“MRE-CELLULAR PHONE PRE-FILL”

Over the years, cell phones have increased in use and have become the primary communication device for most people in our community. Cell phones have also become the primary way Detectives contact victims, witnesses and suspects during follow up investigations. These same phone numbers can also provide valuable intelligence in complex investigations and now with SPIDR Tech, will be the way we can provide valuable update information to our crime victims.

Although convenient, the pre-fill function has caused a significant amount of old phone numbers to be associated with entities in our system. To mitigate this, the phone number portion of the pre-fill function from MDT to MRE has been disabled for all entities and a cell number will be mandatory for all victims in a report.

OVERVIEW OF THE CHANGES IN MRE

The MRE and the MDT are in the process of being updated to include changes to how certain data is pre-filled from the MDT to the MRE. The MRE update includes no longer pre-filling any phone numbers for any of the Entity types into the MRE. The Cell Phone box on the Victim Entity screen is now a mandatory field as well. The screen shot below is for a Victim Entity and shows the Cell Phone box now highlighted in blue indicating the field is mandatory. If the victim does not have a cell phone number, enter 000-000-0000. All other fields will still be used for the pre-fill function.

The screenshot shows a software interface for a 'Person Entity'. At the top, there is a menu bar with 'File', 'Edit', and 'Help'. Below the menu are icons for 'Save', 'Cancel', 'View Report', 'RT Help', and 'Help'. The main form area is titled 'Person Entity' and contains several sections:

- Basic Information:** Role (1), No, Last Name (TEST), Given Name(s), Sex (M), Race (W), Date of Birth (15), Approximate Age, Address, City, State (CA), Zip, Home Phone (916), Business Phone (916), and Cell Phone (916 - - - - -). The Cell Phone field is highlighted in blue and outlined in red.
- Particulars:** Driver's License, State of Issue, Class, Caution, Social Security #, Place of Birth, ICE#, More ID Numbers, Occupation, and Employer.
- Physical Characteristics:** Marital Status, Language, Citizenship, Dependency, Ethnicity, Height, Weight, Complexion, Build, Handed, Hair Color, Hair Style, Facial Hair Color, Facial Hair Style, Eye Color, and Lens.
- Remarks:** XREF:
- Right Sidebar:** Query Person (F6), Query Address (F7), Linkage Factors (F4), Clothing Description (SF6), Scars, Marks & Tattoos (SF9), and Prefill (F12).
