saw him with a gun. Is he going to be ok? I don't know why he ran. He isn't on parole or probation.\*\*\*\*

At approx 1100 hrs I recontacted S-McCulley. She was still seated in the back of my patrol car when I advised her of Miranda by memory. She nodded her head and said "Yeah" to each of the four advisements. She was still crying and it was hard to hear her as I stood outside of the rear driver's side door with the window down. I asked her if she wanted to tell me what happened again in more detail and she said the following in summary.

\*\*\* Lucas is actually my fiance. We have been dating for about 2 years. I just got out of jail on Tuesday . Lucas and I live together in Chico. He is not in any trouble. He may have a warrant but it is a small one. Is he going to be ok? How come you won't tell me how he is doing?

I borrowed the car from a lady that lives next to my grandmother. I have known her for about 6-8 years. I used to live at my grandmothers house so I know "██████" very well. ██████ said that someone else had the car when I asked to borrow it yesterday. I guess this morning she asked if I still needed the car and I said yes so she let me borrow it.

Lucus and I came to Sacramento to visit my cousin. He works at Folsom Ford. I was actually going to try and see if I could stay with him here in Sacramento. Lucas came with me. We went to a friend's house this morning. I don't know where he lives. We then went to another friend's house. Lucas and I were driving around here. I am not familiar with this area. Lucas and I started arguing in the car. I was driving and Lucas saw 3 cops. He was mad and he knew I had just got out of jail and I am on parole. He told me to just go with them. I saw them following us for a while so I said "I can get away from them". I took off driving through the neighborhood. The cops were following us. I got a flat tire when I took the first turn. Lucas was telling me to pull over. I didn't and then drove through a fence at a school full of children. I was scared and knew I was in trouble (S-McCulley starts weeping uncontrollably). I knew after driving by those kids that if I got caught I would go back to prison for life.

We parked after the cops stopped chasing us. Lucas was telling me to get

out of the car. We got out of the car and just started walking through the neighborhood. That is when a cop pulled up to us and told us to stop. Lucas started arguing with the cop asking why he was stopping us. Lucas was telling him that we weren't on probation. He was giving the cop a hard time. Lucas gave me my phone that he had and then took off running. I also ran. I didn't see where Lucas went because I took off. Where is Lucas? Do you have him? Is he ok?

Yes there were two other guys in the car with us. I don't really know them very well. I only know their first names: [REDACTED] and [REDACTED] They had nothing to do with this. That is why I told them to get out of the car. They ran off somewhere. They are innocent. In fact one is retarded and the other one is a nurse. I picked them up at a friend's house. I swear I don't know their last names. I was just giving them a ride.

Please tell me how Lucas is doing. He did not have a gun. He must have picked it up on the way. I don't know where he got it from.

At approx 1005 hrs on 05/15/12 I responded to the area of Freeport Blvd/12th Ave regarding a stolen vehicle in progress call. SPD officers were following the vehicle and a initiated a pursuit as I was enroute. Upon arrival an order was given to discontinue the pursuit. An update was given that passengers in the stolen car may have bailed from the vehicle and ran. I remained in the area checking for the suspects.

Units in the area were receiving information that the stolen vehicle had been seen in the area and had almost ran over some children at a local school. Off Cunningham (2SM80) radioed that he had 2 subjects that looked suspicious walking near the area of Riverside Ave and Regina Wy. I began to drive over to the area when I heard officers involved in a foot pursuit of those two subjects. I responded Code 3 to the area. I heard Off Van Dusen (K92) radio that shots had been fired and that his police K9 had been hit. Units requested a perimeter be set up. I responded to Riverside Blvd/Robertson Wy. Upon arrival I saw Off Joseph (CSI23) and Off Cunningham (2SM80) escorting a female in handcuffs toward my location. This female was detained in the back of my patrol vehicle.

I pulled around and parked in front of Crocker Riverside Elementary. I spoke with the female who identified herself as Leslie McCulley (8-23-83). At this time the scene was still not contained. Units were responding from throughout the city and it was still believed that the armed suspect was still outstanding somewhere in the neighborhood. I received information from a resident across the street from [REDACTED] Robertson Wy that the subject may have kicked in the door of that residence. Due to the hazards presented to responding officers I obtained a preliminary statement from S-McCulley regarding the identity of the suspect, any weapons and his intent. She gave me a statement at approx 1030 hrs.

At approx 1100 hrs I recontacted S-McCulley and advised her of Miranda from memory. S-McCulley nodded her head and said "Yeah" to each of the four individual rights advised. She then gave me her mirandized statement.

At approx 1230 hrs Det Bullard #375 (IV72) and I transported S-McCulley to the Hall of Justice. She was placed in a detention room and unhandcuffed. Det Bullard took over custody of S-McCulley who he later interviewed.

He was running southbound Riverside and turned eastbound on Robertson. The male went to the second house on the north side of the street and broke the fence into the backyard.

The officer and police dog followed the male. I heard about 5 shots. The male jumped the fence into the house on the corner. It looked like he broke into the house on the corner. I never saw him leave.

The police officer brought the police dog to the car and drove off really fast.

I looked to the corner of Meer/Freeport and saw a raggedy Burgundy Toyota Camry. My best guess is it was an early 90s model. I saw a male white wearing a white baseball hat get out of the car and run eastbound Meer. The car then took off northbound Freeport.

I wasn't sure what was really going on. I saw a lot of cops in the area and heard a lot of sirens.

On 5-18-12 at approx 0930 hrs I, Ofc Goodpaster #446 and Ofc C Schneider #490 (TAC63), were in full uniform and were driving a marked police vehicle. It was broadcasted that officers were in pursuit of a stolen vehicle. We went to assist.

During the pursuit the conditions became a hazard to the public and the pursuit was terminated. Once conditions were no longer a hazard the pursuit continued. The pursuit was terminated a second time. We were not involved in the pursuit.

An officer broadcast that the stolen vehicle had been located abandoned and we went to assist with a perimeter. As we were en route Ofc Van Dusen (K92) and Ofc Cunningham (2SM80) attempted to contacted 2 suspicious subjects. Ofc Van Dusen broadcasted shots fired and his K9 partner was shot. He also stated the suspect was shot.

We responded to the area of Riverside/Marian and maintained a traffic control position. I contacted a witness on the southeast corner of Riverside/Robertson. I identified him as (W) [REDACTED] and obtained his statement. I kept him separate from other witnesses.

Sgt Stigerts advised for us to transport (W) [REDACTED] to 300 Richards for questioning. We were coming north on Freeport in front of Raley's. What caught my eye was a red beat up car squealing and two teenagers jumped out of the back of it. The vehicle was on Meer. It was right in front of where the new Goodwill is. One jumped to the Goodwill parking lot and the other jumped in the restaurant parking lot. I believe there were two others in the vehicle. The driver couldn't pull forward. I believe there was a car in the front of him and the people jumped out and then and he came within inches of hitting me. The city bus driver stopped in the middle to obstruct him and then I went around the bus and came to a stop. The driver of the vehicle was coming up on us so fast he had to slam on his brakes and swerved onto on-coming traffic across the double yellow lines. There were officer's with red lights and sirens behind him.

The guy in the back driver side of the vehicle was a male white teenager. He was tall and slender. He had tan pants and a burgundy long sleeve

We were coming northbound down Freeport. I saw the car come to a squealing halt. Two doors came open and two guys jump out. One went north and one went south. The guy that went north was kind of big. About 6'1" tall, about 200 pounds. He had a big puffy black vest and blue jeans. The guy that went south, I didn't get a good look at him. I think he was wearing brown khaki's and a white short sleeve t-shirt. He was 5'9" - 5'10" tall and 150-160 pounds. Both of them kind of looked Hispanic. The big guy that went north went through the parking lot and that was the last I saw him.

The vehicle got stuck in traffic and then came up behind us. The car was a burgundy Chrysler maybe in the early 80's or 90's. It was a four door. I could ID the big guy again. I don't think I could ID the second guy.

The driver, I didn't get a good like at them but I thought he was black. I didn't see anyone else in the vehicle. The vehicle was behind us and when we stopped it went around us.

On Friday, May 18, 2012 at approximately 1057 hours I, Ofc Donnell #407 contacted [REDACTED] at Riverside Blvd / Perkins Wy. He told me the following in summary:

I was driving about two blocks away and my oil light came on. I pulled over and got out on Swanston to pour some oil in. I was one block east of Riverside and a little north parked facing northbound. They were headed west and they walked right in front of me and my truck and then west again. We made eye contact and nodded. They were just walking. They seemed a little nervous. It was like he was scanning. It was a very calm walk. I've never seen them before. I could ID them both again. I did not see any vehicles. I last saw them westbound on Swanston. I didn't see any weapons.

He was a male white in his 40's. He was 6' tall and 200 pounds, maybe 190. He had light brown short hair. I think he had sunglasses on. He was clean shaving but a little hair under his lip. He was wearing blue jeans, no shirt, and a long brown trench coat or robe. He was holding hands with a female white in her 40's. She was 5'7" to 5'6" tall and 165-175 pounds. She had long blonde hair to the middle of her back. I don't remember what she was wearing. Long pants for sure. They both had a weathered look to their face.

My wife called me and said turn around and go home. She said she saw the cops chasing a guy. I asked if it was a trench coat and she said yes. She said she saw a man running down Riverside and a cop in pursuit. She did a u-turn and saw the cop take a stance like he was going to fire and she heard gun shots. I live on 22nd Ave. I was walking at 22nd Ave / 23rd St. I saw the red oxidized vehicle went by me. They were speeding. I know they burned rubber around the corner. The driver, I think he was Hispanic dark skinned and he was followed by several police cars. A few minutes later the red sedan came flying by again. I last saw them at Freeport / Meer. There were two people in the front seats and one in the back seat, possibly two. My neighbor said someone was laying in the back. When they drove by the driver and front passenger smiled at me.

The driver was a male Hispanic in his 20's. He was thinner, brown or black short hair. I couldn't see what he was wearing. The passenger was a male darker completed (no further detail). The back passenger was a male but I didn't pay attention to them. I'm pretty sure I might be able to ID the driver again.

I didn't notice any damage on the car. When they came around the 2nd time I noticed front right damage. They were first going eastbound towards 24th and then they came back a 2nd time westbound towards Freeport.

Author: **3728 - DONNELL, JUSTIN 0407**

Subject: **OFC DONNELL #407**

Related date/time: **May-18-2012 (Fri.) 1458**

On Friday, May 18, 2012 at approximately 0951 hours I, Ofc Donnell #407 responded code 3 to Broadway / 24th St to assist with a stolen vehicle in progress (Please see Ofc Lee's observations for full detail).

Upon arrival in the area Land Park several police vehicles were following the stolen vehicle. I followed the police vehicles into the Sacramento City College to assist in the felony stop. The vehicle fled the scene and other units pursued it. I responded code 3 again to the area of the pursuit which was south of Sutterville Rd / east of Freeport Blvd to assist. While I was driving westbound 24th Ave from 24th St the pursuit was initially terminated. Moments after that I observed a red sedan traveling at high rate of speed northbound on 23rd St, westbound onto 24th Ave, and then northbound on 22nd St. I broadcasted this and proceeded north on 23rd St towards 22nd Ave. Another unit advised it had visual on it and I resumed code 3 again to assist.

Once out on Freeport Blvd I observed multiple units already in pursuit. While traveling northbound on Freeport Blvd by the Sacramento City College I was hailed by a citizen advising he saw two subjects fleeing from the vehicle near the old KFC which I broadcasted. The citizen was identified [REDACTED] and I obtained his statement (Please see statement). I contacted the passenger in [REDACTED] vehicle, [REDACTED], and obtained his statement (Please see statement).

I then responded to Riverside Blvd / Marian Wy. Once there I was directed by Sgt Pettite to block off traffic at Riverside Blvd / Perkins Wy. While there I obtained a statement from [REDACTED] and [REDACTED] (Please see statements). Sgt Chase (2SM4) was advised of my statements.

- Palm/back of right hand
- Injury to palm of left hand

#### GUNSHOT RESIDUE

I used a Gunshot Residue (GSR) Kit and collected samples from S-McCulley's hands. I later booked the GSR samples into evidence at Property (see below, EVIDENCE BOOKING).

I next responded to VCA (9801 Old Winery Pl) for photographs of K9 Bodie. I arrived on-scene at approx 1515 hrs, contacting Sgt. Oliveira #3075 (as K9SM9) upon arrival.

#### PHOTOGRAPHS

I took seventeen (17) photographs of the following:

K9 Bodie

- Overall appearance
- Injury to right front paw
- Injury to left side of muzzle
- Injury to tongue
- Injury to right side of muzzle

I next responded to [REDACTED] Freeport Blvd for photographs of a scene located by Det. Le Rose #773 (as IV128), arriving on-scene at approx 1557 hrs, and contacting IV128 upon arrival.

- Gray/Green sweater on sidewalk along south wall of building
- Gray/Black ballcap on sidewalk along south wall of building

I seized the sweater and ballcap as evidence, later booking it into evidence at PROPERTY (see below, EVIDENCE BOOKING).

I next responded to [REDACTED] Robertson Way. I arrived on-scene at approx 1615 hrs. I contacted Ofc. Cruz #278 (as CSI32), who was already on-scene, upon arrival.

#### PHOTOGRAPHS

I took seventeen (17) photographs of the following:

LOUIS WEBB (8/9/78)

- Overall appearance
- Apparent bullet hole in left sleeve of black jacket
- Apparent bullet hole in left arm/shoulder
- Palm/back of right hand
- Palm/back of left hand

I uploaded the aforementioned one hundred fifty-two (152) photographs into the Digital Crime Scene System.

#### GUNSHOT RESIDUE

The Deputy Coroner who responded to the scene gave me consent to manipulate S-WEBB's hands to obtain a Gunshot Residue (GSR) sample. I used a GSR Kit and collected samples from S-Webb's hands while the Coroner and his assistants moved S-WEBB's body around and manipulated his hands to position them for sample collection. I later booked the GSR samples into evidence at Property (see below, EVIDENCE BOOKING).

#### EVIDENCE BOOKING

Before seizing the revolver (S&W Mod 586-4, S/N [REDACTED]), I cleared the weapon for safety. I marked the cylinder as it was. I marked the cylinder on the right side (muzzle facing away) of the cylinder, and placed a corresponding mark on the frame of the gun near the mark on the cylinder. I placed another mark on the left side (muzzle facing away) of the cylinder, and a corresponding mark on the frame. When I removed the cylinder from battery, I observed the round at the barrel (which I designated as Position #1) was a spent "W-W SUPER .357 MAG" casing.

I am Mike Baker (VH-1), Media Production Specialist II, badge number 6511, employed with the Sacramento Police Department. I'm permanently assigned to the Electronic Crimes Unit (ECU), Forensic Video, in the Office of Investigations.

On 5/24/2012, at approximately 11:26 hrs, I was contacted by Det. Chris Bernacchi, # 0811 who requested I respond to the [REDACTED] Residence, [REDACTED] Marty Way to retrieve (download) Close Circuit Television (CCTV) video footage and images, and audio data from the CCTV system's hard drive (HDD) for an 'Officer Involved Shooting' investigation, report number 12-134596.

On 5/26/2012, at approximately 09:50 hrs, I arrived at [REDACTED] Marty Way. Upon arrival, I made contact with resident Mr. [REDACTED]. The following are both my observations and actions over the course of this investigation:

I authenticated the CCTV system date and time stamp by comparing the difference between the current CCTV date and time stamp displayed on the CCTV monitor with the Sacramento Police Department, Computer Aided Dispatch time (SPD CAD time). SPD CAD time was documented as 5/26/2012 - 10:19 hours, while at the same time, the CCTV date and time stamp was displaying 5/25/2012 - 20:44:36 hours. The authenticated CCTV date and time stamp off set is approximately - 13:34:24 hours difference from SPD CAD time (see DVR settings report).

The camera system consists of 2 cameras out of a total capacity of 4 cameras.  
No microphones or audio of any kind was recorded on the CCTV system.  
Relevant camera angles include: Camera 2

I downloaded three (3) native / proprietary data files with their viewer application from the native DVR to a 16 GB USB 2.0 flash drive, establishing specimen #01.

I departed the location at approximately 13:27 hrs.

Back at the SPD Forensic Multimedia Lab (SPD FML), at approximately 14:02 hrs, I calculated a hash value and copied verbatim CCTV data from the 16 GB USB 2.0 flash drive to 1 of 1 DVD-R's, establishing master evidence specimen # 01. I compared the specimen's calculated hash values and checked the copied data for consistency with file size, content and footage accuracy. Both specimens are confirmed to be identical. I utilized the hash calculation software ExactFile, by Studylab Software LLC, 2009, version 1.0.0.15 Beta to calculate hash values (see hash report documentation).

At approximately 14:38 hrs, I calculated a hash value and copied verbatim CCTV data from the 16 GB USB 2.0 flash drive to the Forensic Multimedia Depository Archive (FMDA) digital case file. I compared the specimen's calculated hash values and checked the copied data for consistency with file size, content and footage accuracy. Both specimens are confirmed to be identical. I utilized the hash calculation software ForensicCopy, Sanderson Forensics Ltd. 2007, version 1.0.0 (c) to calculate hash values (see hash report documentation).

At approximately 15:00 hrs, I copied verbatim the CCTV data from the 16 GB USB 2.0 flash drive, specimen #01, to the SPD Detective shared server. I checked the copied data for consistency with file size, content, and footage accuracy with positive results.

At approximately 15:12 hrs, I booked master evidence specimen 01 into the Versadex evidence management system, establishing SPD PR # 739542-1, and deposited that DVD-R into a sealed SPD evidence envelope intact, and in original condition. I deposited the evidence envelope into the Hall Of Justice, Property Section Drop Box (P-HOJ), in the Public Safety Center - Hall Of Justice, at 5770 Freeport Blvd., suite 100.

I purged the CCTV data from a 16 GB USB 2.0 flash drive for its future re-use.

Both Det. Bernacchi and Det. Jason Kirtlan, # 0329, were made aware of my results.

The authenticated CCTV date and time stamp off set is approximately - 13:34:24 hours difference from SPD CAD time (see DVR settings report).

The camera system consists of 2 cameras out of a total capacity of 4 cameras. When I arrived, cameras 2 and 3 appeared to be functioning, though they displayed a grey color where the live image should be displayed. This grey color is not typical for a camera display. Often if there is a video loss for that camera, either a blue or black frame will be displayed, rather than "snow". The DVR was set to record in "motion sensor mode", which means that any given camera angle will only record content when something moves within that camera's frame of view. No microphones or audio of any kind was recorded on the CCTV system.

Relevant camera angles include: Camera 2

Though the DVR was functioning, my attempts to playback any relevant video data failed; no recent data was actively writing to the host DVR hard drive (HDD). My attempts to search and locate the relevant data yielded negative results. As I searched multiple relevant date time ranges (among them, 5/17/2012 - 20:15:36 hrs CCTV time, which equates to 5/18/2012 - 09:50 hrs CAD, due to the date time offset), the DVR displayed the error message, "no files found", at the conclusion of each search query.

The DVR's first recorded video was recorded and time stamped as 12/23/11, 19:53:35 hrs, with that clip ending at approximately 12/23/11, 21:14:19 hrs. This sequence seemed to typify the recording pattern that endured

throughout the recorded DVR's HDD content. One possible explanation for the issue is when motion sensors are not carefully calibrated or if the DVR's performance is allowed to erode over time without correction, the DVR could responded by recording at random intervals, rather than at deliberate times when the motion sensors recording is triggered. I got the contact information for the DVR's installer, [REDACTED] of Landmark Security and Sound and contacted him via telephone for his technical support for downloading the native video data files. Mr. [REDACTED] suggestions yielded negative results, nor could he offer an explanation or a solution for the DVR's behavior. He did state that the DVR should not behave that way, that the DVR did not behave that way after he originally installed it, and he suggested that DVR's require periodic "performance checks" by the owner to insure that it's working properly.

It was then necessary to manually playback the DVR's footage to verify what data, if any, was actually recorded to the DVR's HDD. I verified that the relevant data was never written to the HDD by manually played back the DVR's footage. The remainder of the data was listed as follows (all times are approximate):

#### First video recording:

12/23/11 - 19:53:35 to 12/23/11 - 21:14:19 hrs  
12/25/11 - 03:55:16 to 12/25/11 - 03:58:14 hrs

1/17/12 - 20:36:26 to 1/17/12 - 20:39:39 hrs  
5/12/12 - 19:52:00 to 5/12/12 - 20:03:59 hrs  
5/16/12 - 21:06:18 to 5/16/12 - 21:46:12 hrs  
5/18/12 - 06:21:09 hrs to 5/18/12 - 06:24:21 hrs

#### Last video recording:

5/20/12 - 06:13:53 to 5/20/12 - 06:21:09 hrs

Though no relevant video would be displayed in playback, I downloaded two (2) native / proprietary data files ("2000\_00\_00\_00\_00\_00.ary" and "2012\_05\_16\_21\_06\_18.ary") with their viewer application ("ePlayer.exe") from the native DVR to a 16 GB USB 2.0 flash drive, establishing specimen #01. By doing this, these files

will playback and display video data, if it was recorded within the date / time range (from 5/17/12 - 20:15:36 to 5/17/12 - 20:55:36 hrs, CCTV time), if any data exists.

As requested by DVR owner [REDACTED], I then set the DVR's date and time stamp to be synchronized with CAD time at approximately 5/26/11 - 13:13 hrs. I suggested to [REDACTED] that he contact either the DVR's manufacturer or the installation company tech support to correct the motion sensor problem.

I departed the location at approximately 13:27 hrs.

Back at the SPD Forensic Multimedia Lab (SPD FML), at approximately 14:02 hrs, I calculated a hash value and copied verbatim CCTV data from the 16 GB USB 2.0 flash drive to 1 of 1 DVD-R's, establishing master evidence specimen # 01. I compared the specimen's calculated hash values and checked the copied data for consistency with file size, content and footage accuracy. Both specimens are confirmed to be identical. I utilized the hash calculation software ExactFile, by Studylab Software LLC, 2009, version 1.0.0.15 Beta to calculate hash values (see hash report documentation).

At approximately 14:38 hrs, I calculated a hash value and copied verbatim CCTV data from the 16 GB USB 2.0 flash drive to the Forensic Multimedia Depository Archive (FMDA) digital case file. I compared the specimen's calculated hash values and checked the copied data for consistency with file size, content and footage accuracy. Both specimens are confirmed to be identical. I utilized the hash calculation software ForensicCopy, Sanderson Forensics Ltd. 2007, version 1.0.0 (c) to calculate hash values (see hash report documentation).

At approximately 15:00 hrs, I copied verbatim the CCTV data from the 16 GB USB 2.0 flash drive, specimen #01, to the SPD Detective shared server. I checked the copied data for consistency with file size, content, and footage accuracy with positive results.

At approximately 15:12 hrs, I booked master evidence specimen 01 into the Versadex evidence management system, establishing SPD PR # 739542-1, and deposited that DVD-R into a sealed SPD evidence envelope intact, and in original condition. I deposited the evidence envelope into the Hall Of Justice, Property Section Drop Box (P-HOJ), in the Public Safety Center - Hall Of Justice, at 5770 Freeport Blvd., suite 100.

I purged the CCTV data from a 16 GB USB 2.0 flash drive for its future re-use.

Both Det. Bernacchi and Det. Jason Kirtlan, # 0329, were made aware of my results.

On 5-18-12 at approx. 0950 hrs, I, Sgt. Oliveira (K9SM9), began responding to the area of Broadway/24th St to assist a unit (1B42) who was following an occupied stolen vehicle. The vehicle was described as a maroon Toyota Camry (CA- [REDACTED]) with four occupants. I was in full police uniform, driving a marked K9 patrol vehicle. While still enroute, officers advised they were pulling into a Sacramento City College parking lot off Freeport and that they were committed. The Camry then apparently fled through the campus and back out onto Freeport Bl where another unit initiated a pursuit of the vehicle.

I attempted to intercept and join the pursuit, but it was terminated as the stolen vehicle entered the grounds of a nearby school where children were present. Another officer spotted the stolen vehicle again N/B Freeport and reengaged in the pursuit. I responded to the area, but the pursuit was again terminated. Officers advised the stolen vehicle was last seen W/B on 2nd Ave from Freeport Blvd. I began checking the area for the stolen vehicle, believing the suspects might abandon it in the area.

At approx. 1016 hrs, I located the abandoned unoccupied stolen vehicle at Marty/4th Ave. It was parked on the west side of Marty, facing S/B. A

female from the house it was parked in front of, stated she heard voices and believed the occupants went S/B. She advised she did not see them. I was attempting to disable the vehicle, so I could check the area for the suspects, when Officer Cunningham pulled up and advised he had just seen some suspicious subjects west of us. He headed that direction.

As I started to head that direction, I heard Officer Cunningham advise he was going to contact possible suspects on Riverside Bl at Regina. I responded to the area. While still enroute, I heard officers, including K9 Officer Van Dusen, advise the suspects were running and shortly after, K9 Officer Van Dusen advised his dog was shot and the suspect was down. I responded to the area of Riverside Bl/Robertson. K9 Sig and I took a position with Sgt. Freeman and the contact team at the northeast corner of the house where the suspect was in the backyard. I observed the suspect laying down along the west fenceline. There were plants blocking my view of him and I could not see his hands. It was unknown if the suspect still had a gun in his hand. A SWAT call out was initiated and K9 Officer Matthew took my position.

I responded to the Sacramento Veterinary Referral Center to assist Officer Van Dusen with his K9, Bodie, who had been shot. I also coordinated having Officer Van Dusen transported by Officer Hughes back to the scene to meet with Homicide investigators.

On May 23, 2012, at approximately 1500 hours, I (Lieutenant Dave Peletta) contacted SPD K-9 Officer Randy Van Dusen at the Sacramento Veterinary Referral Center (VCA) located at 9801 Old Winery Place (Sacramento). It was at this time, Officer Van Dusen gave me two, clear/sealed envelopes containing metal bullet fragments. These fragments were evidence removed during an operation (occurred May 22, 2012) on Officer Van Dusen's police service dog, "Bodie." One of the envelopes had, "Bodie - tongue" written on the bottom of it, and the other had; "Bodie right paw", also written on the bottom.

I transported both envelopes to the Sacramento Police Department's Communication Center (7397 San Joaquin Street), where I met 1C68, Officer Landberg (#280). I gave her the two envelopes to be booked as evidence.

On 05/18/12 at approx 0950 hours, I Officer Matthew #353 (K9-1) was working in full police uniform and in a marked SPD patrol vehicle. I responded from the area of Bradshaw/Hwy 50 to Broadway/24th St. to assist District 4 units with an occupied stolen vehicle. Ofc. Neri #594 (1B42) advised he was following the suspect vehicle (maroon Toyota Camry) through Land Park neighborhoods. He advised the vehicle was occupied with four subjects.

I caught up to the units near Freeport/Sutterville as they were following the suspect vehicle.

At approx 1000 hours, Ofc. Neri advised the suspect vehicle was turning into a parking lot at Sacramento City College and that he was committed with the vehicle. I followed behind in the parking lot behind other patrol vehicles. Ofc. Neri then advised the suspect was continuing to flee in the vehicle towards Freeport, over the planter boxes and that he was in pursuit of the vehicle as the driver was failing to yeild to him. I turned around and exited the parking lot in an attempt to catch up to the suspect vehicle.

Units then advised the suspect vehicle was S/B Freeport and was continuing to flee from officers. Officer Hughes #718 advised he was behind the vehicle and was advising he was following the vehicle through residential

streets. Officers then advised the suspect drove through the middle of an elementary school playground with children outside playing. Officers located the vehicle again, going N/B Freeport. I again, tried to catch up to the pursuit to assist with the vehicle stop however I did not make it. Sgt. Chase #3025 (1SM4) terminated the pursuit while it was N/B Freeport. I was never directly involved in the pursuit. I responded Code 3 in an attempt to catch up to the pursuing officers for the stop.

Officers saturated the area of Freeport/2nd Ave, where the suspect vehicle was last seen, in an attempt to locate it. Sgt. Oliveira #3057 (K9SM9) located the suspect vehicle unoccupied at 4th Av/Marty Way. Shortly after, a School Unit advised he saw some suspicious subjects in the area walking towards Riverside Bl. that were possibly related. I responded to that area.

While enroute, Ofc. Van Dusen #799 (K9-2) advised over the air the suspects were running on foot from him off Riverside. Ofc. Van Dusen advised the suspect shot his police dog. Ofc. Van Dusen advised the suspect was still armed and down in the backyard of [REDACTED] Robertson Way.

At approximately 1019 hours, I arrived and responded for a perimeter position on the northside, on Swanston Way. Once onscene, I began setting up a perimeter.

At approximately 1036 hours, I was relieved by Deputy Hatfield #692 (K9-7) of the Sheriff's Department, who took my perimeter position. I then responded to [REDACTED] Robertson Way to take Sgt. Oliveira's position and assist SWAT with contacting the suspect.

Once onscene in the rear yard of [REDACTED] Robertson Way I contacted Sgt. Freeman #3011 (2SM6) and Ofc. Chesterman #631. Ofc. Chesterman advised me of the suspect's position in the yard. I could see the bottom half of the suspect's legs. It appeared he was partially laying on his back/side however you could not see the suspect's upper body or hands. The suspect was unresponsive to officers commands and was not moving. It was unknown if the suspect was lying in wait for officers as he was possibly still armed. The suspect was on the West side of the rear yard next to the fence.

I was then contacted by A/Sgt. Chandler #807 of the SWAT team. A/Sgt. Chandler advised me that Lt. Watson #4092 requested the yard of the residence be cleared with K9 in an attempt to locate/apprehend the suspect as he was still unresponsive to officers commands.

Based on the following facts provided at the time, A/Sgt. Chandler and I

made the decision to utilize my K9 partner 'Rollo' in an attempt to locate/apprehend the suspect:

1) The suspect was wanted for felony crimes:

10851 VC - Motor Vehicle Theft

2800.2 VC - Felony Vehicle Pursuit

245 PC - Assault with a Deadly Weapon, Shooting at a Police Officer

600 PC - Injuring Police Dog

2) The suspect had shown a high amount of resistance to arrest by fleeing from uniformed officers in the suspect vehicle, fleeing through an occupied school ground full of students in an attempt to avoid police, and again showing greater resistance to arrest by fleeing on foot from uniformed officers.

3) The suspect had not been searched for weapons prior to fleeing on foot. The suspect had already shot Police Canine 'Bodie' and possibly attempted to shoot at Ofc. Van Dusen.

4) The suspect had fled on foot into a residential area and was partially concealing himself in a residential backyard where he could present a danger to citizens in their homes. The suspect was laying near the adjoining wooden fence of the house to the west. I was concerned if the suspect were to stand up and flee, he could possibly jump the fence and make it into the next residential yard if the K9 was not used to apprehend him.

5) The suspect was unresponsive to officers commands, further resisting commands to come out of the back yard of [REDACTED] Robertson Way. Officers were unsure if suspect was lying in wait to possibly ambush officers. Suspect was still possibly armed as the weapon used to shoot K9 Bodie had not been recovered yet.

6) The suspect was concealing himself in a neighborhood where he could present a threat to the safety of officers searching for him if a police canine was not used to possibly apprehend him.

At approximately 1057 hours, SWAT operators began throwing distractionary devices in the direction of the suspect. The suspect made no response.

At approximately 1101 hours, SWAT operators began using less-lethal bean-bag rounds in an attempt to get a response from the suspect. The suspect was still unresponsive.

At approximately 1108 hours, I deployed my police canine 'Rollo' in an attempt to apprehend the suspect. I did not give K9 announcements as the suspect was possibly still armed and I did not want to give up my tactical position for officer safety.

K9 Rollo contacted suspect in the lower leg area and pulled him out from under the shrubbery against the fence, into view for arresting officers. Once officers could see the upper area of suspect's body and observed that he was still unresponsive, I ordered K9 Rollo to release his hold and come back to me, which he immediately did. SWAT operators contacted suspect and handcuffed him. Sac Metro Fire responded for medical treatment.

Suspect, later identified as Lucas Webb, received dog bite injuries to lower legs (please see coroner's observations). I did not obtain a statement from suspect as suspect was deceased.

CSI responded for photos. Homicide detectives responded for further investigation.

A/Sgt. Chandler was onscene and advised of suspect's dog bite injuries.

On 5-18-12 at approx. 1030 hrs., I responded code-3 (lights and siren) to the area of Riverside and Robinson Way in regards to an officer involved shooting. I arrived on scene approx. 10 minutes later.

I put on my SWAT gear and waited for an assignment. I was told to assist ofc. Rosin and ofc. Lightfoot with taking over the inner perimeter position which is where Sgt. Freeman was located. We made our way to that position and relieved patrol. That position was down the driveway of the residence located at [REDACTED] Regina Way. I was initially assigned as lethal cover (utilizing my M-4 rifle).

After one distraction device was thrown, I was instructed to throw another. I deployed a second distraction device and saw no movement from the suspect whatsoever.

After the bean bag rounds and K-9 were utilized, and our approach on foot was authorized, I carried two shields (one with each hand) to provide cover for the rest of the team. We made our approach and made contact with the subject who was laying on the ground. Once it appeared that he was deceased and had no weapons in his hands, I cleared out of the way with the shields.

On 05/18/12 at approximately 2241 hrs I (Ofc Loriaux #262) and Ofc Gutierrez #317 were dispatched to [REDACTED] 23rd St to take a witness statement regarding a stolen vehicle pursuit that occurred earlier in the day. We arrived on scene at approximately 2247 hrs. I contacted W-[REDACTED] (identified by valid CDL) on scene. He told me the following in summary:

I was standing in the driveway of my girlfriend's house here at [REDACTED] 23rd St when I saw the stolen car drive right through the school fence. The car went north on 23rd St. The driver of the stolen car looked me straight in the eyes. I remember him being a male White adult. I didn't see the front passenger but I did see that there was a back passenger behind the driver's seat. I could only tell that the subject was a male. I did not see a fourth passenger.

I wanted to tell the police about the third passenger because I was watching the news and they were saying that the stolen car only had two passenger. I know for a fact there were at least three passengers.

On 05-18-12 at approximately 2247 hours I (Ofc. Gutierrez #317) contacted witness [REDACTED] outside of her residence and obtained her statement. (W) [REDACTED] provided the following statement in summary:

Earlier when the police were in pursuit of that red car, I heard all the police sirens and I came outside to see what was going on. When I came outside all I saw was police cars. Then I saw a red car come out of the school yard and onto 23rd St. The car was red and there were 3 people inside of it. I was standing outside of my house ([REDACTED] 23rd St) and the car drove right past me.

When the car drove past me, I didn't get a good look at the driver or the front passenger, I just briefly saw the back passenger. The passenger that was seated behind the driver was a male white adult, in his early 20's, and had an average build. That is all I could remember because I was more concern about my neighbor across the street, [REDACTED], who almost got hit by the car.

I last saw the red car go that way (pointed westbound 24th Ave).

On 6/29/12 at approx. 2048 hrs I (Ofc. Cruz #0278) was dispatched to [REDACTED] Riverside Blvd regarding a fired casing being located by the resident in the rear yard of the residence. I arrived at approx. 2105 hrs. I also obtained a statement from the resident [REDACTED] (see witness statement).

### Photographs

I took nineteen (19) photographs of the following:

- [REDACTED] Riverside Blvd
- Overall appearance of rear yard on east side of the residence
- Grass area near planter where resident indicated he located the fired casing

### Evidence Search

I conducted a search of the grass/bush area along the eastern and north fences in the rear yard of [REDACTED] Riverside Blvd using a metal detector. The search concluded with negative results.

### Evidence Booked

I collected, packaged, transported and booked the following items into the Evidence and Property Section of the Sacramento Police Department:

Item #1 One (1) fired casing, Winchester .40 caliber silver in color, obtained from [REDACTED]

I cleared the scene at approx. 2137 hrs.

On 07-27-12 at approx 1430 hours, I, Ofc. Joseph #361, met with Steve Harrold, Tate Davis, and Det. Bullard at Robertson Way and Riverside Blvd. for a walk through of the scene.

During the walk through of the scene, I realized that my initial recollection of where the K9 was deployed and the exact spot where I had parked my vehicle was incorrect.

In my initial statement, I stated that the K9 and Ofc. Van Dusen engaged in the foot pursuit of the suspect on Riverside Blvd. just north of Robertson Way. In revisiting the scene, I realized that the K9 was not deployed until Ofc. Van Dusen had parked his vehicle on Robertson Way just east of Riverside Blvd. When I parked my vehicle and got out, Ofc. Cunningham was solo in pursuing a male suspect southbound on Riverside Blvd. approaching Robertson Way with a female suspect chasing Ofc. Cunningham.

During the walk through of the scene, I was not positive about exactly where I had parked my vehicle at the time of the incident. However, after reviewing two still photos from the ICC of Ofc. Peterson (tape #114348R at time stamp 92605) and Ofc. Garcia (tape #14291R at time stamp 101754), I

could see that I had parked my vehicle (#101758) on the corner of Robertson Way and Riverside Blvd. just east of the north bound lane facing south east. I did not see any other part of the video other than the still photos of where my vehicle was parked.

Additionally, in my initial statement, I stated that after we handcuffed the female and picked her up off of the ground, we searched her. I do not recall who specifically searched the female although I was standing there during the search. I recall seeing the property that was taken from the female's person being put onto the trunk of the patrol vehicle that we were standing next to. One of the things taken from the female's possession was a small folding pocket knife. The pocket knife was placed onto the trunk of the patrol vehicle during the search. I do not know who took possession of the female's property after the search.

End of supplemental statement.

Please note that the records provided in this release do not include records or portions of records that are exempt from disclosure pursuant to applicable law. Without limiting other arguments against disclosure that may exist, the following records or portions of records are specifically prohibited or exempted from disclosure:

Records or information that constitutes the personal data or information of an officer or their family members (Cal. Pen. Code §§ 832.7(b)(5) and (b)(6)(A));

Records or information, the disclosure of which would compromise the anonymity of whistleblowers, complainants, victims or witnesses (Cal. Pen. Code § 832.7(b)(6)(B));

Records or information, the disclosure of which would constitute an unwarranted invasion of personal privacy (Cal. Gov. Code § 7927.700; see also *City of San Jose v. Superior Court* (1999) 74 Cal.App.4<sup>th</sup> 1008);

Records or information, the disclosure of which would pose a significant danger to the physical safety of the peace officer, custodial officer, or another person (Cal. Pen. Code § 832.7(b)(6)(D));

Records or information, the disclosure of which would reveal personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosure of the information (Cal. Pen. Code § 832.7(b)(7));

Records or information wherein the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure (Cal. Gov. Code § 7922.000);

Records or information that constitute confidential medical, financial, or other information, the disclosure of which is specifically prohibited by federal law or would cause an unwarranted invasion of personal privacy (Cal. Pen. Code § 832.7(b)(6)(C)); and

Records or information, the disclosure of which is exempted or prohibited pursuant to federal or state law (Cal. Gov. Code § 7927.705; see also Cal. Const. art. 1 Sec. 1; Cal. Pen. Code § 15150 et seq.; Cal. Pen. Code §§ 11105 and 13300; and Cal. Welfare & Inst. Code § 827).
