**Summary:**

On 07/20/23, at approximately 1606 hours, the Force Investigations Team was notified of a FIT call out related to an incident that occurred in the north area of Sacramento. FIT responded to the SPD Kinney Station, where Sergeant Todd Culp #3075 briefed the incident. FIT was provided with the following information.

On 07/20/23, at approx. 1400 hrs, Sacramento Police Dispatch received a call from a male refused complainant at 3008 Academy Way (Marconi/Arcade Lightrail Station) that 15 minutes prior, the complainant was approached by a subject who asked the complainant if the complainant wanted to buy a gun. The complainant saw that the subject had a black backpack full of handguns. The complainant advised that officers could drive down a dirt road and see the suspect sitting in a chair before the camp with a white tarp on it. The suspect was described as a male white 42 years old with tattoos on his face, 5'4" and 120 lbs, wearing a dirty blue baseball cap with a flat bill, black shirt and unknown color shorts.

Regional Transit Officers and SacPD K9 Officer Catricala #379 and his canine partner Buster responded. At 1419 hours, Sacramento Police Dispatch received another call from the prior number that the complainant was upset that a subject was looking at his camp for the last 3 days, said that the subject was named Will Johnson and had a probation violation, but had no further details.

Officer Catricala recognized the named suspect from prior contacts, including where Officer Catricala arrested the suspect, and advised via broadcast that the suspect had a felony want and is known to flee from police. Officer Catricala attached the suspects info and warrant to the CAD. Regional Transit Officers responded to 3008 Academy Way and contacted the complainant who directed officers to a camp where they contacted a subject who was determined to not be the suspect. Officers attempted to recontact the complainant but were unsuccessful because the complainant left the area.

Officer Catricala was checking the area of Marconi Ave/Connie Dr for the suspect based on prior contacts and located the suspect near the intersection of Connie Dr/Auburn Blvd. Officer Catricala gave verbal commands for the suspect to stop and gave K9 deployment warnings. The suspect fled from Officer Catricala riding his bike on a bike trail along Haggin Oaks Golf Course and into a hole in a fence separating the golf course from the bike trail. At 1449 hours, Officer Catricala advised over the radio that the suspect was running along the golf course and that his dog was on the bite.

K9 Buster apprehended the suspect in a gully at the Haggin Oaks Golf course. Officer Catricala took positive control of K9 Buster and the suspect was detained. Fire department EMS personnel arrived and provided medical aid. EMS transported the subject to Mercy San Juan Hospital. The suspect sustained lacerations to the right side of his face, neck, and his right arm.

Suspect William Johnson is on active PRCS for felon in possession of ammunition. He had an active felony warrant for a PRCS violation. Once the suspect is fit for incarceration, he will be booked on the felony warrant, 148 PC and 3455 PC.

**Related Date Jul-20-2023 17:51**

On 07/20/23, at approx. 1400 hours, I, Officer Catricala #379, and my K9 partner Buster responded to 3008 Academy Way to assist Regional Transit Officers with a suspicious weapons call. On this date and time I was wearing full police uniform and driving a fully marked patrol vehicle. Remarks on the call indicated that the complainant was approached by a subject attempting to sell handguns out of a black back pack. The complainant described the subject as a male white adult, 42 years old, 5'4 inches tall and weighing 120 lbs. Further, the complainant described the subject as having tattoos on his face, wearing a dirty blue flat bill hat with a black shirt. Lastly, the complaint advised the subjects name was "Will Johnson" and that he was last seen on the dirt road north of the light rail station. I arrived on scene at approx. 1421 hours. The following is a summary of what occurred:

Once the remarks on the call indicated the suspect was "Will Johnson" coupled with the description provided I immediately recognized this subject to be a known probationer by the name of William Johnson (08/14/73). Since April 2023, I have personally contacted S-Johnson two times in the course of my duties as a police officer. Each of those times, S-Johnson fled on foot from uniformed Officers east from Connie Dr. along the bike trail that parallels the golf course. The following SPD report numbers document this:

- 1. SPD #23-112383
- 2. SPD #23-134001)

I also knew from conducting records checks prior to my arrival on scene that S-Johnson had an active Felony warrant for a violation of probation (3454 PC) and an active misdemeanor warrant for resisting arrest (148 PC).

- 1. Warrant # [REDACTED] (Felony)
- 2. Warrant # [REDACTED] (Misdemeanor)

[REDACTED]

Myself and Regional Transit Officers arrived on scene to the dispatched location in an attempt to contact S-Johnson, but we were unable to locate him. Officers did contact people close by in encampments who knew S-Johnson and they confirmed that he was present prior to our arrival. No one on scene was able to tell us where he currently was. Officers began checking the area for him.

Because I had previously contacted S-Johnson two times before on the bike trail near Roseville Rd. /

APPEAR ON FELONY CHARGE

Connie Dr. I drove to that area to check for him. I drove in my patrol vehicle east onto the bike trail from Connie Dr / Roseville Rd looking for S-Johnson. Approx. 150 yards east of Connie Dr. I observed two subjects sitting down in the dirt just off the bike trail. One subject was a male Hispanic adult whom I did not recognize. The other subject I immediately recognized as S-Johnson. As I drove closer to them they both became aware of my presence. The subject I did not recognize stood up and began to walk towards me. S-Johnson stood up, grabbed his bicycle and slipped through a hole in the fence leading north. I immediately sped my vehicle up to where the hole in the fence was and where S-Johnson had gone through the fence. I exited my patrol vehicle and gave S-Johnson a canine announcement to surrender. S-Johnson did not stop and by now had just gotten onto his bike and began riding east on a dirt trail. I retrieved K9 Buster from the rear compartment of my patrol vehicle and deployed him for the following:

1. S-Johnson had an active felony warrant for a probation violation (3454 PC) and an active misdemeanor warrant for resisting arrest (148 PC).
2. S-Johnson showed a high level of resistance by fleeing on his bicycle at the sight of a uniformed police officer. Further, S-Johnson showed an even higher level of commitment to his resistance when he continued to flee even after receiving a specific K9 announcement to stop.
3. S-Johnson was believed to be in possession of multiple handguns based on the initial remarks from the complainant and the fact that he was wearing a black back pack that was described by the complainant at the time he fled.
4. S-Johnson had not been searched prior to fleeing and could potentially be armed with a weapon which could be used to harm responding Officers or citizens in the area.
5. It is safer to utilize the canine's speed and agility to apprehend fleeing suspects

Once K9 Buster was out of the vehicle I directed him to apprehend S-Johnson as he was fleeing on his bicycle east on the dirt trail. K9 Buster pursued after S-Johnson for approx. 50 yards. I pursued after K9 Buster on foot. I broadcasted my location and S-Johnson's direction of travel so that units could respond to assist me. As S-Johnson attempted to make a sharp turn on the dirt trail K9 Buster jumped and made contact with the backpack that S-Johnson was wearing. Both K9 Buster and S-Johnson fell to the ground and rolled into a ditch that contained approx. 2 ft. of water. When I got to where they had fallen I saw that K9 Buster was holding onto S-Johnson's right arm with his mouth. I advised S-Johnson to show me his hands and I advised him not to reach for anything in his backpack. Once I could see that his hands were empty I took positive control of K9 Buster and directed him to release his hold of S-Johnson's arm. I advised S-Johnson to crawl out of the water so that he could receive medical attention as soon as possible. He slowly exited the water. Officer Stefoglo #902 ran to my location and assisted me with placing S-Johnson in handcuffs.

S-Johnson complained of pain to his face and right arm. I observed the following injuries to S-Johnson:

1. Approx. 4 inch laceration to his right cheek
2. Approx. 3 inch laceration to the right side of his neck
3. Approx. 3 punctures and several rakes / abrasions to his right arm near his triceps, forearm and elbow

S-Johnson was placed in the back seat of a patrol vehicle and transported out to Connie Dr. / Roseville Rd. so that he could receive medical attention.

S-Johnson was placed under arrest for his two warrants and 148 PC.

A probation search of his person and backpack was negative for any handguns that the complainant had initially reported. Further, I walked the path of travel that S-Johnson took in order to locate any items that he may have discarded with negative results.

Sac Fire Engine 101 responded and provided medical attention to S-Johnson. He was later transported to Mercy San Juan Hospital where as of writing this report he is waiting to be medically cleared for incarceration.

CSI responded to take photographs of the scene and the injuries that S-Johnson sustained as a result of this incident.

Sgt. Culp was advised of the incident.

It should be noted that only my body worn camera recorded this incident. The In Car Camera (CC) on my vehicle was not recording because of how quickly this incident evolved and unfolded. Further, my patrol vehicle was left parked on the bike trail when I exited it to pursue after S-Johnson on foot with K9 Buster. The location where S-Johnson was taken into custody along the dirt trail would not have even been captured by my vehicle's ICC.

No further observations.
