<b>Notes</b>		
1) Includes interest earnings/revenue associated with the Wastewater Development Fees Fund and the Wastewater User Fees Fund.		
2) The voter-approved general fund tax is equal to 11% of the collected utility rate revenue. See " – General Fund Tax on Water system Revenues."		
3) The current balance of the Rate Stabilization Fund is \$2.5 million.		
4) The five state revolving fund loans are each 100% obligations of the wastewater and storm drainage enterprise funds. The current and anticipated practice has been for the City to fund 75% of all state revolving fund loans with the storm drainage fund, and 25% from the wastewater fund. This line represents the storm drainage fund's 75% contribution and is not revenue of the wastewater fund.		
5) The Beginning Unrestricted Fund Balance is based on the City's budgetary basis of accounting which treats purchase order encumbrances and multi-year project appropriations as expended in the year appropriated. As a result, the Beginning Unrestricted Fund Balance is significantly lower than the unrestricted cash and investments reported in the City's Comprehensive Annual Financial Report.
