Content of Annual Report

The City's Annual Report shall contain or incorporate by reference the following:

- (a) **The City's audited Annual Comprehensive Financial Report (ACFR) for the prior fiscal year.**

The City's ACFR for the prior fiscal year was uploaded as a separate document to EMMA. The ACFR is also available on the City's website at:

www.cityofsacramento.gov/finance/accounting/reporting

(b)(1) Balances in each of the following funds established pursuant to the Indentures as of the close of the prior fiscal year.

(A) The Bond Redemption Fund (with a statement of the debt-service requirement to be discharged by the fund before the receipt of expected additional Special Tax revenue);

| | |
|---|---------------|
| <u>Redemption Fund (as of June 30, 2024):</u> | \$ 418,328.46 |
| • Held at the City: | \$ 418,254.29 |
| • Held at the Trustee: | \$ 74.17 |
| <u>Debt service payment (September 01, 2024):</u> | \$ 213,650.00 |

The Bond Reserve Fund.

| | |
|--|---------------|
| <u>Reserve Fund (as of June 30, 2024):</u> | \$ 635,538.36 |
|--|---------------|

(2) The aggregate land assessed valuation and the aggregate improvement assessed valuation of the Taxable Parcels within Improvement Area No. 2.

| | |
|--|------------------|
| <u>Assessed Valuation (for Fiscal Year 2023-24):</u> | \$115,541,942.00 |
|--|------------------|

(3) A statement of the debt-service requirements for the Bonds for the prior Fiscal Year.

| | |
|--|---------------|
| <u>Debt Service Requirement (for Fiscal Year 2023-24):</u> | \$ 373,000.00 |
|--|---------------|

(4) A statement of the actual Special Tax collections and delinquencies for Improvement Area No. 2 for the prior Fiscal Year.

| | |
|--|---------------|
| <u>Special Tax Collection (for Fiscal Year 2023-24):</u> | \$ 398,429.50 |
|--|---------------|

| | |
|---|-----------|
| <u>Special Tax Delinquencies (for Fiscal Year 2023-24):</u> | \$ 509.84 |
|---|-----------|

(5) An update of the information in Table 5 of the Official Statement based on the assessed valuation of the Taxable parcels within Improvement Area No. 2 for the current Fiscal Year, except that the information with respect to overlapping land-secured debt need not be included.

| Fiscal Year 2024-25 | | | | |
|----------------------|-------|---------------|--------------------|-----------|
| Special Tax Category | Units | Levy | Net Assessed Value | % of Levy |
| Developed Property | 261 | \$ 407,726.40 | \$ 119,259,569.00 | 100.00% |

- (6) If any single property owner is responsible for 10% or more of the Special Tax levy for the current Fiscal Year, an update of the information in Table 6 of the Official Statement based on the assessed valuation of the Taxable Parcels within Improvement Area No. 2 and the Special Tax levy for the current Fiscal Year, except that the information with respect to overlapping land-secured debt need not be included.

As of June 30, 2024, for Fiscal Year 2024-25:

- No single property owner was responsible for 10% or more of the Special Tax Levy.
- (7) The following information (to the extent that it is no longer reported in the City's annual filings with the California Debt and Investment Advisory Commission regarding the Bonds):

(A) The Reserve Requirement for the prior fiscal year;

(B) A statement as to the status of any foreclosure actions with respect to delinquent payments of the Special Tax; and

(C) A statement of any discontinuance of the County's Teeter Plan with respect to any taxable property in the District.

See Exhibit A – FY24 – Mello-Roos - Natomas Meadows CFD No 2007-01, Improvement Area 2

The City's annual filing with CDIAC for this issue is also available online at:

www.cityofsacramento.gov/treasurer/debt-management/continuing-disclosure-certificate/cdiac-reports

- (c) Any or all of the items listed in section 4(a) or 4(b) may be included by specific reference to other documents (including official statements of debt issues of the Issuer or related public entities) that have been submitted to EMMA or the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available through EMMA. The Issuer shall clearly identify each document included by reference.

Additional Information

Floods

The Federal Emergency Management Agency (“FEMA”) produces Flood Insurance Rate Maps (“FIRMs”) that show which portions of the city are in the 100-year floodplain. A 100-year floodplain is an area expected to be inundated during a flood event of the magnitude for which there is a 1-in-100 probability of occurrence in any year.

The Natomas area was remapped into a 100-year floodplain, AE flood zone, on December 8, 2008, after the United States Army Corps of Engineers (“the Corps”) determined that the levees around the basin did not meet current federal standards. The AE flood zone designation required elevating or floodproofing structures at or above the 100-year floodplain, which would be up to 20 feet in some areas. This caused a de-facto building moratorium in Natomas.

Before the remap of Natomas into an AE flood zone, city officials worked with Sutter County, Sacramento County, the Sacramento Area Flood Control Agency (“SAFCA”), the California Department of Water Resources (“DWR”), the Central Valley Flood Protection Board, and the USACE to identify and implement a comprehensive flood control project to provide a minimum of 100-year flood protection and ultimately provide 200-year protection (“**Levee Improvement Project**”). On June 16, 2015, the City obtained new FIRMS with an A99 flood zone designation. According to FEMA, an area designated as Zone A99 has a 1% annual chance of a flood event (i.e., a 100-year flood) but ultimately will be protected upon completion of an under-construction federal flood-protection system. The four major requirements for that designation are (a) 50% of the critical improvements to achieve a 100-year level of flood protection have been constructed, (b) 50% of the total cost for such improvements has been expended, (c) 60% of the total cost of the improvements has been appropriated, and (d) 100% of the improvements have been authorized. Construction of the Levee Improvement Program is underway, as explained in detail in SAFCA’s latest Urban Level of Flood Protection Annual Report, dated August 2024.

Compliance with Federal Flood Protection Requirements. As required by 44 C.F.R. § 65.14 (g), the City annually submits to FEMA a certification that the Zone A99 restoration plan will be completed within a specified time. This regulation also requires the City and the cost-sharing Federal agency to update the restoration plan and identify any permitting or construction problems that will delay the Levee Improvement Project’s completion beyond the deadline set out in the restoration plan previously submitted to the Federal Insurance Administrator. The FEMA Regional Office that has jurisdiction makes an annual assessment and recommendation to the Federal Insurance Administrator of FEMA about the viability of the restoration plan and will conduct periodic on-site inspections of the flood-protection system under restoration. Should FEMA make an adverse finding as to the viability of the restoration plan, FEMA could revise the flood map from its current Zone A99 designation, which might result in the Natomas Basin becoming subject again to a de facto building moratorium and therefore would result in the loss of additional revenue to the Water Fund.

Compliance with State Flood Protection Requirements. The Central Valley Flood Protection Act of 2008 requires that cities and counties within the California Central Valley (including the City) make certain findings with respect to flood protection before approving development agreements, tentative maps, discretionary permits, and ministerial permits for new residences. One of those findings is that the local flood-management agency has made “adequate progress” on the construction of a flood-protection system that will provide an Urban Level of Flood Protection (“**ULOP**”) by 2025. An ULOP is the level of flood protection needed to withstand a flood event that has a 0.5% chance of occurring in a year (i.e., a 200-year flood).

When making the adequate progress finding, the City has relied on annual progress reports prepared by SAFCA, which demonstrate that the Levee Improvement Project is meeting specified development milestones toward providing a ULOP by 2025. If construction of the Levee Improvement Project is delayed so that the City is unable to make a finding of adequate progress toward a ULOP, then the City might not be able to approve either or both of the following: a discretionary permit or other discretionary entitlement for construction of a new building or construction that would result in an increase in allowed occupancy for an existing building; or a ministerial permit for construction of a new residence. This could result in the loss of additional revenue to the Water Fund.

Status of the Levee Project. Even though the Natomas Basin has been designated as Zone A99, the Natomas Basin will not be outside of a 100-year flood zone until the Levee Improvement Project is completed. The Corps began construction of the Levee Improvement Project in 2017 and the Levee Improvement Project is currently estimated to be complete in 2025. Although no local or state delays

have occurred and all federal funding has been secured, the Levee Improvement Project may not be completed by the end of 2025. SAFCA reports that no local or State delays in ULOP have occurred, and SAFCA, State, and Federal appropriations remain consistent with the ULOP plan. Nonetheless, the Corps' construction schedules and Federal funding appropriations over the course of the coming year may affect ULOP attainment behind certain Natomas East Main Drainage Canal levee reaches, Beach Lake Levee, and the Magpie Creek Diversion Channel levee. SAFCA is evaluating whether this will have an impact on achieving ULOP. (SAFCA 2024 ULOP Annual Report pp. 18.)

The report also concluded that as of December 31, 2025, deadline for ULOP attainment draws near, it is evident that new delays to remaining scheduled construction activities could constrain attainment for affected portions of the subject basins. Should such a delay arise, a legislative extension for achieving ULOP is an option. Two such legislative extensions have already been obtained by other land use jurisdictions and their flood agencies. (Cal. Gov. Code, §§ 65962.2 (City of West Sacramento) and 65962.1 (Mossdale Tract, in San Joaquin County, City of Lathrop). Senator Ashby sponsored such a bill for the City of Sacramento last February(2024). The bill did not go forward because it was decided it was premature at that juncture given SAFCA's ongoing work. (It made it at the least to the consent calendar of the Senate Natural Resources Committee). This year, another attempt is being made to move forward with a legislative extension to those areas in the City that will not obtain ULOP by 2025.

SAFCA's latest ULOP Annual Report, dated August 2024, and accepted by the Sacramento City Council is available here:

https://sacramento.granicus.com/MetaViewer.php?view_id=22&clip_id=6086&meta_id=800263

When the Levee Improvement Project is completed, the City expects that, under current FEMA criteria, the Natomas Basin will be re-zoned to an "X (shaded) zone," meaning an area that is subject to between a 1.0% (100-year flood zone) to 0.2% annual chance of a flood event (i.e., a 500-year flood zone). As described above, under State law, completion of the Levee Improvement Project will mean the Natomas Basin will have a ULOP, which is the level of flood protection needed to withstand a flood event that has a 0.5% chance of occurring in any given year (200-year flood zone).
