Federal Emergency Management Agency

Effective December 8, 2008, the City ceased issuing any building permits for new construction within the larger Natomas Basin until the levees protecting the basin meet the criteria for the A99 flood zone, which, in general terms, means 50% of the levee work to reach 100-year flood protection was complete and the Natomas levee project had been authorized by Congress. Until the Natomas Basin is remapped into an A99 flood zone, no further development will take place in the Natomas Basin.

In recent years, the Sacramento Area Flood Control Agency, in collaboration with the U.S. Corp of Engineers and California Department of Water Resources has worked on the Natomas Levee Improvement Program to meet the 50% levee work completion criteria. Below is the updated status of the City's efforts with FEMA to re-zone the flood basin map to A99 and resume new construction (in phases) in the Natomas area.

- In May 2013, the U.S. Senate passed the Water Resources Reform and Development Act of 2013 (WRRDA);
- In October 2013, the U.S. House of Representatives passed the WRRDA;
- In November 2013, a Senate-House conference committee was formed to reconcile the two versions of water resources legislation, a process that is still ongoing;
- On June 10, 2014 the City and the County of Sacramento (the County) jointly submitted a letter to FEMA requesting remap;
- On June 14, 2014, the President signed WRRDA signed into law, thereby authorizing the Natomas Levee Improvement Project;
- On June 24, 2014, FEMA responded to City-County request;
- On July 21, 2014, the City and County submitted final information to FEMA;
- In late July 2014, FEMA sent an A99 letter of approval to the City and the County;
- On August 12, 2014, FEMA issued Preliminary Maps;
- On August 13, 2014, officials from the City, the County and FEMA met;
- On September 30, 2014, 90-day appeal period begins;
- On December 28, 2014, the 90-day appeal period ended;
- On March 30, 2015 FEMA issued a Letter of Final Determination;
- On June 16, 2015, new maps become effective

Although the City intends to update the development status in North Natomas as milestones occur, the City does not guarantee that it will do so or that the information provided through the web-page link below is the most current available:
