

24th Street Park Survey

The City of Sacramento is working to add fitness equipment and secure funding for a new playground at the park! We need your ideas to make it truly yours. Please scan the QR code below to share what equipment, features, and improvements you'd love to see. Your input will help shape the future of 24th Street Park for our community. Let's build something amazing, together!

Thank you for helping plan the community improvements at 24th Street Park! Please respond to this survey by February 14th. For questions and information please contact Dennis Day at DDay@cityofsacramento.org
