Content of Annual Report

The City’s Annual Report shall contain or incorporate by reference the following:

- (a) The City’s audited Annual Financial Report (AFR) for the prior fiscal year.**

The City’s AFR for the prior fiscal year was uploaded as a separate document to EMMA. The AFR is also available on the City’s website at:

www.cityofsacramento.org/Finance/Accounting/Reporting

THE CITY’S ANNUAL FINANCIAL STATEMENT IS PROVIDED SOLELY TO COMPLY WITH THE SECURITIES AND EXCHANGE COMMISSION STAFF’S INTERPRETATION OF RULE 15C2-12. NO FUNDS OR ASSETS OF THE AUTHORITY OR THE CITY, OTHER THAN NET SPECIAL TAXES, ARE REQUIRED TO BE USED TO PAY DEBT SERVICE ON THE BONDS, AND NEITHER THE AUTHORITY NOR THE CITY IS OBLIGATED TO

ADVANCE AVAILABLE FUNDS TO COVER ANY DELINQUENCIES. INVESTORS SHOULD NOT RELY ON THE FINANCIAL CONDITION OF THE AUTHORITY OR THE CITY IN EVALUATING WHETHER TO BUY, HOLD, OR SELL THE BONDS.

(b)(1) A maturity schedule for the outstanding Bonds, and a listing of Bonds redeemed prior to maturity during the prior fiscal year.

See Exhibit A1 – CFD 4 Combined Debt Service Schedule

See Exhibit A2 – CFD 4, Series E (2013) – Debt Service Schedule

See Exhibit A3 – CFD 4, Series F (2015) – Debt Service Schedule

(2) Balances in each of the following funds established pursuant to the Indentures as of the close of the prior fiscal year.

(A) The Bond Redemption Fund (with a statement of the debt service requirement to be discharged by said Fund prior to the receipt of expected additional special tax revenue); and

<u>Redemption Fund (as of June 30, 2020):</u>	\$ 4,642,748.67
• Held with City	\$ 4,642,054.57
• Held with Trustee	\$ 694.10
<u>Debt service payment (on September 01, 2020):</u>	\$ 4,038,718.75

(B) The Bond Reserve Fund

<u>Reserve Fund (as of June 30, 2020):</u>	\$ 6,575,209.60
--	-----------------

(3) A statement of the debt service requirements for the Bonds for the prior fiscal year.

<u>Debt Service requirement (for Fiscal Year 2019-20):</u>	\$ 5,284,062.50
--	-----------------

(4) A statement of the total special tax levied in the prior fiscal year.

<u>Special Tax levy (for Fiscal Year 2019-20):</u>	\$ 5,549,819.86
--	-----------------

(5) A statement of the actual special tax collections for the Community Facilities District for the prior fiscal year.

<u>Special Tax collection (for Fiscal Year 2019-20) – as of June 30, 2020:</u>	\$ 5,522,662.25
--	-----------------

(6) The following information (to the extent that it is no longer reported in the City’s annual filings with the California Debt and Investment Advisory Commission regarding the Bonds):

(A) the Reserve Requirement for the prior fiscal year;

(B) a statement as to the status of any foreclosure actions with respect to delinquent payments -of the Special Tax; and

(C) a statement of any discontinuance of the County’s Teeter Plan with respect to any taxable property in the District.

See Exhibit B1 – CFD 4, Series E – FY20 Annual CDIAC Mello-Roos Filing

See Exhibit B2 – CFD 4, Series F – FY20 Annual CDIAC Mello-Roos Filing

The City’s annual filings with CDIAC associated with these issues are also available online at:

www.cityofsacramento.org/CityTreasurer/DebtManagement/ContinuingDisclosure/CDIACReports

(c) Additional information required under North Natomas CFD No. 4 Series F Continuing Disclosure Certificate not previously reported above:

(A) The assessed valuation of the Taxable Parcels within the District in the aggregate, which may be in form similar to Table 4 in the Official Statement.

Net Assessed Value Fiscal Year 2020-21: \$3,511,269,779.00

De Facto Building Moratorium from 2008 to 2015

In 2005, in response to revised criteria and standards relating to levees and flood protection, the United States Army Corp of Engineers (the “Corps”) and the Sacramento Area Flood Control Agency (“SAFCA”) commissioned the Natomas Levee Evaluation Study (“NLES”). The NLES final report concluded that considerable improvements were necessary along the south levee of the Natomas Cross Canal, the east levee of the Sacramento River, and the north levee of the American River. As a result of these conclusions, on July 20, 2006, the Corps issued a letter to SAFCA stating that the Corps could no longer support its original position certifying the levees in the Natomas Basin. On December 29, 2006, FEMA issued a letter to the City notifying the City that FEMA planned to update the Flood Insurance Rate Map within the Natomas Basin. On December 8, 2008, FEMA’s Revised Map became effective, placing the

Natomas Basin (including the District) within a Special Flood Hazard Area (“Zone AE”). As a result of the Revised Map and the Zone AE designation, the Natomas Basin was subject to a de facto building moratorium from December 8, 2008, through June 15, 2015.

On June 10, 2014, then President Barack Obama signed the Water Resources Reform & Redevelopment Act (“WRRDA”) into law. With respect to the Natomas Basin, the WRRDA directs the Corps to strengthen 24 miles of levees surrounding the Natomas Basin (the “Levee Project”). As a result of the implementation of the Levee Project, FEMA issued a revised map and designated the area within the Natomas Basin (including the District) as Zone A99 effective June 16, 2015, which allows for the resumption of new building construction, subject to the limitations described below. According to FEMA, an area designated as Zone A99 has a 1% annual chance of a flood event (i.e., a 100-year flood) but ultimately will be protected upon completion of an under-construction federal flood-protection system. The four major requirements for that designation are (a) 50% of the critical improvements to achieve a 100-year level of flood protection have been constructed, (b) 50% of the total cost for such improvements has been expended, (c) 60% of the total cost of the improvements has been appropriated, and (d) 100% of the improvements have been authorized. As described below under “Flood Hazard,” construction of the Levee Project is underway.

On March 31, 2015, the City adopted an ordinance allowing for non-residential development and a limited resumption of residential development in the portion of the Natomas Basin that is within the City and designated as Zone A99 (the “Building Ordinance”). The Building Ordinance became operative on June 16, 2015, upon the revised map and Zone A99 designation by FEMA. The Building Ordinance allows non-residential development to resume with no cap and limited residential development of up to 1,000 single-family detached units and 500 multi-family attached units each calendar year. Dwelling units in excess of those limits will require City Council approval.

Flood Hazard

Development in the District is subject to federal and state requirements regarding the restoration of protection against flood hazards (e.g., levees).

Compliance with Federal Flood-Protection Requirements. As required by 44 C.F.R. § 65.14(g), the City annually submits to FEMA a certification that the Zone A99 restoration plan will be completed within a specified time. This regulation also requires the City and the cost-sharing Federal agency to update the restoration plan and identify any permitting or construction problems that will delay the Levee Project’s completion beyond the deadline set out in the restoration plan previously submitted to the Federal Insurance Administrator. The FEMA Regional Office that has jurisdiction over the District makes an annual assessment and recommendation to the Federal Insurance Administrator about the viability of the restoration plan and will conduct periodic on-site inspections of the flood-protection system under restoration. Should FEMA make an adverse finding as to the viability of the restoration plan, FEMA could revise the flood map from its current Zone A99 designation, which might result in the Natomas Basin becoming subject again to a de facto building moratorium. The City currently does not expect any delays with respect to the Levee Project that would cause the Natomas Basin to be subject to another de facto building moratorium.

Compliance with State Flood Protection Requirements. The Central Valley Flood Protection Act of 2008 requires that cities and counties within the California Central Valley (including the City) make certain findings with respect to flood protection before approving development agreements, tentative maps, discretionary permits, and ministerial permits for new residences. One of those findings is that the local flood-management agency has made “adequate progress” on the construction of a flood-protection system that will provide an Urban Level of Flood Protection (“ULOP”) by 2025. An ULOP is the level of flood protection needed to withstand a flood event that has a 0.5% chance of occurring in a year (i.e., a 200-year flood).

SAFCA is the local flood-management agency that serves the area within the City. In 2016, SAFCA prepared its ULOP plan, which the City accepted in June 2016. When making the adequate-progress finding, the City has relied on annual progress reports prepared by SAFCA, which demonstrate that the Levee Project is meeting specified development milestones toward providing a ULOP by 2025. If construction of the Levee Project is delayed so that the City is unable to make a finding of adequate progress toward a ULOP, then the City might not be able to approve either or both of the following: a discretionary permit or other discretionary entitlement for construction of a new building or construction that would result in an increase in allowed occupancy for an existing building; or a ministerial permit for construction of a new residence. The City currently does not expect any delays with respect to the Levee Project that would cause this to occur.

Status of the Levee Project. Even though the Natomas Basin has been designated as Zone A99, the Natomas Basin will not be outside of a 100-year flood zone until the Levee Project is completed. The Corps began construction of the Levee Project in 2017 and the Levee Project is currently estimated to be complete in 2025. To date, 18 miles have been completed and construction of the remaining 24 miles began in 2019. The Corps will need to acquire additional land and obtain additional approvals and permits in order to complete the Levee Project.

When the Levee Project is completed, the City expects that, under current FEMA criteria, the Natomas Basin will be zoned “X (shaded),” meaning an area that is subject to between a 1.0% (100-year flood zone) to 0.2% annual chance of a flood event (i.e., a 500-year flood zone). As described above, under state law completion of the Levee Project will mean the Natomas Basin will have a ULOP, which is the level of flood protection needed to withstand a flood event that has a 0.5% chance of occurring in a year (200-year flood zone).

As described above, completion of the Levee Project provides additional protection but does not eliminate the risk of flood-related property damage within the Natomas Basin, including the property within the District. The requirement to purchase flood insurance will remain in effect even though the Natomas Basin is designated as Zone A99. Flood insurance is available for purchase by homeowners within the Natomas Basin. The City participates in FEMA’s national flood-insurance program community rating system, which provides flood insurance premium discounts resulting from the community’s efforts to reduce certain flood risks. Notwithstanding the foregoing, the City can make no assurances as to the continued availability of flood insurance or any discounts on premiums through the community rating system.
